Accreditation

West Chester University is accredited by The Middle States Association of Colleges and Secondary Schools, The National Council for Accreditation of Teacher Education, The National Athletic Training Association, The National Association of Schools of Music, The Council on Social Work Education (baccalaureate level), The National League for Nursing, The Society for Public Health Education, The American Chemical Society, The Commission on Accreditation in Clinical Chemistry, and the Joint Review Committee for Respiratory Therapy Education. West Chester University has been

given program approval by the Department of Education of the Commonwealth of Pennsylvania for the certification of teachers.

Nondiscrimination/Affirmative Action Policy

West Chester University is committed to providing leadership in extending equal opportunities to all individuals. Accordingly, the University will continue to make every effort to provide these rights to all persons regardless of race, color, religious creed, sexual orientation, handicap, ancestry, national origin, union membership, age, or sex. This policy applies to all members of the University community including students, faculty, staff, and administrators. It also applies to all applicants for admission or employment and all participants in University-sponsored activities.

This policy is in compliance with federal and state laws, including Titles VI and VII of the Civil Rights Act of 1964, Title IX of the Educational Amendment of 1972, Section 504 of the Rehabilitation Act of 1973, Americans with Disabilities Act of 1990, and Executive Order of the Governor of Pennsylvania.

Any individual having suggestions, problems, complaints, or grievances with regard to equal opportunity or affirmative action is encouraged to contact the director of affirmative action, 104 Lawrence Center (215) 436-2433.

Sexual Harassment Policy

West Chester University is committed to equality of opportunity and freedom from discrimination for all its students and employees. Based on this commitment and the recognition that sexual harassment is a form of discrimination, which is of a growing concern to the higher education community, the University provides the following policy:

Harassment on the basis of sex is a violation of Title VII of the U.S. Civil Rights Act, Title IX of the Educational Amendments of 1972, and of the Pennsylvania Human Relations Act. Because West Chester University is committed to establishing an environment free from discrimination and harassment, sexual harassment will not be tolerated in any form. Upon official filing of a complaint, immediate investigation will be made culminating in appropriate corrective action where warranted, which may include termination of the relationship with the University.

Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature occurring when:

1. submission of such conduct is made either explicitly or implicitly a term or condition of an individual's employment, or of a student's academic status or treatment;
2. submission to or rejection of such conduct by an individual is used as the basis for academic or employment decisions affecting such an individual, or
3. such conduct creates an intimidating, hostile, or offensive living, working or academic environment to a reasonable person.

A complete copy of the University's Sexual Harassment Policy document, inclusive of the investigatory procedures, may be obtained from the Office of Affirmative Action.

Individuals who believe themselves to be the victims of sexual harassment, or who have questions about the University's policy on this matter should contact the director of affirmative action, 104 Lawrence Center (215) 436-2433.

The provisions of this catalog are not to be regarded as an irrevocable contract between the student and the University. West Chester University reserves the right to change any provisions or requirements at any time.

Introducing West Chester

Quality education at a reasonable price . . . this is the goal of West Chester University, the second largest of the 14 institutions of higher learning that compose the State System of Higher Education of the Commonwealth of Pennsylvania. A comprehensive and multipurpose university, West Chester serves individuals of all ages with a variety of programs to fill their educational needs.

West Chester offers degrees in the arts and sciences, teacher training and certification, advanced study preparation in fields such as medicine and law, education for specific professions, and continuing education. See page 51 for a complete listing of undergraduate degree programs.

Total enrollment at West Chester includes more than 10,000 undergraduate students and about 2,000 graduate students. While most undergraduates are recent high school graduates preparing for career objectives, many others are older individuals, including veterans and homemakers, who either never before had the opportunity for a college education or whose schooling was interrupted.

Most students are residents of Pennsylvania, but students from other states and foreign countries are welcome. West Chester's student body represents a cross section of many ethnic, racial, and religious groups and includes students from all economic levels.

Like the world around it, West Chester University is constantly changing and growing. The school continues to broaden and modify the nature and number of its programs to reflect the needs of its students in their endeavor to prepare themselves for success and fulfillment in life.

Missions of the University

The missions of the University include instruction, research, and community service. Initially it is emphasized that these missions and their concomitant goals are interrelated. The scholarship and creative development that faculty members experience in their professional fields are important prerequisites for university-level teaching in the

1990s. The faculty that engages its students in the process of discovery and in community service gives them hands-on experience that represents the active learning and commitment that is teaching and learning at its best.

This combination of missions, common to all comprehensive universities, helps students to fulfill themselves as individuals and as members of society. This is accomplished by providing opportunities for personal growth through intellectual, cultural, and aesthetic stimulation; specific career training; advanced involvement in the academic process; research and creative activities; and public service. An emphasis on student involvement and on faculty interaction with students distinguishes West Chester from research institutions and identifies it with the tradition of institutions committed both to the creation and sharing of knowledge and aesthetics. It also distinguishes West Chester University from higher educational institutions that emphasize teaching with little or no support for the creation of new knowledge and aesthetics. We are committed to the successful integration of teaching, scholarship, and service.

The University seeks to insure that there is diversity within its work force and student body in compliance with its commitment to affirmative action and equal opportunity. It clearly includes in its mission the provision of access to higher education for a wide variety of the commonwealth's citizens, including those from disadvantaged academic or financial circumstances. The University places particular value on academic freedom and human diversity. It seeks to develop an environment characterized by intellectual honesty, scholarship, mutual respect, and service to the academic and larger communities.

The University's comprehensive missions, and the means of accomplishing them, have developed from the University's specific legal mandate and its traditions of educational service, as well as from the changing needs of society and the nature of academe.

The Frederick Douglass Society

Drawing its content from our campus history of social consciousness and its structure from a variety of models in public life, the Frederick Douglass Society of West Chester University is the organization of black professional and nonprofessional staff at West Chester. Named in 1983 for one of the 19th century's most distinguished advocates of human freedom, the organization is oriented toward self-help and improvement by offering a collective voice in the affairs of the University. Its programs also aim to stimulate other groups on campus to enrich our climate. The society annually raises money for scholarship funds, in order to increase the economic options available to the student body generally and to blacks and other ethnic groups as well. It also seeks, by the example of Douglass, to promote an intellectual standard that is not only grounded in excellence but profoundly rooted in the public mission of higher education.

Institute for Women

The Institute for Women is an independent body designed to represent the interests of women on the campus. It serves as the parent organization for the Women's Center, the Women's Studies Program, and the Title IX and Sex Discrimination Board. The institute is headed by a director and a Board of Directors.

The institute sponsors a number of activities to enhance the self-esteem and career success of women at the University: the Woman-in-Residence Program, Grace Cochran Research on Women Award, Visiting Professor Program, Graduate Grant and Endowed Book Funds. The institute prepares periodic reports on the status of women at the University and has also secured Charlotte W. Newcombe Scholarship Grants for mature or second-career women. The Institute for Women is located in 211 Main Hall. For more information call (215) 436-2464/2122.

History of the University

Although its founding year is 1871, the University in fact has deeper roots

tracing from West Chester Academy, a private, state-aided school that existed from 1812 to 1869. The academy enjoyed strong support from the highly intellectual Chester County Cabinet of the Natural Sciences of the pre-Civil War decades. It was recognized as one of Pennsylvania's leading preparatory schools, and its experience in teacher training laid the groundwork for the normal school years that were to follow.

As the state began to take increasing responsibility for public education, the academy was transformed into West Chester State Normal School, still privately owned but state certified. The normal school admitted its first class, consisting of 160 students, on September 25, 1871. In 1913, West Chester became the first of the normal schools to be owned outright by the Commonwealth.

West Chester became West Chester State Teachers College in 1927 when Pennsylvania initiated a four-year program of teacher education. In 1960, as the Commonwealth paved the way for liberal arts programs in its college system, West Chester was renamed West Chester State College, and two years later introduced the liberal arts program that turned the one-time academy into a comprehensive college.

In recognition of the historic merit of the campus, in 1981 the West Chester State College Quadrangle Historic District was placed on the National Register of Historic Places. The buildings included in this historic district are

Philips Memorial Hall, Ruby Jones Hall, Recitation Hall, and the Old Library. Except for Philips, these buildings are all constructed of native Chester County serpentine stone.

West Chester State passed another major milestone with passage of the State System of Higher Education bill. West Chester and the other 12 state colleges became universities in the State System of Higher Education on July 1, 1983. Along with its new name — West Chester University of Pennsylvania of the State System of Higher Education — the institution acquired a new system of governance and the opportunity to expand its degree programs.

Location of the University

West Chester University is in West Chester, a town that has been the seat of government in Chester County since 1786. With a population of about 20,000, the borough is small enough to have the pleasant aspects of a tree-shaded American town, large enough to contain essential services and the substance of a vigorous community, and old enough to give the student exposure to America's early history. Students can walk to West Chester's many churches. The town has excellent stores and a fine hospital.

West Chester was settled in the early 18th century, principally by members of the Society of Friends. In the heart of town is its courthouse, a classical revival building designed in the 1840s by Thomas U. Walter, one of the archi-

texts for the Capitol in Washington, D.C.

West Chester today is part of the rapidly growing suburban complex surrounding Philadelphia and offers interesting opportunities for the study of local, county, and regional government in a period of change and growth.

Philadelphia is 25 miles to the east and Wilmington 17 miles to the south, putting the libraries, museums, and other cultural and historical resources of both cities in easy reach. Valley Forge, the Brandywine Battlefield, Longwood Gardens, and other historical attractions are near West Chester. New York and Washington are easily accessible by car or train.

How to Reach West Chester

The Borough of West Chester can be accessed from all directions both by car and public transportation. Route 3, the West Chester Pike, leads directly into town from center-city Philadelphia. From the Pennsylvania Turnpike, motorists traveling west should take Route 202 south from the Valley Forge Interchange while those traveling east can arrive via Route 100 south from the Downingtown Interchange. From the south, Route 202 from Wilmington and Routes 100 and 52 from U.S. Route 1 all lead to West Chester.

Public transportation is available from Philadelphia and other nearby communities.

Information on public transportation and carpooling is available in Sykes Union Building, 436-2984.

Campus and Facilities

Description of the Campus

West Chester University's campus is a unique mixture of 19th century, collegiate Gothic, and contemporary architectural styles that complement each other to create a stately, yet beautiful, atmosphere. Fifty-six buildings, comprising over 2.1 million square feet, are distinctly landscaped within 388 acres of rolling countryside, making the campus one of the aesthetic treasures of Southeastern Pennsylvania.

North Campus, an expansion of the original campus, occupies 97 acres at the southern boundaries of the Bor-

ough of West Chester. The North Campus contains the Quad area, which is surrounded by the University's oldest buildings — Philips Memorial, Recitation Hall, Anderson Hall, Ruby Jones Hall, and Old Library — three of which are constructed of the green-hued serpentine stone that has given West Chester a unique character for many decades. The University also is known for the magnificent old trees that grace the campus.

An extensive building program from 1966 to 1976 produced several major facilities and utilities that equip the

University well for the needs of modern education. The Elsie O. Bull Center, the Francis Harvey Green Library, Mitchell Hall (Fine Arts), Main Hall (Humanities), Earl F. Sykes Union Building, and the Schmucker Science Center were major additions, along with six high-rise residence halls that span the western side of North Campus. Ground breaking will begin soon for major additions to Sykes Union Building and the Science Center.

South Campus, which came into full use in 1970, is a 291-acre expanse of the gently rolling countryside of

Chester County. Located on South New Street three-quarters of a mile south of the original campus, South Campus includes the massive Health and Physical Education Center, which has won national acclaim for the quality and extent of its teaching, performance, and research facilities. John A. Farrell Stadium, playing and practice fields, and tennis courts surround the center. An 11-building apartment complex, to provide housing for 500 upperclassmen, will be completed in summer 1993. Also at South Campus is the 100-acre Robert B. Gordon Natural Area, which includes woodlands, fields, and a streamside habitat. This area has been conserved as a resource for the natural sciences.

Information Services

Information Services provides computing resources for a wide variety of users, both academic and administrative. Many of the University's administrative functions, such as registration, grade reporting, and billing depend heavily on the campus-wide transaction processing system that provides centralized access to University data from workstations located throughout the campus.

More importantly, computing is a vital instructional and research tool. Information Services offers students and faculty a wide range of computing resources, from mainframe to microcomputers, printers, plotters, graphics workstations, digitizers, and optical scanners. Many of these facilities are available at various campus locations, but the Academic Computing Center on the third floor, F. H. Green Library, serves as a focal point for instructional computing activity. A valid WCU Identification (ID) card is required to use the Academic Computing Center. For further information contact the Academic Computing Center at 215-436-3349.

Computing facilities throughout the campus are joined by the Mainframe Network and the Information Services Network. The Mainframe Network provides medium-speed access to computers from workstations on campus. The Mainframe Network provides electronic mail capabilities for all campus workstations, connection to SSHenet/PREPnet/Internet, Bitnet, and access to the University's main library catalogs.

The Information Services Network (ISN) provides high-speed access to software applications (programming languages, spreadsheets, word processors, faculty developed programs, etc.) and electronic communication capabilities to workstations. This network and its facilities will be undergoing expansion during the 1993-94 year. Student laboratory facilities are available in the Academic Computing Center and in each of the eight residence halls.

Students interested in acquiring a working knowledge of several commonly used software packages are encouraged to enroll in the introductory computing course, CSC 101, offered by the Department of Mathematics and Computer Science.

Major hardware facilities include an IBM 4381 mainframe, numerous Banyan/Vine file servers, and IBM, MacIntosh, Apple, Zenith, NeXT, and DEC workstations. Letter-quality laser printers are also available for student use.

Information Services is located in 107 Elsie O. Bull Center, 215-436-2828.

Darlington Herbarium

The Darlington Herbarium, housed in Schmucker Science Center, is one of the most highly regarded historical collections of dried plant specimens in the East. Among the 20,000 specimens are plants collected by such famous explorers and botanists as Captain John Fremont, Thomas Nuttall, Sir William Hooker, C.S. Rafinesque, and George Englemann. More than 200 collectors from America's formative years of 1820 to 1850 are represented. The herbarium was the work of Dr. William Darlington (1782-1863), a member of the West Chester Cabinet of Science. Dr. Darlington was eminent in West Chester as a physician, educator, banker, businessman, historian, and botanist. His plants, however, were his first love. A state park has been established in northern California to preserve a rare species of insectivorous plant named in his honor — *Darlingtonia*.

Robert B. Gordon Natural Area for Environmental Studies

The University has conserved 100 acres of natural woodland and field and stream-side habitat located on South Campus and uses it for several kinds

of outdoor studies in the natural sciences. Dedicated in 1973, the area was named for Robert B. Gordon, faculty member and chairperson of the University's Department of Science from 1938 to 1963.

Francis Harvey Green Library

The Francis Harvey Green Library provides an excellent environment for study and research. The six-story facility has the capacity to house 500,000 books. It is furnished with a variety of seating areas including individual study carrels, faculty and graduate lounges, computer lab facilities, group studies, seminar rooms, and general reading areas.

The library has an increasingly important role in both teaching and research with its growing collection of nearly one-half million volumes and subscriptions to nearly 3,000 journals. Augmenting this general collection with more than 350,000 titles is the micromedia collection including books, periodicals, newspapers, and doctoral dissertations along with the facilities to read this material. The total resources of nearly 850,000 volumes compare favorably with other major public and private research libraries in West Chester's geographic area.

Additional noteworthy collections can be found in the library complex. An extensive holding of courses of study and textbooks, and a variety of audiovisual materials and equipment are held in the instructional materials center. Also available are separate collections for children's literature, government documents, and maps. The library is a selective depository for government documents and maps.

The Special Collections Room holds the Chester County Collection of scientific and historical books; the Normal Collection, publications by West Chester University faculty and alumni; the Ehinger Collection (historical books on physical education); the *Biographies of the Signers of the Declaration of Independence* by John Sanderson; and the Shakespeare Folios. The Philips Collection of Autographed books is housed in a specially designed room in the Philips Memorial Building.

West Chester students may take advantage of the library's many services, such as reference, computerized on-line literature searching, CD ROM databases, interlibrary loan, and

photoduplication. The library's integrated automated system provides students and faculty access to the library's holdings via computer terminals. The on-line catalog may be searched at terminals located throughout the library and at remote terminals elsewhere on and off campus. To add to the cultural enrichment of the college community, the library schedules informative displays and art exhibits throughout the year.

Music Library

The Music Library is part of the University library. Located in Swope Hall, it houses an extensive collection of music, one of the largest of its kind in the Commonwealth of Pennsylvania. Its rapidly growing holdings include more than 27,000 scores (historical editions, collected works, opera, keyboard, and vocal and instrumental music) and more than 24,000 recordings (classical, folk, nonwestern, and popular). Listening facilities for 40 persons are available within the library.

Art Collections

The University's permanent art collection is made up primarily of gifts from

interested art patrons, senior class purchases, and gifts from alumni. The Student Services Inc. (SSI) permanent art collection is on display at the Francis Harvey Green Library, Philips Memorial, and the new SSI Art Gallery in the Sykes Student Union. The SSI collection consists of a number of important works, such as the water color, *Address Place* by Andrew Wyeth.

Historical Properties

Among a number of historical properties that came to the University through the Chester County Cabinet of Natural Sciences, a scientific society of the early 19th century, are the Anthony Wayne Letters, which include letters to Wayne from George Washington, Benedict Arnold, and others. The University also owns a grandfather's clock that belonged to Benjamin Franklin and Anthony Wayne's telescope, both of which came from the Chester County Cabinet. The Chester County Cabinet and the West Chester Academy merged to form the nucleus of the present University.

Center for Governmental and Community Affairs

Established in 1979, with offices in Ruby Jones Hall, the center is a campus service to local governmental and community organizations for research, faculty services, workshop sponsorship, intern placements, and resource materials. Center activities focus on facilitating community/campus interchange in furthering the use of University resources to solve governmental and community problems.

Speech and Hearing Clinic

The Speech and Hearing Clinic is located at 201 Carter Drive (across Matlack Street from the Bull Center parking lot). The clinic is operated by the Department of Communicative Disorders as a teaching and training facility for its undergraduate and graduate students. The clinic provides diagnostic and therapeutic services for persons with speech, language, and hearing problems. These services are provided free of charge to West Chester University students, faculty, and staff, and to students enrolled at Cheyney University. A fee is charged to others who wish to use the services of the clinic.

Admission to West Chester

West Chester University evaluates its applicants on the basis of scholarship, character, and potential for achievement in the programs to which they apply. The University operates on a modified rolling admissions policy, whereby applicants with the strongest academic credentials are given priority processing and notified as quickly as possible of their status. Other applicants are evaluated as their files become complete and may have final decisions deferred until later in the processing cycle, depending upon their individual academic profile. All decisions are communicated to applicants in writing. Qualified students of any age from all racial, religious, ethnic, and socio-economic backgrounds are welcome at West Chester. Studies may be pursued on a full- or part-time basis.

General Requirements for Admission of Freshmen

1. Graduation, with satisfactory scholarship, from an approved secondary school or approval by the Credentials Evaluation Division of the Pennsylvania Department of Education.
2. Either a satisfactory score on the Scholastic Aptitude Test (SAT) of the College Entrance Examination Board (CEEB) or satisfactory scores on the tests given in the American College Testing Program (ACT). Applicants who graduated from high school *more than five years ago* do not need to submit test scores.

How and When to Apply for Freshman Admission

For application materials please write or call the Office of Admissions, West

Chester University, West Chester, PA 19383 (215) 436-3411.

Freshman applicants for the fall semester are urged to begin the application process early in their senior year of high school, preferably by November 15, despite the recommended May 1 deadline.

Applicants for spring semester should complete an application by October 1. However, if enrollment limits are met before these dates, admissions will be closed.

Candidates will receive notification from the director of admissions as soon as possible after decisions are reached.

Freshman applicants who are denied admission on the basis of academics will not be permitted to enroll through University College but will be encouraged to consider a junior or community college as an alternative.

Policy on Early Admission

In exceptional circumstances, students with superior academic qualifications and unusually mature personal development are admitted as freshmen upon completing their junior year of secondary school. Students who, in the opinion of their guidance counselors, warrant consideration for early admission may obtain more information from the director of admissions. Early admission applications should be submitted in accordance with deadlines recommended for freshmen.

Arranging for Tests

Information about CEEB or ACT may be obtained from high school guidance counselors. It is the student's responsibility to ensure that all required test scores are forwarded to the Office of Admissions.

Transfer Students

Individuals who have been enrolled in any postsecondary institution after graduation from high school and/or have attended West Chester University on a nondegree basis must apply as transfer students. Applicants whose secondary school credentials would not warrant admissions consideration as freshmen must complete the equivalent of one full academic year prior to attempting a transfer. A minimum cumulative Grade Point Average (GPA) of 2.00 is required for transfer consideration. However, the University's modified rolling admissions policy gives priority to applicants with the strongest academic credentials. In addition, some academic departments have established prerequisite course work and specific Grade Point Average requirements for admission. Specific information may be obtained from the Office of Admissions.

Transfer applicants for the fall semester should begin the application process early in the preceding spring semester, preferably by February 1, despite the recommended May 1 deadline. Spring semester applications should be completed by October 1. If enrollment limits are met before these dates, admissions will be closed.

Application Procedures for Students Transferring from an Accredited Institution

1. File an application, available from the Office of Admissions.

2. See that the director of admissions receives:
 - a. An official transcript from all institutions attended. If preliminary (incomplete) transcripts are submitted, the student must see that final transcripts are filed later.
 - b. Mid-term grades, if the student is currently enrolled elsewhere and is applying to West Chester for the following semester.
3. If a student has completed less than 30 semester hours of credit, he or she must supply SAT or ACT scores and a high school transcript.

If a student is accepted, admission is contingent upon successful completion of current course work with at least a C average as documented by transcripts of all work attempted or completed.

Transfer students should read "Maintenance of Academic Standards" in the "Academic Policies and Procedures" section of this catalog.

Transcripts will be evaluated in accordance with the policies of the department to which the student seeks admission. After the student has been admitted, he or she should work out an acceptable program of study in close consultation with an adviser in the major department.

Transfer applicants who are denied admission on the basis of academics will not be permitted to enroll through University College without the express approval of the Office of Admissions. Such approval may be rendered in the event of extenuating circumstances and only under certain agreed-upon conditions in accordance with University policy.

University Policies for Students Transferring from a Nonaccredited Institution

Applicants from collegiate institutions (including community colleges and junior colleges) that are *not accredited* by one of the six regional associations in the United States will be considered for admission if the applicant's cumulative index is 2.00 (C) or better.

The evaluation of courses listed on transcripts from an institution not accredited by one of the six regional associations will be made by the student's major department in consultation with the faculty dean and transfer

credit analyst. All evaluations are subject to review by the provost and academic vice president.

International Students

Students from foreign countries may be considered for degree admission if, in addition to satisfying the general requirements, they also demonstrate proficiency in English. Standardized test scores from one of the following must be submitted with the application: Test of English as a Foreign Language (TOEFL), Scholastic Aptitude Test (SAT), or American College Test (ACT). Non-native English speakers are encouraged to submit the TOEFL; a minimum score of 550 is required.

International students are admitted only for the fall semester each year and applications must be submitted to the Office of Admissions by May 1.

Accepted students must be able to verify their ability to fully meet all educational and living expenses before a U.S. Immigration Form (I-20) can be issued and admission to West Chester finalized. Because of the amount of time it takes for a student visa to be secured, international applicants are encouraged to complete the admissions process well in advance of the May 1 deadline.

Insurance Requirements for International Students

International students at West Chester University are required to carry adequate health and accident insurance. Insurance must be effective for all periods of time the student has been authorized to be in the United States by an immigration document issued by West Chester University.

Health and accident insurance policies must be purchased through a company that sells insurance in the United States. West Chester University has set minimum coverage standards which must be met by all insurance policies. Information about the minimum standards are available at the Center for International Programs Office, 436-3515.

To assure compliance with the insurance requirement, all international students must come to the Center for International Programs by September 15 of each academic year. There students may obtain information as to the amount of insurance required and the means of obtaining coverage to meet the insurance requirement.

Physical Examination Requirements

Applicants are not asked to submit a report of medical history until they have been accepted for admission.

Upon acceptance, they will receive a form for the necessary health examination, which should be completed by a physician and returned to the University Health Center as soon as possible.

Students with Disabilities

West Chester University will make every effort to assure students with disabilities access to all classes required for their program of study and will endeavor to remove all obstacles to a fulfilling, comprehensive university experience.

The Office of the Assistant Vice-President for Academic Affairs should be advised of any disabilities to arrange suitable accommodations. Additional information may be obtained by calling (215) 436-3416.

Second Baccalaureate Degree

An individual may pursue a second baccalaureate degree at West Chester University after earning the first baccalaureate degree either at West Chester or another institution. Such an individual must apply for admission through the Office of Admissions as a transfer student.

Admission of College Graduates Seeking Certification

College graduates who wish to obtain teaching certification should consult with the Certification Office in the School of Education, 436-2426.

Readmission of Former Students

Students who have withdrawn from, or who for other reasons have not matriculated at, West Chester for two or more consecutive semesters are classified as "inactive" and must request an application for readmission from the Office of Admissions. After an absence of only one semester, students wishing to return should contact the Office of the Registrar and their department advisers. Those who have attended any institutions of higher learning since leaving West Chester must request those institutions to forward transcripts

of their records to the Office of Admissions, West Chester University, West Chester, PA 19383.

Readmitted students are bound by the requirements in the major, minor, and cognate areas at the time of readmission, except where permission is granted by the respective department.

Students intending to enroll in student teaching in the first semester of readmission must file an application for student teaching with the individual departments at least four months before their expected readmission. See also "Student Teaching" in the section entitled "Academic Affairs."

All readmission applications, including all supporting documents, are to be filed by August 1 for the fall semester and December 1 for the spring semester.

| | |
|--------------------------------|-----------------------|
| Full time (12 credits or more) | \$100.00 per semester |
| Part time (11 credits or less) | \$40.00 per semester |

Housing Fee*

North Campus Residence Halls— This fee entitles the student to occupancy of a standard double room in any North Campus residence hall with one roommate.

Per student \$1,242.00 per semester

South Campus Apartment Complex— This fee entitles the student to occupancy of a four- or five-person apartment with the following bedroom occupancy:

| | |
|--|-------------------------|
| Single occupancy bedroom (per student) | \$1,545.00 per semester |
| Double occupancy bedroom (per student) | \$1,395.00 per semester |

Students in the North Campus residence halls losing their roommates who do not have another roommate assigned to them will be assigned a roommate, relocated, or charged a private room fee of \$39.00 per week for every week that they occupy the room alone. These options are usually only available during the spring semester.

Meal Fee*

Plan 1: 14-Variable Program
\$752.00 per semester

(Mandatory for students in the North Campus residence halls)

This convenient program entitles resident, off-campus, and commuter students to any 14 out of the 19 meals served Monday through Sunday and includes a flexible fund of \$100.00. The flexible fund aspect of the 14-variable board plan gives students the flexibility of making up to \$100.00 in purchases at any dining service location. Students may add to their flexible fund account at any time in \$25.00 increments.

With flexible funds students can:

- Supplement meal entitlements
- Treat friends or family members to meals
- For a late night snack, have a freshly made ITZA PIZZA delivered to the residence hall
- Purchase items from the Convenience Store

Plan 2: Flexible Fund Program

This program is designed for South Campus apartment complex, off-campus, and commuter students, faculty, and staff. A minimum of \$100.00 can be placed in a flexible fund account that can be accessed by an ID card. The program can be used in the Lawrence Food Court, Take Out, Convenience Store, or in the Sykes Ram's Head Deli. Faculty and staff may use their flex dollars in the University Club as well. With this program, there is no need to carry cash for meals. The flexible fund may be increased by \$25.00 increments at any time during the semester.

Plan 3: 10-Variable Program
\$640.00 per semester

This plan is designed for those South Campus apartment complex, off-campus, and commuter students who do not want the burden of shopping, cooking, and cleaning up during the busy school week. This plan entitles participants to 10 out of the 19 meals served Monday through Sunday and includes a flexible fund of \$50.00 that can be used as described in Plan 1.

Plan 4: 5-Variable Program
\$465.00 per semester

This plan is designed for South Campus apartment complex, off-campus, and commuter students who wish to have the convenience of meals on campus. This plan entitles participants to five out of the 19 meals served Monday through Sunday and includes a flexible fund of \$50.00 that can be used as described in Plan 1.

For those students in residence halls, the meal plan cost has already been included in the University billing. South Campus apartment complex, off-campus, and commuter students can sign up for one of these meal plans by applying at the Office of the Bursar in the E.O. Bull Center.

Any flexible funds left at the end of the first semester will transfer to the second semester ONLY if the meal contract is renewed.

Any flexible funds remaining at the end of the second semester will be forfeited.

How the Meal Plan Works

A West Chester University identification card will be encoded to access a student's dining service account.

A meal or flexible funds will be deducted from the balance automati-

cally when the card is presented to the cashier.

This identification card will serve as a ticket to the offerings at Lawrence Food Court, Take Out, Convenience Store, and Sykes Ram's Head Deli.

Lost or Stolen ID Cards

Lost or stolen cards should be reported immediately in person to the Information Systems Office in order to prevent someone from misusing the lost ID. A temporary ID can be purchased at this time for \$5.00. (This fee is refunded if it is the first time the student is getting a temporary card and the temporary card is returned before its expiration date.) Office hours are Monday through Friday, 8 a.m. to 6 p.m. The Information Systems Office is located at Lawrence Center (215) 436-3129.

Student Union Expansion Fee

The Sykes Student Union building will be undergoing a major expansion in the near future that will double the square footage of space available for student groups and activities. Pennsylvania law requires that expenses associated with student union buildings be financed through fees charged to the users. The most equitable method of implementing this fee is to phase it in by class year beginning with the fall 1991 semester. The fee implementation schedule is as follows:

| Undergraduates Class of 1995 | Full Time 55.00 | Part Time 20.00 | Summer 10.00 |
|---------------------------------|--------------------|--------------------|-----------------|
|---------------------------------|--------------------|--------------------|-----------------|

Beginning with the fall 1994 semester, all students will be paying the entire full-time, part-time, or summer rate.

International Student Services Fee

International students are assessed a fee of \$25.00 per semester to support the services provided to them by the International Program Office.

Payment of Fees

Each semester, students have three opportunities to schedule for classes and pay their bills.

(1) Students may schedule during the main scheduling period, which is held during the prior semester. A bill will be mailed to these students four to six weeks before the semester begins. The bill must be paid in full by the due date. Students who are receiving approved financial aid

awards that fully cover or exceed the amount of their bills do not have to pay, but they must submit to the Office of the Bursar a full Financial Aid Waiver Form, which will be enclosed with their bills. Students who cannot pay their bills in full by the due date may apply for deferred payment (see "Deferred Payment Policy" below).

(2) Students who do not schedule prior to the mail payment deadlines may schedule and pay in person prior to the start of the semester. In this instance, payment must be made at the time of scheduling; no bill will be sent in the mail.

(3) Students who do not take advantage of either of these scheduling opportunities, or who fail to pay their bills as outlined above, must attend late registration. Students at late registration will be expected to pay their bills at the time that they schedule.

Failure to meet the payment deadlines as set forth above could result in cancellation of the student's schedule. In order to have the schedule reinstated, the student would have to pay his or her bill in full as well as a \$35.00 late registration fee.

Students who owe money to the University will not be able to schedule for future semesters, will not receive transcripts, and will not be cleared for graduation. The University may also, at its discretion, invoke any other penalty appropriate for a particular case in which money is owed to the University.

Deferred Payment Policy

The University extends deferred payment privileges to all students who are in good financial standing and have not defaulted on a previous payment plan. The fee charged for this service is \$50.00 annually. For more information about the plan offered, contact the Office of the Bursar at (215) 436-2552.

Uncollectible Check Policy

A fee of \$25.00 is charged for any check returned to the University for insufficient funds, stopped payment, or closed account. The University may, at its discretion, charge this fee for any check returned to it for any other reason.

The check will be returned to the student upon its replacement through

cash, cashier's check, MasterCard, VISA, or money order. Students who have two or more checks returned against their accounts will no longer be able to make payment by personal check; all future payments must be made by cash, certified check, MasterCard, VISA, or money order.

Refund Policy

All requests for refunds for dropped or cancelled courses, or for withdrawals, must be made in writing or in person to the Office of the Registrar. Refunds are not automatic; it is the student's responsibility to initiate a refund request.

Individual fees will be refunded according to the policies described below.

Tuition – in full prior to the first day of the semester; after the first day of the semester, refunds are as follows:

| | |
|---------------------------|------------|
| 1st or | |
| 2nd weeks of class | 80% refund |
| 3rd week of class | 70% refund |
| 4th week of class | 60% refund |
| 5th week of class | 50% refund |
| After fifth week of class | No refund |

The SSI fee will be prorated if the student withdraws from the University. Fees are not adjusted if the student goes from full time to part time.

Students who are in their first term of enrollment at WCU and who have received federal financial aid will receive prorated refunds based on federally mandated requirements. The refund policy does not affect the timeline for W, WP, and WF grades as described under "Withdrawing From a Course" (see page 40).

Housing Fee – in full prior to the first day of the semester; after the first day of the semester, prorated refunds are made on an individual basis through the Office of Residence Life.

Meals Fee – in full prior to the first day of the semester; after the first day of the semester, prorated refunds are made on an individual basis through the Office of Residence Life for resident students, and through the Office of the Bursar for commuter students.

Community Center, Health Center, and Educational Services Fees – in full prior to the first day of the semester or for cancelled courses; nonrefundable after the first day of the semester for dropped courses or withdrawals.

Appeals concerning the refund policy are made to the University registrar. Further appeals, if necessary, may be made to the Appeals Committee.

Other Fees

Application Fee. \$25.00 is charged to all prospective students for the processing of their applications to the University. The fee is nonrefundable and is not credited to the student's account.

Acceptance Fee. \$100.00 is paid by all newly accepted and readmitted students as proof of intention to enroll at the University. It is credited against the student's tuition and is nonrefundable if the student decides not to attend.

Housing Deposit. \$100.00 is charged to all new and returning students who wish to live in the residence halls. It is credited against the student's housing fee and is nonrefundable if the student decides not to live on campus.

Late Registration Fee. \$35.00 is charged to all students who schedule and pay at late registration and to all students who pay their bills after the deadline set for those bills. This fee is nonrefundable.

Credit by Examination Fee. A charge is made to all students who register for a Credit by Examination through the Office of the Registrar. Each examination scheduled costs \$25.00.

Portfolio Assessment Fee. Equal to 50% of the per credit hour rate, this fee is charged to have a faculty member assess a student's prior knowledge in a particular course.

Course Audit Fee. Students who audit courses pay the same fees as students taking the courses for a letter grade.

Damage Fee. Students are charged for damage or loss of University property. This fee varies, depending on the extent of the damage.

Identification Card Fees. The University charges a \$2.00 fee to issue an identification card to each full- or part-time student. If this card is lost, stolen, or damaged, the student will be charged \$5.00 for a replacement card. This fee is payable at the Student Services, Inc. Office.

Nondegree Student Application Fee. Nondegree students are charged a one-time \$15 initial processing fee.

Parking Fees. The University charges a nonrefundable parking fee to students

who are eligible to purchase a decal to use University parking lots. The following fees have been approved:

| Effective | Rate |
|-----------|---------|
| Fall 1993 | \$20.00 |

Registration forms are available at the Department of Public Safety. A violation of University parking regulations is charged \$5.00 per issued ticket.

Music Instrument Rental Fees.* Each student renting a musical instrument for a semester is charged \$20.00 per instrument. Every student using a pipe organ for practice for one period each weekday is charged \$36.00 per semester.

Lost Key Replacement. Students who

lose the key to their dormitory room are charged a nonrefundable fee of \$25.00 to replace the lock.

Transcript Fee. The fee for transcripts is \$3.00 per copy. Transcript request forms are available in the Office of the Registrar. Immediate transcripts are \$5.00 per request.

Commencement Fee.* The University charges \$45.00 to all students enrolled in a degree program who will have fulfilled their degree requirements by the end of the semester. This fee is paid after the student completes a Graduation Application Form in the Office of the Registrar and is approved for graduation.

Placement Credentials Fee. This \$10.00 charge covers the cost of registration, development, and updating a student's credentials file in the Career Development Center. The fee entitles the student to five mailings of credentials, as well as a personal copy.

Fees for Health and Physical Education Majors. Students in the B.S. degree programs in health and physical education must purchase uniforms at the University Bookstore. All students must be in proper uniform for activity classes.

*Effective fall 1993

Financial Aid

The financial aid program at West Chester University provides financial assistance and counseling to students who can benefit from further education, but who cannot obtain it without such assistance. Financial aid consists of gift aid in the form of scholarships or grants, and self-help aid in the form of employment or loans. The main responsibility for meeting educational expenses rests with students and their families. Financial aid is a supplement to family contribution and is to be used for educational expenses.

Eligibility for financial aid, with the exception of some private scholarships and the Parent Loan Program, is based on demonstrated financial need. Family income, assets, and family size influence a student's demonstrated financial need. All documents, correspondence, and conversations among the applicants, their families, and the Office of Financial Aid are confidential and entitled to the protection ordinarily arising from a counseling relationship.

In order to receive financial aid, the student must:

1. Be accepted for admission as a degree student enrolling at West Chester University, or, in the case of a student already attending the University, be enrolled and making satisfactory academic progress as a degree student. See the section entitled "Satisfactory Academic Progress Policy for Financial Aid" for a more

detailed explanation of this requirement.

2. Submit a Free Application for Federal Student Aid to the Pennsylvania Higher Education Assistance Agency (PHEAA) in Harrisburg, Pennsylvania, before March 15 for priority consideration. *All students, regardless of state residency status, must complete this form in order to be considered for financial aid at West Chester University.* This application will be used to determine demonstrated financial need for the student. All students are encouraged to complete this application.
3. Submit, in the case of a transfer student, a Financial Aid Transcript from all previously attended postsecondary educational institutions. This transcript may be obtained through the Office of Financial Aid. Submit this transcript even if no aid was received at those institutions.
4. Apply for the state grant program in his or her state of legal residence. Pennsylvania residents should file a PHEAA Aid Information Request form.
5. Submit any other requested documentation concerning financial and family circumstances that may be requested by the Office of Financial Aid, or any agency that administers financial assistance programs. Financial aid applicants may be required to submit copies of their

IRS forms, and/or their parents' forms, or various other income-related documents.

Submission of the above does *not* automatically entitle a student to receive financial aid. The Office of Financial Aid follows the regulations established by the federal government in awarding aid. Aid applicants are ranked according to unmet need (based on budget, federal and state grants, and expected family contribution), and available funds are offered to the neediest students first. *Students must apply for financial aid each academic year.*

Unless otherwise specified, requests for scholarships, grants, loans, and employment opportunities described in this catalog should be made to the Office of Financial Aid. Application forms for state and federal grants may be obtained from the Office of Financial Aid at West Chester University and from the offices of most high school guidance counselors. Questions concerning financial aid may be directed to the Office of Financial Aid, 138 Elsie O. Bull Center, West Chester University, West Chester, PA 19383, 215-436-2627. Office hours are from 8:30 a.m. to 4 p.m., Monday through Friday.

Satisfactory Academic Progress Policy for Financial Aid

Each student will be reviewed for satisfactory academic progress annually after the spring semester. A student

must meet the following requirements in order to continue to receive Title IV financial aid:

1. Successfully complete the minimum number of credits during the prior academic year as shown below:

| Credits Attempted Per Semester | Minimum Successfully Completed Per Semester |
|--------------------------------|---|
| 12 or more | 12 |
| 9 to 11.5 | 9 |
| 6 to 8.5 | 6 |
| Fewer than 6 | All |

2. Have a cumulative grade point average (GPA) of at least 2.00 by the end of the student's second academic year of attendance.

A student who is not making satisfactory academic progress at the time of the annual review will be evaluated again after the summer and fall semesters.

Credits earned during the summer following an academic year will be used to make up a credit deficit during the review for financial aid satisfactory academic progress. The Office of Financial Aid reviews the "official permission of the University to enroll or continue enrollment as a degree student" requirement at the beginning of each semester.

In other words, if the student moves from "degree" to "nondegree" between the fall and spring semesters, the student will not be maintaining satisfactory academic progress, and spring financial aid will be rescinded. This particular rule is NOT appealable.

Courses taken at other institutions will be used in the determination of satisfactory progress only if they are accepted for transfer to West Chester and count towards the student's degree. The student is responsible for submitting transcripts and evaluations to the Office of Financial Aid.

In addition to the above requirements, students will be expected to complete their four-year undergraduate degree programs within five years. Therefore, full-time undergraduates may receive up to, but not more than, 10 semesters of aid. Students enrolled on a part-time basis may receive the prorated equivalent of 10 full-time semesters of aid. For additional information about this, contact the Office of Financial Aid.

Failure to maintain satisfactory academic progress according to these standards will result in the loss of

Federal Title IV financial aid for at least one semester, or until such time as the student is again maintaining satisfactory academic progress.

DEFINITIONS:

CREDITS ATTEMPTED: Credits for which a grade of A⁺, A, A⁻, B⁺, B, B⁻, C⁺, C, C⁻, D⁺, D, D⁻, F, P, W, Y, WF, WP, I, or NG has been received.

SUCCESSFULLY COMPLETED

CREDITS: Credits for which a grade of A⁺, A, A⁻, B⁺, B, B⁻, C⁺, C, C⁻, D⁺, D, D⁻, or P has been received. Grades of NG, AU, CRE, W, WP, WF, and I do not count as successfully completed credits.

FEDERAL TITLE IV FINANCIAL AID:

Federal Pell Grant, Federal Stafford Loan (FSL), Federal Parent Loan for Undergraduate Students (Federal PLUS), Federal Supplemental Loan for Students (Federal SLS), Federal Work-Study (FWS), Federal Perkins Loan, and Federal Supplemental Educational Opportunity Grant (FSEOG).

APPEALS TO THE SATISFACTORY ACADEMIC PROGRESS REQUIREMENTS:

Appeals to the satisfactory academic progress requirements must be made in writing, requesting and fully explaining the reasons for the appeal. The Appeals Committee may request a personal interview with the student. The decision of the Appeals Committee will be based on the merits of the appeal and will be final. Appeals, when granted, will be for ONE SEMESTER ONLY. Students who are granted appeals will be reviewed for the maintenance of satisfactory academic progress at the end of the "appeal" semester, with progress determined by the credits attempted and earned during the appeal semester. In most circumstances, only ONE appeal will be granted during the course of the student's academic career at West Chester. An appeal must be filed by the end of the drop/add period of the semester for which the appeal is requested.

The Federal Title IV satisfactory academic progress policy also applies to state grant (not PHEAA) programs that include the maintenance of progress as an eligibility requirement.

PHEAA STATE GRANT SATISFACTORY ACADEMIC PROGRESS IS DIFFERENT FROM FEDERAL TITLE IV

FINANCIAL AID SATISFACTORY ACADEMIC PROGRESS. IT IS DEFINED AS SUCCESSFULLY COMPLETING A MINIMUM OF 24 CREDITS FOR EACH TWO SEMESTERS OF PHEAA STATE GRANT AID RECEIVED AND IS ESTABLISHED BY PHEAA.

Academic Level Requirements for FSL/PLUS/FSLS

In addition to maintaining satisfactory academic progress, a loan recipient is required to advance to the next academic level for each level of loan borrowed in the FSL, PLUS, or FSLS programs. Academic levels for undergraduates are defined as:

| Undergraduate Credits Earned | Level |
|------------------------------|-------|
| 0 – 31.5 | 1 |
| 32 – 63.5 | 2 |
| 64 – 95.5 | 3 |
| 96 or more | 4 |

Withdrawal/Enrollment Change and Aid

Students who officially withdraw or change their enrollment status may be entitled to a refund of certain fees, according to West Chester University's policy. (See section entitled "Fees and Expenses.") If that student has been awarded financial aid for the semester in which the withdrawal or enrollment change occurs, a portion of the refund will be *returned to financial aid program funds*.

Financial aid refunds due to withdrawals or enrollment changes are processed in accordance with federal, state, and awarding agency guidelines and regulations. A student considering withdrawal or an enrollment status change should consult with the Office of Financial Aid to determine the impact of that action on current and future financial aid.

Student Consumer Rights and Responsibilities

You have the right to ask a school:

1. The names of its accrediting organizations.
2. About its programs; its instructional, laboratory, and other physical facilities; and its faculty.
3. What the cost of attending is and what its policies are on refunds to students who drop out.

4. What financial assistance is available, including information on all federal, state, local, private, and institutional financial aid programs.
 5. What the procedures and deadlines are for submitting applications for each available financial aid program.
 6. What criteria it uses to select financial aid recipients.
 7. How it determines your financial need. This process includes how costs for tuition and fees, room and board, travel, books and supplies, personal and miscellaneous expenses, etc. are considered in your budget. It also includes what resources (such as parental contribution, other financial aid, your assets, etc.) are considered in the calculation of your need.
 8. If you have a loan, what the interest rate is, the total amount that must be repaid, the length of time you have to repay the loan, when payments are to begin, and any cancellation and deferment provisions that apply.
 9. If you are offered a work study job, what kind of job it is, what hours you must work, what your duties will be, what the rate of pay will be, and how and when you will be paid.
 10. To reconsider your aid package, if you believe a mistake has been made.
 11. How the school determines whether you are making satisfactory academic progress, and what happens if you are not.
 12. What special facilities and services are available to the disabled.
- You have the responsibility to:
1. Review and consider all information about a school's program before you enroll.
 2. Pay special attention to your application for student financial aid, complete it accurately, and submit it on time to the right place. Errors can delay your receipt of financial aid.
 3. Provide all additional documentation, verification, corrections, and/or new information requested by either the Office of Financial Aid or the agency to which you submitted your application.
4. Read and understand all forms that you are asked to sign and keep copies of them.
 5. Accept responsibility for the promissory note and all other agreements that you sign.
 6. If you have a loan, notify the lender of changes in your name, address, or enrollment status.
 7. Perform in a satisfactory manner the work that is agreed upon in accepting a college work study job.
 8. Know and comply with the deadlines for application for aid.
 9. Know and comply with your school's refund procedures.

THE FOLLOWING IS A BRIEF DESCRIPTION OF THE FINANCIAL AID PROGRAMS AVAILABLE AT WEST CHESTER UNIVERSITY.

Federal Work Study Program

Federal work study is an employment program that allows students to work part time on campus. Application is made through the Free Application for Federal Federal Student Aid. The priority deadline is March 15.

Federal Perkins Loan Program

The Federal Perkins Loan Program is administered by the Office of Financial Aid for students who demonstrate financial need. The cumulative limit for borrowing as an undergraduate student is \$15,000 (\$3,000 per year). The cumulative limit for borrowing as a graduate student and undergraduate student is \$30,000. The interest rate is 5 percent and begins to accrue when repayment commences—nine months after the student terminates his or her education. There are deferment privileges for students who enter the armed services, Peace Corps, or VISTA after graduation. There are cancellation privileges for special education teachers and teachers in certain school districts. Application is made through the Free Application for Federal Student Aid. Priority deadline is March 15.

Federal Stafford Loan Program

This loan program, formerly the Guaranteed Student Loan Program, operates with the cooperation of private lenders (banks, credit unions, etc.). Students must demonstrate financial need for a

subsidized loan. Annual loan limits are \$2,625 for first-year students, \$3,500 for second-year students, and \$5,500 for undergraduate students who have completed two years. The cumulative limit for undergraduates is \$23,000. The academic level maximum amounts are *not guaranteed*. The loan amount is influenced by the receipt of other aid. The interest rate for first-time borrowers is variable, not to exceed 9 percent. It begins to accrue when repayment commences—six months after the student terminates his or her education or drops below half-time status. There are deferment privileges for students who enter the Peace Corps, ACTION programs, or the Commissioned Corps of the Public Health Service. Applications are secured at the lending institution. Students should allow 10 weeks for processing and apply by May 31. Funds for first-year students may not be disbursed until 30 days after the start of the semester. The Federal Stafford Loan application and the Free Application for Federal Student Aid must be filed.

Federal Parent Loan for Undergraduate Students (PLUS)

The Federal PLUS program operates through private lenders. Parents may borrow up to the cost of education minus other aid for each dependent student attending a postsecondary educational institution for each academic level. The interest rate is variable, not to exceed 10 percent, and repayment commences 60 days after disbursement of the loan funds. Applications are secured at lending institutions.

Federal Supplemental Loans for Students (Federal SLS)

The Federal SLS program operates through private lenders. Independent undergraduate students may borrow up to \$4,000 per academic year for the first two years and up to \$5,000 per academic year for students who have completed two years, with a cumulative limit of \$23,000. These loan limits DO NOT include amounts borrowed under the Federal Stafford Loan or Federal PLUS programs. The maximum interest rate is 11 percent, the repayment period begins on the day the loan is disbursed, and repayment may be extended over a 10-year period. This loan requires a credit-worthy

coapplicant. Applications are available at lending institutions.

Short-Term Emergency Loan

Students in need of funds to cover unusual or emergency education expenses may contact the Office of the Bursar concerning the Short-Term Emergency Loan Program. The maximum loan is \$200.

Federal Pell Grant

This is the federal grant program. All students are encouraged to apply for a Federal Pell Grant. Students receive notification of eligibility in the form of a Student Aid Report that *must be submitted* to the Office of Financial Aid. The maximum award is \$2,300 per year. Interested students must file the Free Application for Federal Student Aid. Deadline is May 1 of the current academic year.

Federal Supplemental Educational Opportunity Grant (FSEOG)

The FSEOG program is federally funded and administered by the Office of Financial Aid. A student must demonstrate financial need and be an undergraduate. Students must file the Free Application for Federal Student Aid. Deadline is March 15.

State Grants

PENNSYLVANIA HIGHER EDUCATION ASSISTANCE AGENCY (PHEAA) GRANT. The Commonwealth of Pennsylvania, through PHEAA, makes state grants available to students who demonstrate financial need, are full-time undergraduates, and are Pennsylvania residents. PHEAA requires that students successfully complete at least 24 credits each academic year in which a PHEAA Grant is received. Students must file the Pennsylvania State Grant and Federal Student Aid application. Deadline is May 1.

The Commonwealth of Pennsylvania has entered into reciprocal agreements with the following adjacent states: Delaware, West Virginia, Ohio, and Maryland. Residents of these states who wish to attend West Chester University are permitted to use state grants from their home states for educational expenses at West Chester. Some other states not adjacent to Pennsylvania

may permit their residents to use state grants for attendance at West Chester University. Students should contact the agency for higher education in their states for more information.

Scholarships and Awards

WEST CHESTER UNIVERSITY ALUMNI ASSOCIATION SCHOLARSHIP FUND. A scholarship fund was established by the Alumni Association of West Chester University in 1974 to benefit the students of West Chester University. The criteria for selection are scholarship, leadership, character, and need. Scholarships may be awarded to sophomores, juniors, and seniors. Applications are available from the Office of Financial Aid or the Office of Development and Alumni Relations. The awards are generally made on Alumni Day each year and are applied to the students' course fees for the next academic year. Scholarship amounts vary.

GERALDINE DALEY ANDERSON SCHOLARSHIP. This fund was established to honor Mrs. Geraldine Daly Anderson '34 by a gift from her husband, Robert S. Student Affairs

The administration of West Chester University is committed to providing a comprehensive educational experience for students. To accomplish this mission, the Division of Student Affairs provides a variety of services and programs to augment the classroom experience. The goal of the division is to assist students in their intellectual,

social, and psychological growth and to contribute to developing a campus community where knowledge, acceptance, and social concerns are basic values.

Offices within the Student Affairs Division include Career Development, Children's Center, Counseling and Psychological Services, Greek Life and

Student Organizations, Health Services, Intercollegiate Athletics, Minority Affairs, Off-Campus and Commuter Life, Orientation and Parent Relations, P.R.I.D.E. Student Development Resource Center, Recreational Services, Residence Life and Housing, Student Standards, Sykes Union, and the Women's Center.

The administration believes that students should share the responsibility for governing their community and should have a voice in shaping the objectives of the University. Through a democratically constructed student government and committee structure, the administration, faculty, and student body seek to work together on behalf of the general welfare of the University.

Classification of Students

Students who attend West Chester University are classified for administrative purposes into two categories.

(1) RESIDENT STUDENTS

These students live in housing facilities operated by the University. Residents of North Campus residence halls are required to be on the full University meal plan. Those residents living in the South Campus apartment complex are not required to be on a meal plan; however, they may choose any meal plan option if they are interested.

(2) OFF-CAMPUS STUDENTS

This classification covers students who travel or commute to and from their legal residences, as well as students who live away from the homes of their parents or legal guardians in a dwelling that is not supervised or approved by the University.

Services

Residence Life and Housing

The Office of Residence Life and Housing is responsible for creating and maintaining an environment in each housing facility that encourages academic, social, and emotional growth. Each facility is staffed with trained personnel who are available 24 hours a day to provide services, assistance, and a variety of information. All resident students are given and encouraged to read the residential handbook, *A Guide to Residence Hall Living*, which contains valuable information on all services, policies, and responsibilities pertaining to all housing facilities. During the Sykes Union construction project, the Office of Residence Life and Housing will be located on the second floor of Wayne Hall, 436-3307.

On-Campus Housing

The residence halls on the North Campus provide accommodations for approximately 3,100 resident students in double occupancy accommodations. In addition, the South Campus apartment complex houses almost 500 residents in four- or five-person, fully furnished units with each bedroom having either single or double occupancy. All students may be guaranteed housing for their full four years.

Housing Assignments. The Office of Residence Life and Housing makes the housing assignments for all students living in all housing facilities. These assignments are made without discrimination. Only individuals of the same sex will be assigned as roommates or in the same apartment unit. Each room or apartment has basic furnishings for comfortable living, and the students may make them more homelike with their own accessory additions. During orientation, students are informed about the services and equipment furnished by the University and those necessities that they must supply for themselves. Lounge and recreation areas, television, and a variety of other facilities and conveniences provide a pleasant setting for student life in each residence hall. Services are also available in a central location in the apartment complex.

Transfer Students. Transfer students are admitted both as resident students and as commuting students. Those transfer students who desire on-campus housing should indicate this at the time they apply for admission to the University.

Married Students. The University has no housing facilities for married students. Prior to registration, they will need to secure their own accommodations in the community.

Readmitted Students. Students readmitted to the University are eligible for on-campus housing unless a specific disciplinary sanction would prohibit such occupancy. Interested students should contact the Office of Residence Life and Housing for specific information about the application process.

Overnight Guests. If accommodations are available, a resident student may have an overnight guest. Prior approval and registration must be secured from the resident director. Compliance with policies and procedures regarding the

visitation registration process is expected of all residents and guests.

Policy for Withdrawals. Resident students must vacate their residence hall or apartment within 24 hours of completing the withdrawal form in the Office of the Registrar.

Dining Accommodations

Plan 1

14-Variable Program: This program entitles students to any 14 of the 19 meals served Monday through Sunday and includes a flexible fund of \$100.00. This convenient program is required for all students living in the North Campus residence halls and is available to South Campus apartment residents as well as off-campus and commuter students.

Plan 2

Flexible Fund Program: This program is designed for off-campus, commuter, or South Campus apartment students. Students can place a minimum of \$100.00 into a flexible fund account that can be accessed by a WCU ID Card. The program can be used in the Food Court, Take Out, Convenience Store, Bagel Cart, or Ram's Head Deli. With this program, there is no need to carry cash to purchase meals. The flexible fund can be increased in \$25.00 increments any time.

Plan 3

10-Variable Program: This plan is for off-campus, commuter, or South Campus apartment students and entitles the student to any 10 of 19 meals served Monday through Sunday. This plan includes a flex fund of \$50.00.

Plan 4

5-Variable Program: This plan is for off-campus, commuter, or South Campus apartment students and entitles the student to any five of 19 meals served Monday through Sunday. This plan includes a flex fund of \$50.00.

For all meal plans, any flex fund dollars not used at the end of the fall semester will be transferred to the spring semester. Any flex fund dollars remaining at the end of the spring semester will be forfeited by the student and will not be refunded. The meal week runs from Monday to Sunday; any unused meals at the end of any week will be forfeited.

Students in North Campus residence halls will have their meal plan cost

included in their University billing. Off-campus, commuter, and South Campus apartment students can sign up for a meal plan by applying at the Office of the Bursar in the Elsie O. Bull Center.

Off-Campus and Commuter Life

The Office of Off-Campus and Commuter Life (OCCL) is committed to meeting the diverse needs of off-campus and commuting students. The responsibilities of the office include the Off-Campus Housing Service, advising the Off-Campus Student Association, and serving as a community resource agent for the University and local government in all areas related to off-campus and commuting students. Additional services provided to off-campus students by OCCL include landlord/tenant legal aid information and development of long-range plans and research on the profile and needs of off-campus students.

During the Sykes Union construction project, the Office of Off-Campus and Commuter Life will be located on the second floor of Wayne Hall, 436-3305.

Off-Campus Housing

Students who choose to live in the community must secure their own living accommodations. The Office of Off-Campus and Commuter Life will assist students in finding housing by providing a variety of materials such as an up-to-date listing of available housing and an apartment complex guide. As available student rental units in the West Chester area are at a premium, it is recommended that students interested in this type of living situation begin their housing search as far in advance as possible.

Bookstore

The Student Services, Inc. Bookstore, stocks required textbooks and supply items connected with academic programs of the University. In addition to required course materials, the bookstore offers a wide variety of merchandise including computers, clothing, health and beauty items, cards, gifts, and reference and leisure reading materials.

Qualifying students may apply for an SSI Bookstore Charge in the SSI Business Office. Payment can also be made

using Visa, MasterCard, MAC, or by a personal check accompanied by a valid ID.

Store hours:

Mon.-Thurs.-Fri. 8:15 a.m.-4:15 p.m.

Tues.-Wed. 8:15 a.m.-6:00 p.m.

Extended hours are provided at the beginning of each semester. The Bookstore is currently located on the ground floor of the Sykes Union Building. However, due to the Sykes Union construction project, the Bookstore will be relocated temporarily to Peoples Maintenance Building in November 1993.

Bus Transportation on Campus

The University provides bus service from University Avenue and Church Street to South Campus (and return), Monday through Friday, during the academic year. There is no bus service on weekends except Sunday from 6:30 p.m. to 11 p.m. and on exam Saturdays. Bus schedules are available at information and residence hall desks.

Career Planning and Placement Services

The professional staff of the Career Development Center work directly with students throughout their years at the University assisting in defining career goals, relating academic preparation to these goals and, eventually, helping in the search for fulfilling occupations. These services are available throughout the entire calendar year in Lawrence Center, second floor. A career information library is kept current for browsing and research. Graduate school catalogs and other reference material are maintained for students considering graduate school. An interactive computer career guidance program is also available. Other activities of the Career Development Center include seminars, on-campus interviews with potential employers, resume referral, and a job posting system.

A credential service is provided for graduating seniors for an additional fee.

The Career Development Center is located in 106 Lawrence Center, 436-2501.

Children's Center

West Chester University students and employees can receive day-care services for their children in the on-campus Children's Center.

Children participate in educational and developmental programs while their parents are in class or at work. The center is licensed by the Commonwealth of Pennsylvania, and all required registration materials must be completed prior to a child's enrollment in the center. The center offers reduced rates to students and multiple-child discounts. The center is located in McCarthy Hall on the ground floor. For more information, including opportunities for student workers and volunteers, contact the Children's Center at 436-2388 or the Women's Center at 436-2122.

Counseling and Psychological Services Department

The Counseling Center, a part of the Counseling and Psychological Services Department, is located on the second floor of Lawrence Center. The Counseling Center provides counseling services without charge to all undergraduate and graduate students at West Chester. The faculty in the Counseling Center are licensed psychologists who are experienced in working with college students. Students may discuss their concerns, feelings, hopes, and interests freely and in *strict confidence*. COUNSELING SERVICES: Since the Counseling Center provides services for a wide range of concerns, each student's experience will be tailored to his or her request. Students may want to clarify their vocational or educational choices, improve their interpersonal skills, or resolve personal conflicts. Their choice of approach could include one or more of the following counseling center services.

1. *Individual vocational counseling* consists of a one-to-one counseling experience that focuses on the student's choice of major and vocation. Vocational choice is most solid when it is the outgrowth of understanding one's self. Such understanding requires time and thought, and involves the student in identifying his or her own style, values, interests, and abilities. Psychological testing as well as discussion often enhances self-understanding.
2. *Individual counseling for personal problem solving* consists of a one-to-one counseling experience where the focus is on resolving personal conflicts, conflicts with others, and on improving the student's exper-

tise at making personally meaningful choices. It may also help some people avoid decisions that restrict their personal growth and undermine their well-being.

3. *Group counseling* consists of a small group of peers with one or more counselors. Such groups meet usually once weekly to provide group members with constructive learning about themselves. Groups often have a specific focus. Past groups have focused upon:
 - Elimination of self-defeating behavior
 - Assertiveness training
 - Anxiety management
 - Test anxiety reduction
 - Eating disorders
 - Career exploration
 - Procrastination — how to avoid it
4. *Testing* can be useful in increasing self-understanding and can often assist in the process of vocational and educational decision making. The Counseling Center faculty are trained in the administration and interpretation of psychological tests, and the student and his or her counselor can decide if testing might be helpful. Arrangements also can be made at the Counseling Center for taking the Graduate Record Exam, the Graduate Management Aptitude Test, and the Miller Analogies Test — three graduate school admissions tests.
5. *Consultation Services* are also available for staff and faculty members of the University community. Counseling Center faculty can assist with crises, program planning, and group and interpersonal communications, as well as referrals to other agencies.

For more information call 436-2301.

Greek Life and Student Organizations

The Office of Greek Life and Student Organizations coordinates the Greek Life program at West Chester University, which includes the activities of the four Greek Governing Councils. The Greek Life and Student Organizations Office also advises West Chester's 24 national fraternities and sororities on their service projects, community activities, and rush and pledging programs. The office registers all student organizations at the University and

provides leadership development programs for student leaders. During the Sykes Union construction project, the Office of Greek Life and Student Organizations will be located on the second floor of Wayne Hall, 436-3305.

Health Services

The University Health Center is staffed with two full-time physicians, a certified nurse practitioner, and five registered nurses who are available to meet first-aid needs and to treat acute minor illnesses and surgical conditions. Gynecological services, including testing for pregnancy and sexually transmitted diseases, are available as well. Contraceptive counseling and routine examinations are available by appointment only. The University is not responsible for any additional medical or surgical services or hospitalization.

All students are required to pay a health service fee at the beginning of each semester. The fee covers office visits and certain diagnostic tests. Many medications are available at a nominal fee. Allergy injections are given free of charge.

The University Health Center is located in the lower level of Ramsey Hall, 436-2509. Services are available to currently enrolled students only. When school is in session, the Health Center is open Monday through Friday from 8 a.m. to midnight and Saturdays from 10 a.m. to 6 p.m. during fall and spring semesters. Summer hours are provided weekdays only from 8 a.m. to 4 p.m.

Insurance Programs

Because of the unpredictable nature of medical and surgical emergencies, all students are encouraged to be covered by a health insurance program. Student insurance plans are offered through the Health Center. Information on the insurance program is mailed to students prior to registration or may be obtained from the University Health Center.

Insurance requirements may be mandated by specific departments and/or athletic programs. Refer to the appropriate section in the catalog for further information on these requirements.

Liability Insurance Requirement for Students in Nursing. See the section describing the Department of Nursing.

Student Physical Examinations

A physical examination is required for all entering and transfer students. The University Health Center reserves the right to request an annual physical examination by the family physician for any student suffering from a chronic illness.

No student will be permitted to register for classes until a history and physical examination report is completed and filed. These forms are available at the University Health Center and are mailed to students prior to registration.

Communicable Diseases

A current physical examination, including a report of a negative tuberculin test or chest X-ray showing no active tuberculosis (TB), is mandated by the Pennsylvania Department of Education for all senior student teachers and all junior or sophomore students participating in a field experience in the public schools. The TB test may be given free of charge at the Health Center.

All students born after 1957 must show evidence of immunization involving other communicable diseases and booster shots against measles. Guidelines published by the Center for Disease Control will be adhered to and revised as appropriate to protect the health of those in the University community.

Because of the potential for transmission of several infectious diseases, all students utilizing injectable medicines will be required to show evidence of satisfactory disposal of needles and syringes. The Health Center will provide free disposal of medical waste.

Mail Service

The University has an on-campus post office located on the second floor of Lawrence Center. Commuting students requesting a mail box must show a need for the box by applying to the Office of Off-Campus and Commuter Life, which will approve or disapprove the mail box request. During the Sykes Union construction project, the Office of Off-Campus and Commuter Life will be located on the second floor of Wayne Hall, 436-3305. Resident students receive their mail at their residence halls. To ensure prompt delivery, mail sent to resident students should show the student's name, room num-

ber, the name of the residence hall, and the University's name and address (West Chester University, West Chester, PA 19383).

Minority Affairs

The Office of Minority Affairs is dedicated to the development of multicultural sensitivity, understanding, and appreciation of diversity among students. The office develops and implements comprehensive programs aimed at addressing the needs and concerns of the minority student. It also serves as a consultant to other University offices regarding minority students and aids in projects focused on improving the general campus climate for minorities.

Orientation and Parent Relations

The Office of Orientation and Parent Relations is responsible for the coordination of the Summer Orientation Program, and the September and January Orientation sessions for new students. West Chester's Orientation programs (specific sessions for freshman, transfer, and adult students) are designed to introduce new students to the University and acquaint them with the academic, student services, and social aspects of college life. Attendance at Orientation, along with taking the orientation course (University 101) in the fall semester, is a graduation requirement.

Other responsibilities of the office include coordination of Parent Orientation Programs, the Parent Handbook, and the annual Family Day program in the fall. The 1993 Family Day program will be held on October 30.

During the Sykes Union construction project, the Office of Orientation and Parent Relations will be located on the second floor of Wayne Hall, 436-3305.

P.R.I.D.E. Student Development Resource Center

Located in B-20 Killinger Hall, the PRIDE (Promoting Responsible Ideas, Decisions and Experiences) Student Development Resource Center is staffed by Student Peer Educators who are supervised by a professional staff member. The PRIDE Center has as its focus five major areas of educational programming: self-esteem and values, substance use and abuse, sex and sexu-

ality, wellness and diversity. The center offers a variety of services to the University community including a library of print, audio, and video information available for loan; programs and workshops; consultation for students, faculty, and staff; support/discussion groups; and referrals to treatment facilities when appropriate. For more information regarding information services, contact PRIDE at 436-3276.

Public Safety

West Chester University is concerned about the safety and welfare of all campus members and is committed to providing a safe and secure environment. Campus security is the responsibility of the University's Public Safety Department, located in the Peoples Maintenance Building at the corner of Church Street and University Avenue.

Because no campus is isolated from crime, the University has developed a series of policies and procedures to ensure that every possible precautionary measure is taken to protect members of the University community while they are on campus.

A full explanation of the University's security policies and procedures, as well as additional pertinent information, appears in a publication called "Your Safety Is Our Concern," which is available from the Office of Admissions and the Department of Public Safety.

Vehicle Registration

All administrators, faculty, staff, eligible students, and visitors desiring to use designated parking lots must register their vehicles with the Department of Public Safety and purchase/obtain parking decals. Resident students with less than 63 credits and commuter students with less than 25 credits (as of September of the academic year in which they wish to register a vehicle) are ineligible to park on North Campus. The annual registration fee will be set by the president upon recommendation of the Parking Committee. For purposes of this document, "annual" is defined as September 1 until August 31 of the following year. Specific registration procedures will be announced yearly.

A valid, nonsuspended operator's license and vehicle registration card(s) must be presented at the time the vehicle is registered. Any change in the

vehicle registration number must be reported to the Department of Public Safety immediately.

When you receive your decal, place it in your vehicle immediately. Instructions on placement are on the reverse side of the decal.

Mutilated or defaced decals must be replaced for a fee of \$5.00 by contacting the Department of Public Safety.

The operation and registration of a vehicle must conform to Commonwealth vehicle law and University regulations. For complete information regarding motor vehicles and registration, refer to the Motor Vehicle Regulations available at Public Safety.

Student Services, Incorporated (SSI)

Student Services, Incorporated (SSI) is a not-for-profit organization primarily designed to serve the students of West Chester University. The objective of this corporation is to initiate, regulate, and operate the financial matters of all cocurricular student activities. Such activities include the management of the campus bookstore, student publications, student organizations, check cashing/ticket service, the administrative aspects of the student union, student programming, intercollegiate athletics, athletic foundations and clinics, and the graduate student association.

In fiscal matters and in various policy-making areas, the final authority rests with the president of the University.

The SSI Business Office, 436-2955, is currently located in 211 Sykes Union. However, due to the Sykes Union construction project, the SSI Business Office will be relocated temporarily to Peoples Maintenance Building in November 1993.

Student Standards

In addition to providing a sound educational environment for intellectual pursuits, West Chester University is concerned with developing socially responsible citizens, ensuring the welfare and freedom of all members of the University community, and protecting individual rights. The University is thus concerned with the quality of student conduct and has adopted rules and behavioral standards for its students. These regulations are outlined in the "Student Code of Conduct" contained in the *Ram's Eye View Student*

Handbook. Disciplinary action may be imposed when a student fails to recognize or violates the rights and privileges of other individuals or behaves in a manner not consistent with University policies.

The "Student Code of Conduct" reflects the University community's concern that high standards be maintained by students and student organizations. It guarantees due process and protects the individual freedom of the student as well as requiring his or her responsibility for conduct violations.

University judicial action will be taken in addition to actions taken by civil or criminal courts. Students will be subject to University judicial action in conjunction with citations or other charges of which the University becomes aware.

During the Sykes Union construction project, the Student Standards Office will be located on the second floor of Wayne Hall, in the Dean of Students Office, 436-3511.

Sykes Union Building

The Earl F. Sykes Union Building, opened in 1975 as the community center for West Chester University, offers a wide range of cultural, social, educational, and recreational programs and services. To accommodate student needs a major renovation and expansion construction project will begin in June 1993. This project will expand the current 62,000 square foot facility to a "new" multipurpose facility of approximately 100,000 square feet.

During the Sykes Union construction project, both Wayne Hall and Peoples Maintenance Building will be the temporary home of Sykes Union functions. The second floor of Wayne Hall will house the Student Affairs Offices of the Vice President, Dean of Students, Associate Dean of Students, Residence Life and Housing, Off-Campus and Commuter Life, Orientation and Parent Relations, Greek Life and Student Organizations, Student Standards and Sykes Management. The second floor also will house the Sykes Information Center which will serve as a central information center for campus. Reservations for meeting rooms in Wayne Hall and other campus locations will be coordinated through the Information Center. The third floor of Wayne will house the Departments of Student Programming and Student Activities

along with approximately 18 student clubs and organizations including the WCUR radio station, the QUAD newspaper, and the Student Government Association.

The Bookstore, Ram's Head Deli, and Student Services, Inc. Business Office will be relocated to Peoples Maintenance Building in November 1993. For information regarding Sykes Union functions, Wayne Hall offices, and Peoples Maintenance Building operations, please call the Sykes Information Center at 436-3360 or 436-2984.

Women's Center

The Women's Center addresses the special concerns of all women, including the issues facing women students who enter West Chester University from high school or return to college after time at home or in the job world. Located in Lawrence Center on the second floor, the Women's Center provides a lounge area for conversation, as well as study; peer advising; support and special interest programs (lectures, films, concerts, etc.). For more information, including opportunities for student volunteers, call 436-2122.

Activities

Student Activities on Campus

Student activities at West Chester University encompass a wide range of cultural, social, educational, and recreational programs for a diverse student population.

The Department of Student Programming, under the auspices of Student Services, Inc., takes a leadership role in organizing and sponsoring joint or individual projects as part of its mission. One major role centers on advisory relationships with the Student Activities Council (the major programming organization on campus), Innovations (a unique and nationally recognized nonalcoholic nightclub that presents campus comedians, DJ music, and "Top 40" bands on Thursday nights), and the University Contemporary Issues Committee (a group that concentrates on issues-oriented programming). Current movies, area band performances, national cultural entertainment acts, lectures (with a special emphasis on the "Leadership, Unity, and Volunteerism and Image Maker" programs), variety lunchtime entertain-

ment, and special events (Welcome Week, Airband, Winter Weekend) are all sponsored by the Student Programming and Student Activities Council. Homecoming, Family Day, Spring Weekend, and major benefit concerts are additional special University events that unite many segments of the campus. During the Sykes Union construction project, the Student Programming and Student Activities Departments will be located on the third floor of Wayne Hall, 436-2983 or 436-3037. Students can become a vital force on campus through participation and involvement in student organizations and activities. All students have an opportunity to attend campus events and/or join an organization that meets their individual needs. Leadership roles are always available, so being active can become one of the more enriching experiences in student life. Becoming involved builds individual integrity and a sense of community—two desirable qualities in all aspects of life. Student activities and organizations are the lifeblood of any campus environment, and West Chester University has many such opportunities.

Student Organizations

Each November, an updated "Student Organizations Directory" is printed that includes the names, addresses, and telephone numbers of all presidents and advisers of more than 180 campus student organizations. For more information on WCU student organizations, contact the Office for Student Development, 206 Sykes Union Building, 436-3305. The following section provides a sampling of information about some of the student groups on campus. For a comprehensive listing of descriptions, refer to the *Ram's Eye View Student Handbook*.

Student Governing/Campus Programming Organizations

The Student Government Association (SGA) is the legislative body that represents the students at West Chester University. Under guidance from the vice president for student affairs, SGA represents student opinions concerning policies and procedures, deals with issues on campus that have a direct effect on students, and gives students experience in the processes of government. All students are automatically members of SGA upon paying the activity fee that is included in the tuition bill.

The purpose of the Residence Hall Association (RHA) is to provide for the social, cultural, and educational life of resident students. RHA purchases and maintains recreational equipment, provides social events, and aids the residence life staff in educational programming, living conditions, and regulations in the residence halls. Its varied activities stem from representation and participation in the residence halls. Each hall has a representative from every floor and a slate of officers. The officers from every residence hall represent their respective halls in the Residence Hall Association General Assembly. The hall presidents sit on the RHA

Board of Presidents, the decision-making body of the organization. The board then appoints an executive director to act as official spokesperson for the organization.

The Off-Campus Student Association (OCSA) is a student organization whose primary goal is the representation of all students living off campus. OCSA objectives include distributing University information, designing educational and social programming, and developing positive community relations. Through representation and input to various University committees, OCSA represents the ideas and concerns of all students living in the West Chester community as well as students who commute to the University.

The Student Activities Council (SAC) is one of the main student programming organizations at West Chester University. Totally funded and run by students, SAC creates and programs many of the activities and events on campus, such as major movies, concerts, comedy events, and low-key, "coffeehouse" entertainment. By using students' talents and energies, SAC strives to present a wide variety of programs that meet the needs and interests of the West Chester University Community. SAC is comprised of six committees and an Executive Board. Membership is open to all WCU students at any time.

Academic/Professional and Special Interest Organizations

Communication Club. The Communication Club provides opportunities for students to learn about communication as an area of study, research, and application in an informal manner. Social functions, guest speakers, field trips and conferences are provided in conjunction with the Department of Communication Studies.

Forensics. The University has a strong program in intramural and intercollegiate forensics. Its Forensic Society is the focal point for training in competition in debate, oratory, extemporaneous speaking, after-dinner speaking, discussion, interpretive reading, and other events.

University Theatre. Excellent opportunities for experience in theatre are offered through this student organization that functions in the Studio Theatre and the Playhouse. Its major productions, drawn from the classics and from contemporary drama, are out-

standing events for the University and the community as well. All students with an interest in drama are welcome.

United States Institute of Theatre Technology. USITT is a national organization which, through publications, conferences, and networking, helps production and design professionals keep in touch with today's rapidly changing scene.

Student Nurses Association of Pennsylvania (SNAP). One goal of the Department of Nursing is to encourage a commitment to professional nursing. The SNAP organization helps build professional nursing interests and aids in the development of the whole person through various interdisciplinary educational programs and services. SNAP is a constituent member of the National Student Nurses' Association.

The Black Student Union, which was formed in 1971, is dedicated to the creation of a culturally meaningful atmosphere for black students at West Chester. Black Student Union membership is open to all West Chester students, faculty, and staff — regardless of race, color, or creed — who have a concern for the economic, political, and social concerns of blacks.

A major purpose of the organization is to broaden and enhance the academic and social lives of black students at the University. The union's democratically structured constitution provides for an executive board elected by the membership. Membership in the B.S.U. is inclusive of all students who are interested, both graduate and undergraduate. Attendance at B.S.U. functions are generally open to both student and nonstudent publics.

Religious Organizations

In addition to the religious student organizations previously listed, the West Chester Community has a large number of churches and synagogues representing many religious denominations. Students are always welcome at those places of worship.

A complete listing of student religious and local community organizations can be found in the "Religious Life Directory," which is published by the Religious Life Council and the Division of Student Affairs. The Religious Life Council also coordinates religious programs and activities on campus. For more information contact the Office for Student Development.

Service Organizations

Alpha Phi Omega. The Omicron Upsilon chapter of this fraternity, which is dedicated to service and leadership development, is open to all men of the campus community. The Omicron Upsilon chapter conducts many service-oriented activities.

The Friars Society. The Friars Society, which has been established at West Chester for many years, is composed of sophomore, junior, and senior men invited into the organization in recognition of character and leadership. The society's various service projects are designed to contribute to the good of the University community.

The Abbé Society. The Abbé Society is an honorary service society composed of sophomore, junior, and senior women. The Abbé Society is dedicated to upholding the qualities of friendship, leadership, and character through service to the campus and community.

University Ambassadors. The University Ambassadors are a select group of student leaders, coordinated by the Office of Admissions. They promote West Chester University among past, present, and future students by providing weekly campus tours and representing the University at special events such as the Open Houses, hosted by the Office of Admissions. In concert with the offices of Alumni Relations and Development, the University Ambassadors assist in showcasing the University at alumni events such as Homecoming, Alumni Day, and class reunions. They serve as liaisons between the campus and community.

The West Chester University Emergency Medical Services (EMS) is a volunteer-run organization of student health professionals who enjoy helping people. A quick-response unit is maintained to provide emergency medical care to the campus community, providing temporary emergency care 24 hours a day during the academic year. The EMS also plays an active role in the education of the campus community in first aid and cardiopulmonary resuscitation (CPR) techniques. Necessary training is provided to members.

Greek Letter Organizations

The University has a system of 14 national fraternities and 10 national sororities, which are listed on page 24. The system is governed by the Black

Greek Council, the Interfraternity Council, the Inter-Greek Council, and the Panhellenic Council. Since their introduction in 1969, the social fraternities and sororities have become an integral part of campus life.

Publications and Media Organizations

The Quad. The student newspaper of West Chester University is published weekly by a student staff with a faculty member as adviser. In addition to its primary role in disseminating news of campus events, *The Quad* also provides students with practical experience in reporting, editing, and photography, as well as in advertising and the business side of newspaper publishing. Students interested in working for *The Quad* should contact the editor at the newspaper office, 436-2793.

The Serpentine. The yearbook provides a pictorial and written record of the year's activities at the University. It is edited by a student staff with a faculty adviser. Positions on the yearbook staff are always available for incoming and current students. The training and experience gained in photography, writing, layout, and administration is useful in the publishing industry and many other careers.

Station WCUR. The campus radio station at West Chester University offers experience in all phases of radio broadcasting, from on-air activities, to production, to business and advertising. Operated entirely by students, WCUR offers practical work opportunities in a learning atmosphere. In addition to providing student members with experience, WCUR offers the University community a broad range of music styles, including progressive rock, jazz, new age, reggae, and others, as well as the latest in news from across the campus and the country.

Musical Organizations

In conjunction with the regularly scheduled student and faculty recitals, the University maintains the following well-developed musical organizations that contribute to the wealth of fine music on the campus.

Three University Bands. Membership in the Symphonic Band, Concert Band, and Marching Band is determined by the student's qualifications, regardless of curriculum.

Chamber Orchestra. Membership in this organization is open to all qualified students.

Collegium Musicum. A chamber ensemble specializing in the use of authentic period instruments and performance techniques in the music of the Medieval, Renaissance, and Baroque eras. Open by audition.

Wind Ensemble. A band of 50 to 60 outstanding campus wind instrumentalists and percussionists, the ensemble performs challenging music, with an emphasis on contemporary works.

Symphony Orchestra. Membership is determined by the student's qualifications.

Instrumental Ensembles and Chamber Music Groups. Membership in these groups is determined by the student's qualifications.

The Criteria and Statesmen. Members of the University jazz bands are selected by audition.

Concert Choir. This mixed choir of approximately 40 music students, selected by audition, meets twice a week, devoting its efforts to acquiring a fine technique of choral singing through the preparation of an extensive repertoire for performance.

Chamber Choir. Members of this choir, which performs music of the Renaissance and Baroque periods, are selected by audition.

Masterworks Chorus. A mixed chorus of music students. Open to other members of the University community by audition.

Opera Chorus. The chorus is formed through an elective course devoted to the training of a choral group that participates in opera and operetta productions. Membership is by audition.

Phi Mu Alpha Sinfonia. The Rho Sigma chapter of the professional men's music fraternity was formed at West Chester in 1967. The organization seeks to advance the cause of music in America and to foster the welfare and brotherhood of students of music. Upon approval by the brotherhood, prospective members are invited to pledge the fraternity. Prospective members must be at least second semester freshmen.

Sigma Alpha Iota. The Epsilon Epsilon chapter of this internationally incorporated, professional fraternity for women in music was formed in 1968. The fraternity is dedicated to service in

the field of music. Membership, by invitation, recognizes scholarship and musicianship. Members must be in at least their second semester.

University Chorale. A mixed chorus presenting a wide selection of choral music. The chorale presents high-school level music as well as more advanced literature. Open to students in other curricula through audition.

Kappa Kappa Psi. The band fraternity, Kappa Kappa Psi, was formed in the fall of 1980 to support the band program. KKY concentrates on serving the band and School of Music through fund raising and service projects. Any member of the marching band or visual ensemble can pledge KKY. Information is posted in Swope Hall, the music building, at the beginning of the fall semester.

Tau Beta Sigma. The band sorority, Tau Beta Sigma, was formed in fall 1980 to support the band program. TBS concentrates on serving the band and School of Music by means of fund raising and service projects. Any member of the marching band or visual ensemble can pledge TBS. Information is posted in Swope Hall, the music building, at the beginning of the fall semester.

Honor Societies

Alpha Epsilon. This society is the West Chester chapter of Omicron Delta Epsilon, an international economics honor society, which recognizes high scholastic achievement in the field of economics. Students must achieve a 3.00 average and have had 12 semester hours of economics with a B average to maintain membership in the organization.

Alpha Kappa Delta. This international honor society is dedicated to promoting interest in the study of sociology and sociological research that will lead to the improvement of the human condition. It is open to sociology majors and minors who have completed four sociology courses and have earned at least 64 semester hours of credit with a minimum Grade Point Average of 3.00.

Alpha Mu Gamma. The Department of Foreign Languages sponsors a chapter of this national collegiate foreign language honor society, devoted to promoting the study of foreign languages and encouraging cultural exchange with foreign students.

Alpha Psi Omega. This honorary fraternity recognizes excellence in and dedication to the theatre arts. The organization is sponsored by the

Department of Theatre Arts, and membership is open to all students regardless of major.

Alpha Upsilon Alpha. This international, specialty honor society represents the field of reading and language arts. Its purpose is to recognize scholarship, leadership, and service in the field of reading with emphasis at the undergraduate and graduate levels. A Grade Point Average of 3.50 is required.

Chi Alpha Epsilon. The Department of Educational Services sponsors this honor society, founded at West Chester University for students admitted to the Academic Development Program. Its primary purpose is to recognize academic excellence, promote unity, and foster continued scholarly accomplishments.

Eta Sigma Gamma. The Department of Health sponsors the Beta Xi chapter of this national professional honorary society in health science. Its purpose is to elevate the standards, ideals, competence, and ethics of professionally trained men and women in public health, school health, and environmental health. Juniors and seniors in these disciplines who have demonstrated high academic achievement are eligible for membership.

Gamma Theta Upsilon. The Gamma Eta chapter of this international, professional geographical honorary society was established in 1963. The organization promotes professional interest in geography and provides services in cooperation with the Department of Government and Planning.

Kappa Delta Pi. Kappa Delta Pi is a national honorary society for junior and senior students in education who excel in scholarship, maintain high personal standards, and are dedicated to the teaching profession.

Nursing Honor Society. This honor society, sponsored by the Department of Nursing, was chartered in 1985. Its purposes are to recognize superior achievement, develop leadership qualities, foster high professional standards, encourage creative work, and strengthen commitment to the ideals and purposes of the nursing profession. The society is in the process of applying for a charter chapter in *Sigma Theta Tau*, the international honor society of nursing.

Phi Alpha Theta. Organized in 1968, the Nu Sigma chapter of this international honor society in history is sponsored by the Department of History. Phi

Alpha Theta is open to all who have completed 12 or more semester hours in history with a minimum average of 3.01 and have maintained at least a 3.00 in two-thirds of their other course work.

Phi Delta Kappa. This is an international honor society in graduate education for men and women who are actively engaged in the profession of education. Its aim is to promote high quality education on all levels, particularly in publicly supported education. Results of research are reported in its extensive publications. The West Chester University campus chapter includes more than 100 members from the surrounding area and from the campus.

Phi Epsilon Kappa. The Department of Physical Education sponsors the Gamma Alpha chapter of this national, professional honor fraternity for students majoring in health and/or physical education. Phi Epsilon Kappa seeks to advance the profession of health and physical education.

Phi Sigma Tau. The Department of Philosophy, sponsors the Pennsylvania Rho chapter of this national honor society, which recognizes academic excellence in philosophy and in general studies. Membership is open to all students, regardless of major.

Pi Gamma Mu. This honor society recognizes scholarship in the social sciences and encourages social service. Majors in the social sciences who have demonstrated high academic achievement may become candidates for membership in the Omega chapter during their junior or senior years.

Pi Kappa Delta. A chapter of this national honor society for students in competitive forensic activities was established in 1969. Pi Kappa Delta is an outgrowth of the Forensic Society.

Pi Kappa Lambda. The primary objectives of this national music honor society are the recognition and encouragement of a high level of musical achievement and academic scholarship. Nominations and elections to membership are the responsibility of the faculty committee of the chapter. The Delta Sigma chapter at West Chester University was established in 1978.

Pi Mu Epsilon. This national mathematics society is open to junior students who rank in the upper-third of their class and have completed 18 hours of mathematics with a minimum average of 3.00. It is also open to

sophomores who rank in the top quarter of their class and have completed three semesters of the calculus sequence with an average of 4.00.

Pi Sigma Alpha. Organized in 1983, the Xi Gamma chapter of Pi Sigma Alpha, the national political science honor society, receives into membership students of government, political science, public administration, and international relations, irrespective of their membership in other honor societies or organizations, when such students attain high standards of scholarship and academic distinction both in political science and in the sum total of their academic work.

Psi Chi. A chapter of this national honor society in psychology is sponsored by the Department of Psychology. Membership is by invitation, with scholarship as the major criterion. Psi Chi, under the aegis of the American Psychological Association, endeavors to advance the science of psychology and encourages superior scholarship in all academic fields, particularly in psychology.

Sigma Gamma Epsilon. The Department of Geology and Astronomy sponsors the Zeta Beta chapter of this national honor society. The society was established to recognize scholarship and professionalism in the earth sciences. The Zeta Beta chapter has as its objectives the scholastic advancement of its members and the extension of service to the University and local communities. Membership is open to any student who has completed at least 12 semester hours in earth science courses and has maintained a minimum 3.00 GPA in all earth science courses and an overall GPA of 2.67.

Sigma Tau Delta. Under the sponsorship of the Department of English, a chapter of Sigma Tau Delta, a national honor society for students of English, was established at West Chester University in 1977. The major purpose of this organization is to stimulate interest in all phases of the study of English language and literature.

Recreational Services

The Office of Recreational Services provides leisure-time activities for the University community. Recognizing that the needs of individuals differ, Recreational Services provides activities in six program areas.

The Intramural Sports component affords students, faculty, and staff the

opportunity to participate in individual or team competitive activities. The Intramural Sports program promotes health, wellness, and physical fitness, as well as encourages the worthy use of leisure. Regardless of ability level, every individual can experience successful participation in a variety of individual or team athletic events.

For students who enjoy organized sports other than varsity athletics, the office provides the Sports Club component. This program is provided for students who are either skilled athletically or merely interested in participating in a club sport for sheer enjoyment of the activity. Becoming a member of a club provides opportunities for instruction, coaching, socialization, competition, and fun. Physical education majors receive a sports credit through participation in a club program. Currently, West Chester University provides nine Sports Clubs: equestrian, fencing, ice hockey, karate, men's rugby, women's rugby, skiing, men's volleyball, and water polo.

Outdoor recreational opportunities are conducted through the Outdoor Resource Center (ORC). The ORC provides a variety of different trips and one-day activities for students throughout the year. We provide the following trips and activities: canoeing, rafting, skiing, camping, and spelunking trips; ice skating nights; hiking; and horseback riding. In addition to scheduling trips, the Outdoor Resource Center rents outdoor recreation equipment to students, faculty, and staff for their own use or activities. The following equipment is available for rental: canoes, backpacking equipment, tents, sleeping bags, camping equipment, cross-country skis, and bicycles. A two-week notice is required to rent any equipment.

For students who do not wish to participate in a formal recreational program, we provide the Open Recreation component. This component provides days, times, and facilities in which students may participate in an informal recreational activity. The semester calendar lists scheduled days and times for utilizing the following: swimming pools, weight rooms, indoor track, outdoor tennis courts, and basketball gymnasium.

The Aerobics program is one of our most popular and successful activities. Over 800 students, faculty, and staff participate in 21 different aerobic sessions. We provide toning sessions, low and high impact sessions, and step ses-

sions. We require that all participants register for this program. Dates and times are listed on the semester calendar.

For more information on any component provided by the Office of Recreational Services, call 436-2131 or 436-3088, or stop by Ehinger Gymnasium, room 133.

Intercollegiate Athletic Program

Athletic activities are an important part of the University experience — indeed, a facet of education. The underlying purpose of West Chester's athletic program is the development of enduring educational values. To achieve this, the athletic programs provide a broad variety of team and individual sports for women and men students.

The women's intercollegiate athletic programs include basketball, cross-country, field hockey, gymnastics, indoor track, lacrosse, soccer, softball, swimming and diving, tennis, track and field, and volleyball. The men's intercollegiate athletic programs include baseball, basketball, cross-country, football, golf, indoor track, lacrosse, soccer, swimming and diving, tennis, and track and field.

West Chester University is a member of the National Collegiate Athletic Association, Eastern College Athletic Conference, Pennsylvania State Athletic Conference, and the Philadelphia Association for Intercollegiate Athletics for Women.

West Chester's Health and Physical Education Center and field complex, Hollinger Field House, and Farrell Stadium afford excellent facilities and equipment for the University's broad and varied athletic programs.

Alumni Association

The West Chester University Alumni Association is an organization of more than 53,000 graduates of the University.

The purpose of the Alumni Association is to promote the interests of West Chester University in all areas of academic, cultural, and social needs, to strengthen the Alumni Association through a strong network of graduates, and to increase the awareness of alumni to the University's needs.

The Alumni Association sponsors two major events on campus each year — Homecoming in the fall and Alumni Weekend in the spring. *The West Chester University Magazine*, published quarterly, incorporates RAMPARTS, providing all alumni with information on their classmates and events of interest.

Academic Affairs

West Chester University's undergraduate programs include teaching certification programs, local certificate programs, and programs of study leading to the Associate of Arts, Associate of Science, Bachelor of Arts, Bachelor of Fine Arts, Bachelor of Music, Bachelor of Science in Education, Bachelor of Science, and Bachelor of Science in Nursing. A complete list of undergraduate degree programs appears on page 51. Programs of study at the graduate level are also available. These are listed on pages 33-34 and are described in detail in the Graduate Catalog.

Honors Program

The University provides to outstanding students the opportunity to participate in a challenging Honors Program and to receive appropriate recognition when they complete the requirements. The program comprises two tiers: Honors in General Education and Junior-Senior Honors.

A certificate for Honors in General Education is awarded to a student who completes six of the lower-tier courses. These six courses ordinarily include at least one in the fine arts and humanities, one in the natural sciences or mathematics, and one in the social sciences. Normally, not more than one course in writing counts towards this requirement (usually English 121) and not more than one course in education. These honors courses are taken in lieu of the corresponding general education courses required by the University; they are not additional requirements.

Beginning in fall 1993 freshmen in the Honors Program will participate in a specially designed, seven-course core curriculum; these courses usually will carry General Education credit. Four of these courses will be offered in the freshman year, and three in the sophomore year. Honors in General Education will be given for these courses with some substitutions also accepted.

A certificate in Junior-Senior Honors is awarded to a student who completes only the upper tier of the program; a student who has completed both tiers is granted a certificate in University Honors. Requirements for the upper

tier consist of two of the interdisciplinary seminars offered by the program itself and a senior project, which is usually done in the student's major field of study. The seminars are usually new each semester; recent topics have included "Future Energy Alternatives," "The Arts from 1900 to 1920," "Death and Dying," "Gender, War, and Peace," and "Elizabethan England." Senior projects have been of many types, including library research theses, computer programs, recitals, and portfolios in the arts. Individual initiative is encouraged.

The program provides optional housing in an honors dormitory. Many honors students, however, live in other campus dormitories, in town, or at home.

An Honors Council, which includes both faculty and students, sets the policies of the program. A committee of that council, working with the director, determines the admission and retention of students. Further information about the Honors Program—requirements, offerings, housing, and the extracurricular activities of the Honors Student Association—is available from Dr. Elizabeth Larsen, Director, Honors Program, Room 131, Francis Harvey Green Library, West Chester University, West Chester, PA, 215-436-2996.

International Education

Established in 1986, the Center for International Programs is responsible for coordinating study abroad programs, international faculty exchanges, visitations by foreign scholars, and international programs for the campus and the broader community. In addition, the Center for International Programs actively promotes the development of an international curriculum, facilitates internships and independent study abroad, and provides a variety of essential services for the more than 300 international students from over 50 different nations.

West Chester University currently operates its own study abroad programs in the United Kingdom and France. At the University of Wales in Swansea and at the University of Paul

Valéry in Montpellier, France, students are encouraged to participate in University-sponsored junior year abroad programs. The University also expects to expand study abroad opportunities in the next several years.

As expected, the Department of Foreign Languages contributes to the development of study abroad programs and the internationalization of the campus. The department, through its highly acclaimed Critical Language Program, regularly offers courses in Greek, Finnish, Chinese, Japanese, Arabic, and several other languages, in addition to its regularly scheduled series of courses in German, French, Spanish, Italian, and Russian.

Special summer study abroad opportunities are coordinated through the Center for International Programs. These have included classes in the People's Republic of China. The University's Institute for British Studies currently offers summer courses at Oxford University, England, and the School of Music regularly offers a summer program in Salzburg, Austria. In addition, the University sponsors a series of travel-study programs to numerous overseas locations, including the Galapagos Islands, Egypt, Soviet Union, China, Kenya, Australia, Nepal, and Morocco. These programs, which generally run from two to three weeks, are available to students as well as the community. Travel-study programs are generally offered in the summer or in January, during the semester break.

International travel and study opportunities for American and international students and for the community are expected to expand rapidly over the next several years. Anyone interested in taking advantage of study abroad and travel opportunities is encouraged to contact the Center for International Programs, 102 Old Library, for details on current program options, 436-3529.

National Student Exchange Program

West Chester is one of approximately 107 American colleges and universities, located in such states as Hawaii, California, Alaska, and Florida, which participates in the National Student

Exchange (NSE) Program. The project gives students an opportunity to widen their cultural and academic horizons through a semester or a year of study in another part of the United States without paying out-of-state tuition fees or incurring such complications as credit transfers. The exchange usually takes place during the sophomore or junior years so that returning students may share their experiences with students on the West Chester campus. In order to qualify for the program, applicants must be full-time students with a 2.50 Grade Point Average. The annual recruitment program takes place during the fall semester and the first part of the spring semester, with placement for the following school year occurring midway through the spring semester. NSE information is available at the Office of the Registrar, E.O. Bull Center, 436-3085.

Pennsylvania State System Visiting Student Program

Undergraduate students enrolled in a degree program who have earned 27 credits and are in good academic standing have the opportunity to enroll as a visitor for a fall, spring, or summer term at any of the other 13 Pennsylvania State System of Higher Education (SSHE) institutions. The program allows students to take advantage of SPECIALIZED courses, programs, or experiences NOT AVAILABLE at the home institution without losing (home) institutional residency. Advance approval from both the home and the host institutions is required. Visiting Student Program information is available at the Office of the Registrar, E. O. Bull Center, 436-3541.

Environmental Programs

Students interested in pursuing environmental degree programs may choose from those identified below. Consult the departments listed for details on these programs.

Ecology. Offered by the Department of Biology, this program provides a strong background in field biology and prepares students for careers as biologists in environmental agencies, industry, consulting firms, and similar organizations.

Environmental Health Science. Offered by the Department of Health, this program synthesizes a rigorous scientific

preparation with specialized, applied environmental courses on such topics as water and air pollution, hazardous wastes, and industrial hygiene and safety. It prepares students for careers as environmental scientists in government and industry.

Other nondegree options exist for students interested in environmental issues. Education majors may elect to earn a certificate in environmental education (see Department of Counselor, Secondary, and Professional Education), and geography majors may emphasize environmental planning as part of the B.A. in geography (see Department of Geography and Planning). In addition, a wide range of course work for majors and nonmajors alike is offered by the following departments: Biology; Chemistry; Counselor, Secondary, and Professional Education; Economics; Geography and Planning; Geology and Astronomy; Health; and Physics.

Pre-Professional Study and Advising

West Chester University recognizes that some students will select career goals that will require pursuit of academic degrees after the baccalaureate, either in graduate school or at a professional school. Students with such goals are encouraged to discuss them with appropriate members of the faculty.

Pre-Medical. Students interested in graduate studies in one of the health professions (dentistry, medicine, optometry, or veterinary medicine) are encouraged to apply for admission to the pre-medical program, which is supervised by members of the Pre-Medical Committee. More information about this program can be found under the pre-medical program listing in the section, "Programs of Study and Course Offerings."

Pre-Law. Students who are contemplating going on to law school should take part in the pre-law program conducted by the University. Law schools maintain that, while there is no proper "pre-law major," students should choose courses that sharpen their analytical reasoning, writing, speaking, and listening capabilities in the humanities, social sciences, or natural sciences (particularly those courses requiring research and communication skills). Overall academic performance

is essential; a cumulative average of at least 3.00 is required by almost all accredited law schools.

Students interested in attending law school should contact Prof. John Shea, Department of Political Science and director of the pre-law program in Room 106, Ruby Jones Hall, early in their academic careers. Students also are encouraged to participate in the Law Club.

Pre-Engineering. West Chester provides a pre-engineering program in cooperation with The Pennsylvania State University. At the end of five years, a student earns a B.S. in physics from West Chester University and a B.S. in engineering from The Pennsylvania State University. Students normally spend three years at West Chester University and two years at Penn State University, taking only engineering-related courses. All mathematics, physics, cognates, and general education courses are generally taken at West Chester University. Students may choose from 14 fields of engineering listed in the "Physics" section of this catalog.

Pre-Theology. Pre-seminary students tend to major in religious studies under the auspices of the Department of Philosophy but select courses from a wide variety of disciplines. Students interested in graduate studies in theology and religious studies should work out their programs of study with the Department of Philosophy.

Center for Academic Excellence

The Center for Academic Excellence helps students attain excellence in their academic pursuits through a variety of services.

The Undeclared Major Program allows students who have not yet chosen a major to explore their fields of interest before entering a degree program. During their freshman and sophomore years, students are encouraged to schedule courses which fulfill the General Education Requirements. In addition to the General Education Requirements, other courses may be scheduled in a wide range of disciplines. Academic advisers will help the students to select and schedule appropriate courses.

Students should understand that certain academic programs require prerequisites for further study. Completion of such prerequisites, if not undertaken

during the period of study as an undeclared major, may prolong University attendance.

A student may transfer into a program from undeclared status only if

1. There is a vacancy in the desired program,
2. The chairperson of that program approves, and
3. A formal approved change of curriculum form has been filed in the Office of the Registrar.

Students should inquire about program vacancies as early as possible during their first year of study.

The Undeclared Program is administered by the Academic Advising Center located in Lawrence Center, rooms 105 and 132.

The Academic Advising Center provides the following services for students who have not yet declared a major:

- Advice regarding course selection
- Assistance in establishing educational objectives
- Information regarding various programs offered by the University
- Advice to students in academic difficulty
- Referral to University support services
- Guidance in and instructions for declaring a major
- Interpretation of University, school, and department regulations, rules, and requirements.

The center also makes information regarding University services available to late afternoon and evening students. For more information call 436-3505, or visit rooms 105 and 132, Lawrence Center.

The University Tutoring Center offers tutoring free to registered students at the University. The center's basic focus is on assisting students not only to master course content, but also to become independent learners. Most of the resources at the center are focused on freshmen and on those students enrolled in developmental and basic skills courses. Tutoring is usually offered in mathematics, English, natural sciences, social sciences, and foreign languages. Sessions are scheduled on an hourly basis, by appointment only, though some drop-in tutoring is available in lower-level mathematics courses. The center is open daily and several evenings each week. Call 436-

3505 for more information or visit the center in room 105 Lawrence Center.

The Academic Development Program is designed to provide an opportunity for a college education at West Chester University to those students who do not meet current admission requirements but who show a potential for success in college. Students admitted to the program are expected to take advantage of the program components which have been developed to enhance their skills in reading, writing, speaking, mathematics, and critical thinking, as well as to help them in their transition from high school to college.

The Academic-Development Program comprises of a series of required courses supplemented by specialized tutoring, counseling, scheduling, and advising.

The program begins with intensive, six-week preparatory courses during the summer which students must complete to be eligible for fall enrollment. This required course work is credit-bearing, but credits earned for developmental courses in writing, mathematics, reading, or speech are not applicable toward the accumulation of credits toward graduation.

Students in the program are also required to complete the following courses: ENG 120, ENG 121, COM 101, and EDR 100, all of which should be taken as soon as possible after completion of summer requirements. All of these courses satisfy University requirements for graduation. Students will be advised also on the completion of General Education Requirements and, as necessary, on the transition to a major course of study.

For further information, please contact Dr. Peter T. Kyper, Director, Academic Development Program, 105 Lawrence Center, 436-3505.

The Office of Services for Students with Disabilities provides students and their families with diagnostic service information; special course scheduling; adaptive computer, cassette tape, and other educational equipment; assistance acquiring Bureau of Vocational Rehabilitation (BVR) financial support; student support groups; and a liaison to professors regarding classroom accommodations and other special needs. Currently, the following buildings are accessible to those with physical disabilities:

For more information, contact the director of the Office of Services for Students with Disabilities, 253 Francis Harvey Green Library, 436-2919.

The Study Skills Project is a one-credit, self-paced, computer-assisted learning strategies course that helps students gain proficiency in time management as well as study skills, such as mastering a reading assignment, taking notes, and studying to remember. For more information, call Dr. Mary Keetz at 436-2174.

The Writing Program

West Chester University's cross-disciplinary Writing Program was begun in 1978 as a pilot project funded by the National Endowment for the Humanities and the Pennsylvania State College Educational Trust Fund Building on the skills developed in English composition courses, the program is based on the assumption that writing is integral to all academic learning in liberal and professional studies. The program's focus is therefore not on remediation but on enhancement; the University regards writing as much more than a set of basic language skills. The program provides for:

- (1) *Writing-emphasis courses each semester* in traditional liberal stud-

ies (for example, English literature, history, anthropology, sociology, chemistry, and physics) and in professional studies (for example, criminal justice, early childhood education, nursing, and public health)

- (2) *A general requirement that all students must take three of these writing-emphasis courses*, in addition to English composition, before their senior year
- (3) *In-house lectures, seminars, and workshops on writing for faculty members in all disciplines*

The WCU Writing Program has been recognized for its scope and achievement by the Association of American Colleges. It has also sponsored the Pennsylvania Writing Project, an outreach program for teachers in local schools. The Writing Program is administered by a director and a committee of one student and seven faculty members representing different fields of study.

Internships

A number of departments offer the opportunity for internships, field experiences, or practicums in which students may earn credit through employment in their field of interest.

Additional information is available under the various department listings in this catalog and from the individual departments.

Three University-wide internship opportunities are open to students from any major: **The Harrisburg Internship Semester (THIS)** is a full-semester, 15-credit experience in Pennsylvania state government. It is open to any junior or senior who has a minimum GPA of 3.50. A stipend is involved. (See Department of Political Science, HBI 400, 401, 402.) **The Washington Center Internships** are 15-credit experiences with the U.S. Congress, Executive Branch, interest groups and lobbies. **The Pennsylvania House of Representative Legislative Fellowship Program**, open to all junior/senior students with a minimum GPA of 3.50, involves committee staff assignments in policy development and a stipend. All three programs are administered by the Department of Political Science.

Summer Sessions

West Chester University's summer program, among the oldest university-sponsored summer programs in the United States, has one of the largest enrollments in the State System of Higher Education. More than 600 courses, both graduate and undergraduate, are offered, including workshops, seminars, and internships, as well as the usual classes. Offerings are available in every department and in interdisciplinary areas.

Students from any college or university, as well as nontraditional students, may take courses for enjoyment, personal growth, or degree credit. The summer program runs for 12 weeks (two, three-week sessions and one, six-week session), and a student can earn up to 12 credits during the summer sessions.

Summer Session booklets, containing the course schedules and registration cards, may be obtained from the Office of the Registrar (undergraduate) and the Office of Graduate Studies and Sponsored Research (graduate). For more information contact the Office of the Registrar at 436-2230 or the Office of Graduate Studies, 436-2943.

University College

The University College, which was created in 1985, focuses on the programmatic and service needs of adult learners. It works with individual students, as well as with civic, social, governmental, and corporate entities to identify educational and training needs. It responds to these needs by offering a varied program of credit and non-credit courses, workshops, and seminars designed to meet the needs of individual adults as well as the particular needs of business and governmental organizations. The University College is organized into three centers: The Center for Adult, Evening, and Alternative Studies; The Center for Business, Industry, and Government; and The Center for Community Education.

The Center for Adult, Evening, and Alternative Studies coordinates the evening studies program and all continuing education credit courses. The evening program offers basic courses that meet the general education requirements and elective portions of most four-year degree programs. In

addition, students can earn a bachelor's degree in the evening in the following areas:

- Accounting
- Chemistry
- Computer Science
- Criminal Justice
- Geography and Planning
- History
- Liberal Studies
- Management
- Marketing
- Psychology

Services available to adult learners include:

- Telephone Registration
- Academic Advising
- Tutoring
- Career Information and Guidance
- Daytime Child Care
- Personal and Family Counseling
- Financial Aid

Many adult learners have acquired a great deal of knowledge outside the framework of a formal institution of higher education—knowledge which may be equivalent to that attained in college courses. The Center for Adult, Evening, and Alternative Studies advises students on how to earn college credit for that knowledge.

Available programs include:

- Credit by Examination
- The CLEP Program
- Portfolio Development and Assessment

The Center for Adult, Evening, and Alternative Studies coordinates the off-campus center at Exton, which offers graduate and undergraduate business, liberal arts, and education courses.

The Center for Business, Industry, and Government (CBIG) is an educational resource office for business, industry, and government. It responds to requests from the corporate community for needs assessments, training proposals, referral services, and more. It also provides a variety of services to small businesses, nonprofit organizations, and government agencies.

Services available to business, industry, and government include:

- "No charge" needs assessments
- Custom-designed education and training programs held on site
- Referral services for businesses seeking student interns, faculty consultants, job candidates, and University information

Cosponsorship of business community events

Short courses, seminars, and workshops held on campus for business

CBIG can offer virtually any noncredit training program requested in the workplace, since it calls on national experts when University resources are not available. Following is a small sample of the broad selection of offerings:

Management Skills for the First-Time Supervisor

Conflict Management and Resolution
Managing People

Communication Skills Workshop
Project Management

Finance and Accounting for the Nonfinance Manager

Improving Customer Service

Managing Technical Organizations

The Center for Community Education is responsible for all noncredit activities the University offers to the community at large. The center has a variety of continuing education programs for adults who wish to continue their education, but who do not necessarily seek college credit. The courses, which often give students more opportunities in the job market, cover topics such as:

Real Estate

Computer Skills

Financial Planning

Professional Development

Family and Health Issues

The courses offered through these centers may carry undergraduate or graduate credit, in-service credit, continuing education units, or no credit at all.

The University College also arranges for the rental of University facilities by outside organizations. Available areas include:

Classrooms

Conference rooms

Sports complex

Training facilities

For information about any of the above programs, contact the University College, Room 144, Elsie O. Bull Center, 436-3550.

Veterans Affairs

Under the provisions of Title 38, West Chester University is an accredited university for the education of veterans. The University cooperates with the Veterans Administration to see that honorably separated or discharged veterans receive every consideration con-

sistent with either degree or nondegree admission standards.

All veterans, certain dependents of disabled or deceased veterans, and war orphans who wish to obtain educational benefits under the appropriate public laws must register with the office of Veterans Affairs at initial registration. Veterans must renew their registration with this office at the beginning of each subsequent semester and each summer session. The Veterans Administration requires students who are veterans to schedule at least 12 semester hours per semester in order to receive full benefits under the GI Bill.

A representative of the Veterans Administration is in the Office of Financial Aid, Room 138, Elsie O. Bull Center, counseling and acting as liaison between students and the Veterans Affairs Office in financial and other matters.

Armed Services Programs

Army Reserve Officers' Training Corps (ROTC) is available through a cross-enrollment agreement with Widener University. All classes are conducted on the campus of Widener University. Students receive from 1.5 to 3.0 credit hours per course (maximum 12 credit hours) towards their baccalaureate programs.

West Chester students also may enroll in the Air Force Reserve Officers' Training Program (AFROTC) through a cross-enrollment agreement with Saint Joseph's University. All aerospace studies courses are held on the Saint Joseph's University campus.

The University, with the approval of the Council of Trustees, permits West Chester University students enrolled in the Armed Services Reserve Officer Candidate Program (ROC) to receive six semester hours of baccalaureate credit upon successful completion and certification of ROC military requirements. These credits are classified as free elective transfer credits. Depending on the status of the student's program at the time of ROC credit transfer, these credits will be counted toward, or in excess of, the 128 credits required for a baccalaureate degree.

ROC programs are contingent on successful completion of a military requirement during vacation and the award of a college degree before being granted the service commission. The programs cover the Navy's Basic and Advanced

Reserve Officer Candidate courses (held on the Villanova University campus) and the Marine Corps Junior and Senior Platoon Leadership courses.

West Chester University students may enroll in the United States Marine Corps Platoon Leaders Class as freshmen, sophomores, and juniors. This program is open to men and women. All training is done during summer vacation, and reserve officer commission credits will be counted upon successful completion of military requirements and the successful completion of a University degree. Students interested in the Platoon Leaders Class should contact the chair of the Department of Educational Services at West Chester University.

Graduate Studies

West Chester's graduate programs, introduced in 1959, offer study opportunities leading to Master of Education, Master of Arts, Master of Science in Administration, Master of Business Administration, Master of Science, and Master of Music degrees. West Chester schedules its graduate courses in the late afternoon and evening during the fall and spring semesters. It is possible to pursue full-time graduate study during the academic year and during summer sessions.

Teaching English as a Second Language

M.A. Teaching English as a Second Language

The following departments and interdisciplinary areas offer graduate courses, but no graduate degree: Art, Linguistics, Theatre Arts, Women's Studies.

Scholarly Publications

College Literature is an international, triannual journal of scholarly criticism dedicated to the needs of college/university teachers by providing them with access to innovative ways of studying and teaching new bodies of literature and experiencing old literatures in new ways. Kostas Myrsiades of the Department of English serves as editor.

Journal of the Hellenic Diaspora is a semiannual, international scholarly review focusing on the Greek experience of the 19th and 20th centuries, published at West Chester University by Pella Publishing Co. of New York. Kostas Myrsiades, Department of English, serves as editor.

Degree Requirements

REQUIREMENTS FOR THE BACCALAUREATE DEGREE

1. Satisfactory completion of a minimum of 128 semester hours at or above the 100 level, distributed as shown in the curriculum for the student's major field.
2. Achievement of a cumulative Grade Point Average (GPA) of at least 2.00 (C) and an average of at least 2.00 (C) in the major field.
3. Attendance at West Chester University for at least 30 semester hours of the degree program, normally the final 30 semester hours of the degree program.

4. Fulfillment of any special requirements or program competencies that are particular to a department or a school.
5. Fulfillment of all financial obligations to the University, including payment of the graduation fee, and of all other obligations, including the return of University property.
6. Compliance with all academic requests, including filing an application for graduation in the Office of the Registrar.

NOTES

All students (entering freshmen and transfers) are bound by the catalog in the year in which they first enter for meeting general

education requirements. West Chester defines "enter" as the first semester of study as a degree candidate during the fall or spring semester. Students are bound by the major, minor, and cognate requirements in the catalog at the time they are accepted into the major or minor. If any of the degree requirements change while students are matriculating, they *may, but do not have to*, meet changed requirements after their first semester of study as a declared major. In some instances, accrediting and/or certification standards necessitate the change in major, minor, and cognate requirements. In such situations, the respective school or college will formally inform each student that he or she must meet the new requirements. Readmitted students are bound by the requirements in the major, minor, and cognate areas at the time of readmission, except where permission is granted by the respective department.

Students are permitted to pursue dual majors under the same degree with the concurrence of the participating departments. Students who do not demonstrate basic proficiency in English or mathematics may be required to take 000-level courses as prerequisites of their degree programs. These courses do *not* count towards graduation.

UNI 101: The Student and the University

A one-credit course in college adjustment and exploration is taken as part of the New Student Orientation Program. Graded on a pass/fail basis, this course is required of all new freshmen and of all new transfer students who transfer fewer than 33 credits.

The General Education Requirements Common to All Baccalaureate Curricula

A broad education emphasizes the enhancement of the basic skills in English and mathematics, as well as encompasses experiences in the humanities, the social and natural sciences, and the arts. At the same time, it must be versatile because of the many new courses and areas of study that are constantly becoming available.

West Chester University's curriculum has been planned to allow freedom of choice for the student within educationally sound limits.

The general education requirements that constitute the liberal arts core apply to all freshmen entering West Chester in June 1980 and thereafter.

All students should consult with their advisers and their departmental handbooks.

BACCALAUREATE GENERAL EDUCATION REQUIREMENTS

Policy on General Education Requirements

Students, both those matriculating as freshmen and transfer students, who have not completed the basic skills requirements in mathematics and English by the time they have earned 64 credits toward graduation must have the permission of the dean of their school or college (or his or her designee) to schedule additional courses. This policy applies to students entering in the fall of 1988 and thereafter.

A total of 50 semester hours of general education requirements must be completed for a baccalaureate degree. Those 50 credits are allocated among English composition, mathe-

tics, science, behavioral and social sciences, humanities, the arts, physical education or health, and free electives. Credit requirements for each area are provided in the following list. NOTE: Except for the nine free elective semester hours under Category IV, courses taken to satisfy general education requirements may not be taken Pass/Fail. This includes courses taken to satisfy interdisciplinary and writing emphasis general education requirements.

Specific general education courses may be required by a major or minor program, but no course may have its numeric credits duplicated in any application. A student may use the course from one major to meet the requirements of the second major. In this case, the adviser will work with the student to determine which course(s) should be used to address any remaining credits. But in no case may a student graduate with less than 128 credits. Students should be aware that, although general education requirements have been met, major degree requirements may necessitate a specific minimum performance level in general education courses, e.g., a grade of C- or better.

Examples of general education courses which also fulfill program requirements are: (1) ECO 112 is a business and economics core requirement and also serves as a second component in fulfilling a general education requirement; (2) BIO 110 is a biology requirement and serves as a general education option.

Consult your major degree program for guidance.

- | | | |
|----|--|-------------------|
| I. | Basic Skills | 11 semester hours |
| | A. English Composition | 6 semester hours |
| | ENG 120, ENG 121 | |
| | Policy for placement in English composition courses: Placement in the appropriate composition course is determined by the score on the Test of Standard Written English (TSWE). Students with TSWE scores from 58 to 60 are tentatively placed in ENG 121; those with scores from 45 to 57 in ENG 120; those with scores of 44 or below in ENG 020. The Department of English administers a Placement Confirmation Essay during the first week of the semester to confirm these placements. In cases where the Placement Confirmation Essay indicates that a student has been misplaced on the basis of the TSWE, the department will immediately transfer a student to the appropriate course. A student enrolled in ENG 020 must pass with a grade of C- or better before he or she enrolls in ENG 120. Non-native, English-speaking students seeking admission to ENG 030, ENG 130, and ENG 131 must consult the English as a Second Language (ESL) program staff for a placement evaluation prior to registering for these courses. ENG 130 and 131 are comparable to ENG 120 and 121 for non-native, English-speaking students only. Because all students must take and pass both ENG 120 (130) and ENG 121 (131) to graduate, and no substitution of other courses satisfies this requirement, a student who fails either of these courses after three attempts will be dismissed immediately following the third failure regardless of GPA. | |
| | B. Mathematics | 3 semester hours |
| | College-level mathematics course designated by the student's major department. | |

Policy for placement in mathematics: Placement in the appropriate mathematics course is determined by the student's math SAT score or performance on the Mathematics Placement Examination administered by the Department of Mathematics and Computer Science. All entering freshmen with SAT scores below 450 must complete MAT 000 with a grade of C – or better unless they are an early childhood, elementary, or special education major, in which case they take MAT 001 before they enroll in any other mathematics course. Any student, regardless of major, who scores below 400 on the SAT must take MAT 001. Students who score below 450 on the SAT, but who take and pass the departmental math placement test during the summer orientation, may place out of the developmental math levels and enroll directly into the college-level (100) mathematics courses.

- C. Physical Education Activity 2 semester hours
Students may, for medical reasons, petition to substitute a health course for the physical activity requirement. Veterans are exempt from the physical activity requirement. Only courses with the PEA prefix meet the physical education activity general education requirement except for those students whose majors have obtained University approval for PED courses.
- II. Distributive Requirements 27 semester hours
(Approved courses are noted with a * in the course listings and below.)*
NOTE: Some approved courses are two-semester courses, e.g., CHE 103-104, ECO 111-112.
- A. Science 9 semester hours
One approved course in three of the following areas:
Biology – BIO 100 or BIO 110
Chemistry – CHE 100, or CHE 102, or CHE 103-104, or CHE 105-106, or CHE 107
Computer Science – CSC 101, or CSC 115, or CSC 141
Earth Science – ESS 101 or ESS 111
Physics – PHY 100, or PHY 130-140, or PHY 170-180
- B. Behavioral and Social Sciences 9 semester hours
One approved course in each group plus a third course in a discipline not previously selected:
Group I
Anthropology – ANT 102 or ANT 103
Psychology – PSY 100
Sociology – SOC 200 or SOC 240
Group II
Economics – ECO 101 or ECO 111-112
Geography – GEO 101 or GEO 103
Government – PSC 100, or PSC 121, or PSC 213

- C. Humanities 9 semester hours
One approved course in each of the following areas:
Literature – LIT 165, CLS 165, or CLS 260-261
History – HIS 101 HIS 102, HIS 150, or HIS 151-152 (NOTE: Students who took HIS 100 and failed should take HIS 102 for the repeat.)
Philosophy – PHI 101 or PHI 180

- III. The Arts 3 semester hours
Any courses in the following areas: art, cinematography, dance, music, photography, and theatre
- IV. Free Electives 9 semester hours
Free electives are selected by the student. They may not be used to satisfy major, core, cognate, or general education (including distributive) requirements. All of these free electives must be at or above the 100 level.

All students are encouraged to complete the above requirements in their first two years at West Chester.

- V. Writing Emphasis Courses
All students who enter with fewer than 40 credits must take at least three approved writing emphasis courses at West Chester. Transfer students who enter with 40-70 credits must take two writing emphasis courses. Students who transfer more than 70 credits must take one writing emphasis course. ENG 120 and 121 do *not* count as writing emphasis courses. Each writing emphasis course may simultaneously fulfill another degree requirement. Writing emphasis courses may not be transferred to West Chester.
- VI. Interdisciplinary Requirement
- A. Freshmen who entered the University in fall 1985 or later must complete an approved interdisciplinary course. Transfer students who enter with 60 credits or more are not required to complete an interdisciplinary course.
- B. For students who entered as freshmen or transfers between fall 1985 and spring 1988, an approved interdisciplinary course may be substituted for *any* course in the distributive requirements or in the arts in the general education requirements.

HOWEVER

For students who entered the University beginning with the 1988 fall semester, the process of meeting the interdisciplinary requirement has changed.

- C. The interdisciplinary requirement can be fulfilled at one of two levels – the general education level or the upper level.
1. An approved general education interdisciplinary course (at the 100- or 200-level) may be substituted for any course in the distributive requirements or in the arts in the general education requirements.
 2. An approved upper-level interdisciplinary course (at the 300- or 400-level) cannot be substituted for general education requirements.
- D. ENG 121, Effective Writing II, is a prerequisite for all interdisciplinary requirement courses.
- E. Approved interdisciplinary courses are indicated by

*Students may substitute an approved two-semester, entry-level course marked with a † for a course marked with a *. For example, HIS 101-102 may be substituted for HIS 100. Transfer students who have taken one-half of a six-credit foundation course in a discipline may fulfill the appropriate distributive requirement by taking the other half of this foundation course at West Chester

a pound sign (#) in the departmental course listings and below.

NOTE: A course may simultaneously meet the interdisciplinary and foreign culture cluster requirements.

NOTE: These courses might not be taught as interdisciplinary courses every semester. Students should therefore check the current Master Schedule for each course's interdisciplinary status for that semester.

VII. Supplementary General Education Requirements
Students in some programs have additional general education or cognate requirements to fulfill in disciplines related to their major discipline. Some programs

may require a speech course. Students should consult with their major program adviser about the requirements that apply to them.

Foreign Language and Culture Requirements for Bachelor of Arts Degree Candidates

- A. Candidates for the B.A. in the following departments are required to complete the second half of the intermediate year of a foreign language:
- Art
 - Biology
 - English
 - Foreign Languages (in a second foreign language)
 - Liberal Studies
 - Mathematics
 - Physics
- (Freshmen interested in other B.A. degree programs are urged to consult with their departmental advisers regarding the foreign language requirements of the particular programs.) Students may satisfy the foreign language requirement by presenting evidence of preparation equivalent to the 202 level either by certificate or by examination. Students who are not qualified to take the 202 course prepare themselves by taking the elementary (101-102) and/or intermediate (201) course or courses.
- B. Candidates for the B.A. in other departments have the options of demonstrating foreign language competence through the intermediate level or else demonstrating foreign language competence through the Elementary II (102) level and by taking three courses dealing with the related foreign cultural area. Questions regarding the foreign language requirement in these other departments should be addressed to their appropriate department chairpersons. The foreign language plus foreign cultures option is open to freshmen who entered after May 1980.
- C. Attention is called to the policies regarding taking courses out of sequence, pages 40-41. Testing and placement are handled by the Department of Foreign Languages.

Foreign Culture Clusters

Students selecting the foreign language plus foreign culture option must take three courses in at least two separate disciplines, except that only one course may be taken in the department or discipline in which the student is majoring. All three courses must be selected from the cluster of courses pertaining to the foreign culture area of the language studied. Approved courses are listed below. Courses taken for foreign cultures credit may not be taken Pass/Fail.

I. Classical Civilization (Latin or Greek)

Approved courses: ARH 382, ARH 485, HIS 318, HIS 319, HIS 348, PHI 270

II. France and Francophone Area (French)

Approved courses: ARH 383, ARH 385, EFR 220, GEO 303, HIS 420, HIS 427, HIS 435, PHI 415, PSC 342

III. Germany (German)

Approved courses: EGE 222, EGE 323, GEO 303, HIS 323, HIS 330, HIS 420, HIS 423, HIS 435, PHI 272, PHI 273, PSC 342

IV. Italy (Italian)

Approved courses: ARH 384, HIS 426, PSC 342

V. Latin America (Spanish or Portuguese)

Approved courses: ANT 322, ANT 362, CLS 311, ESP 219, ESP 222, ESP 311, ESP 324, GEO 302, HIS 315, HIS 316, HIS 317, PSC 340

VI. Russia and Eastern Europe (Russian or an Eastern European Language)

Approved courses: ARH 405, ERU 209, GEO 304, HIS 324, HIS 425, PSC 246

NOTE: A course may simultaneously meet the interdisciplinary and culture cluster requirements.

REQUIREMENTS FOR THE DEGREE OF ASSOCIATE OF ARTS OR ASSOCIATE OF SCIENCE

Students in the associate degree programs must fulfill the following requirements:

1. Satisfactory completion of a minimum of 64 semester hours at or above the 100 level
2. Completion of the Associate of Arts or Associate of Science General Education Component
3. Completion of an approved area of concentration
4. Achievement of a cumulative grade point average of at least 2.00 (C) and an average of at least 2.00 (C) in the area of concentration
5. Attendance at West Chester University for at least 30 semester hours, normally the last 30 hours, of the degree program
6. Fulfillment of any special requirements or program competencies that are particular to a department or school
7. Fulfillment of all financial obligations to the University, including payment of the graduation fee; and of all other obligations, including the return of University property
8. Compliance with all academic requests including filing and application for graduation in the Office of the Registrar

ASSOCIATE OF ARTS IN LIBERAL STUDIES

West Chester University offers an Associate of Arts in liberal studies that can be completed in two years of full-time study or the appropriate equivalent of part-time study.

Students currently enrolled in the University who wish to obtain an A.A. must declare their intention prior to the completion of 50 semester hours. A total of 64 semester hours must be completed to earn this associate degree. The credits are allocated among the following areas of study:

The A.A. Liberal Studies is being suspended. Contact the director of Liberal Studies for more information.

I. A.A. General Education Component 38 semester hours

A. THE PAST 6 semester hours

One course in each of the following disciplines:

Anthropology – ANT 102 or 103

History – HIS 100, or HIS 101 and 102

B. THE PRESENT 6 semester hours

One course in two of the following disciplines:

Economics – ECO 101, or ECO 111 and 112

Political Science/Planning – PSC 100, or PSC 121, or PSC 213

Psychology – PSY 100

Sociology – SOC 200 or SOC 240

C. THE IDEAS OF CIVILIZATION 6 semester hours

One course in each of the following disciplines:

Literature – LIT 165, or CLS 165, or CLS 260 and 261

Philosophy – PHI 101 or 180

D. THE SCIENCES 6 semester hours

One course in two of the following disciplines:

Biology – BIO 100 or BIO 110

Chemistry – CHE 100, or CHE 102, or CHE 103 and 104, or CHE 105 and 106

Computer Science – CSC 101, or CSC 115, or CSC 141

Earth Science (Geology or Astronomy) – ESS 101 or ESS 111

Physics – PHY 100, or PHY 130 and 140, or PHY 170 and 180

E. THE ARTS 6 semester hours

One course in two of the following disciplines: art, cinematography, dance, music, photography, and theater

F. SKILLS AREA

English Composition* 3 semester hours

Mathematics* 3 semester hours

Health or Physical Education 2 semester hours

II. Approved A.A. area of concentration 15-21 semester hours

III. Free electives 5-13 semester hours

Approved Associate of Arts Concentrations

An Associate of Arts concentration generally consists of the same sequence of courses as a minor in the subject when the minor has been approved as a concentration. See the individual program listings for specifics.

The areas of concentrations approved for the degree of Associate of Arts in liberal studies include the following:

| | |
|----------------------------|----------------------------|
| Anthropology | Holocaust Studies |
| Anthropology/Sociology | Literature |
| Art History | Peace and Conflict Studies |
| Astronomy | Philosophy |
| Communication Studies | Planning (Geography) |
| Criminal Justice | Political Science |
| Developmental Disabilities | Sociology |
| Earth Science | Studio Arts |
| Film Criticism | Theatre |
| Geology | Women's Studies |
| History | Writing |

Students may also develop an individualized concentration of 15 to 21 semester hours of courses selected under advisement. Further information about an A.A. in liberal studies is available from the Office of Liberal Studies in New Main.

*On the basis of proficiency or placement tests, some students may be required to take 000-level courses in English or mathematics as prerequisites of their degree programs.

Free Electives

In addition to the requirements in the area of concentration, candidates for the degree of Associate of Arts in liberal studies have the opportunity to take two or three courses of their own choosing. Students who contemplate continuing in a four-year program requiring competence in a foreign language are advised to select courses that will help them achieve this competence.

ASSOCIATE OF SCIENCE

West Chester University offers the Associate of Science degree in two specialized fields—respiratory therapy and applied media technology. For detailed information on these programs, see the Department of Health (pages 120-123) and the Department of Instructional Media (pages 114-115).

Academic Policies and Procedures

Classification by University Program

Degree Candidates—all undergraduates admitted to a degree program or to the undeclared major by the Office of Admissions or through approved internal transfer recorded in the Office of the Registrar.

Nondegree Students—students permitted to enroll part time (maximum nine credits) for course work toward professional development, personal growth, or certification. Recent high school graduates (within the previous two years) are required to meet the admission standards of the University. Transfer students may enroll nondegree if they have attempted less than 30 credits and are in good academic standing. Nondegree students may attempt a maximum of 18 credits. Upon reaching 18 credits, students must have a 2.00 GPA to be eligible for admission to a degree program or to request permission to enroll with professional development status.

Academic Classification

The student's classification is determined by the number of semester hours of credit *earned* as follows:

| | |
|------------------|--|
| <i>Freshman</i> | 0-31 semester hours of credit (inclusive) |
| <i>Sophomore</i> | 32-63 semester hours of credit (inclusive) |
| <i>Junior</i> | 64-95 semester hours of credit (inclusive) |
| <i>Senior</i> | 96 or more semester hours of credit |

NOTE: The cumulative Grade Point Average (GPA) is computed from the total number of credits *attempted*. (See "Cumulative Grade Point Average," page 43.)

Academic Advising

Under West Chester's advising program, all students have faculty advis-

ers, appointed through their major departments, who counsel them on academic matters throughout their undergraduate years. Students who have not yet declared a major are advised by the Academic Advising Center in Lawrence Center. The ultimate responsibility for satisfying all graduation requirements is the student's.

Field Placement in Schools

West Chester University does not place students at religiously affiliated schools when that placement results in the student's receiving academic credit (e.g., student teaching). In addition, the University will make every attempt to place students first into public (vs. private) schools for student teaching and related activities. Further, students will not be assigned student teaching or other related duties at nonsectarian private schools or agencies unless they specifically request such placement. Each request will be considered individually to ensure that the private entity does not receive special benefit from the arrangement which outweighs the benefit to the University and its students.

Second Degrees

An individual may pursue a second degree at West Chester University after earning the first degree either at West Chester or some other institution. Such an individual must apply for admission through the Office of Admissions as a transfer student and earn at least 30 hours on campus beyond the requirements of the initial baccalaureate program. All requirements for the curriculum in which the second degree is earned must be satisfied. A given course required in both the degree programs is not repeated for the second degree.

Dual Degrees

West Chester does not permit a student to pursue two degrees simultaneously except in the case of the Associate of Science degrees and in the five-year program in engineering in cooperation with Pennsylvania State University.

Double Major

A student may select two majors within the same degree. In this case, a student must meet all of the requirements for both majors. The student should consult regularly with advisers from both programs.

Minor Fields of Study

Students may apply for transcript recognition if they complete an approved minor field of study. To receive such recognition, the student must complete 15 to 21 hours of courses selected in consultation with the minor program adviser. Also, beginning with students entering in the fall 1993 semester, students must earn a minimum GPA of 2.00 in courses taken for a minor in order to receive transcript recognition of that minor. Students who have enough flexibility in their major curriculum to fulfill the requirements of a minor must fill out and submit a Minor Selection Application to the Office of the Registrar. To enroll in a minor field of study, students must have the permission of both their major and their proposed minor departments.

Minors available at West Chester University include the following:

- Accounting
- American Studies
- Anthropology
- Anthropology/Sociology
- Art History

Astronomy
 Athletic Coaching
 Biology
 Communication Studies
 Comparative Literature
 Criminal Justice
 Dance (Education/Therapeutic)

Specific course requirements may be obtained from the minor program advisers.

Changing Majors

A student wishing to transfer from one program of study at the University to another program must file a Change of Curriculum form in the Office of the Registrar. The student must meet the

standards for admission to the desired program and must obtain written permission from the department involved. Any courses that were initially accepted for transfer credit from another college are subject to re-evaluation by the department to which the student transfers internally.

Student Class Load

A full-time class load ranges from 12 to 18 semester hours of credit. Credits attempted or earned through the process of Credit by Examination are not counted in the student class load.

Overloads

Students wishing to carry more than 18 credit hours per semester must secure permission. Permission will not be granted for more than 24 hours. The normal student load for the fall and spring semesters is 16 hours per semester. The normal student load for summer sessions is three hours for the pre session, six hours for the regular session, and three hours for the post session. A student will not be allowed to enroll in more than 15 hours in any one summer nor be allowed to carry more than one additional course per session.

A student should not seek permission to carry an overload if his or her cumulative average is below 2.75.

Permission for an overload is granted by the chairperson of the department in which the student is majoring and the associate provost for academic affairs.

Adding a Course

Students may add a course by filing a schedule change form in the Office of the Registrar during the Drop/Add Period. Students will not be permitted to add a course after the end of the Add Period (sixth day of the semester).

Dropping a Course

Students may drop a course by filing a schedule change form in the Office of the Registrar during the Drop/Add Period, thereby receiving no grade. Students will not be permitted to drop a course after the end of the Drop/Add Period (fifth day of the semester).

Withdrawing From a Course

A grade of W (Withdraw) will be entered on the academic record of any

student who withdraws from a course *between the end of the first week and before the end of the fifth class week* or the equivalent in summer sessions.

Students may withdraw from a course *between the end of the fifth class week and the end of the tenth class week* and receive a grade of WP (Withdraw Passing) or WF (Withdraw Failing) from their instructor, only if they have a compelling special reason or emergency.

A student who is doing passing work at the time of approved withdrawal receives a WP, which is not treated as a grade. A student who is failing receives a WF, computed as an F.

After the tenth week of classes, students will receive whatever grade the professor assigns (including WF or WP) but are not entitled to selectively withdraw from particular classes. However, if the effective date of official withdrawal is during the last week of classes, a grade (not WP or WF) will be assigned for that course.

STUDENTS WHO FAIL TO WITHDRAW FROM OR DROP A COURSE OFFICIALLY CAN EXPECT TO RECEIVE A GRADE OF F FOR THE COURSE AND ARE FINANCIALLY RESPONSIBLE TO PAY FOR IT.

Withdrawal From the University

Students wishing to withdraw from the University must go to the Office of the Registrar and follow the prescribed procedures. If illness or some other emergency interrupts the student's University work, he or she must notify the Office of the Registrar at once. Unless a student withdraws officially, F grades will be recorded for unfinished courses.

Taking Courses Out of Sequence

Students may not enroll for credit in a more elementary course in a sequence after having satisfactorily passed a more advanced course in that sequence. For example, a student may not enroll for credit in French 101 after having satisfactorily passed French 201.

Similarly, students who enroll in a course that requires less proficiency than placement or proficiency tests indicate they possess may be denied credit towards graduation. Native speakers of a foreign language may not

receive credit towards graduation for the elementary course in that foreign language.

Pass/Fail Policy

1. All degree students who are sophomores, juniors, or seniors with a cumulative GPA of at least 2.00 are eligible to take courses Pass/Fail.
2. The Pass/Fail privilege is limited to one course per semester; only free electives may be taken on a Pass/Fail basis. Free electives are completed at the choice of the student. They may not be used to satisfy major, core, cognate, or general education (including distributive) requirements.
NOTE: A student may not take an interdisciplinary or writing emphasis course for Pass/Fail if this course is being used to satisfy the general education interdisciplinary or writing emphasis requirement.
3. A grade of *Pass* carries credit value but does not affect the cumulative Grade Point Average.
4. A grade of *Fail* is computed into the cumulative Grade Point Average.
5. After contracting for Pass/Fail, the student may not request or accept any grade other than a P or F.
6. This process must be completed by the end of the *eighth* week of the semester or the equivalent in summer school. Forms are available in the Office of the Registrar.

Auditing Privileges

Anyone may attend the University for the sole purpose of auditing one or more courses by first scheduling for the course, paying the regular fee, and then completing an audit application form available from the Office of the Registrar. Applications must be returned by the end of the Drop/Add Period. Full-time students have the privilege of auditing one course per semester without charge, provided they obtain approval from the course instructor and the course does not create an overload situation. If an overload results, students are assessed the per-credit rate for each credit in excess of 18. Part-time students may audit one course per semester, provided they obtain the instructor's approval, enroll in the course through the Office of the Registrar, and pay the regular course fee.

Credit is never given to auditors. After the course has commenced, the auditor status may not be changed. The grade of Audit (AU) is recorded on the student's transcript.

Credit by Examination

Forms to register for credit by examination are available from the Office of the Registrar. A fee of \$25 is charged for each course. Credit by examination is a privilege subject to the following conditions:

1. Application occurs during the Drop/Add Period.
2. The student has a cumulative GPA of at least 2.00.
3. The student demonstrates evidence of satisfactory academic background for the course.
4. The student has not already completed a more advanced course that presupposes knowledge gained in the course. For example, credit by examination cannot be given for FRE 101 after the student passed FRE 102.
5. Credits attempted or earned through the process of credit by examination are not counted in the student class load.

NOTE: Students who have taken a course but have not achieved a satisfactory grade may not apply for credit by examination for the same course.

Independent Study

Many departments offer an independent study course for students with demonstrated ability and special interests. This course is appropriate when a student has a specialized and compelling academic interest that cannot be pursued within the framework of a regular course. The independent study form is available in the Office of the Registrar.

Individualized Instruction

Individualized instruction is the teaching of a regular, listed catalog course to a single student. Individualized instruction is offered only when the University has cancelled or failed to offer a course according to schedule. The individualized instruction form is available in the Office of the Registrar.

Graduate Credit

A senior (96 credits or more) pursuing a bachelor's degree who has an overall

Grade Point Average of 3.00, may, with the permission of the major adviser, course professor, department chair of the course, the dean of graduate studies and sponsored research, and the associate provost, enroll in up to six credits of graduate-level course work. The student must be at the senior level with the designated Grade Point Average at the time the course begins.

If the course is dual numbered, the undergraduate must take the undergraduate-level course and apply it towards the bachelor's degree. If the course is not dual numbered, but at the 500 level or above, the course may count either as undergraduate credit towards the bachelor's degree or as graduate credit.

If the student wishes to have the credits count towards the bachelor's degree, the student must submit a completed "Application for an Undergraduate Student To Take a Graduate Course for Undergraduate Credit." If, on the other hand, the student wishes to have the credits count towards a graduate degree, he or she must submit a completed "Application for an Undergraduate Student To Take a Graduate Course for Graduate Credit." Both forms are available in the Office of the Registrar. To receive graduate-level credit, the student also must submit a properly completed and approved Graduate School Admissions Form to the Office of Graduate Studies before completing the appropriate form.

Individual departments have the right to implement more stringent academic standards for courses within their departments. Any student not meeting University or departmental standards when the appropriate semester begins will not be permitted to enroll.

If a course is taken for undergraduate credit, no additional fees will be required. If a course is taken for graduate credit, the student must pay graduate tuition and applicable fees for that course. A student not carrying 12 hours of undergraduate credits will be charged at the appropriate hourly tuition rates for both the undergraduate and graduate credits. All other fees will be charged at the undergraduate level. No more than six credits taken under this policy may be applied to the master's degree. Students may not elect to change between undergraduate and graduate credit after the term or semester has begun.

Student Absence (Cut) Policy

The student absence policy is a graduated policy providing leniency to students (primarily juniors and seniors) enrolled in 300- and 400-level courses and restrictions to freshmen and sophomores in 000-, 100-, and 200-level courses. The absence policy holds that satisfactory proficiency in course work is the student's responsibility, as is class attendance, but recognizes the importance of the professor in the educational process.

The policy is administered at the student-faculty level.

A student enrolled in a 000-level course is not permitted any unexcused absences.

A student enrolled in a 100-level course is permitted to be absent three times or the equivalent for courses that meet less than three times a week.

A student enrolled in a 200-level course is permitted to be absent six times or the equivalent for courses that meet less than three times a week.

A student enrolled in a 300-level course is permitted to be absent nine times or the equivalent for courses that meet less than three times a week.

A student enrolled in a 400-level course has no specific restrictions. This privilege is given to upperclass students because of the greater amount of individual research that is expected at the advanced level. An upperclass student taking a lower-level course must follow the absence policy of that course.

In the event that the student exceeds the number of cuts allowed for a course, the professor is permitted to lower the final letter grade for the course by one letter grade, or ask the student to withdraw from the course and assign a WP or WF.

This policy does not deal with special circumstances, such as preparation and performance in music, theater, athletics, and laboratories, or professional duties, such as practice teaching. Absences from these courses and duties must be considered on an individual basis by the department and professor responsible for the actual event or duty.

On days of an announced quiz, test, or examination, no absences are permitted at any course level.

Student-Athlete Absence Policy

Responsibility for meeting academic requirements rests with the student athlete. Initially, the student is expected, where possible, to schedule classes on days and at hours that do not conflict with athletic schedules. However, if intercollegiate sports events unavoidably necessitate class absences, the student-athlete *must* make the following preparations and arrangements with professors to be excused from class for competition.

1. Student-athletes are expected to notify their professors *as soon as they know* they will be missing class due to an athletic contest.
 - a. In most cases, this can be done as soon as the student-athlete receives the game schedule and departure times for away games and the times for home games are identified. The only exception is for rescheduled games. In that event, the student-athlete is required to notify the professor of a pending class absence as soon as the game has been rescheduled.
 - b. This communication is to be made *in writing* by using the courtesy absence form provided by the Department of Athletics.
2. Athletes are expected to complete the work required for each class and turn in assignments due on game days *prior* to their due dates unless other arrangements are made with the professor.
3. If a scheduled contest is postponed or cancelled, the student is expected to go to class.
4. If a test is scheduled on a game day, the student-athlete will make arrangements with the professor to make up the test.
5. Athletes are not excused from classes for practice or training room treatment on nongame days.
6. If a student-athlete reaches or exceeds the permissible number of absences under the University "Student Absence Policy" for any course while representing the University in athletic contests, then he or she will not be permitted to have additional absences for any other reasons, except in cases of extreme emergencies.
7. If the student-athletes follow these procedures, it is hoped that their

professors will cooperate with the Department of Athletics and its programs and permit absences required by competitive athletic events.

Exemption from Final Examinations

Students who have attained an A or B prior to the finals, have completed all other course requirements, and have the instructors' permission may waive final examinations. This privilege is subject to several reservations.

1. Any unit examinations given during the final examination period are not subject to this policy.
2. Academic departments as well as faculty may adopt a policy excluding the final examination exemption for certain courses.
3. Mutual agreement between the instructor and the student to waive the final examination should be determined during the week prior to the beginning of the examination period.

The course grade will be the A or B earned exclusive of a final examination grade.

Grade Reports

After each semester, a report of each student's semester grades is mailed to the student's home address.

Grading System

| Grade | Quality Points | Percentage Equivalents | Interpretation |
|-------|----------------|------------------------|----------------|
| A+ | 4.33 | 97 or above | Excellent |
| A | 4.00 | 93-96 | |
| A- | 3.67 | 90-92 | |
| B+ | 3.33 | 87-89 | Superior |
| B | 3.00 | 83-86 | |
| B- | 2.67 | 80-82 | |
| C+ | 2.33 | 77-79 | Average |
| C | 2.00 | 73-76 | |
| C- | 1.67 | 70-72 | |
| D+ | 1.33 | 67-69 | Below Average |
| D | 1.00 | 63-66 | |
| D- | 0.67 | 60-62 | |
| F | 0. | 59 or lower | Failure |
| NG | | | No Grade |
| W | | | Withdrawal |
| WF | 0. | 59 or lower | Withdrawal |
| | | | Failing |
| WP | | | Withdrawal |
| | | | Passing |
| Y | | | Administrative |
| | | | Withdrawal |
| AU | | | Audit |

NG (No Grade): given when a student fails to complete course requirements by the end of a semester. See "Grade Changes."

W (Withdrawal): given when a student withdraws from a course between the end of the first and the end of the fifth class week of the semester or the equivalent in summer sessions (effective September 1980).

WP and WF: See "Withdrawing From a Course," page 40.

Y (Administrative Withdrawal): given under appeal when there is documentation that the student never, in fact, attended class. No refunds are associated with this grade.

Cumulative Grade Point Average

The cumulative Grade Point Average (GPA), sometimes called the cumulative index, is determined by dividing the total quality points earned by the total credit hours attempted. The following example is based on a single semester:

| | Semester Hours | Grade | Quality Points for Grade | Quality Points for Course |
|-------------|----------------|-------|--------------------------|---------------------------|
| 1st subject | 4 | A | 4 × 4 = | 16 |
| 2nd subject | 3 | B | 3 × 3 = | 9 |
| 3rd subject | 3 | C | 2 × 3 = | 6 |
| 4th subject | 3 | D | 1 × 3 = | 3 |
| 5th subject | 2 | F | 0 × 2 = | 0 |
| | <u>15</u> | | | <u>34</u> |

34 divided by 15 equals a GPA of 2.27

All grades received during a student's enrollment (except the grades of WP, P, and NG, and except when a second attempt produces a higher course grade) are included in the cumulative GPA. Grades from other colleges are excluded.

If a student repeats a course, in an effort to improve an F, D, C, or B grade, he or she must file a Grade Replacement Form in the Office of the Registrar.

Once graduated, a student's grades and GPA cannot change.

Grade Changes

A grade awarded other than NG is final. Final grades can be changed only when there is a bona fide clerical error. **ANY INACCURATE FINAL GRADE MUST BE REPORTED IN WRITING TO THE PROFESSOR BEFORE THE END OF THE FOURTH CALENDAR WEEK OF THE FOLLOWING SEMESTER.**

NG (No Grade) is given when a student fails to complete course requirements by the end of a semester. If the student did not complete course requirements because of a valid reason, such as a serious illness or death in the family, the student may be granted permission by the professor to complete the requirement within the first nine weeks of the next semester.

A GRADE OF NG IS CHANGED TO AN F AUTOMATICALLY IF THE

REQUIREMENTS HAVE NOT BEEN COMPLETED BY THE END OF THE NINTH WEEK OF THE FOLLOWING SEMESTER. (The instructor must file a change of an NG grade in the Office of the Registrar by the middle of the tenth week of the semester.)

A graduating senior has only 30 calendar days after the end of the term in which he or she intends to graduate to complete all degree requirements, including the removal of NG.

Grade Appeals

Scope of the Policy

The Grade Appeals Policy applies only to questions of student evaluation. Since appeals involve questions of judgment, the Grade Appeals Board will not recommend that a grade be revised in the student's favor unless there is clear evidence that the original grade was based upon prejudiced or capricious judgment, or was inconsistent with official University policy. In the case where the grade was based on a charge of cheating, the Board, if it upholds the charge, will recommend a failing grade or expulsion from the University. Cheating includes but is not limited to:

1. Plagiarism, that is, copying another's work or portions thereof and/or using ideas and concepts of another and presenting them as one's own without giving proper credit to the source;
2. Submitting work that has been prepared by another person;
3. Using books or other materials without authorization while taking examinations;
4. Taking an examination for another person, or allowing another person to take an examination in one's place;
5. Copying from another's paper during an examination or allowing another person to copy from one's own and/or
6. Unauthorized access to an examination prior to administration.

Procedure

1. (a) A student must initiate an appeal in writing within 20 class days from the date of the decision or action in question. In case of an appeal of a final

grade, the appeal must be filed no later than the first 20 class days of the term following the one in which the grade was received. This written appeal should be sent to the instructor who awarded the grade in question. The appeal shall be received by the student and the faculty members. They shall mutually attempt to resolve the appeal within five class days from the receipt.

- (b) If the appeal is based on an interpretation of departmental or University policy, the student's academic adviser also may be present during the review process. In such case, there shall also be a limit of five class days in which to resolve the appeal.

2. An appeal not resolved at Step 1 shall be referred in writing by the student within five class days after the completion of Step 1 to the chairperson of the department of which the course in question is a part. If there is a departmental appeals committee, the problem shall be referred directly to it. The department chairperson or the departmental appeals committee shall normally submit a written response to the student within 10 class days following receipt of the written statement of the problem. A copy of this response shall also be provided to the instructor.
3. If no mutually satisfactory decision has been reached at Step 2, the student may submit a written appeal to the dean of the college or school in which the problem originated. Such an appeal shall be made within five class days following the receipt of the written response of the department chairperson or the departmental appeals committee. The dean shall investigate the problem as presented in the written documentation, review the recommendation and provide, in writing, a proposal for the solution of the problem within 10 class days following its referral.
4. If the problem is not mutually resolved by Step 3, the student may file an appeal with the Grade Appeals Board within five class days of the receipt of the written proposal from the dean. The request

for an appeal must be submitted to the associate provost or, if appropriate, to the dean of graduate studies who will convene the Grade Appeals Board as soon as possible, but no later than 15 class days after the receipt of the written request.

Grade Appeals Board

1. Membership

- A. The associate provost (or, if appropriate, the dean of graduate studies) serves as nonvoting chairperson. If the associate provost is not available to serve, the administration will appoint a substitute mutually acceptable to the student and the Association of Pennsylvania State College and University Faculties (APSCUF).
- B. A faculty dean not involved in the appeals process. A substitute may be appointed as given in "A" above.
- C. Two faculty members. At the beginning of each academic year, the Office of the Associate Provost shall randomly select two full-time faculty from each academic department in order to constitute the pool. Two faculty members from different departments will be selected randomly from this pool for each Appeals Board.
- D. Two undergraduate students or, if appropriate, two graduate students appointed by the president of the Student Government Association (SGA).

2. Attendance

- A. The faculty member involved may be assisted by an adviser, an APSCUF representative, or the chairperson of the department in which the problem originated.
- B. The student involved may be assisted by an adviser. The adviser may be another student, an administrator, or a faculty member.
- C. Such witnesses as are called on behalf of either the faculty member or the student.
- D. Resource persons or expert witnesses called at the request of the board. In the event that the decision making involves knowledge of the discipline, the board shall be required to uti-

lize at least one resource person from the discipline, an expert adviser(s) to aid them in their decision making.

3. Procedure

- A. Preparation for the Hearing – All parties must be informed of the complaint in writing by the chairperson of the Grade Appeals Board (hereafter referred to as "chairperson"), normally within five class days after the receipt of the complaint. Copies of documents and correspondence filed with respect to the complaint shall be provided to the interested parties through the chairperson. Thereafter, neither new evidence nor new charges shall be introduced before the board. The chairperson shall notify in writing the interested parties of the exact time and place of the hearing and shall provide existing University and/or Commonwealth policies relevant to the appeal at least five class days before the beginning of the proceedings. Throughout these proceedings, the burden of proof rests upon the person bringing the appeal.
- B. Hearing Procedure – During the hearing, both the faculty member and the student shall be accorded ample time for statements, testimony of witnesses, and presentation of documents.
- C. Decision of the Appeals Board
 1. The Grade Appeals Board shall deliberate in executive session and render a decision by majority vote within three days of the close of the hearing. The chairperson may participate in these deliberations but not vote.
 2. The chairperson shall notify, in writing, the student, the faculty member, and the department in which the course in question is located of the decision within three class days of the board's final action. The notification shall include the basis upon which the decision was reached.
4. Other
 - A. A written statement of the decision and relevant materials shall be placed in the student's academic file.

- B. A written statement of the decision and relevant materials shall be placed in the faculty member's file subject to the provisions of official Commonwealth policy governing personnel files.

Notes

1. Both faculty member and student are entitled to the right of challenge for cause of any member of the department committee (if used) and the Grade Appeals Board except the chairperson. In the case of challenge at the Appeals Board level, the chairperson shall adjudicate the challenge. One challenge at each level is permitted.
2. A "class day" is defined as any day when classes are officially in session at West Chester University.
3. If the course in which the grade dispute occurred is offered under the auspices of a unit of the University other than an academic department, the program director/coordinator, head of that unit, and/or the department chairperson will function in Step 2 of the procedure. In Step 3, the appeal should then be made to the associate provost rather than the dean of the college/school.
4. If the professor is not on contract or in residence on the campus, he or she shall have the right to defer the procedure until his or her return. Similarly, if the procedure would normally occur during the summer and the student is not enrolled in any summer session, the procedure may be deferred until the fall semester at the student's request.

Dean's List

The names of degree-seeking students who complete 12 or more hours and achieve a semester GPA of 3.67 or better are placed on the Dean's List, which is published at the close of each semester. Nondegree students who complete a minimum of nine credits, have a GPA of 3.67, and no grade below a "B" in the semester also will be recognized on the Dean's List. Students who do not want to have their names published should notify the Office of the Registrar at the start of the semester.

Maintenance of Academic Standards: Probation and Dismissal

A student's scholastic standing at the University is indicated by his or her cumulative Grade Point Average (GPA). Three categories of academic standing have been established: good academic standing, probation, and dismissal. A student remains in good academic standing as long as he or she maintains a minimum cumulative GPA of 2.00 for all work taken at the University. Probation and dismissal are actions taken by the University when a student's GPA falls below an acceptable level at the end of a semester or a summer term.

Conditions of Probation. Probation is defined as a trial period during which a student whose cumulative average has fallen below acceptable standards must bring his or her average up to those standards or be dismissed from the University. The following rules govern the category of probation:

- A. A student shall be placed on probation if he or she has attempted
 - * more than nine and up to 18 semester hours of work with a cumulative GPA of less than 2.00
 - * more than 18 but fewer than 48 semester hours of work with a cumulative GPA from 1.00 to less than 2.00
 - * at least 48 but fewer than 64 semester hours of work with a cumulative GPA from 1.40 to less than 2.00
 - * at least 64 or more semester hours of work with a cumulative GPA from 1.70 to less than 2.00
- B. Probation shall commence immediately at the end of the semester in which the cumulative GPA falls into the range described. A notice of probation shall be printed on the student's transcript, and the student shall be notified by the University that he or she is in danger of dismissal. A student who receives notice of being placed on probation shall *immediately* seek advising, tutoring, and instruction in effective study habits and efficient use of time — in short, take every possible measure to improve the quality of his or her academic performance.
- C. A student will be allowed to continue on probation for *no more than 30 semester hours of work* after

being placed on probation. If the GPA has not reached an acceptable level by that time, the student will be dismissed from the University. A student is removed from probation when the cumulative GPA rises to 2.00 or above.

- D. Those students who entered the University for the first time beginning with the 1989 fall semester and who have been placed on probation a second time will be allowed to continue on probation for no more than 15 semester hours of work after being placed on that second probation. If the GPA has not reached an acceptable level by that time, the student will be dismissed from the University. Thus, a student may be on probation no more than twice, and placement on probation for a third time will result in immediate dismissal.

NOTE: This does *not* prevent individual departments from requiring an average higher than 2.00 as a condition of acceptance or retention.

Dismissal from the University

- A. A student shall be *dismissed* from the University if he or she has attempted
 - * more than 18 but fewer than 48 semester hours of work with a cumulative GPA of less than 1.00.
 - * at least 48 but fewer than 64 semester hours of work with a cumulative GPA of less than 1.40, whether he or she has previously been placed on probation or not.
 - * at least 64 or more semester hours of work with a cumulative GPA of less than 1.70, whether he or she has previously been placed on probation or not.

NOTE: A student shall also be dismissed if he or she fails to meet the standards set under paragraph C above.

- B. A student may petition for an exception to a dismissal action. Petitions are available from the associate provost.
- C. Nothing in this policy shall be taken to preclude the dismissal of students for violations of other University policies, in accordance with the provisions of those policies.

Readmission of Dismissed Students

- A. A student dismissed from the University may not take course work at the University until he or she applies and is considered for readmission by the University. No student will be considered for readmission earlier than one full calendar year after the time of dismissal.
- B. Students readmitted to the University *must* maintain a full 2.00 GPA for *each semester* of work following readmission and, after the completion of no more than 48 semester hours (or prior to graduation, whichever comes first), must obtain an overall cumulative GPA of 2.00 for all work taken at the University. A student who fails to meet this standard shall be dismissed from the University a second time and is not eligible for future readmission.

Repeating Courses

Beginning with the 1991 fall semester, the Repeat Policy is divided into two sections, i.e., a policy covering remedial courses (000-level) that do not count towards graduation, and a policy covering college-level courses.

- A. **Policy covering remedial courses**
Students who enter the University beginning with the 1991 fall semester may have three attempts to pass each remedial course (000-level). The repeat privilege for remedial courses will not count within the five-repeat allotment for college level courses. Credits for these courses do not count towards graduation but are computed in the cumulative Grade Point Average. Students may file two grade replacement forms, which result in eliminating the grades from the first and second attempts. The third attempt, however, will be the grade of record. Students must pass the remedial basic skills courses (English and mathematics) with a C– or better before enrolling in a more advanced course in the respective discipline. Students enrolled in the basic skills remedial course(s) who do not pass with a C– or better after three attempts will be permanently dismissed from the University regardless of overall Grade Point Average. Students who fail remedial courses at West Chester University may not repeat

those courses at another university or transfer in the college-level (100 or higher) course.

B. Policy covering undergraduate college-level courses

Students may repeat undergraduate college-level courses to improve a grade of F, WF, D, C, or B (not A). Beginning with the 1985 fall semester,

1. No student may use the repeat option more than five times. Use of the option could, for example, mean repeating five DIFFERENT courses once each, or repeating each of two different courses twice (four repeats) and one additional course once.
2. A single course may not be repeated more than twice.
3. Use of the repeat option will be counted whether or not a grade replacement form is filed. (See procedures for filing form.)
4. A student may file a grade replacement form only once per course.

Students who repeat courses more often than the policy permits are in violation of the repeat policy and will not earn additional credits in such courses towards their degree; credits for courses beyond five repeats, or beyond two repeats for a single course, will be subtracted at the time of final clearance for graduation.

Students who fail college-level courses may not repeat those courses at another institution; college courses repeated at another institution will not count toward a West Chester degree.

Because all students must take and pass both ENG 120 and ENG 121 to graduate, a student who fails either of these courses after three attempts will be dismissed immediately following the third failure, regardless of GPA.

Repeat Course Procedure

The first time a student completes a course for a grade it is considered the first attempt. The second time a student completes a course for a grade it is considered the second attempt and the first repeat. The third time a student completes a course for a grade it is considered the third attempt and is the second repeat. The first time a course is repeated, only the second grade is computed into the GPA. For this to occur, students should file a

Grade Replacement Form in the Office of the Registrar at the end of the semester in which they complete the second attempt. However, forms must be filed prior to the time of final graduation clearance. If the college-level course is repeated a second time, both the second and third grades are computed into the GPA. Students who complete a course with a fourth attempt or more are in violation of the Repeat Policy.

Taking Courses Off Campus

West Chester University students who wish to enroll at another institution and have the credits count towards a West Chester degree must fill out and turn in a Permission to Take Courses Off Campus Form in the Office of the Registrar prior to enrolling at the other institution. Grades received in courses taken at other institutions are not calculated in the West Chester cumulative Grade Point Average; only the credits may be transferred. (See also "Transfer of Credit" for performance standards governing courses to be counted toward a West Chester degree.) Students who fail a course at West Chester may not repeat the course at another institution and have the credits count towards a West Chester degree.

If there is doubt as to which West Chester course is equivalent to the course to be taken elsewhere, the student should consult with the chairperson of the West Chester department offering the course or consult the transfer credit analyst in the Office of the Registrar.

Transfer of Credit

Credit may be granted for equivalent courses completed in accredited institutions of higher education. Credit for work completed at an unaccredited institution may be granted on the recommendation of the student's major department in consultation with the school or college dean and transfer credit analyst. (See also "Admission to West Chester.")

Effective for students who entered the University after September, 1973, D grades are accepted for transfer if the credit is for equivalent courses within the framework of general requirements or free electives, provided the transferred course does not satisfy a major field requirement as well.

D grades considered for transfer for a major program requirement are treated in the same manner as the major department treats D grades earned at West Chester; that is, the student's major department may require the course to be repeated.

If the student is required to repeat a course in which a D was obtained, the course originally considered for transfer will not be accepted for any type of credit.

Likewise, if a student changes his or her major, D grades originally approved for transfer will be re-evaluated by the new major department.

IN ORDER TO RECEIVE FULL CREDIT FOR COURSES TAKEN ELSEWHERE AND FOR PROFICIENCIES DEMONSTRATED ON ADVANCED PLACEMENT OR COLLEGE LEVEL EXAMINATION PROGRAM (CLEP) EXAMINATIONS, THE TRANSFER STUDENT SHOULD HAVE THIS WORK EVALUATED PRIOR TO ENROLLING IN ANY POTENTIALLY EQUIVALENT COURSE AT WEST CHESTER.

Policy on Correspondence Courses

The University does not allow credit for courses taken through correspondence.

Advanced Placement Program

Courses taken under the Advanced Placement Program offered by the College Entrance Examination Board may be applied toward advanced placement in the University and/or toward credit requirements for graduation. The University recognizes the grade of 3.00 or above as acceptable.

College Level Examination Program (CLEP)

West Chester University encourages the nontraditional student to use CLEP subject examinations, especially if he or she has not yet applied for admission to West Chester University. While a nontraditional student may utilize CLEP exams after gaining admission to WCU, the student is urged to examine carefully the merits of the credit-by-examination option for individual courses offered by the University. Traditional students (those who are admitted immediately after high school) should take advantage of advanced

placement or credit-by-examination options available at West Chester University.

West Chester University accepts Subject Examinations in which the score is greater than the 50th percentile.

Course credit is given only where the Subject Examination can be applied to specific courses offered, most commonly in the general requirements program or in free electives. Those interested should become familiar with the subject areas included in such programs of general study. Courses are accepted as degree credit only; while no grade is recorded, a specific number of credit hours is recorded.

West Chester does NOT accept the General Examination of CLEP.

Requirements for Graduation

A student is recommended for graduation upon the satisfactory completion of a minimum of 128 semester hours and upon fulfillment of all categories of the requirements for his or her degree. A minimum cumulative GPA of 2.00 (C) is required for graduation.

Specific programs, in accordance with University procedures, may set other higher standards. Degree requirements are detailed under the heading of the subject field. See also "Requirements for the Baccalaureate Degree." A student must file for graduation no later than the beginning of the semester in which he or she will complete the requirements.

Any senior who does not complete all degree requirements within 30 calendar days of the end of the term in which he or she intends to graduate must pay the diploma fee again before an updated diploma will be issued. Such a student, however, does have the right to request a letter from the University confirming his or her graduation after all requirements have been satisfactorily completed.

Resident Credit Requirement

To qualify for graduation, a student must take at least 30 semester hours of credit at West Chester. Normally the student will take the last 30 semester hours at West Chester.

Required Notice of Intention to Graduate

Students intending to graduate in May or August *must* come to the Office of

the Registrar and give notice of intention to graduate no later than February 1. August graduates may participate in the May Commencement exercises if they file their notices of intention to graduate by February 1. Students intending to graduate in December must give such notice no later than October 1. The baccalaureate degree will not be granted unless this requirement is met.

After submitting this notice, the student will receive a cap and gown order form and a bill for the graduation fee. He or she also will specify how his or her name should be shown on the diploma and commencement program. *Unless the deadline is met, it will be impossible for the University to order a diploma, place the name on the forthcoming Commencement program, or have the transcript reflect the appropriate date of graduation.* For this reason, all students are urged to review their records of progress towards graduation with their adviser and to file for graduation *two semesters* prior to the date of graduation.

Graduation Honors

Graduation honors are awarded as follows:

| | Cumulative GPA |
|------------------------|----------------|
| <i>cum laude</i> | 3.25 - 3.49 |
| <i>magna cum laude</i> | 3.50 - 3.74 |
| <i>summa cum laude</i> | 3.75 - 4.00 |

The Honors List for Commencement is based on the mid-semester, nonfinal GPA. A transfer student must have completed 64 hours at West Chester University prior to that time to be so recognized. Those who do not attain honors distinctions until the end of their final semester, or those transfer students with honor distinction who do not complete 64 hours until the end of the final semester, will have recognition of their achievement on their final transcripts, where all honors distinctions are recorded.

Transcripts

Requests for official transcripts are made by writing to the Office of the Registrar, Elsie O. Bull Center. The fee is \$3 for each transcript. Immediate transcripts are \$5 upon request. Checks, payable to West Chester University, must accompany either request.

Directory Information – Rights and Privacy Act of 1974

West Chester University from time to time makes public certain kinds of information about students, such as the names of those who receive scholarships, who hold offices, or who are members of athletic teams. Various kinds of campus directories are published throughout the year to help members of the University community locate and communicate with each other. The commencement programs publish the names of those who have received degrees during the year.

The Family Educational Rights and Privacy Act of 1974 defines the term "directory information" to include the following categories of information: the student's name, address, telephone number, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, date of attendance, degrees and awards received, and the most recent previous educational agency or institution attended by the student. The University will limit information that is made public to categories such as these but will not necessarily publish all such information in every listing.

Undergraduate students who *do not wish* to have any or all of such directory information published without their prior consent must file notice in the Office of the Registrar. Graduate students must file notice in the Office of Graduate Studies and Sponsored Research. The student must bring a signed, dated statement specifying items not to be published to the appropriate office within the first 15 calendar days after the beginning of the fall and spring semesters.

Student Name Changes

Any student wishing to change his/her name from that currently on record must provide legal documentation supporting the change. This must be the original or a notarized photocopy of a *court-generated document*, such as a marriage license, court order, divorce decree, etc. A driver's license is not adequate. Requests for name changes received through the mail will be acknowledged by letter.

Exemption from Academic Policies

Students may file a petition available from the school and college deans for exemption from academic policies.

The Family Educational Rights and Privacy Act

The Family Educational Rights and Privacy Act of 1974, as amended, is a federal law which states (a) that a written institutional policy must be established and (b) that a statement of adopted procedures covering the privacy rights of students be made available. The law provides that the institution will maintain the confidentiality of student education records.

West Chester University accords all rights under the law to students who are in attendance at the University, and in certain instances to the parents of dependent students, as defined in Section 152 of the Internal Revenue Code of 1954. Basically, a dependent student is a student whose parents(s) provides more than half of his/her support. Generally, the University does not provide information to parents because of this act. However, exceptions are made if:

- 1.) the student must give the parents written consent, if the student is independent; or
- 2.) the parents must provide a certified copy of their most recent Federal Income Tax Form reflecting dependency status of the son/daughter which must be on file in the Office of the Registrar

No one outside the institution shall have access to, nor will the institution disclose, any information from students' education records without the students' written consent except to personnel within the institution, to officials of other institutions in which students seek to enroll, to persons or organizations providing students financial aid, to accrediting agencies carrying out their accreditation function, to persons in compliance with a judicial order, a valid subpoena, and to persons in an emergency in order to protect the health or safety of students or other persons. All these exceptions are permitted under the act.

Within the West Chester University community, only those members, individually or collectively, acting on the student's educational interest are

allowed access to student education records. These members include, without limitation, personnel in the offices of the Registrar, Comptroller, Financial Aid, Admissions, and academic personnel within the limitations of their need to know.

At its discretion the institution may provide directory information in accordance with the provisions of the act to include: student name, address, telephone number, date and place of birth, major field of study, dates of attendance, degrees and awards received, the most recent previous educational agency or institution attended by the student, participation in officially recognized activities and sports, and weight and height of members of athletic teams. Students may withhold directory information by notifying the Office of the Registrar in writing within 15 calendar days after the beginning of each fall semester.

Requests for nondisclosure will be honored by the institution for only one academic year; therefore, authorization to withhold directory information must be filled annually in the Office of the Registrar.

The law provides students with the right to inspect and review information contained in their education records, to challenge the contents of their education records, to have a hearing if the outcome of the challenge is unsatisfactory, and to submit explanatory statements for inclusion in their files if the decisions of the hearing panels are unacceptable. The University Registrar at West Chester University has been designated by the institution to coordinate the inspection and review procedures for student education records, which include admissions, personal, and academic. Students wishing to review their education records must make written requests to the Office of the Registrar listing the item or items of interest. Only records covered by the act will be made available within 45 days of the request. Students may have copies made of their records with certain exceptions, or a copy of the academic record for which a financial hold exists. These copies will be made at the students' expense at prevailing rates which are listed in the current catalog. Education records do not include records of instructional, administrative, and educational personnel which are the sole possession of

the maker and are not accessible or revealed to any individual except a temporary substitute, records of the law enforcement unit, student health records, employment records, or alumni records. Health records, however, may be reviewed by physicians of the students' choosing.

Students may not inspect and review the following as outlined by the act: financial information submitted by their parents, confidential letters and recommendations associated with admissions, employment or job placement, or honors to which they have waived their rights of inspection and review; or education records containing information about more than one student, in which case the institution will permit access only to that part of the record which pertains to the inquiring student. The institution is not required to permit students to inspect and review confidential letters and recommendations placed in their files prior to January 1, 1975, provided those letters were collected under established policies of confidentiality and were used only for the purposes for which they were collected.

Students who believe that their education records contain information that is inaccurate or misleading, or is otherwise in violation of their privacy or other rights, may discuss their problems informally with the Office of the Registrar. If the decisions are in agreement with the students' requests, the appropriate records will be amended. If not, the students will be notified within a reasonable amount of time that the records will not be amended, and they will be informed by the Office of the Registrar of their right to a formal hearing. Student requests for a formal hearing must be made in writing to the associate provost who, within a reasonable period of time after receiving such request, will inform students of the date, place, and time of the hearing. Students may present evidence relevant to the issues raised and may be assisted or represented at the hearings by one or more persons of their choice, including attorneys, at the students' expense. The hearing panels which will adjudicate such challenges will be the individuals designated by the University.

Decisions of the hearing panels will be final, will be based solely on the evidence presented at the hearing, and

will consist of written statements summarizing the evidence and stating the reasons for the decisions, and will be delivered to all parties concerned. Their education records will be corrected or amended in accordance with the decisions of the hearing panels, if the decisions are in favor of the student. If the decisions are unsatisfactory to the student, the student may place with the education record statements commenting on the information in the records, or statements setting forth any reasons for disagreeing with the decisions of the hearing panels. The statements will be placed

in the education records, maintained as part of the students' records, and released whenever the records in question are disclosed.

Students who believe adjudications of their challenges were unfair or not in keeping with the provisions of the act may request, in writing, assistance from the president of the institution to aid them in filing complaints with The Family Educational Rights and Privacy Act Office (FERPA), Department of Education, Room 4074, Switzer Building, Washington D.C. 20202.

Revisions and clarifications will be published as experience with the law and the institution's policy warrants.

This policy has been adopted in accordance with the Family Educational Rights and Privacy Act, 20 U.S.C. 1232(g), and the regulations promulgated thereunder at 34 C.F.R. 99.1 *et seq.*, and that reference should be made to that statute and regulations for additional information.

Please contact the Office of the Registrar with any questions.

Programs of Study and Course Offerings

Guide to the Catalog

Departments are arranged alphabetically within the college or school housing them (see list on page 50). Interdisciplinary programs are listed with the College of Arts and Sciences.

Special programs that are administered by the Academic Services Division are presented last.

Students may obtain a typical sequence of courses for any program from the office specified in this catalog.

Please note that all courses, course descriptions, course sequences, and course substitutions are subject to change. Current information is available from the appropriate department chair, dean, or program coordinator.

Guide to Course Prefixes

Many program descriptions in this catalog refer to courses offered by other departments using a course abbreviation called a prefix. In addition, some course prefixes do not use the logical initials of the courses to which they refer (e.g., CLT is used to indicate instrumental music courses). To assist in locating the department or program which uses each prefix, the following guide to course prefixes is provided.

College of Arts and Sciences

Richard H. Wells, *Dean*

Department of Anthropology and Sociology

Leigh S. Shaffer, *Chairperson*

PROFESSORS: Becker, Greisman, Keith, Shaffer, Stoller

ASSOCIATE PROFESSORS: Luck, Murphy, Freeman-Witthoft

ASSISTANT PROFESSORS: Berger, Cowen, Morales

The Department of Anthropology and Sociology offers three programs leading to the Bachelor of Arts degree and, in cooperation with the faculty of teacher education, a program leading to the Bachelor of Science in Education.

1. The B.A. in ANTHROPOLOGY focuses on human biological evolution; on the origin, development and integration of human cultures; and on the interrelationship of biological and cultural factors in the etiology of human behavior.
2. The B.A. in SOCIOLOGY focuses on understanding the processes involved in the creation, maintenance, and evolution of social structure, and on the impact of diverse structural forms on individual behavior.
3. The B.A. in ANTHROPOLOGY-SOCIOLOGY focuses on the interdisciplinary study of social anthropology/comparative sociology, drawing on offerings in both sociology and anthropology to develop an analytic understanding of the dialectic of social structure and culture.
4. The B.S. in EDUCATION in SOCIAL STUDIES is for students interested in pursuing a concentration in anthropology or sociology while earning state certification to teach secondary school social studies.

Majors in the three B.A. programs should consult the appropriate department handbook and their adviser for current requirements. Students planning to major in one of these programs are advised to take ANT 102 and SOC 200 no later than their sophomore year. Application for admission is made on forms available from the department office.

Students planning to pursue the B.S. in Education in social studies should consult during the freshman year with both their adviser in this department and their professional studies adviser in secondary education.

REQUIREMENTS COMMON TO THE B.A. PROGRAMS

| 1. Required Core Courses ANT 101 or 310, 103, and 495 (ANT 102 under social science core) | 9 semester hours |
| 2. Specialization Requirements Four to seven courses in anthropology | 12-21 semester hours |
| 3. Cognate Requirements LIN 230; additional courses outside of anthropology approved by the student's adviser | 15 semester hours |
| 4. Free Electives | 15-24 semester hours |

BACHELOR OF ARTS – SOCIOLOGY

- | | |
|---|----------------------|
| 1. Required Core Courses SOC 300, 321, 322, and 492 | 12 semester hours |
| 2. Specialization Requirements Any six advanced courses in sociology | 18 semester hours |
| 3. Career Preparation Sequence Five nonsociology courses approved by the student's adviser | 15 semester hours |
| 4. Free Electives | 15-24 semester hours |

BACHELOR OF ARTS – ANTHROPOLOGY-SOCIOLOGY

- | | |
|---|-------------------|
| 1. Anthropology-Sociology Core Courses ANT 341 and SOC 322 | 6 semester hours |
| 2. Anthropology Two topical and two area courses in ethnology, selected in consultation with the student's adviser | 12 semester hours |
| 3. Sociology One methodology and three topical (institutional or theoretical) courses, selected in consultation with the student's adviser | 12 semester hours |
| 4. Seminar ANT 490 | 3 semester hours |
| 5. Cognates Four courses selected in consultation with the student's adviser | 12 semester hours |
| 6. Free Electives | 15 semester hours |

BACHELOR OF SCIENCE IN EDUCATION – SOCIAL STUDIES: CONCENTRATION IN ANTHROPOLOGY OR SOCIOLOGY

Students interested in teaching secondary school social studies may pursue a concentration in anthropology or sociology while earning state certification and the Bachelor of Science in Education. See the description under "Social Studies: B.S. in Education."

Minor Programs

Students may minor in any of the three following programs. A minimum of 18 semester hours is required. Elective courses are selected in consultation with the student's minor adviser. Students may take any of these minors as a concentration in the Associate of Arts in liberal studies program or as one of the minors in the Bachelor of Arts or Bachelor of Science in liberal studies general degree program.

Anthropology Minor

- | | |
|---|------------------|
| 1. Required Courses ANT 102, either ANT 101 or 103, and one 400-level course in anthropology | 9 semester hours |
| 2. Elective Courses Three other courses in anthropology | 9 semester hours |

Sociology Minor

- | | |
|---|------------------|
| 1. Required Courses SOC 200, 300, and 322 | 9 semester hours |
| 2. Elective Courses Three other courses in sociology | 9 semester hours |

Anthropology-Sociology Minor

- | | |
|--|-------------------|
| 1. Required Courses ANT 102 and 341, and SOC 200 and 341 | 12 semester hours |
| 2. Elective Courses Two other courses in either anthropology or sociology | 6 semester hours |

◆490 Independent Studies in Sociology (1-3) Individual research projects, reports, and/or readings. Seniors only. PREREQ: Permission of department chairperson.

◆491 Topical Seminar in Sociology (3) Special topics in theory or methodology. Topics announced in advance. Admission by permission of instructor. Juniors and seniors only.

492 Senior Seminar in Sociology (3) Preparation of senior research paper. Senior sociology majors only.

◆This course may be taken again for credit.

Department of Art

Linwood J. White, *Chairperson*

PROFESSORS: Sermas, Weidner

ASSOCIATE PROFESSORS: Lasuchin, Simmendinger, White

ASSISTANT PROFESSORS: Baker, Blake, Hollon, Schiff, Stieber, Usher

The undergraduate programs offered by the Department of Art give students the opportunity to achieve competence in studio art, theory, and the history of art, taking into consideration both personal and vocational needs. Each student's advising reflects an effort to relate the general requirements to art subjects.

In addition to the formal programs listed below, alternative courses of study may be planned in conjunction with other departments. Students are encouraged to make connections between art and other subjects where appropriate to achieve vocational and personal advancement after consultation with the student's adviser.

BACHELOR OF ARTS – ART

- | | |
|---|--------------------------|
| 1. General Requirements, see pages 35-38 | 51 semester hours |
| 2. Language Requirement (See special note below.) | 0-15 semester hours |
| 3. Art Department Program Requirements (select one track) | |
| A. Studio Art I sequence (prepares student for graduate study and/or personal/vocational competence) | |
| (1) Studio Foundation (ART 106, 111, 112, 206, 220, and 221) | 18 semester hours |
| (2) Art History, under advisement | 12 semester hours |
| (3) Other Studio (Elect from studio offerings.) | 36 semester hours |
| (4) Senior show required | |
| TOTAL | 66 semester hours |
| B. Studio Art II sequence (provides a basic concentration with the option of a second, preprofessional concentration) | |
| (1) Studio Foundation (ART 106, 111, and 220) | 9 semester hours |
| (2) Art History, under advisement | 12 semester hours |
| (3) Other Studio (Elect from studio offerings. See special note below.) | 15 semester hours |

- | | |
|--|--------------------------|
| (4) Preprofessional concentration – courses to be selected from another discipline (elementary education, special education, business, foreign area studies, or others under advisement) | 27 semester hours |
| (5) Senior show required | |
| TOTAL | 63 semester hours |

NOTE: The foreign language requirement for Studio I is two semesters with three foreign area study courses. For Studio II and Art History, the requirement is to meet the level of Intermediate II, 202.

Studio majors are advised to consider concentration emphasis in general categories of two-dimensional, three-dimensional, or intermedia, or, if the subject area permits, a more specialized concentration in single or limited media.

BACHELOR OF FINE ARTS – STUDIO ARTS

The Bachelor of Fine Arts is regarded as the initial professional degree in art by the National Association of Schools of Art. Its primary emphasis is on the development of skills, concepts, and sensitivities important to the professional artist. Concentration in a major professional area begins only upon satisfactory completion of the foundation requirements and the approval of the faculty adviser.

- | | |
|---|-------------------|
| 1. General Requirement, see pages 35-38 | 51 semester hours |
| 2. Art Department Program Requirements* | |
| A. Foundation Requirements | |
| (1) Studio Art (ART 106, 111, 112, 206, 216, 217, 220, 221, 222, and 211, 241, 231 or 347) | 30 semester hours |
| (2) Art History (ARH 103 and 104 and two courses under advisement) | 12 semester hours |
| B. Professional Specializations | |
| Professional specialization begins in the junior year when the student selects and has been accepted in one of the following areas: | |
| (1) Drawing and Painting (ART 226, 227, 245, 306, 307, 316, 317, and 320) | |
| (2) Graphic Design (ART 211, 212, 310, 311, 312, 490, 491, and 499) | |
| (3) Printmaking (ART 241, 242, 243, 244, 341, 342, 343, and 344) | |
| (4) Sculpture and Crafts (a selection of eight courses from ART 231, 232, 266, 321, | 24 semester hours |

*Student must maintain a grade of C in all major subjects.

| | |
|--|--------------------------|
| 322, 325, 331, 332, 335, 347, 348, and 409) | |
| (5) General Studio | 24 semester hours |
| C. Art Electives (to be selected under advisement) | 18 semester hours |
| TOTAL | 84 semester hours |
| Minor in Studio Art | |
| 1. Required Courses | |
| ART 106 (Beginning Drawing), ART 111 (Basic Design, 2-D), and ART 220 (Basic Design, 3-D) | 9 semester hours |
| 2. Minor Specialization | |
| The student, under advisement, may select a minor specialization so that the emphasis is on one of these groups: drawing and painting, graphic design, printmaking, sculpture, or crafts. | 9 semester hours |
| TOTAL | 18 semester hours |
| Minor in Art History | |
| This program provides alternative tracks to satisfy a variety of emphases to which art history may be applied. These include both vocational and liberal arts interests, which range from a highly structured sequence to a self-designed sequence. | |
| A. <i>Art History Survey</i> | 18 semester hours |
| Structured sequence of courses designed to provide an in-depth comprehensive core of Western art development. Recommended as an important cultural | |

component to the study of history, literature,
performing arts, anthropology, sociology, and
psychology. (The 18 semester hours include
ARH 382, 383, 384, 385, 386, and either 350 or 381.)

| | |
|--|-------------------|
| B. <i>Art History and Its Interfaces</i> | 18 semester hours |
| According to interest or possible vocational application, this program provides an opportunity to explore either the various historical periods/styles of art or the interfaces of art history with studio art, American studies, and other cognate areas. | |
| 1. Student must complete the required courses | 6 semester hours |
| ARH 103 and 104 | |
| 2. Student must also take two upper-level art history courses | 6 semester hours |
| 3. Student must take, under advisement — | 6 semester hours |
| a. Any two studio courses | |
| b. Any two American studies courses | |
| c. Any two other art history courses | |
| d. Any two cognate courses from other disciplines | |
| e. Any combination of the above | |
| Either of these minors may be taken as a concentration by students in the Associate of Arts in liberal studies program or as one of the minors in the Bachelor of Arts or Bachelor of Science in liberal studies general degree program. | |

COURSE DESCRIPTIONS

ART

Symbol: ART

105 **Art Workshop (3)** An art workshop for
nonart majors. Exploration of art materials and
techniques.

106 **Beginning Drawing (3)** Drawing from
direct observation and an introduction to ideas
of perception and interpretation. Use of a variety
of media.

111 **Basic Design (2-Dimensional Design) (3)**
Developing a visual vocabulary by experimenting
with shape, space, light, color, and texture in a
variety of media.

112 **Color and Design (2-Dimensional Design) (3)**
Extensive study of color theory and its appli-
cation to a variety of fine and industrial arts
projects.

113 **Computer Art I (3)** Introduction to com-
puter art is designed to provide students of
graphics and fine arts with the skills necessary to
utilize the computer as a graphics tool, enabling
students to incorporate computer art technology
into their work.

206 **Intermediate Drawing (3)** Work in a vari-
ety of media and methods designed to develop
"aggressive seeing." Emphasis on the exploration
of line as boundary to describe form and space,
as gesture, as calligraphy, and for expressive
qualities as a tool for working in other media.
PREREQ: ART 106.

210 **Typography I (3)** An introduction to the
use of type as a basic element of graphic com-
munication; the use of different type faces to
communicate visually desired effects, typeform,
type indication, type spacing, comp lettering, and
basic design with type for layouts and
comprehensives. Offered in fall.

211 **Graphic Design I: Lettering and Layout (3)**
Exploration of design principles through use
of lettering and typographic forms as source
material for solving problems in communication
of ideas. Practical approach to use of drafting
tools and graphic materials and basic paste-up

procedures. Color separation and over-printing
methods, preparation of mechanicals for produc-
tion purposes, and means of reproduction.

212 **Graphic Design II: Graphic Concepts (3)**
Continuation of ART 211 with emphasis on
expressive possibilities of lettering and typogra-
phy. Further study of production methods and
use of silk screen techniques as means of repro-
duction. PREREQ: ART 211, 242, or permission
of instructor.

213 **Computer Art II (3)** An advanced study of
the computer as a design tool. The computer will
be used to incorporate typography and graphic
design solutions utilizing page layout software.

216 **Beginning Painting (3)** An introduction to
the basic materials and techniques of the painter
with emphasis on color.

217 **Intermediate Painting (3)** The course
seeks to provide a workshop atmosphere in
which the student is given the opportunity to
explore the potential of the painting media. Use
of standard materials of paint, brushes, and can-
vas is required.

220 **Fundamentals of 3-Dimensional Design (3)**
An introduction to the theories, processes, and ele-
ments of perception and visual design in a three-
dimensional situation. Problems will be geared to
problem solving rather than object making.

221 **Advanced 3-Dimensional Design (3)** Solv-
ing problems of relating visual elements to
volumetric forms in space by experimenting with
various materials.

222 **Beginning Sculpture (3)** An introduction
to the basic fundamentals of sculpture, including
concepts of design, knowledge of tools and tech-
niques, and materials and processes. Project
assignments to be rendered in clay, plaster,
wood, and stone.

226 **Water Color I (3)** An introduction to the
basic tools and techniques of the water-color
painter. Emphasis upon transparent water color.

227 **Water Color II (3)** Advanced problems in
water color, gouache, tempera, and mixed media.

231 **Ceramics I: Basic Techniques (3)** Intro-
duction to the basic techniques of ceramics.
Hand and wheel methods of construction;
knowledge of clay bodies, firing, and glazing.

232 **Ceramics II: Intermediate Techniques (3)**
Fundamental methods of creating clay forms on
the wheel. Experimentation with clay bodies,
glazes, and kiln operation. Design is stressed.

241 **Printmaking: Introduction of Relief
Printmaking (3)** An introduction to the medium
of printmaking: linoleum cuts, woodcuts, and
colorgraphs.

242 **Printmaking: Introduction to Silk-Screen
Printmaking (3)** An exploration of the basic
techniques of silk-screen printing. Emphasis on
color and design.

243 **Printmaking: Intermediate Relief
Printmaking (3)** Continuation of ART 241,
emphasizing expressive possible techniques and
their combination with other print media.
PREREQ: ART 241, or permission of instructor.

244 **Printmaking: Intermediate Silk-Screen
Printmaking (3)** Continuation of ART 242,
emphasizing expressive possibilities of various
silk-screen techniques and their combination
with other print media. PREREQ: ART 242, or
permission of instructor.

245 **Architectural Drawing (3)** Studio experi-
ences in layout; preparation of plans and eleva-
tions, presentations (renderings), and architec-
tural lettering. Use of mechanical drawing tools
to help students express steps that occur from
design to realization of a structure.

251 **Art in the Elementary School (3)** Work-
shop and seminar providing experience with a
wide variety of media appropriate for use with
children. Investigation into the philosophy and
psychology of children's art.

263 **Art as Therapy (3)** Exploration of the
potential of art activities as therapy in work

■ Culture Cluster

with physically or emotionally handicapped individuals in either educational or therapeutic milieu.

266 **Introduction to Crafts (3)** An introduction to varied materials with an emphasis on craft and design as a form of expression. Applicable to teaching and recreation use. Media to include clay, fibers, glass, and metals.

306 **Drawing III: Life Drawing (3)** An exploration of the abstract dynamics of figure drawing with particular application of anatomical structure to expressive design. PREREQ: ART 106 and 206.

307 **Drawing IV (3-6)** Individualized instruction in increasingly complex formal and expressive problems in drawing.

310 **Graphic Design: Trademark and Logotype (3)** Experimentation with designing trademark and logotype symbols in single and multipattern images as applied to a variety of advertising media for private and public agencies. PREREQ: ART 211 and 242, or permission of instructor.

311 **Graphic Design: Independent Project (3)** Individualized instruction in design problems at an advanced level.

312 **Graphic Design IV: 3-Dimensional Graphics (3)** Problems in advanced design; the application of previous studies in design to specific projects. PREREQ: ART 211 and 242, or permission of instructor.

316 **Advanced Painting (3)** Emphasis on advanced problems in painting in a variety of techniques. Individual expression is encouraged.

317 **Painting: Studio Problems (3)** Concentration on individual work and professional competence. Group critiques and discussions.

318 **Painting from Landscape: Independent Project (3)** Individualized landscape painting course requiring the student to paint on location in the Delaware Valley.

319 **Painting From Masters: Independent Project (3)** Introduces the student artist to techniques and styles by painting from master works.

320 **Painting: Independent Projects (3)** The development of a personal style is explored through a theme and its variation. Discipline and self-criticism are realized through a series of critiques and evaluations.

321 **Intermediate Sculpture (3)** More advanced problems in sculpture with emphasis on individual exploration of form, structure, and process. Independent project to be rendered in choice of materials, including clay, plaster, wood, and stone.

322 **Advanced Sculpture (3)** Continued exploration and development of individual form and process awareness through involvement with modeling, casting, fabrication, and assemblages. In addition to clay, wood, stone, and plaster, metals and plastics will be utilized.

323 **Abstract Painting (3)** A studio exploration of the fundamental principles of abstract painting.

325 **Sculpture: Independent Projects (3)** Individualized instruction in advanced sculpture. Preparation for senior show.

331 **Ceramics III: Advanced Techniques (3)** An advanced course to develop craftsmanship and to explore clay as a means of individual expression.

332 **Ceramics: Studio Problems (3)** Work at an advanced level in specialized ceramic techniques.

335 **Ceramics: Independent Projects (3)** Individualized instruction as well as research and study in ceramic design.

341 **Printmaking: Introduction to Intaglio Printmaking (3)** Intaglio techniques, etching, dry point, aquatint, and engraving.

342 **Printmaking: Introduction to Lithography (3)** Fundamentals of stone and plate lithography.

343 **Printmaking: Intermediate Etching (3)** Continuation of 341 with emphasis on expressive qualities of the medium and its possible combination with other print media. PREREQ: ART 341, or permission of instructor.

344 **Printmaking: Intermediate Lithography (3)** Continuation of ART 342 with emphasis on expressive qualities of the medium and its possible combination with other print media.

345 **Printmaking: Independent Projects (3)** In-depth, individualized instruction in a selected printmaking medium.

347 **Crafts: Weaving I (3)** Basic techniques of weaving are explored with emphasis on fabric design and craftsmanship.

348 **Crafts: Weaving II (3)** Provides an opportunity for the weaver to further explore and develop skills as a designer. Emphasis is placed on the interrelationship between functional materials and design processes.

349 **Crafts: Weaving III (3)** Resolving advanced weaving problems in individual projects. Harnessing the student's creative nature for practical application.

359 **Resources in Art Education (3)** The use of cultural and community resources in the schools with an emphasis on the teaching of art appreciation.

◆ 409 **Weaving: Independent Projects (3)** Individualized instruction and project assignments.

410 **Independent Study (3)** The opportunity for a student to work on an individual studio problem. Only to be taken under advisement and according to departmental policies.

450 **Art-Graphic Design Internship (3)** Integration of classroom study and lab work with specific planned periods of learning through job experience. The course is based on an individualized, student-oriented, learning contract.

◆ 455 **Introduction to Multimedia (3)** A workshop for students with background in the studio arts. To be taken under advisement.

490 **Graphic Design V (3)** To resolve visual communication problems of a diverse nature by graphic means, using elements of typography symbols, and pictorial images, including photography. PREREQ: ART 211, 212, 310, and 312, or by special permission of instructor.

491 **Graphic Design VI (3)** Continuation of studies outlined in Graphic Design V, and completion of projects begun in that course. Printed art samples, using photo-silk-screen method of reproduction. PREREQ: ART 211, 212, 310, 312, and 490, or by special permission of instructor.

499 **Graphic Design: Independent Project (3)** Advanced independent study. The student compiles a portfolio in graphic designs and prints for professional employment or graduate study.

ART HISTORY

Symbol: ARH

101 **Learning to Look: Fine Arts, Art (3)** An introduction to painting, sculpture, architecture, and the decorative arts with emphasis on understanding the visual arts as universal human expression.

102 **Survey of Art History (3)** A general introduction to the history of western art from the earliest cave paintings to the 20th century.

103 **Art History I: Prehistory Through the Medieval (3)** Survey of significant art and architectural monuments from prehistory through the Middle Ages.

104 **Art History II: Renaissance Through Modern (3)** Continuation of ART 103. The Renaissance through the 20th century.

350 **"Primitive" Art (also ANT 350) (3)** Analysis of primitive art as determined through ritual and myth. Focus includes ethnographic parallels to prehistory and the concept of primitivism in the West.

360 **Function of the Museum in Art (3)** Role and function of the museum as an educational and cultural institution. Main focus on field trips to local museums in Chester and Delaware Counties and the Wilmington, Del., area.

361 **Museum Practice (3)** Field experience in a particular museum facility in the West Chester, Wilmington, or Philadelphia area. PREREQ: ARH 360.

381 **Near Eastern Art: Ancient Antiquity (3)** The art and architecture of Ancient Egypt, Mesopotamia, Assyria, and Babylonia from 3000-500 B.C.

■ 382 **Art of Classical Antiquity (3)** The art and architecture of the Greeks, Etruscans, and Romans.

■ 383 **Art of Middle Ages (3)** The art and architecture of the European medieval world and their development from Early Christian and Romanesque art into the full flowering of the Gothic period.

■ 384 **Art of Renaissance-Baroque (3)** Study of the art forms of the 15th through 17th centuries in Europe as they affected social and religious cross currents and the rise of the role of the artist in society.

■ 385 **The Romantic Rebellion (3)** From David to Rodin: the rise and development of the Romantic style and its struggle with orthodox Classicism.

386 **Modern Art Seminar (3)** Analysis of major styles of 20th-century art to mid-century, including Picasso.

387 **Modern Masters (3)** An independent research project on a major 20th-century visual artist.

388 **Late Modern Art (3)** The study of art beyond 1945, including the mainstreams of art to the present time.

◆ 400 **Art Seminar (3)** Special topics to be announced for studio and art history. Offered periodically as appropriate. PREREQ: Permission of instructor.

■ 405 **Russian Art (3)** A history of the art and architecture of Russia from Medieval beginnings through social realism to socialist realism.

408 **French Painting: Pucelle to Picasso (3)** Survey of French painting and related arts from the 14th century through World War I. Emphasis on France as a cultural center and on the relationship of French history, politics, and social change to developments in French painting.

413 **American Art (3)** A survey of American paintings and sculpture from Colonial times to the present.

414 **Research and Methodology in Art (3)** Introduction to basic research methods and the use of reference material relevant to the study of art history.

415 **Art History: Independent Study (3)** Opportunity for the student to pursue a particular field of interest.

416 **American Architecture: Colonial and Early Republic (3)** An introduction to the heritage of our early American architecture. These

Department of Biology (See also Pre-Medical Program)

Martha Potvin, *Chairperson*

Georgann Cullen, *Assistant Chairperson*

PROFESSORS: Eleuterio, Fish, Romig, Waber, Woodruff

ASSOCIATE PROFESSORS: Beneski, Bernhardt, Cullen, Fairchild, Mbuy, Potvin, Triano

ASSISTANT PROFESSORS: Began, Broitman, Greenamy, Knabb, Slusher, Tiebout, Vreeland

ADJUNCT PROFESSORS: Bentley, Ford, Gotkin, McClean, White, Woods

The major in biology centers on a core of courses that emphasize broad unifying principles. Available electives provide enriching experiences in many areas of biology.

The Department of Biology offers six undergraduate degree programs:

1. The B.A. in BIOLOGY provides the liberal education and the special preparation required for careers in university teaching, government service, independent and industrial research, science-related sales and public relations, and other areas of business. This program also prepares students for admission to graduate and professional schools. The possibility of 31 semester hours of free electives enables the student to obtain a minor in another area of interest.
2. The B.S. in BIOLOGY can be individually tailored to provide the skills that students need to achieve their career goals. This program also provides the basic preparation needed for entry into graduate or professional schools.

In addition, this degree offers a unique opportunity for biology majors to enter the field of medical technology. A medical technologist is educated to perform, verify, and interpret a wide variety of laboratory analyses in hematology, immunology, and microbiology. They often supervise medical technicians, and because they have a B.S., they can often advance to positions in management, research, and education.

Under special advisement, students complete all of the necessary general education and departmental requirements of the B.S. in biology program in three years. The fourth year is spent in a medical technologist internship program at one of several affiliated hospitals. To qualify for the internship, a student must have an overall GPA of 2.75, a science GPA of 2.50, and approval of the Department of Biology and the affiliated hospital. Students completing the internship graduate with a B.S. and the preparation to take the national Medical Technologist Certification Exam. Affiliated hospitals include Chester County Hospital and Medical College Hospital. It may also be possible to complete

the internship at a nonaffiliated hospital. Students are encouraged to consult the medical technology adviser at regular intervals.

3. The B.S. in CELL and MOLECULAR BIOLOGY offers the student a strong background in both biology and chemistry. Emphasis on lab-oriented courses prepares the student to pursue a career in laboratory research in cell and molecular biology at industrial, medical, academic, and government facilities. This program also prepares the student for admission to graduate and professional schools.
4. The B.S. in BIOLOGY-MICROBIOLOGY prepares students for careers in research laboratories, industrial and academic research, and government service in the areas of bacteriology, immunology, virology, mycology, microbial ecology, and parasitology. The program provides extensive laboratory experience with the techniques that are most useful and important to modern microbiological science. This program also provides the basic preparation needed for entry into graduate or professional schools.
5. The B.S. in BIOLOGY-ECOLOGY provides an opportunity for interested students to obtain a strong background in field biology. The required core curriculum and concentration electives provide opportunities for later careers as biologists in state and federal environmental agencies, industry, environmental consulting firms, and similar organizations. Internships are strongly recommended as part of the program. Course work emphasizes skills obtained in biology, chemistry, and mathematics. Additional course work from other departments may be recommended to fulfill particular career objectives.
6. The B.S. in EDUCATION-BIOLOGY is a program designed to prepare the student for a career in teaching in secondary schools. Professional certification in biology is awarded to the student who completes the program satisfactorily. Students are strongly advised to seek certification in a related area to enhance their employment potential. Such related areas include general science, health, education, athletic training, and environmental education.

REQUIREMENTS COMMON TO THE BACCALAUREATE PROGRAMS

| | |
|---|-------------------|
| 1. General Requirements, see pages 35-38 | 51 semester hours |
| 2. Biology Requirements* BIO 110, 220, 230, and 490 | 10 semester hours |
| 3. Other Science Requirements CHE 103-104, 231-232, CRL 103-104, 232, and PHY 130-140 | 27 semester hours |
| 4. Mathematics Requirements MAT 121, one semester of calculus, and one semester of computer science | 10 semester hours |

B.A. IN BIOLOGY

| | |
|---|-------------------|
| 1. Required Biology Courses* BIO 110, 215, 217, 220, 230, 270, and 490 | 19 semester hours |
| 2. Biology Electives | 12 semester hours |

Selected under advisement
3. Foreign Language Requirement up to 12 semester hours

B.S. IN BIOLOGY

1. Required Biology Courses* 19 semester hours
BIO 110, 215, 217, 220, 230, 270, 490
2. Biology Electives 24 semester hours
Selected under advisement

B.S. IN BIOLOGY–CELL AND MOLECULAR

1. Required Chemistry Courses 8-9 semester hours
CHE 345, 471, 491**, and CRL 471
2. Required Biology Courses* 24-25 semester hours
BIO 110, 214, 215 or 217, 220, 230, 421,
466 or 468, and 490**
3. Biology or Chemistry Electives 13-15 semester hours
Selected from courses at or above the
300 level

B.S. IN BIOLOGY–MICROBIOLOGY

1. Required Biology Courses* 34 semester hours
BIO 110, 214, 215 or 217, 220, 230, 314,
421, 454 or 452, 456, 464, 465, and 490
2. Biology Electives 10-13 semester hours
Selected under advisement

B.S. IN BIOLOGY–ECOLOGY

1. Required Biology Courses* 25 semester hours
BIO 110, 215, 217, 220, 230, 270, 411,
470, and 490
2. Biology Electives 12 semester hours
Selected under advisement from BIO 275,
277, 372, 377, 471, 475, 476, and 485
3. Ecologically relevant courses selected under
advisement 6 semester hours

B.S. IN EDUCATION–BIOLOGY

1. Required Biology Courses* 20 semester hours
BIO 110, 150, 215, 217, 220, 230, 270,
and 490
2. Biology Electives 11 semester hours
Selected under advisement
3. Required Education Courses 30 semester hours

MEDICAL TECHNOLOGY OPTION

1. Required Biology Courses* 27 semester hours
BIO 110, 214, 215, 217, 220, 230, 270, 465,
and 490
2. BIO 407 and 408 (internship) 32 semester hours
Selected under advisement

Minor in Biology

The Department of Biology offers a minor in biology. The biology minor requirements are:

1. BIO 110, General Biology (must be passed with a C– or better), or BIO 100, Basic Biological Science (must be passed with a grade of A).
2. BIO 215, General Botany or BIO 217, General Zoology (must be passed with a C– or better).
3. After fulfillment of requirements 1 and 2, additional biology elective courses, for which the student has the appropriate pre-requisites, will be selected under advisement with the minor adviser. These courses will be at the 200 level or higher, and 8–9 credits must be over and above courses required for the student's major.
4. A minimum of 17 credits and a maximum of 21 credits must be taken for a minor in biology.
5. To graduate with a biology minor, students must maintain a GPA of 2.00 in the minor courses, and they must meet with the minor adviser at least once per semester.

NOTE (transfer students only): In order to receive a degree in biology from West Chester University, a transfer student must successfully complete a minimum of 12 semester hours of biology courses in the West Chester University Department of Biology.

Advanced Placement Policy

A score of three on the Biology Advanced Placement Exam of the Scholastic Aptitude Test (SAT) will allow a student to begin his or her studies without having to take BIO 110, General Biology. Students who are granted advanced placement in biology take an additional three hours of electives in biology.

*Biology core courses must be passed with a grade of C– (70) or better.
**CHE 491 may be substituted for BIO 490.

COURSE DESCRIPTIONS

BIOLOGY

Symbol: BIO unless otherwise shown

(3,2) represents three hours of lecture and two hours of lab.

*100 Basic Biological Science (3) Basic principles of biology. Cell theory, metabolism, genetics, development, diversity of life forms, and ecology. Not open to biology majors. (2,2)

#102 Humans and the Environment (3) The effects of human population on earth's resources are studied against a background of physical, biological, and health sciences.

*110 General Biology (3) The concepts general to all living organisms such as cell structure and function, genetics, evolution, and ecology. This course is designed for majors in biology and related scientific areas. (2,3)

150 Contemporary Issues in Biology Teaching (1) Secondary science curriculum, professional

organizations, and academic preparation of science and teachers. (1,1) May not be taken as a biology major elective.

172 Field Ecology and Natural History (3) Class and field work in natural history and ecology. Identification of local organisms and pertinent ecological concepts. Not counted toward a biology major. (2,3) PREREQ: Permission of department.

204 Introductory Microbiology (4) The biology of medically important microorganisms, their structure, taxonomy, physiology, control, and host-parasite interactions. (3,2) PREREQ: BIO 100 and one semester of chemistry. May not be taken as a biology major elective.

214 General Microbiology (4) The biology of microorganisms, their structure, physiology, and control; the nature and dynamics of disease and disease control; principles of food, industrial, and environmental microbiology. The laboratory will deal with microbiological techniques, isolation and identification of microbes, and water and food analysis. This course is for biology majors. (3,3) PREREQ: BIO 110 and one semester of chemistry.

215 General Botany (3) A survey of plant and plant-like organisms from bacteria to and including the angiosperms with emphasis on anatomy, physiology, reproduction, and economic importance. (2,3) PREREQ: BIO 110.

217 General Zoology (3) Principles of animal biology. Form and function of vertebrate and invertebrate animal types (2,3) PREREQ: BIO 110.

220 Cell Physiology (3) An introduction to cellular and molecular biology with emphasis on cell morphology, biochemistry, and cell physiology. (2,3) PREREQ: BIO 110 and CHEM 230 or 231 (may be taken concurrently).

230 Genetics (3) Nature of genetic material and its qualitative and quantitative variation: recombination; interaction of gene products; regulation of genetic material; and its role in evolution. (2,3) PREREQ: BIO 110 and MAT 121.

259 Human Anatomy and Physiology I (4) An introduction to human structure and function. Skeletal, muscular, and nervous systems are

emphasized. Laboratory involves study of the human skeleton and dissection of preserved cats. (3,2) May not be taken as a biology major elective.

269 **Human Anatomy and Physiology II (4)** Continuation of BIO 259. Circulatory, respiratory, digestive, and urogenital systems emphasized. (3,2) May not be taken as a biology major elective. PREREQ: BIO 259.

270 **General Ecology (3)** Relationships between living organisms and their environment. (2,3) PREREQ: BIO 110. Recommended are BIO 215, 217, MAT 121, and one semester of computer science.

275 **Field Botany (3)** Methods of studying plants in their natural surroundings. Use of keys, botanical manuals, and illustrated floras to identify living specimens. (2,3) PREREQ: BIO 100 or 215.

277 **Vertebrate Ecology (3)** Animal life in the surrounding localities. Identification, behavior, habitats, feeding, and reproduction. (2,3) PREREQ: BIO 100 or 217. Offered in fall of odd-numbered years.

307 **Pathophysiology (3)** An integrated study of the processes involved in the total body systemic complex as it changes from the ordered homeostatic condition to the imbalanced diseased state. The use of disease models, with clinical considerations, strengthens the concepts. (3) PREREQ: BIO 259 and 269. Offered in fall. May not be taken as a biology major elective.

314 **Diagnostic Bacteriology (3)** Systematic study of pathogenic bacteria with extensive laboratory experience in handling and identifying these organisms. (3,3) PREREQ: BIO 214.

357 **Comparative Vertebrate Anatomy (4)** Comparative study of the principal organ systems of vertebrates as to their structure, function, and evolutionary relationships. (2,4) PREREQ: BIO 217. Offered in fall.

367 **Physiology of Drug Interaction (3)** An introduction to the mechanism of action of prototype drugs. The physiological alterations produced by various drugs as well as interactions between drug classes will be emphasized. (3) PREREQ: BIO 269 or equivalent.

372 **Aquatic Biology (3)** A laboratory and field-oriented course in the ecology and biota of streams and wetlands. (2,3) PREREQ: BIO 215, 217, 270. Offered in fall of odd-numbered years.

377 **Entomology (3)** The structure, function, classification, economic importance, and biological significance of insects. (2,3) PREREQ: BIO 110 or 217. Offered every other year.

407 and 408 **Internship in Medical Technology (16 for each semester, total of 32)** A two-semester, work-study appointment with an affiliated hospital. The satisfactory completion of this internship is accepted as the senior year's work by West Chester University. This internship will prepare the student to take the National Exam for Medical Technologists. PREREQ: Students who have completed all required courses and 96 credit hours in the B.S. biology general concentration may apply for this internship in the spring semester of their junior year. Students must have an overall GPA of 2.75 and a GPA of 2.50 in the sciences (biology, chemistry, and physics) and approval from the Department of Biology and the affiliated hospital.

◆409 **Internship in Biological Sciences (3-16)** A one-semester, work-study appointment with a commercial, industrial, or governmental agency. Students will be supervised jointly by the professional scientist of the agency and a Department of Biology faculty member. A maximum of eight

combined credits from BIO 409 and BIO 491 may be applied to biology electives. PREREQ: Senior standing, GPA of 2.50, and approval of biology curriculum committee.

411 **Biometrics (3)** The experimental design and computer-assisted statistical analysis of biological research problems. (2,3) PREREQ: BIO 110 and MAT 121.

421 **Cellular and Molecular Biology (4)** A lecture and laboratory course that studies the molecular basis of cellular life. Eukaryotic cell structure and function will be emphasized. (3,3) PREREQ: BIO 110, 215 or 217, 220, 468; CHE 103, 104, 231, 232; CRL 103, 104, 231, 232; MAT 121; and one semester of calculus.

428 **Animal Histology (3)** A study of the microscopic structure and function of vertebrate tissues and organs. (2,2) PREREQ: BIO 110 and 217, or permission of the instructor. Offered in fall.

429 **Microtechnique (2)** An introduction to histological and histochemical laboratory techniques. (4) PREREQ: BIO 428 or permission of instructor.

431 **Molecular Genetics (3)** A second course in genetics, covering the molecular biology of genetic events. Emphasis will be on the molecular details of basic genetic processes, such as DNA replication and transcription, RNA translation and protein synthesis, the genetic code, molecular mechanisms of gene regulation, and an introduction to "biotechnology." (3) PREREQ: BIO 230 and CHE 232.

◆435-438 **Course Topics in Biology (1-3)** Courses in this series are of timely interest to the student. Topics may include biological terminology, laboratory techniques, mycology, etc. Open only to junior and senior science majors.

448 **Animal Development (4)** Introduction to principles of animal development with laboratory study of vertebrate embryos. (3-3) PREREQ: BIO 110, 217, 220, and 230. Offered in spring.

452 **Parasitology (3)** Biology of the principal parasites of man and domestic animals. Emphasis is on life cycles of common parasites, identification of diagnostic forms, and understanding the diseases associated with parasites of major economic and medical importance. (3) PREREQ: BIO 204 or 214, and 217. Offered in spring of even-numbered years.

454 **Mycology (3)** An introductory course including a general study of the biology of fungi and a survey of the field of medical mycology. (3) PREREQ: BIO 110 plus another three-credit-hour biology course.

456 **Virology (3)** Molecular biology of bacterial, plant, and animal viruses; virus classification, ultrastructure, mechanisms of replication, and effects of virus infection on host cell. PREREQ: One year of organic chemistry and BIO 230.

457 **Functional Animal Morphology (3)** A study of the structure, form, and function of morphological adaptations in animals as examined through a mechanical, ecological, and evolutionary perspective. (3) PREREQ: BIO 217.

464 **Microbial Physiology (3)** Physiology and biochemical variations seen in prokaryotes and lower eukaryotes. (2,4) PREREQ: BIO 214 and 230, and CHE 232.

465 **Immunology (4)** Immunoglobulin structure and function, nature of antigens, cell-mediated immunity, hypersensitivity, regulation of immunity, and immunological diseases. Laboratory experience in immunological techniques. (3,3) PREREQ: CHE 232.

466 **Plant Physiology (3)** Physiological processes of plants. Photosynthesis, respiration, intermediary metabolism, entrance of solutes into the plant, water metabolism, and growth regulators. (2,3) PREREQ: BIO 215 and CHE 231.

467 **Endocrinology (3)** An integrative look at the physiology of the mammalian endocrine system in the regulation and maintenance of homeostasis. The pathology associated with hormonal imbalance will be included. (3) PREREQ: BIO 220 and BIO 468. Offered in spring of odd-numbered years.

468 **General Animal Physiology (4)** General theoretical and applied principles of the physiology of various animal cells, tissues, and organs with an emphasis on homeostasis and mammalian physiology. (3,3) PREREQ: BIO 110, CHE 232, and MAT 161.

470 **Population Biology (3)** A quantitative, second course in ecology, emphasizing distributional patterns and fluctuations in abundance of natural populations. (2,3) PREREQ: BIO 270, MAT 121, and one semester of calculus.

471 **Wetlands (3)** A course designed to provide practical experience in wetlands' classification, delineation, regulation, management, and mitigation practices. The abiotic and biotic characteristics of inland and coastal wetlands are emphasized. (2,3) PREREQ: Eight hours of biology or permission of instructor.

475 **Plant Communities (3)** A survey of ecological, morphological, and physiological strategies of plants from seed through adult stages. The integration of these strategies to explain the major plant communities of North America will be covered. (2,3) PREREQ: BIO 215.

476 **Limnology (3)** The measurement and analysis of the physical, chemical, and biological properties of lakes. (2,3) PREREQ: BIO 110 and CHE 103-104.

480 **Light Microscopy and the Living Cell (3)** A one-semester lecture and lab course covering the theory and practical techniques of all types of light microscopy and their uses in investigating living cells. Also includes techniques such as microinjection, cell electrophysiology, and others. Strong emphasis on "hands-on" work with equipment. (2,2).

484 **Epidemiology (3)** A general study of the epidemiology of both infectious and noninfectious diseases, including industrial and environmentally related health problems. (3) PREREQ: BIO 214.

485 **Systematic Botany (3)** Principles of evolution as illustrated by the principles of plant taxonomy. Modern concepts of biosystematics. Practical experience in plant identification. (2,3) PREREQ: BIO 215.

490 **Biology Seminar (1)** Reports on special topics and current developments in the biological sciences. PREREQ: BIO 110, 215 or 217, 220, 230, and six hours of 300-400 level biology courses.

◆491 **Special Problems in Biology (1-3)** Tutorial course primarily for advanced undergraduate biology majors capable of independent study and research on a problem approved by the supervising instructor. A maximum of eight combined credits from BIO 409 and BIO 491 may be applied to biology electives. PREREQ: Permission of instructor.

#SCB 210 **The Origin of Life and the Universe (3)** An interdisciplinary course that pre-

sents the theory and evidence for the first three minutes of the universe and formation of the stars, galaxies, planets, organic molecules, and the genetic basis of organic evolution. (3) May

not be taken as a biology major elective.
 PREREQ: High school or college courses in at least two sciences.
 SCB 350 Science Education in the Secondary School (3) A methods course emphasizing

knowledge of curricular development and skill in planning, involving the design and execution of learning activities for all instructional modes. (2.2)

Department of Chemistry (See also Pre-Medical Program)

Jamal Ghoroghchian, *Chairperson*

PROFESSORS: Durand, Fenton, Goudy, Magnuson, Mangravite, Moran, Rudnick, Torop, Witonsky

ASSOCIATE PROFESSORS: Ahmad, Cichowicz, Ghoroghchian, Reid, Ressler

ASSISTANT PROFESSORS: Barth, Frost, Falcone

The Department of Chemistry offers five undergraduate degree programs:

- (1) The B.S. in CHEMISTRY program (certified by the American Chemical Society) enables students to receive basic preparation required for the careers in chemistry of their choice. Such choices include positions as college and university teachers, professional chemists, researchers, and in various services in industry and government. In all cases, the program prepares students for graduate study in the field of chemistry.
- (2) The B.S. in CHEMISTRY-BIOLOGY (Pre-Medical) provides the core courses required for admission to schools of medicine, dentistry, and veterinary medicine. It also enables the student to pursue a career in biochemistry and molecular biology.
- (3) The B.S. in CLINICAL CHEMISTRY is a program that trains students for careers in hospitals or private, clinical chemistry laboratories. A one-semester internship in a hospital clinical chemistry laboratory is a mandatory part of this program. Students completing the program are eligible for certification as clinical chemistry technologists by the National Registry in Clinical Chemistry.
- (4) The B.S. in FORENSIC CHEMISTRY is a program that trains students interested in working in criminalistics and toxicology laboratories. The program prepares students for graduate study and specialization in these fields. A one-semester internship in a police or toxicology forensic-chemistry laboratory is a mandatory part of this program.
- (5) The B.S. in EDUCATION in CHEMISTRY program prepares the student for a career in teaching chemistry in secondary schools. The program gives the student experience in the major branches of chemistry so that, with proper selection of electives, graduate work in either pure chemistry or chemistry education can be pursued. Sufficient flexibility is provided so that the student may also become certified in general science.

The Department of Chemistry is accredited by the American Chemistry Society, which provides its professional certification to graduates of the B.S. in chemistry program.

Majors in the five B.S. programs should consult the Department of Chemistry handbook and their adviser for current requirements. A grade of C- or better is necessary in all required science and math courses.

Internship Program

Although internships are not a mandatory part of all chemistry programs, they are available to majors on a selective basis. Students receive varying amounts of credit based on the number of hours spent in a work situation and on the nature of the academic work

necessary during the internship. Credit varies from three to 15 semester hours; each eight-hour workday per week is equivalent to three semester hours.

REQUIREMENTS COMMON TO ALL DEGREE PROGRAMS

- | | |
|--|-------------------|
| 1. General Requirements, see pages 35-38 | 51 semester hours |
| 2. Chemistry Requirements CHE 103-104 and CRL 103-104 | 10 semester hours |
| 3. Other Science Requirements PHY 170-180 | 8 semester hours |
| 4. Mathematics Requirements CSC 141 and MAT 161-162 | 11 semester hours |

BACHELOR OF SCIENCE – CHEMISTRY

- | | |
|--|-------------------|
| 1. Required Chemistry Courses CHE 231, 232, 233, 321, 341, 342, 411, 418, 424, 471 and 491; and CRL 232, 233, 321, 341, 342 and 424 | 43 semester hours |
| 2. Chemistry Electives Selected from upper-division chemistry courses | 9 semester hours |
| 3. Other Required Courses Foreign languages, mathematics, or computer science electives | 9 semester hours |

BACHELOR OF SCIENCE – CHEMISTRY-BIOLOGY

- | | |
|---|-------------------|
| 1. Required Chemistry Courses CHE 231, 232, 321, 345, 471; CRL 232; and one from among CRL 321, 345, and 471 | 22 semester hours |
| 2. Required Biology Courses BIO 110, 217, 230, 357, 448, and 468 | 24 semester hours |
| 3. Other Required Courses MAT 121 and concentration elective | 6 semester hours |

BACHELOR OF SCIENCE – FORENSIC CHEMISTRY

- | | |
|---|-------------------|
| 1. Required Chemistry Courses CHE 231, 232, 321, 345, 371, 418, 450, 471, and 479; and CRL 232, 321, 345, 371, and 471 | 45 semester hours |
| 2. Other Required Courses BIO 110 and 468; CRJ 200; and MAT 121 | 14 semester hours |

BACHELOR OF SCIENCE IN EDUCATION – CHEMISTRY

- | | |
|---|-------------------|
| 1. Required Chemistry Courses CHE 231, 232, 321, 341 or 345, 409, 411, 418, and 491; CRL 232, 321, and 345 | 24 semester hours |
| 2. Required Education Courses EDF 100; EDM 300; EDP 250, 351; EDS 306, 412; and SCE 350 | 30 semester hours |
| 3. Chemistry Electives Selected from upper-division chemistry courses | 5 semester hours |

BACHELOR OF SCIENCE IN CLINICAL CHEMISTRY

- | | |
|--|-------------------|
| 1. Required Chemistry Courses CHE 231, 232, 321, 341 or 345, 381, 418, 424, 450, 471, and 491; CRL 321, 341 or 345, 381, 424, and 471 | 46 semester hours |
| 2. Other Required Courses BIO 110, 468; MAT 121 | 11 semester hours |

COURSE DESCRIPTIONS CHEMISTRY

Symbol: CHE

Symbol for chemistry labs: CRL

(2,2) represents two hours lecture and two hours lab

*100 Concepts of Chemistry (3) A broad survey course with a laboratory experience that seeks to develop an understanding of the field of chemistry through inquiry. Basic competence in scientific methods and procedures will be obtained by observing chemical reactions and studying the chemical and physical properties of a variety of compounds. (2,2)

101 Fundamentals of Chemistry (3) A mathematically oriented course for students who intend later to take CHE 103 but whose science and mathematics backgrounds are judged by a pretest to need remediation.

*102 Essentials of Chemistry (4) Fundamentals of inorganic, organic, and biological chemistry as applied to the contemporary problems of society. A one-semester course that best serves students pursuing careers in health and physical education. (3,1)

†103-104 General Chemistry I-II (3) (3) Basic laws and theories of chemistry, including atomic structure, chemical bonding, oxidation-reduction, solutions, and ionic equilibria. Correlations of chemical principles and their application to modern descriptive chemistry. CHE 103 must precede CHE 104.

CRL 103-104 Experimental General Chemistry I-II (2) (2) Basic laboratory studies in college chemistry utilizing the quantitative approach. Semimicro qualitative analysis and inorganic preparations. CONCURRENT OR PREREQ: CHE 103-104. CRL 103 must precede CRL 104. (One hour of recitation precedes three hours of lab.)

† 105-106 General Chemistry I-II: Advanced Level (3) (3) These courses are similar to CHE 103-104 but with a presentation that is in greater depth and rigor. PREREQ: High school chemistry or the equivalent and approval of the department chairperson. CHE 105-106 may be substituted for CHE 103-104 as prerequisites for advanced-level chemistry courses.

CRL 105-106 General Chemistry I-II: Advanced-Level Laboratory (2) (2) These laboratories are similar to CRL 103-104. CONCURRENT OR PREREQ: CHE 105-106. CRL 105 must precede CRL 106.

#107 General Chemistry for the Allied Health Sciences (4) A one-semester treatment of the fundamentals of chemistry, including atomic structure and bonding, types of reactions, kinetics, equilibrium, and thermodynamics. May not be taken as a chemistry major elective. CRL 107 may be taken concurrently or after CHE 107.

*CRL 107 General Chemistry Lab for Allied Health Science (1) A one-semester laboratory course to complement CHE 107. Basic laboratory techniques, both qualitative and quantitative, will be used to illustrate principles from the lecture. CHE 107 must be taken concurrently or before CRL 107.

230 Introduction to Organic and Biological Chemistry (3) A terminal course in fundamentals of organic chemistry. Structural theory of organic molecules, organic synthesis, and biological applications. PREREQ: CHE 104.

231-232-233 Organic Chemistry I-II-III (4) (3) (3) A comprehensive study of the structure and reactions of organic molecules. CHE 231 must precede 232 which must precede 233. PREREQ: CHE 104 or CHE 106.

CRL 232-233 Experimental Organic Chemistry I-II (2) (2) Basic laboratory skills in organic chemistry including classical as well as instrumental techniques. Organic synthesis and modern spectrophotometric methods of identification. CONCURRENT OR PREREQ: CRL 104 and CHE 232-233. CRL 232 must precede CRL 233.

300 Fundamentals of Radioisotope Techniques (3) (Also PHY 320) Biological, chemical, environmental, and physical effects of nuclear radiation. Radiation detection instrumentation and radio tracer methodology. (2,2) PREREQ: CHE 104 or 106 and PHY 140 or 180.

310 Introductory Biochemistry (3) The chemical nature of biological phenomena is presented. Particular emphasis is placed upon the metabolic pathways and the enzymes responsible for these processes with applications to nutrition. PREREQ: CHE 230 or 231. (Not for chemistry major.)

321 Analytical Chemistry I (3) Fundamental principles of analytical chemistry. Theory of gravimetric and volumetric methods of analysis. Lab: CRL 321. PREREQ: CHE 104 or 106.

CRL 321 Analytical Chemistry I (2) Practical experience in modern techniques of chemical analysis with emphasis on volumetric and gravimetric methods. CONCURRENT OR PREREQ: CHE 321.

SCC 327 Electron Microscopy I (3) (Also ESL 327) An introductory lecture/lab course in theory, operation, and applications of electron beam microscopy. PREREQ: One year of physics and one year of chemistry.

SCC 329 Electron Microscopy II (3) (Also ESL 329) A one-semester lecture/laboratory course in advanced theories, operation, and applications of electron microscopy in scientific research. Emphasis on individual projects. PREREQ: SCC 327.

341-342-343 Physical Chemistry I-II-III (3) (4) (3) The mathematical laws and theories of chemistry including thermodynamics, reaction kinetics, quantum and statistical mechanics, and the theory of chemical bonding and molecular structure. PREREQ: CHE 104 or 106, MAT 142 or 162, and PHY 180.

CRL 341-342 Experimental Physical Chemistry I-II (2) (2) Laboratory exercises in illustrating principles of thermodynamics, kinetics, and quantum mechanics. CONCURRENT OR PREREQ: CHE 341-342.

345 Fundamentals of Physical Chemistry (3) A survey of the fundamental topics in physical chemistry with applications to biology and medicine. Primarily for biology, chemistry-biology, and preprofessional majors. PREREQ: CHE 232, MAT 141 or 161, and PHY 140 or 180.

CRL 345 Basic Experimental Physical Chemistry (2) Experiments illustrating the laws of physical chemistry. Primarily for biology, chemistry-biology, and preprofessional majors. CONCURRENT OR PREREQ: CHE 345.

350 Theory of Spectroscopy (1) An introduction to the theoretical background of spectroscopic methods. Includes quantum mechanical aspects and group theory. PREREQ: CHE 232.

351 Introduction to Infrared Spectroscopy (1) IR experimental methods including CW and FT techniques. Functional group analysis and spectral interpretation. PREREQ: CHE 350.

352 Introduction to NMR Spectroscopy (1) An introductory course in NMR spectroscopy dealing with spin 1/2 systems. Chemical shift and couplings will be discussed. PREREQ: CHE 350.

353 Introduction to Mass Spectrometry (1) Instrumentation and experimental techniques

(EI and CI). Interpretation of spectra and computer searching. PREREQ: CHE 350.

354 Introduction to Chromatography (1) Basic theory of chromatography and a discussion of GC analysis. PREREQ: CHE 104.

355 Introduction to Liquid Chromatography I (1) Theory equipment and methods of liquid chromatography—TLC. PREREQ: CHE 354.

356 Introduction to Liquid Chromatography II (1) HPLC and SCF liquid chromatographic technique will be discussed. PREREQ: CHE 355.

371 Forensic Chemistry (3) Introduction to criminalistics (chemical, forensic, analytical techniques) with the role, functions, operations, and organization of a scientific police laboratory. PREREQ: CHE 104 or 106 and CHE 232.

CRL 371 Forensic Chemistry Lab (2) Identification and comparison of trace evidence utilizing modern instruments and classical wet methods of chemical analysis. CONCURRENT OR PREREQ: CHE 371.

381 Clinical Chemistry (3) Analysis of biological fluids. Clinical significance of enzyme, electrolyte, protein, and carbohydrate analysis. Requires permission of instructor or preparation in organic chemistry and quantitative analysis. CONCURRENT OR PREREQ: CHE 471.

CRL 381 Clinical Chemistry Laboratory (2) Practical experience in analysis of biological fluids for diagnostic parameters. Nature of biological sampling, sample preservation, methodology, statistics, and quality control. CONCURRENT OR PREREQ: CHE 381, CHE 471, and CRL 471.

403 Chemistry of the Environment (3) The chemistry of the atmosphere, hydrosphere, and biosphere; man's impact on these areas. PREREQ: CHE 104. May also be offered with lab (2,2).

404 Foundations of Nutrition (3) Proteins, lipids, fats, vitamins, and minerals and their role in normal metabolism; nutrition and disease; metabolism and biochemical individuality; cultural and political aspects of nutrition. PREREQ: CHE 104 and 230 or 231.

408 Industrial Pollution (3) Applications of elementary chemical engineering to the industrial complexities of the environmental processes. Emphasis on unit operations and unit processes applicable to pollution control and abatement. PREREQ: CHE 104.

409 Descriptive Inorganic Chemistry (3) Emphasis is on the periodic properties of the representative elements, the structure of inorganic solids, the chemistry of aqueous and nonaqueous solutions, and the study of some transition metals. Lanthanides and actinides are also studied. PREREQ: CHE/CRL 104.

◆410 Advanced Independent Study or Chemical Research (3-6) Taken under the direct supervision of a faculty member. May be taken for two semesters for a total of six credits. PREREQ: Senior standing or permission of department chairperson.

411 Advanced Inorganic Chemistry (3) Structure and properties of the elements and inorganic compounds from a theoretical point of view. Atomic structure and the periodic law; molecular structure and bonding, including symmetry and MO theory; structure, bonding, and reactivity of transition-element compounds and

main group compounds; acid-base chemistry. PREREQ: CHE 341. CONCURRENT: CHE 342.
 417 History of Chemistry (1) The history of chemistry and its predecessors from earliest times to the present day. PREREQ: CHE 104 or 106.

418 Literature of Chemistry (1) Instruction in the use of a modern chemical library, reference and data acquisition, synthetic procedures, and computer data bases. PREREQ: CHE 231.

419 Ethics and Human Values in Science (1) A one-semester course for science majors to acquaint students with potential ethical problems in their professional careers. PREREQ: CHE 104 or 106.

424 Analytical Chemistry II (3) Basic principles of applied instrumental analysis. Special emphasis on the use of spectrophotometric and electroanalytical instrumentation. PREREQ: CHE 321 and 341. CONCURRENT: CHE 342.

CRL 424 Analytical Chemistry II Laboratory (2) Practical experience in the choice and application of instrumental methods of analysis to chemical systems. CONCURRENT OR PREREQ: CHE 424.

CRL 435 Qualitative Organic Analysis (5) The use of classical and instrumental methods for identification of organic compounds. PREREQ: CRL 233 and 321, CHE 418, or permission of instructor. (Two hours of lecture)

CRL 435 Qualitative Organic Analysis Lab (0) This laboratory is required of students taking CHE 435. Wet chemical techniques for functional group identification and derivative preparation are combined with modern instrumental methods such as infrared, ultraviolet, and NMR spectroscopy to provide the methodology for rapid, efficient identification of unknowns. Six hours of lab per week.

436 Polymer Chemistry (3) Polymerization kinetics, rheology of polymer melts, crystalliza-

tion parameters, and monomer reactivity in copolymerization. PREREQ: CHE 232.

CRL 436 Polymer Chemistry Laboratory (2) Synthesis of polymers; molecular, physical, and thermal characterization of polymers. Instrumental methods include X-rays, IR, electron microscopy, and thermal analysis. CONCURRENT: CHE 436.

◆ 450 Internship in Chemistry (3-15) A full- or part-time work-study appointment in a hospital, or a commercial, governmental, or industrial laboratory supervised jointly by an on-site supervisor and Department of Chemistry faculty member. PREREQ: Permission of department internship committee.

471 Fundamentals of Biochemistry (3) Structure and chemistry of proteins and nucleic acids; molecular biology, physio-chemical methods for biomacromolecules, enzymes, and the molecular basis for some physiological phenomena. PREREQ: CHE 232 and CHE 345 or equivalent or permission of instructor.

CRL 471 Experimental Biochemistry (2) Laboratory exercises in the fundamentals of biochemistry. CONCURRENT OR PREREQ: CHE 471 or 476.

CRL 472 Experimental Biochemistry II (2) A second-semester laboratory course in biochemistry that stresses the use of advanced analytical instruments to characterize biologically important molecules and to elucidate their mechanism of action. PREREQ: CHE 471 or 476 and CRL 471.

476-477 Biochemistry I-II (3-3) A two-semester course in biochemistry. The first part shows how the chemistry of amino acids, proteins, enzymes, carbohydrates, lipids, and membranes enables living organisms to perform biological functions. The second part covers biosynthesis of diverse molecules, DNA structure and function, and molecular physiology including immunoglobulins, hormones, nutrition, and nerve action. Chemistry will be related to normal

and pathological/biological function. PREREQ: BIO 110, CHE 232, and CHE 345 or equivalents. CHE 476 must precede CHE 477.

479 Chemical Toxicology (3) A one-semester course in the environmental and physiological aspects of chemical toxicity. Special emphasis will be placed on documentation, sampling, and verification of materials. PREREQ: CHE 232.

CRL 479 Chemical Toxicology Laboratory (2) A one-semester course in the basic principles of toxicological analysis. CONCURRENT OR PREREQ: CHE 479.

◆ 480 Introduction to Chemical Research (2-6) The student carries out an independent chemical research project under the direction of a faculty member. The faculty member assigns the research topic and background literature readings and works closely with the student in the research laboratory giving instruction in laboratory techniques. The student may be required to write a final research report. PREREQ: Senior standing or permission of department chairperson.

491 Seminar in Chemistry (1) Oral presentation of papers based on laboratory or library research. PREREQ: Permission of department chairperson.

SCC 370 Science and Human Values (3) A one-semester course illustrating the impact of science on human thought, values, and institutions. Ethical, sociological, and psychological aspects of science-mediated change are covered in depth.

#SCB 210 The Origin of Life and the Universe (3) An interdisciplinary course that presents the theory and evidence for the first three minutes of the universe and formation of the stars, galaxies, planets, organic molecules, and the genetic basis of organic evolution. (3) PREREQ: High school or college courses in at least two sciences. Offered fall semester only.

◆ This course may be taken again for credit.
 # Approved interdisciplinary course.

Department of Communication Studies

Dennis R. Klinzing, *Chairperson*

PROFESSORS: Casagrande, Klinzing, Orr

ASSOCIATE PROFESSOR: Foeman, Pearson

ASSISTANT PROFESSORS: Dean, Jenks, McCullough, Martz, Newell, Reed, Remland

The Department of Communication Studies offers two programs. One program leads to the Bachelor of Arts degree and the other leads to the Bachelor of Science in Education.

1. The B.A. in COMMUNICATION STUDIES focuses on oral communication as the core of a liberal education that can be applied to a number of specializations.

2. The B.S. in EDUCATION – COMMUNICATION is for students who wish to meet the state of Pennsylvania requirements for teacher certification in communication.

Majors are expected to meet with their advisers to plan a course of study, to select courses prior to scheduling, to discuss career opportunities, and to keep abreast of departmental cocurricular activities. Handbooks are provided to help students be aware of requirements for each program in the department. Students who wish to transfer into the B.A. Communication Studies program must have a 2.50 GPA or better.

Departmental Student Activities

The Forensic Society and the Communication Club are student organizations that involve department faculty and resources. The activities of these organizations are open to all students. For more information see the "Student Affairs" section.

Department Internships

Internship experiences are available in all areas related to students' vocational and academic interests. Students have been placed in offices of congressmen, radio and television stations, and local industries. Students and their placements are screened to assure mutual satisfaction for all parties involved. For details, students should check with the department's internship coordinator.

REQUIREMENTS COMMON TO THE B.A. AND B.S. PROGRAMS

General Education Requirements 51 semester hours
 See pages 35-38.

BACHELOR OF ARTS – COMMUNICATION STUDIES

1. Required Core Courses 36 semester hours

- A. Group One courses (to be completed prior to scheduling Group Two courses):
 COM 204, 208*, 212, 216, 219, and 224
- B. Group Two courses (to be preceded by Group One courses): COM 304, 307, 312, 403, 405, and 415

*COM 101 may be substituted for COM 208 but requires approval of department chair.

Limited substitutions may be made to core requirements with the adviser's written consent. A grade of C or better is required in each course and a 2.50 must be achieved in the core requirements before graduation will be recommended.

2. Foreign Language/Culture Requirement 0-15 semester hours
See page 37.
3. Applied Area 27-42 semester hours
Courses are to be selected in consultation with an adviser to meet career objectives.

BACHELOR OF SCIENCE IN EDUCATION – COMMUNICATION

1. Core Requirements 30 semester hours
COM 208, 219, and 415; ENG 230, 331, 335 or 339; LIT 200 or 201, 202 or 203, 230 or 231;
English composition as advised
2. Emphasis Area Requirements 30 semester hours
Choose two areas
- a. Communication Requirements (15 credits)

- COM 216, 224, 307, and 405; THA 102
Participation in forensics activities is required.
- b. Theatre Requirements (15 credits)
THA 103, 104, 210, 301, 306 or 307, and 101 (to be taken as a general education arts requirement).
Participation in theatre productions is required.
- c. Media Requirements (15 credits)
COM 202, 212, 320, and 217 or 317;
JRN 200
3. Professional Education Requirements 30 semester hours
COM 402, EDF 100, EDM 300,
EDP 250 and 351, and EDS 306 and 412

Minor in Communication Studies 18 semester hours

This minor may be taken as a concentration by students in the Associate of Arts in liberal studies program or as one of the minors in the Bachelor of Arts or Bachelor of Science in liberal studies general degree program. Required courses are COM 204, 208, 212, 216, 219, and 224.

COURSE DESCRIPTIONS COMMUNICATION STUDIES

Symbol: COM

001 Preparatory Speech Communication (1)
This preparatory course will introduce the concepts of listening, organizing thoughts, speaking those thoughts to audiences, and dealing with conflicts in college through the use of effective oral communication. These concepts will be taught through assigned reading, lecture/discussion, and various activities. Emphasis will be on the integration of basic oral communication skills.

101 Speech Fundamentals: Interpersonal Communication (3) Development of competencies for purposeful speech communication. Awareness of the effects of language on communications. Recognition of the types and purposes of a selected number of communications. Grasp of the role of evidence and organization in spoken messages.

105 Voice Dynamics (3) Training in the creative-esthetic production of speech; includes respiration, phonation, articulation, and resonance.

200 Communication Careers Planning I (1)
This course is designed to introduce the first of a two-phase, career-planning process. Self-assessment and exploration is provided through assigned readings, minilectures, reflective exercises, and small group activities.

202 Scripts and Formats for Mass Media (3)
Students are required to analyze, evaluate, and produce scripts for a variety of mass media formats. The course emphasis is on radio, television, and film.

204 Dyadic Communication (3) One-on-one communication to give the student a basic understanding of the processes and experiences of the most basic type of human communication.

208 Public Communication (3) Development of skills necessary to understand the theory of communication as a problem-solving tool in the community. Special emphasis is on the student's performance as a sender and receiver of messages directed at social action.

210 Photo Communication I (3) A basic course in the use of creative techniques available

to the beginning photographer for the production of high-quality slides.

212 Mass Communication (3) A survey course designed to identify, analyze, and evaluate the pragmatic, persuasive, creative, and technical dimensions of mass media.

216 Small Group Communication (3) Introduction to and practice in the structured small group. Emphasis on preparation for, analysis of, and participation in problem-solving-oriented groups.

217 Directing and Producing Documentary Television Programs (3) Planning and producing the nondramatic television production.

219 Communication Concepts (3) A study of human communication that includes a historical view of the field, examinations of definitions of communication, analyses of the nature of theory and the process of theorizing, assessment of perspectives of communication, and construction of models of communication.

220 Multimedia Communication (3) The practical application of communication theory through experiences in photography and multimedia productions. The creative potential of combining sound and various photographic elements will be explored with special attention given to photo journalism as used in advertising, public relations, theatre, and related mass communication fields.

221 Photo Communication II (3) This course will give the student a chance to develop a personal photographic communication style. The student will be encouraged to explore and express his or her personal perceptions through photography.

224 Communication Research (3) An examination of the nature of inquiry and research in communication. Emphasis on understanding and appreciating the strengths and weaknesses of various methods of research in communication.

230 Business and Professional Speech Communication (3) Practice in effective speaking and listening. Interpersonal communication in the business and professional setting, including reports and sales presentations, policy speeches, conference leadership techniques, group dynamics, and speaking.

231 Interviewing in Organizations (3) An introduction to the skills necessary for a variety of organizational interview settings. Students will act as interviewers and interviewees in many types of interviews, work in groups, and give performance feedback to peers.

300 Communication Careers Planning II (1)
This second phase of the careers-planning course series examines the initial steps required for finding employment. Topics covered include the jobs-hunting process, resume development, networking, and the transition from college to employment.

303 Modern Trends in Argument (3) Study of the new thinking in argumentation theory. De-emphasizes classic validity and centers on the building of arguments that are acceptable to the listeners. Course focuses on the work of Stephen Toulmin and Chaim Perelman.

304 Organizational Communication (3) An in-depth analysis of the dynamic process of communication as it occurs in organizational networks.

307 Nonverbal Communication (3) A study of the verbal and sensory messages we are constantly receiving. Body language and the uses of space, time, touch, objects, and color inherent in the sensory messages we receive.

309 Advanced Public Speaking (3) Designing personal strategies, adapting delivery to large audiences, developing oral use of language, and speaking to live or simulated community groups.

310 Field Experience in Photographic Communication (3) This course in slide photography will build on the student's previous experiences in photography. The student will develop the technical, visual, and photo communication skills necessary to explore, record, and interpret his or her surroundings through photographic essays and related photo communication projects. These skills will be achieved through field experiences and classroom instruction.

312 Intercultural Communication (3) A study of factors that contribute to communication breakdowns between diverse cultures and between fragmented segments within the same society.

315 Structure of Meetings (3) This course prepares students to plan formal agendas, write and interpret organizational by-laws and constitu-

tions, and participate in and preside over meetings according to parliamentary procedures.

317 Directing and Producing the Dramatic Television Program (3) Planning the program. Preparing the shooting script. Practice in rehearsing with actors and cameras.

318 Forensics (3) Study in the philosophy and practice of forensics. Initiating, developing, and administering a forensic program. Coaching and judging debate and individual events.

320 Communicating on Television and Radio (3) For the student who, by career or circumstance, will be required to be on radio and television. The focus of the course will be on three major areas: interviewer/interviewee techniques; acting for television, including working in commercials; and news reporting, including studio and remote locations. PREREQ: THA 103.

330 Oral Communication for Technical Professionals (3) The student will explore the oral component of effective communication as it applies to the business and professional world of mathematics, engineering, and science.

355 Public Relations Principles (3) An introduction to the role of the public relations practi-

tioner in the formation of public opinion. Communications theory will be combined with specific techniques for working with the press, producing printed material, and conducting special events.

◆399 Directed Studies in Speech Communication (1-6) Research, creative projects, reports, and readings in speech communication. Students must apply to advisers one semester in advance of registration. PREREQ: Approval of department chairperson. Open to juniors and seniors only.

◆400 Internship in Speech Communication (3-15) This course provides a structured and supervised work experience in communication. Credits earned are based on amount of time spent on the job. Students must apply to the department internship coordinator and receive approval of the department internship faculty committee to be admitted.

402 Teaching Communications (3) Theory and practice in teaching junior and senior high school communication and drama courses, and in directing cocurricular programs in junior and senior high school.

403 Persuasion (3) Current theories of attitude and attitude change. Practice in speaking to modify behavior through appeals to the drives and motives of the listener. PREREQ: COM 101 or permission of instructor.

405 Argumentation and Debate (3) Functions and principles of argumentation and debate, including analysis, evidence, reasoning, and refutation. Class debates on vital issues.

410 Conflict Resolution (3) This course explores the means of resolving conflict through argument, negotiation, mediation, and arbitration.

415 (also LIN 415) Language, Thought, and Behavior (3) This course is designed to help students understand the way language functions in the communication process. To accomplish this purpose, various language systems will be examined and one will be selected for in-depth analysis.

◆499 Communication Seminar (3) Intensive examination of a selected area of study in the field of speech communication. Topics will be announced in advance.

◆ This course may be taken again for credit.

Department of English

Michael Peich, *Chairperson*

PROFESSORS: Brooks, Browne, Gaunt, Green, Kelleher, Kent, McCawley, McGrath, Myrsiades, Trotman, Weiss

ASSOCIATE PROFESSORS: Buckley, Fordyce, Hunsberger, Kelly, Larsen, Peich, Prater, Sabol, Scheffler, Shloss, Ward

ASSISTANT PROFESSORS: Awuyah, Bauerlein, Echewa, Fishman, Fletcher, Fox, France, Godfrey, Jeffrey, Johnson, Maltby, Micheau, Molholt, Myrsiades, Newcomb, Pflieger, Ramanathan, Smith, Sun, Teutsch

The Department of English offers three degree programs: the Bachelor of Arts in literature, the Bachelor of Arts in comparative literature (in cooperation with the Department of Foreign Languages), and the Bachelor of Science in Education (in cooperation with the School of Education). Each program is planned in consultation with an adviser.

1. The Bachelor of Arts in LITERATURE provides a broad background in English and American literature; valuable training in the critical skills of reading, interpretation, and analysis; intensive practice in writing; and an understanding of the workings of the language. This extremely versatile degree prepares students for graduate studies and law school, and careers in journalism, radio and television, publishing, public relations, and other professions in which skills in reading, writing, and processing information at a sophisticated level are required.
2. The Bachelor of Arts in COMPARATIVE LITERATURE provides a curriculum option for students with an interest in international studies by offering a broad background in European and non-Western culture and literature. See Comparative Literature Studies on pages 80-81.
3. The Bachelor of Science in EDUCATION in ENGLISH prepares students to teach in the secondary schools in Pennsylvania under an Instructional I Certificate. These students will in large part

satisfy the requirements for a B.A. in literature, deriving extensive benefits from participation in a carefully constructed program that emphasizes literature as a cultural product and students as active learners. Before receiving permission to student teach, students in this program must satisfy the prerequisites for student teaching listed on pages 117-118 as well as specific Department of English requirements listed on this page.

REQUIREMENTS COMMON TO THE B.A./B.S. ED. PROGRAMS

1. General Requirements (See pages 35-38.) 51 semester hours

BACHELOR OF ARTS IN LITERATURE

1. Foreign Language Requirement 3-12 semester hours
2. Departmental Preparatory Requirement 6 semester hours
LIT 168 (also a General Education requirement), LIT 295, and LIT 296
3. Departmental Intermediate Requirements 21 semester hours
ENG 230; two American literature courses, one before 1860 (A) and one after (B); two British literature courses, one before 1800 (C) and one after (D); and two departmental electives
4. Departmental Advanced Requirements 9 semester hours
Three seminars from a selection focusing on topic, author, or theme (LIT 400)
5. Professional Electives or Minor 0-18 semester hours
6. Additional Electives (to complete 128 semester hours)

BACHELOR OF SCIENCE IN EDUCATION IN ENGLISH

1. Professional Education Requirements 30 semester hours
(See page 112.)
2. Departmental Preparatory Requirements 6 semester hours
LIT 168 (Gen. Ed.), LIT 295, and LIT 296
3. Departmental Intermediate Requirements 27 semester hours
ENG 230, ENG 331, ENG 335; two American literature courses, one before 1860 (A) and one after (B); two British literature courses, one before 1800 (C) and one after (D); two continental literature courses,

- one through the Renaissance and one after
4. Departmental Advanced Requirements 9 semester hours
Three seminars from a selection focusing on topic, author, or theme (LIT 400)
 5. Free electives (E) 6 semester hours

Student Teaching Prerequisites

Students should apply during their sophomore year for acceptance as candidates for teaching certification. Transfer students should apply as sophomores or after completing a year at West Chester.

Grades on Required Courses

Anyone attempting to qualify for student teaching *must* pass each of the following courses with a grade of C or higher: CLS 260; EDF 100; EDM 300; EDP 250 and 351; EDS 306; ENG 120, 121, 230, 331, 335, and 390; LIT 168, 295, and 296; and PSY 100.

A student receiving a grade of C- or lower for any of these courses should retake the course immediately, before attempting courses in the English or education sequence. A student having difficulty with several of the courses listed above should recognize that he or she may not be able to meet the competency requirements for student teaching and should consider withdrawing from the B.S. program.

Grade Point Average

Before receiving approval to student teach, a student must attain an overall GPA of 2.50 or better, including a minimum GPA of 2.50 for all courses attempted within the Department of English.

Competency Examination

A student must pass the test of writing competency given by the Department of English before the application for approval to student teach will be considered. This examination is scheduled each semester and announced in advance by both the Department of English and the Department of Secondary Education. Students are urged to take the exam at the end of their sophomore or beginning of their junior years.

Minor Programs

Students may minor in any of the five following programs. Elective courses are selected in consultation with the student's minor adviser.

Literature Minor

1. Required Courses 6 semester hours
LIT 200 or 201, and LIT 230 or 231
2. Elective Courses 12 semester hours
One in American Literature and one in English Literature (in a period other than those covered in requirement 1), and any two other LIT courses

Creative Writing Minor

1. Required Course 3 semester hours
CRW 201
2. Elective Courses 12 semester hours
Any *four* courses selected from the following:
CRW 202, 203, 301, 302, 303, 304
305, 307, 400, 490, and 491

Film Criticism Minor

1. Required Course 3 semester hours
FLM 200
2. Elective Courses 15 semester hours
Any three courses selected from the following list with the approval of the adviser:
CLS 304, 363, 364, 368, 369, 370, 400, and 410; COM 217 and 317; and FLM 201, 300, and 301

This minor is also listed in the section on Comparative Literature Studies.

Journalism Minor

1. Required Courses 12 semester hours
JRN 200, 225, 226, and 250
(Minimum grade C-)
2. Elective Course 3 semester hours
One of the following: JRN 312, 315, 325, and 355
3. An additional three credit hours are to be earned through a supervised internship (ENG 395) in the communications area or through a practicum (JRN 411) based on one semester's active service on the University's student newspaper. 3 semester hours

Organizational and Technical Writing Minor

1. Required Courses 15 semester hours
ENG 320, 368, 371, and 420, and three credit hours to be earned through a supervised internship in organizational or technical writing (ENG 395)
2. Elective Course 3 semester hours
Choice of COM 330, ENG 270, or computer science course at level CSC 141 or higher

Linguistics Minor

The Department of English is one of several departments that participates in the linguistics minor. The description of the linguistics minor and its requirements are found in the section describing interdisciplinary programs on pages 81-82.

The literature and writing minors may be taken as concentrations by students in the Associate of Arts in liberal studies program or as one of the minors in the Bachelor of Arts or Bachelor of Science in the liberal studies general degree program.

Internships

A student will be permitted to take an internship under the supervision of the Department of English only if he or she is enrolled in a departmental major or minor program and has met the following requirements:

1. an accumulation of at least 80 semester hours
2. an overall Grade Point Average of at least 2.50
3. an overall Grade Point Average of at least 3.00 in the major or minor program
4. completion of 12 semester hours in courses in the major or minor program (not counting composition courses)
5. a letter of application to the Internship Committee of the Department of English accompanied by a resume and two faculty references
6. a personal interview with two members of the Internship Committee

A student will be limited to 15 hours of internship credit. Students who wish to take more than nine hours of internship credit in one semester must obtain approval from the full committee after submitting an application and an academic transcript in the preceding semester. The Internship Committee will determine the number of credits to be earned during an internship by applying a ratio of 40 hours of work for each hour of academic credit. Students seeking teaching certification may take no more than three semester hours of internship credit within the minimum 128-131 semester-hour range for the undergraduate degree. The internship credits for English majors may be applied to the student/adviser-designed program. Only under exceptional circumstances, and entirely at its dis-

cretion, will the Internship Committee consider applications from students not meeting the departmental requirements.

NOTE: It is the responsibility of the student to demonstrate that he or she has met the academic requirements for an internship.

COURSE DESCRIPTIONS

ENGLISH

Symbol: ENG

020 Basic Writing (3) A preparatory course of study emphasizing the basic grammatical, logical, and rhetorical skills that produce effective themes. *NOTE: This course is a prerequisite to ENG 120 for students who have been placed in ENG 020. Credits earned in 0-level courses do not count toward the 128 hours of credit needed for graduation.*

030 English for Non-Native Speakers (3) Individualized instruction for the non-native speaker; conversational English, formal written English, reading and listening comprehension, and grammar. (Students should seek placement advice from the ESL program staff before registering.) Also, see note under ENG 020.

120 Effective Writing I (3) An intensive course in writing that emphasizes skill in organization and awareness of styles of writing and levels of usage as ways of expressing and communicating experiences.

121 Effective Writing II (3) Continues the expository writing experience offered in Effective Writing I, and explores techniques of gathering, evaluating, and selecting materials to be used in writing research papers.

130 Effective Writing I for Non-Native Speakers (3) An intensive course in writing for the non-native speaker of English, emphasizing skill in organization and awareness of styles of writing and levels of usage as ways of expressing and communicating experiences. *For non-native speakers of English. ENG 130 is comparable to ENG 120 for international students only. (Students should seek placement advice from the ESL Program staff before registering.)*

131 Effective Writing II for Non-Native Speakers (3) Continues the expository writing experience offered to non-native speakers in English 130, and explores techniques of gathering, evaluating, and selecting materials to be used in writing research papers. *For non-native speakers of English. ENG 131 is comparable to ENG 121 for international students only. (Students should seek placement advice from the ESL Program staff before registering.)*

132 Effective Speaking I for Non-Native Speakers (3) After a brief introduction to the differences between writing and speaking, this course focuses on giving directions, explaining concepts, asking questions, giving presentations, and engaging in small talk, interviewing, and extensive pronunciation drills.

134 Idioms in the Context of American Culture (3) Through the use of modern American movies, this course helps students learn the meanings of idioms in context. Students practice using these idioms in drills and exercises.

200 Writing Improvement (3) A workshop that provides intensive instruction for students who experience difficulty in writing. Not open to freshmen.

204 Practical Prose Composition (3) Writing in various modes that authentically mirror real situations in our personal and professional lives.

205 Writing from Experience (3) Exploration of the student's personal history and attitudes through carefully structured compositions,

including autobiographical narrative, memoir, and introspective analysis.

230 (Also LIN 230) Introduction to Linguistics (3) Basic concepts of language description, classification, change, reconstruction, dialectology, and sociolinguistics. (Prerequisite for all courses in English.)

270 Publishing (3) A practical examination of the general components of the publishing field with emphasis on book production.

271 Typography (3) This course provides students with experience in production of books, using historical and modern methods of design. **PREREQ:** ENG 270.

Foreign Language Testing and Placement

The Department of Foreign Languages provides a testing service for students entering the University. Based on the results of the tests given and an analysis of past experience, the Department of Foreign Languages will suggest the level of language a student should enter. After taking part in any given course for a short period of time, a student's placement could be changed if consultation between the student and an adviser results in a decision to change the placement. The department reserves the right to withhold credit towards a degree for a course taken at a lower level than was recommended by the department.

If a student wishes to take an exam to complete the language requirement or receive credit for a course, he or she must take a special exam other than those given for placement. Arrangements can be made with the chairperson of the Department of Foreign Languages.

Department of Geology and Astronomy

C. Gil Wiswall, *Chairperson*

PROFESSORS: Pritchard, Reed, Stolar

ASSOCIATE PROFESSORS: Ehleiter, Harber, Johnson, Smith, Wiswall

ASSISTANT PROFESSORS: Busch, Srogi

The Department of Geology and Astronomy offers a Bachelor of Science in earth science with concentrations available in geology or astronomy; a Bachelor of Science in chemistry/geology; and, in cooperation with the School of Education, a Bachelor of Science in Education with an emphasis in earth and space science.

1. The B.S. in EARTH SCIENCE is a liberal arts program designed to prepare recipients for occupations in the earth sciences or for studies toward an advanced degree. The curriculum involves an overall science and mathematics exposure but allows for a greater concentration in one aspect of the earth or space sciences, such as the environment, applied geology, astronomy, or oceanography.
2. The B.S. in EDUCATION in EARTH SCIENCE is a professional degree program designed to prepare certified secondary school teachers of earth science. The curriculum involves an overall science exposure with a concentration in the earth sciences.

3. The B.S. in CHEMISTRY/GEOLOGY is a liberal arts program designed to prepare recipients for occupations in chemistry and/or geology as well as for studies toward an advanced degree. The curriculum involves a balanced exposure in chemistry and geology.

A cooperative five-year program with Pennsylvania State University leading to a B.S. from West Chester University in physics is available, as well as a B.S. in petroleum and natural gas engineering from Pennsylvania State University. For further information about this program, refer to the Physics and Pre-Engineering section of this catalog. Regardless of which degree is pursued, all students must consult with their adviser regularly to avoid problems. Those in the B.S. in Education program will have a second adviser in the School of Education to help the student meet the secondary education requirements.

3. Earth Science Core Courses 21 semester hours
ESL 201, ESS 111, 330, 332, 355, 370, and 371
4. Electives 9 semester hours
Three courses from this group:
ESS 302 or 313, 420 or 450, 336 or 435, and ESS 343 or 331

Minor Programs

Students may choose to minor in any of the following programs. Courses are selected with the approval of the student's adviser.

1. **Astronomy**
ESS 111 plus four other astronomy courses, selected with the approval of the student's minor adviser
2. **Earth Science**
ESS 101 or 203, and 111, 330 and 340, plus one course in earth science, selected with the approval of the student's minor adviser. ESL 203 and 330 are optional.
3. **Geology**
ESS 101 or 203 plus four other geology courses selected with the approval of the student's minor adviser

Any of these minors may be taken as a concentration by students in the Associate of Arts in liberal studies program or as one of the minors in the Bachelor of Arts or Bachelor of Science in liberal studies general degree program.

COURSE DESCRIPTIONS

GEOLOGY AND ASTRONOMY

Symbol: ESS unless otherwise shown

*101 Introduction to Geology (formerly called Earth Science) (3) The earth's composition and history; the processes that occur on and within the earth. Two hours of lecture and two hours of lab.

#102 Humans and the Environment (3) A study of the ability of humans to survive and maintain their life quality, considering the limited resources and recycling capacity of planet Earth.

*111 General Astronomy (3) A descriptive course, including the composition and evolution of solar and stellar systems. Two hours of lecture and two hours of lab.

115 Fundamental World Place Names (1) A survey of major countries, capitals and principal

cities, large rivers, water bodies, and geologically important physical features through map work and lecture.

ESL 151 Graphic Geology I (1) Introduction to the preparation and use of drawings in the geological sciences, including drawing tools and standards, contour maps, roadways, strike and dip of a plane, plots of a survey, and topographic maps.

ESL 201 Fundamentals of Techniques in Geology (3) An introduction to the basic methods of geologic data collection, analysis, and presentation; literature research; and report writing. One weekend field trip is required. PREREQ: ESS 101.

203 Physical Geology (3) The earth's composition (minerals and rocks) and earth processes (weathering, erosion, volcanism, and diastrophism). Three hours of lecture.

ESL 203 Physical Geology Laboratory (1) Two hours (required with lecture).

206 Gemstones (3) A survey of gem formation, identification, fashioning, and evaluation. For the

general student. Demonstrations, specimens, and field trips complement lecture topics. No science background is assumed.

293 Introduction to Space Science (3) Formal and informal lectures and discussions. Use of current literature. In-depth study of a topic of the student's choice.

302 Mineralogy (4) Physico-chemical principles used in the classification, identification, and origin of minerals. Field examination of local minerals.

305 Petrology (4) Principles of rock origin identification and classification. Laboratory and field examination of rocks. PREREQ: ESS 302.

307 Geology of the Solar System (3) The geology, origin, evolution, and properties of planets, comets, asteroids, moons, and meteorites.

310 Intermediate Mineralogy (3) How the petrographic microscope and x-ray diffraction are used to identify minerals. PREREQ: One course in basic mineralogy (ESS 302).

313 Geochemistry (3) The chemistry of the earth and its relation to geologic processes.

323 General Geologic Field Studies of South-eastern Pennsylvania (3) Occurrence, relation-

ships, and geologic history of the rocks, minerals, and soils of this area, studied at representative locations. PREREQ: ESS 302.

324 **History of the Earth Sciences (3)** An examination of the history of scientific thought and contributions in the area of the earth sciences. PREREQ: Completion of core requirements in science and mathematics.

326 **Economic Geology (3)** The origin, geologic and geographic distribution, limits, and production technology of mineral resources. PREREQ: ESS 101 or permission of instructor.

328 **Engineering Geology (3)** The application of geological factors into the planning and design of engineered construction, ground water extraction, and waste disposal. PREREQ: ESS 101 or permission of instructor.

ESL 327 **Electron Microscopy I (3)** A one-semester lecture/laboratory course in theory operation and applications of electron beam technology in scientific research. Course scheduled on student-demand basis.

ESL 329 **Electron Microscopy II (3)** A one-semester lecture/laboratory course in advanced theories of electron microscopy in scientific research. Emphasis on individual projects. PREREQ: ESS 327. Course scheduled on student-demand basis.

330 **Introduction to Oceanography (3)** A survey of our present knowledge of the waters and floors of the oceans.

ESL 330 **Introduction to Oceanography Laboratory (1)**

331 **Introduction to Paleontology (3)** Identification and study of common fossils in order to understand their life processes and geologic significance. PREREQ: One course in geology.

332 **Advanced Oceanography (3)** An advanced course in oceanography covering marine resources, oceanographic literature, animal-sediment relationships, field techniques, estuaries, salt marshes, sea level changes, and pollution. PREREQ: ESS 330.

336 **Environmental Geology (3)** The application of geological information to human problems encountered in natural phenomena, such as flooding, earthquakes, coastal hazards, and man-made concerns, including waste disposal and land use. PREREQ: ESS 101 or permission of instructor.

339 **Hydrology (3)** The factors that control the distribution, occurrence, and recoverability of groundwater; techniques for locating and estimating recoverable water; groundwater pollution and waste water disposal.

341 **Geology and Geography of Plants (3)** The study of paleo and modern spatial characteristics and distributions of vegetation and their relationship to the geologic, geographic, climatic, and man-induced features of the environment. PREREQ: ESS 101 or GEO 101.

342 **Geophysics (3)** Gravitational, magnetic, seismic (refraction and reflection), and electrical properties of rocks and minerals in the earth. Physical principles of the earth; geophysics in relation to economic deposits. PREREQ: PHY 140 or 180.

343 **Geomorphology I (3)** Constructional and degradational forces that have shaped present landforms and are constantly reshaping and modifying landforms. Interpretation of geologic and topographic maps; field studies. PREREQ: ESS 101 or GEO 101.

344 **Geomorphology II (3)** A continuation of the study of earth surface processes. Interpretation of topographic maps and air photos. PREREQ: ESS 343.

345 **Regional Geomorphology of North America (3)** A systematic analysis of surface configurations and landform regions of North America; the processes at work on these configurations in the past and at present; human relationships to these features and processes. PREREQ: ESS 343.

346 **Geology of Petroleum (3)** The geology, origin, occurrence, properties, development, and exploitation of petroleum and natural gas. Future energy demands are also explored. PREREQ: Permission of instructor.

353 **Nautical Astronomy (Celestial Navigation) (3)** Technical skills including celestial coordinates, principles of time, the navigational triangle, lines of position, and star identification. PREREQ: ESS 111.

ESL 353 **Nautical Astronomy Laboratory (1)** Observation will be taken in the real sky and with a water horizon, and data will be reduced to determine the position of the observer.

354 **Archeoastronomy (3)** Astronomical skills of the Babylonians, Egyptians, Greeks, Chinese, Maya, Incas, Aztecs, and the North American Indians. PREREQ: ESS 111 or permission of instructor.

355 **Intermediate Astronomy (3)** An analytical and qualitative analysis of selected astronomical phenomena. Topics include telescope optics (including photographic and photoelectric attachments), lunar and planetary orbits, stellar motions and magnitudes, galactic classifications, and distances. Two hours of lecture and two hours of lab. PREREQ: ESS 111.

362 **History of Astronomy (3)** Development of astronomical theories from the ancient Greeks until the 20th century. PREREQ: ESS 111.

370 **Meteorology I (3)** A study of the principles governing the earth's atmosphere and how these principles determine weather conditions.

371 **Meteorology II (3)** A continuation of the study of the principles governing the earth's atmosphere and how these principles determine weather conditions. PREREQ: ESS 370.

394 **Geology of the Northwestern National Parks (4)** Field course.

395 **Geology of the Southwestern National Parks (4)** Field course.

404 **Historical Geology (3)** The geologic history of the earth and the evidences for this history.

ESL 404 **Historical Geology Laboratory (1)** Two hours (required with lecture).

406 **Quaternary Geology (3)** An investigation of the most recent geologic period, including the records of climate change, geomorphology, glacial history, stratigraphy, sea level changes, and faunal evolution that have accompanied the continental glaciations of the last two million years. Includes spring break field trip.

408 **Field Geology I (3)** Practical experience in the techniques and tools of the field geologist. PREREQ: 305.

409 **Field Geology II (3)** Exploration techniques involving inference methods: applied geophysics, construction, and graphical representation of complex, three-dimensional structures.

418 **Structural Petrology (3)** Deformation mechanisms and rheology; the theory of strain, including formation and evolution of tectonic features.

420 **Structural Geology (4)** Determination of the sequential development and the forces

involved in the various structural features of the earth. PREREQ: ESL 201, ESS 305.

425 **Tectonics (3)** To appreciate how the surface of the planet evolves; why things are where they are.

435 **Remote Sensing (3)** An introduction to the science and technology of remote sensing and the applications of remote sensing data to geology, oceanography, meteorology and the environment. Includes a discussion of the history and principles of remote sensing; fundamentals of electromagnetic radiation; theory and types of active and passive remote sensing systems; fundamentals of image interpretation; digital analysis of LANDSAT and AVHRR data; operation of environmental satellites; and future imaging systems.

450 **Sedimentation and Stratigraphy (4)** Development of the relative geological time, methods, and techniques for the description and evaluation of the total environment of the time of the formation of stratified rock.

◆ 460 **Internship (1-18)** Work with industry, or local, state, or federal government agencies under faculty supervision.

475 **Introduction to the Planetarium (3)** Principles and use of the planetarium in a teaching situation. Specific projects are assigned. PREREQ: ESS 111.

◆ 478 **Earth Science Seminar (3)** Reports on special topics and current development.

◆ 480 **Special Problems (1-3)** Reports on special topics and current developments in the earth and space sciences. PREREQ: Permission of instructor.

490 **Fundamentals of Soil (3)** The properties of soils, edaphology, and pedology: chemical, physical, and biological factors. Soil genesis and classification.

◆ 491 **Independent Study (1-3)**

#IND 201 **Unified Science (3)** An interdisciplinary course dealing with methodologies used by all scientists; an analysis of the concepts that find expression in all of the biological and physical sciences.

#SCB 210 **The Origin of Life and the Universe (3)** An interdisciplinary course that presents the theory and evidence of the first three minutes of the universe and formation of the stars, galaxies, planets, organic molecules, and the genetic basis of organic evolution. PREREQ: High school or college courses in at least two sciences.

SCE 310 **Science for the Elementary Grades (3)** A course to prepare the elementary teacher for teaching science. Selected units or problems that cut across various fields of science. Methods and processes of science and available resources. PREREQ: Completion of science and mathematics general education requirements. Must reach junior status by the end of the previous semester.

SCE 350 **Science Education in the Secondary School (3)** Philosophy, objectives, and methods of teaching science. Practical experience provided. PREREQ: A major in liberal arts or secondary education (sciences).

SCE 370 **Science and Human Values (3)** A one-semester course illustrating the impact of science on human thought, values, and institutions. Ethical, sociological, and psychological aspects of science-mediated change are covered in depth.

◆ This course may be taken again for credit.

Approved interdisciplinary course.

The student of history seeks to re-create the past (or, more precisely, as much of it as possible) in a rational manner, not only to explain and understand the past for its own sake, but also to identify our age with earlier times. The student is concerned with the origins, development, and relationships between past people and events and, from the multiplicity of credible and sometimes conflicting evidence, renders judgments on causation and consequences. He or she seeks to achieve a sense of the past. Among the careers open to history majors are the law, government service, teaching, research, journalism, and business. Indeed, a strong preparation in history can lead to possibilities in virtually every field of endeavor.

BACHELOR OF SCIENCE IN EDUCATION – SOCIAL STUDIES

Concentration in History

Students interested in teaching secondary social studies may pursue concentrations in history while earning state certification in social studies and the Bachelor of Science degree. (See the description under "Social Studies: B.S. in Education," pages 115-116, for common requirements.) In addition to the history concentration, the department offers concentrations in American culture, world cultures, and ethnic studies. In all concentrations, students must complete HIS 300, Varieties of History; other requirements vary according to the concentration.

HISTORY MINOR

Students may obtain minor recognition on their transcript so that their concentrated choice of free electives will be recognized.

1. Required Courses 6 semester hours
 One course among HIS 100, 101, or 102, and one course among HIS 150, 151, or 152

2. Electives 12 semester hours
 Chosen under advisement from three groups: American, European, World and Regional History (six semester hours in one group; three semester hours in each of the others)

This minor may be taken as a concentration by students in the Associate of Arts in liberal studies program or as one of the minors in the Bachelor of Arts or Bachelor of Science in liberal studies general degree program.

300 Varieties of History (3) Historical research techniques. Methodology, historiography, and varieties of history. Required of all history majors. Offered every semester.

301 History of South Asia (3) A historical study of developments on the Indian subcontinent (India and Pakistan), the course also considers those areas of Southeast Asia (Burma and Thailand) that have been traditionally influenced by the course of Indian events.

#302 Modern India (3) Social, religious, and cultural underpinnings of modern India against a backdrop of the subcontinent's chronological development. Hindu and Muslim traditions discussed in terms of their own social, religious, and historical dynamics and as examples of complexities of Third World national integration.

305 Modern China (3) Survey of the historical and cultural background of China. Emphasis is given to the significance of China's modern period and its impact on world affairs.

#306 Chinese Civilization (3) Study of dominant cultural, philosophical, and historical patterns that have influenced the development of China as it is today and the traditional way in which Chinese approach their own history.

- #308 Introduction to the Islamic World (3)** Study of the religio-cultural heritage of the Islamic world against a historical background. Selected areas of Middle, South, and Southeast Asia will be utilized to illustrate the flowering of Islamic arts, architecture, and poetry. Includes geography component. Offered in spring semester.
- 311 History of Africa to 1875 (3)** A survey of African history to 1875, providing regional coverage of the entire continent, and an examination of African oral traditions.
- 312 History of Africa Since 1875 (3)** A survey of African history since 1875, focusing on European colonialism, African resistance, and contemporary developments.
- #315 History of Latin America to 1825 (3)** Pre-Columbian period, colonial Latin America, and movements for independence; Indian, European, and African backgrounds; government, economy, society, religion, culture, and enlightenment. Interaction of diverse cultures in the New World. Offered every semester.
- #316 History of Latin America Since 1825 (3)** Latin America in the 19th and 20th centuries; liberalism, conservatism, dictatorship, revolution, socialism, industrialization, agrarian reform, cultural-intellectual achievements, and international relations. Topical approach, using individual countries as case history illustrations. Offered every semester.
- #317 History of Mexico (3)** Mexico from Pre-Columbian period to present, including civilizations of Mayas and Aztecs, Spanish conquest, Colonial period, movement for independence era of Santa Ana, La Reforma, Diaz dictatorship, Mexican Revolution, cultural-intellectual achievements, international relations, and modernization of Mexico since the Revolution.
- #318 The Ancient World (3)** Classical Greece and Rome with consideration of economic, social, intellectual, and political history. Selected writings of the ancients.
- #319 Medieval Europe (3)** Western Europe from the fall of Rome to approximately 1300. Economic, social, political, and intellectual developments in the major kingdoms of the West; the history of the Universal Church. Offered in spring semester.
- 320 Renaissance and Reformation (3)** Political, economic, social, and cultural forces that emerged in Europe from 1300 to 1650. The evolution of modern states and the rise of the middle class. Offered in spring semester.
- 322 Family and Women in Europe: Renaissance to Industrial Revolution (3)** Focuses on private and public aspects of the family in various European countries, and the role and everyday life of women of diverse social backgrounds. Special attention is given to changes over time.
- #323 Austrian Civilization (3)** An interdisciplinary study of Austrian civilization, 1848-1938. Emphasis is placed on fin-de-siecle Vienna, not only as its pivotal role in Austrian culture but also as a testing ground for modernism in the West.
- #324 Russian History to 1917 (3)** Russian history from ninth century Kiev to the end of the Imperial period. Major emphasis on the continuing religious, economic, social, and political tradition peculiar to the Russian state. Offered in fall semester.
- 325 History of Journalism (3)** A historical survey of the American press from Colonial times to the present, with special emphasis on the continuing struggle for press freedom and the new journalistic environment created by the emergence of mass media.
- #329 Gender and Peace (3)** Examination of the ways in which social constructions of gender intersect with perceptions and experience of war and peace.
- #330 Conflicts in Modern Europe (3)** Power politics in Europe; alliances and counteralliances; imperialism; First World War and Versailles peace settlements; emergence of totalitarian ideologies. Offered in fall semester.
- 331 20th-Century Europe (3)** European fascism and communism; totalitarianism confronts liberalism; interaction between domestic politics and foreign policy; polarization of European politics; disintegration of the political institutions of the traditional state.
- 333 European Economic History (3)** European demographic and technological change; trade unions; agriculture; trade; the entrepreneur; distribution of income and welfare from the 10th century to the present.
- 344 History of Pennsylvania (3)** The founding and development of Pennsylvania from its Colonial beginnings to the present with emphasis on the relation of the past to the present.
- 345 Oral History (3)** An examination of contemporary history by making taped interviews of the reminiscences of people involved in recent political events, human rights movements, local or national issues, etc.
- #348 The Bible in History (3)** The Bible as a historical record. From the Pentateuch through the prophetic literature, the Apocrypha, the Pseudepigrapha, and the Dead Sea Scrolls to the New Testament. Historical records of the ancient Near Eastern civilizations will be compared with Biblical sources. Offered in spring semester.
- 352 Modern American Military History (3)** The role of the American military in shaping the course of the nation in the 20th century. Offered in fall semester.
- 354 U.S. Labor History (3)** American labor from the colonial era to modern times. Examines labor and government, labor and law, labor and politics, labor and women, children and minority groups, labor and technology, real wages, and labor theory.
- 356 U.S. Environmental History (3)** An examination of the transformation of the American landscape, the history of American environmental policy, and the development of today's environmental crisis.
- 357 Diplomatic History of the United States (3)** The theory and practice of American diplomacy from Colonial times to the present with emphasis on the 20th century. Offered in spring semester.
- 358 Economic History of the United States (3)** The economic development of the American nation as it evolved from a frontier, agricultural country into an urban, industrial power. Offered in fall semester, alternate years.
- 359 Depression Decade (3)** An examination of the causes and consequences of the Great Depression, including business cycle theory, banking, technology, labor problems, the New Deal, and the contributions of the decade to modern American life.
- 360 Technology and American Life (3)** Promises and practices of American life in response to the interaction of American forms, values, and scientific-technological change from the Colonial period to the present.
- 361 Constitutional History of the United States (3)** The development of the Constitution of the United States from the Philadelphia convention to the present with emphasis on major Supreme Court decisions.
- 362 Violence in America (3)** A study of violence in American society as an instrument of change and a method of social control. Offered every semester.
- 364 U.S. Urban History (3)** A survey of the rise of the American city from early Philadelphia to the modern metropolis. The recurring themes of growth, immigration, social mobility, city politics, city planning, urbanism, and suburbanism.
- 365 Popular Culture in 20th-Century America (3)** A survey of the history of modern American popular culture and arts, and their impact on American society.
- 366 The Turbulent Sixties (3)** Examination of the stress and conflict in American politics, arts, literature, and society of the 1960's. Offered in spring semester.
- 370 American Indians (3)** A survey of Indian civilization on the continent of North America and the confrontation of this civilization with white culture.
- 373 Afro-American History (3)** The Afro-American: origins, period of slavery, industrialization of the South, migration to northern urban centers, civil rights movements, and the evolution of "Black Power." Offered in fall semester.
- ◆399 Topics in History (3)** Topics may vary each semester. Emphasis on student research and discussions.
- ◆400 Seminar (3)** In-depth research, study, and discussion of a selected historical topic. Topics will vary. Recommended for seniors. Offered in spring semester. PREREQ: HIS 300.
- 406 20th-Century Japan (3)** The course deals with Japan's role in Asian and world affairs from the Meiji Restoration of 1868 through the World War II period. Concludes with an assessment of Japan's post-World War II role as an economic power positioned to re-emerge as a major political entity.
- 407 History of Brazil (3)** A general survey of Brazil from 1500 to the present. Emphasis will be placed on economic and political issues, slavery and race relations, literature, and current ecological problems relative to the Amazon Basin.
- ◆410 Independent Studies in History (1-3)** Research projects, reports, and readings in history. Open to seniors only. PREREQ: Permission of department chairperson.
- 411 Middle East to 1700 (3)** The historical evolution of the Middle East from just before the time of Muhammad until 1700. The course seeks to promote an understanding of the nature and rise of the religion of Islam, the spread of Islamic civilization, and the evolution of the Arab and Ottoman empires. Offered in fall semester.
- 412 Middle East Since 1600 (3)** The historical evolution of the Middle East from 1600 to the present. The course seeks to promote a historically sound understanding of the conflicts and differences between Western and Middle Eastern societies, as well as the continuing interplay of secular and religious forces in the history of the region. Offered in spring semester.
- 415 Science in History (3)** This course offers an introduction to the historical evolution of modern science. Emphasis is placed on the life

and achievements of noted scientists against the backdrop of their time and culture. Consideration is also given to the impact of developing science on the shaping of Western values.

416 **Crime and Punishment in Europe, 1450-1789 (3)** Focuses on the historical development of criminal law, criminalization processes, court procedures, the use of judicial torture, crime rates, personal characteristics of the sentenced criminals, and the punishments they received.

420 **Biography of Modern European Women (3)** A discussion of biography as a form of historical writing and writing about women.

421 **History of England to 1688 (3)** The British people and their mores, institutions, and achievements from the earliest times to the Glorious Revolution.

422 **History of England Since 1688 (3)** England as a world leader during the Commercial and Industrial Revolutions, the evolution of the democratic process, and the emergence of liberalism followed by the democratic welfare state. Offered in spring semester.

423 **Modern Germany (3)** Germany in the 19th and 20th centuries: Napoleonic era, rise of Prussia, nationalism and unification, imperialism

and World War I, National Socialism, World War II, and divided Germany. Offered in fall semester.

425 **Soviet Russia (3)** Its rise and fall in light of traditional Russian patterns and the communist experiment. Offered in spring semester.

426 **History of Modern Italy (3)** A study of Italian unification, the Era of Liberalism, Fascism, and post-World War II developments. Offered in fall semester, alternate years.

427 **Modern France: 1789 to Present (3)** The French Revolution; Napoleon; Bourgeois France; Third Republic; The Great War and Versailles; Nazism and the Popular Front; the collapse of 1940; the Fourth Republic; and the DeGaulle era. Offered in spring semester, alternate years.

435 **European Intellectual History Since 1800 (3)** A cultural history of ideas in 19th- and early 20th-century Europe.

447 **Jesus and Marx (3)** The relationship between Christianity and Marxism from the confrontation and contradiction of the 19th century to the coexistence and cooperation of the 20th century. Offered in spring semester.

450 **Internship in History (1-3)**

451 **Women in America (3)** American women's daily routines, social roles, and search for rights

and identity since Colonial days. Recent goals, values, and conflicts. Offered in fall semester.

455 **American Intellectual History (3)** Political and economic thought, theology, science, philosophy, and literature.

458 **History of the Cold War (3)** Origins and evolution of the Cold War with emphasis on the rationale for, and objectives of, American foreign policy since 1945. Includes an examination of the historical interpretations of the era.

460 **Field Studies in History (3)** A fully supervised learning experience designed to expose students to the culture, artifacts, and research facilities of a given country or area.

462 **Social and Cultural History of the United States (3)** The evolution of American society with emphasis on the impact of improving material conditions in labor, the arts, education, religion, social mores, and family life. The changing status of women, blacks, and immigrants.

474 **American Religions (3)** The changes of American religion from the Pilgrims of New England to the cults of California. Offered in fall semester.

Interdisciplinary Programs

Richard J. Webster, *Coordinator*

West Chester University offers two interdisciplinary programs leading to a Bachelor of Arts degree:

American Studies

Comparative Literature Studies

West Chester also offers six interdisciplinary programs leading to transcript recognition:

Ethnic Studies

Latin American Studies

Linguistics

Peace and Conflict Studies

Russian Studies

Women's Studies

These programs give students the opportunity to develop a synthesis of knowledge from several disciplines. Drawing upon professors from across the campus, the programs are directed by a Committee of Interdisciplinary Programs under the aegis of the dean of the College of Arts and Sciences. See individual programs for course sequences.

Comparative Literature Studies Program

Kostas Myrsiades, *Coordinator*

PROFESSORS: K. Myrsiades

ASSOCIATE PROFESSORS: Kelly, Schlau, Stoller, Ward

ASSISTANT PROFESSORS: Awuyah, Maltby, L. Myrsiades, Ramanathan

This program provides a curriculum option for students with an interest in international studies by offering a broad background in European and non-Western culture and literature.

This program is responsive to recent developments in professional business, law, and medical schools, which stress admission of students with humanities backgrounds or humanities complements to their scientific or technical backgrounds, and it reflects the growth of professional school programs that include more options in the humanities.

More specifically, this program is designed to answer student requests for a program that supplies a greater breadth of literature than is commonly offered in a language program and a greater variety than that offered in an English department.

STEERING COMMITTEE

Marshall J. Becker, Erminio Braidotti, Mary Crawford, Andrew E. Dinniman, Stephen D. Gilmour, William I. Guy, Mildred C. Joyner, Deborah Malstedt, Dimitri I. Monos, Jerome M. Williams, Robert J. Young

The Ethnic Studies Institute (ESI) offers a minor and a certificate to any student, regardless of major, who satisfactorily completes 18 semester hours of work in ethnic studies.

Study may lead to a general certificate in ethnic studies or to a specialized certificate in one of the following areas:

- African-American Studies
- Hispanic-American Studies
- Jewish-American Studies
- Native American Studies

For current requirements and a list of approved courses in each specialization, consult the director of ethnic studies.

For each option presently offered there are, in addition to the relevant ethnic studies core courses, certain cognate courses. These cognate courses do not necessarily deal directly with ethnic group life but give an added dimension of social and historical background.

As soon as possible, students should register their intent to earn the minor with the director of the Institute for Ethnic

Studies. At the end of each semester, students should report the ethnic-related courses completed during the semester and the courses planned for the following semester to the director. An updated list of courses approved for credit is available each semester from the Institute for Ethnic Studies before the advising and scheduling period. Students can use an approved ethnic-related course toward the completion of the certificate of minor in Ethnic Studies at the same time it is being used to fulfill their major, minor, or elective requirements.

Students are encouraged to attend at least two cultural ethnic events—speakers, musical programs, art shows, theatre productions, or films—each year.

For advising in Ethnic Studies, contact Bonita Freeman-Witthoft, 201 Old Library.

Minor in Holocaust Studies 18 semester hours

The program in Holocaust Studies deals not only with historical aspects of the Holocaust, but also with moral and political issues involved in the prevention of future holocausts.

This minor may be taken as a concentration by students in the Associate of Arts in liberal studies program or as one of the minors in the Bachelor of Arts or Bachelor of Science in liberal studies general degree program.

For advising in Holocaust Studies, contact Dr. Irene G. Shur in Main Hall.

ADVISORY COMMITTEE: Charles Bauerlein, Roger Bove, Diane Casagrande, Louis Casciato, Anne Dzamba, Ralph Eisenstadt, David Eldredge, Robin Garrett, Harvey Greisman, Tom Heston, Barbara Kauffman, Carol Radich, Bhim Sandhu, Stacey Schlau, William Seybold, Irene Shur

Peace and Conflict Studies examines social conflict, conflict resolution, and cooperation at the group, national, and international levels. This process involves understanding factors that contribute to peace with justice, various functions of conflict, and processes by which conflict may be managed. The minor fosters skills for both study and action. Though primarily an enrichment to liberal education, this minor is relevant to a variety of careers, both traditional and emerging. The former include law, communications, education, and government. However, there are also many career opportunities with a wide range of public interest and advocacy organizations.

The Peace and Conflict Studies minor consists of 18 credit hours, some of which may also be used to fulfill other degree requirements. This minor may be taken as a concentration by students in the Associate of Arts in liberal studies program or as one of the minors in the Bachelor of Arts or Bachelor of Science in liberal studies general degree program.

The Women's Studies Program consists of an interrelated group of courses offered in a wide variety of academic disciplines. The program operates under the supervision of the Women's Studies Steering Committee. This program is envisaged both as an enrichment to liberal education and as a preprofessional field. The social transformation that is taking place in society and in intellectual life is making study in this area an asset in many arenas.

The aim of the program is to integrate the perception and experience of women into the curriculum and to encourage inquiry into previously neglected areas, such as women's history, women's literature and art, psychology of women, and women's position in society.

Minor in Women's Studies

18 semester hours

A women's studies minor consists of 18 credit hours, no more than six of which may be taken in a single department. Two courses are required for the minor: WOS 225, and either WOS 405, 410, or 415. Other courses may be chosen from the list of women's studies offerings. Transcript recognition will be awarded upon completion. This minor may be taken as a concentration by students in the Associate of Arts in liberal studies program or as one of the minors in the Bachelor of Arts or Bachelor of Science in liberal studies degree program.

For advising in Women's Studies, contact Dr. Stacey Schlau, Main Hall 211.

Descriptions of WOS courses in Women's Studies appear below. See departmental listings for all other courses.

COURSE DESCRIPTIONS

WOMEN'S STUDIES

Symbol: WOS

#225 Women Today: An Introduction to Women's Studies (3) An interdisciplinary course designed to enable students to analyze various kinds of statements on women, to question the implications of changing cultural patterns, and to sample first-hand efforts for change. Satisfies interdisciplinary requirement. Offered every semester.

#315 Third-World Women (3) This course will examine the nature of women's lives in the Third World, focusing on topics such as family, education, health, development policies, and political change. Geographic areas studied include Africa, Asia, Latin America, and the Middle East. Offered spring semester, odd-numbered years.

◆320 Independent Study (3) Independent research and study for upper-division students. Topic to be approved by supervising faculty member. PREREQ: WOS 225. Offered as needed.

◆325 Special Topics in Women's Studies (3) Selected (and changing) topics, e.g., Ethnic Women; Women in the Workplace; Love, Marriage, and Divorce. Offered as projected enrollments warrant.

#329 Gender and Peace (3) An examination of the ways in which social constructions of gender intersect with perceptions and the experience of war. Offered fall semesters.

◆400 Internship (3) This course is designed to allow students the opportunity to put into practice, outside the academic setting, the knowledge regarding women's experiences gained in other courses. Some possible sites might be a women's health clinic, a business, a newspaper, a social service agency, or an electoral campaign. There will be both an on-site and a faculty supervisor. PREREQ: WOS 225 and two other women's studies courses. Offered as needed.

#405 Feminist Theory (3) Designed to introduce and discuss basic questions in contempo-

rary feminist theory, the course will explore different philosophies of feminism and include such issues as motherhood, intersections with other theories of oppression, and body politics. Offered spring semester, even-numbered years. PREREQ: WOS 225 or permission of the instructor.

◆410 Senior Colloquium (3) This is one of the choices for the final required course for the minor. Sample topics include global feminism, mothering, the experiences of women of color, and feminist utopias. Offered as needed.

◆415 Senior Project (3) Preparation of research in any area of women's studies, to be decided by student and adviser. Supervision includes exercises in method and bibliography. Usually, a lengthy research paper will be the final result. Offered as needed.

Approved interdisciplinary course.

◆ This course may be taken again for credit.

Liberal Studies Program

James D. Fabrey, *Director*

In addition to programs leading to baccalaureate degrees in specific academic fields, the University offers a degree in liberal studies. The program is designed for either traditional or nontraditional students who seek a general education, or who desire to build majors that cut across traditional disciplinary lines. An Associate of Arts degree in liberal studies is available to students seeking a two-year degree.

Typically, the liberal studies student selects the undeclared major program if entering the University as a freshman. After completing at least 32 semester hours, and after achieving a minimum Grade Point Average of 2.00, the student may request an interview with the director of liberal studies for the purpose of planning a curriculum in one of the three available tracks. Students may enter the liberal studies program from other majors of the University, or as transfers from other colleges, by the same process and by meeting the same requirements. It is University policy that no student, whether presently enrolled at West Chester or attempting to be admitted from another university, is permitted to enroll in the liberal studies program after earning 80 semester hours.

Three advisement tracks within two separate baccalaureate degrees are available. The Bachelor of Arts in liberal studies—arts and sciences track is designed principally for students who are interested in a general education with no specific orientation toward career preparation. Alternatively, either the Bachelor of Arts in liberal studies—career preparation track, or the Bachelor of Science in liberal studies—science and mathematics emphasis track will be more useful to the student who is seeking to construct a career-centered curriculum that is not otherwise available at West Chester University.

2. Liberal studies breadth requirements (behavioral and social sciences, humanities and communications, and the arts) 15 semester hours
3. Science and mathematics cognate requirements. Seven to nine semester hours in any four of the following departments: Biology (BIO 110 or above), Chemistry (CHE 103 and CRL 103 or above), Geology/Astronomy (above ESS 111), Physics (PHY 130 or above), and Mathematics (MAT 110 or above, or CSC 115 or above) 32 semester hours
4. Liberal studies electives of the student's choice at the 300 and 400 level 20 semester hours
5. At least one minor selected from the departments of Biology, Geology and Astromy, Physics, or Mathematics and Computer Science

ASSOCIATE OF ARTS – LIBERAL STUDIES

The University offers a program of studies leading to the degree of Associate of Arts in liberal studies. This program is especially suited for students who want a solid, two-year foundation from which to move into a wide variety of fields, including business, the sciences, and public service. Many students also have used the associate degree as a means of introducing themselves to the university setting, and then later building on it toward the completion of a baccalaureate degree.

The program consists of a set of general education courses and 15-21 semester hours in an area of concentration. The specific requirements and areas of concentration are outlined on pages 38-39. Students who elect one of these areas of concentration receive their academic advice from a faculty member of the program or department responsible for that area of concentration with guidance and assistance from an adviser in the Office of Liberal Studies.

University policy prohibits a student from entering the Associate of Arts degree after having earned 50 semester hours of credit.

THIS PROGRAM IS BEING SUSPENDED; HOWEVER, STUDENTS CURRENTLY ENROLLED MAY CONTINUE IN THE PROGRAM. FOR INFORMATION CONTACT THE DIRECTOR OF LIBERAL STUDIES AT 436-1096.

Students in the Bachelor of Arts tracks have the option of using up to six semester hours of their liberal electives as Senior Thesis (LST 490) credits. Interested students should consult with the program director well before earning 80 semester hours about procedures for pursuing the senior thesis.

ASSISTANT PROFESSORS: Edelman, Horton, Horvath, Johnston, Schremmer

The Department of Mathematics and Computer Science offers two programs leading to the Bachelor of Arts degree in mathematics, two programs leading to the Bachelor of Science degree in computer and informational sciences, and a program leading to the Bachelor of Science in Education.

1. The B.A. in MATHEMATICS enables each student to receive the basic preparation for the career of his/her choice, such as college teaching, research and other service in industry and government, and computer programming. In all cases, the student receives a sound preparation for graduate study in the field of mathematics.
2. The B.A. in MATHEMATICS – COMPUTER SCIENCE offers the student interested in mathematics and computer science an opportunity to study both disciplines.
3. The B.S. in COMPUTER AND INFORMATION SCIENCES requires course work in computer science, mathematics, and business. In addition, the student gains valuable experience on the job through an internship program with local industry and business. Normally, this program requires attendance during one summer session in addition to the eight academic semesters. The information systems track prepares the student to use the computer as a tool for management in business and industry, leading to a possible career as a systems analyst. The computer systems track prepares the student to engage in the design, development, and effective use of computer systems through emphasis on software and computer system structure, leading to a possible career as a systems programmer.
4. The B.S. in EDUCATION in MATHEMATICS focuses on a heavy concentration in mathematics while the student earns state certification to teach secondary school mathematics.

Majors in all these areas should consult the appropriate department handbook and review with their advisers current requirements listed on the guidance record sheets.

REQUIREMENTS COMMON TO THE B.A. PROGRAMS

1. General Requirements, see pages 35-38 51 semester hours
2. Foreign Language Requirement (French, German, or Russian) 0-12 semester hours
3. Related Requirements 7 semester hours
CSC 141; PHY 170
4. Major Requirements 29 semester hours
MAT 110, 161, 162, 211, 261, 262, 343, 411, and 421

BACHELOR OF ARTS – MATHEMATICS

1. Additional Major Requirements 3 semester hours
MAT 232
2. Electives in Mathematics 12 semester hours
Selected from upper-division mathematics courses
3. PHY 180 4 semester hours

BACHELOR OF ARTS – MATHEMATICS WITH COMPUTER SCIENCE CONCENTRATION

1. Additional Major Requirements 15 semester hours
CSC 142, 241, 242, and 490 (CSC 490 must be taken as a three-credit course); MAT 425
2. Electives in Mathematics 6 semester hours
3. Electives in Computer Science 6 semester hours

BACHELOR OF SCIENCE – COMPUTER AND INFORMATION SCIENCES

1. General Requirements, see pages 35-38 51 semester hours
2. Core Curriculum 20 semester hours
Computer Science Requirements
CSC 141, 142, 241, 242, 361, and five approved language labs
3. Mathematics Requirements 15 semester hours
MAT 161, 162, 221, and 281
4. Natural Science Requirements 9 semester hours
One semester each of three different natural sciences
5. Cooperative Experience 13 semester hours
CSC 300 and 400
6. Information Systems Track Requirements 27 semester hours
ACC 201-202; CSC 321; ECO 112; ENG 368; MGT 300; MKT 301; and six semester hours of approved electives in business, computer science, or mathematics
7. Computer Systems Track Requirements 21 semester hours
ACC 201; CSC 331 and 341; ENG 368; and nine semester hours of approved electives in computer science and mathematics

BACHELOR OF SCIENCE IN EDUCATION

1. General Requirements, see pages 35-38 51 semester hours
2. Mathematics Requirements 38 semester hours
MAT 110, 161, 162, 211, 231, 261, 262, 343, 350, 354 (credited to professional education), 411, and 421
3. Professional Education Requirements 27 semester hours
EDF 100; EDM 300; EDP 250 and 351; EDS 306 and 411-412
4. Related Requirements 11 semester hours
CSC 141, and PHY 170-180
5. Electives in Mathematics 9 semester hours
Selected from upper-division mathematics courses

Minor in Mathematics 18 semester hours

Baccalaureate students may receive transcript recognition for a minor area of study in mathematics by completing four required courses and two electives selected from the approved list.

1. Required Courses 12 semester hours
MAT 105 or 110, and 161, 162, and 211

| | |
|--|-------------------|
| 2. Approved Electives: Select two MAT 232, 343, 411, or 421 | 6 semester hours |
| Minor in Computer Science | 19 semester hours |
| Baccalaureate students may receive transcript recognition for a minor area of study in computer science by completing four required courses and two electives in computer science courses numbered 200 or higher, including at least one computer science course numbered 300 or higher. | |
| 1. Required courses CSC 141, 142, 241, and MAT 161 | 13 semester hours |
| 2. Approved Electives | 6 semester hours |

In both of the above minors, a student must earn a minimum grade of C- in each course and have an average of at least 2.0 over all the courses taken in the minor. At least 10 hours of the minor must be taken at West Chester University.
Advanced Placement Policy

A score of three on the Mathematics Advanced Placement Exam of the College Boards will allow a mathematics major to begin his or her studies with MAT 162. MAT 110 may or may not be taken at the discretion of the student. Students who are granted advanced placement of 4-8 semester hours take 4-8 additional semester hours of electives in mathematics.

COURSE DESCRIPTIONS MATHEMATICS

Symbol: MAT

MAT 000 Fundamentals of Algebra (3) A preparatory course to remediate basic arithmetic and algebraic skills. Students scoring below 450 on the mathematics section of the Scholastic Aptitude Test (SAT) and who do not pass the mathematics test during their orientation program are placed in this course prior to any other mathematics course. Credits earned in 000-level courses do not count towards the 128 hours of credit needed for graduation. The course must be passed with a grade of C- or better, or be repeated.

001 Fundamental Skills in Arithmetic (3) A course designed to remediate basic arithmetic skills and to introduce elementary algebra. In general, students placed in MAT 001 have scored below 400 on the math SAT and have not taken high school algebra. Students are being prepared to take Fundamentals of Algebra (MAT 000) and must earn at least a C- to enroll in that course. A student in MAT 001 does not earn credit toward graduation for this course. Elementary and special education majors in need of algebraic and/or arithmetic remediation must enroll in MAT 001.

101 Mathematics for Elementary Teachers I (3) Sets; functions; logic; development of whole numbers, integers, and rationals (including ratios, proportions, and percents); number theory; problem solving. For early childhood, elementary education, and special education majors only.

102 Mathematics for Elementary Teachers II (3) Development of real numbers; geometry; measurement; probability and statistics; problem solving. For elementary education and special education majors only. PREREQ: MAT 101.

103 Introduction to Mathematics (3) An introduction to the nature and spirit of mathematics and its cultural significance. Designed for general education.

105 College Algebra and Trigonometry (3) A unified course in algebra and trigonometry. PREREQ: High school algebra.

107 College Algebra (3) A thorough treatment of college algebra. Topics covered include the study of polynomial, exponential, and logarithmic functions, plus systems of linear equations. PREREQ: SAT score of 450 or above, or passing a placement test, or obtaining at least a C- in MAT 000.

108 Survey of Calculus for Business (3) An intuitive approach to the calculus of one and two variables with emphasis on business applications. PREREQ: MAT 105 or MAT 107.

110 Foundations of Mathematics (3) A precalculus course. Topics include polynomials, rational functions, inverse functions, theory of equations, circular functions, arithmetic and geometric series, mathematical induction, and complex numbers.

121 Statistics (3) Basic concepts of statistics. Frequency distributions, measures of central tendency and variability, probability and theoretical distribution, significance of differences, and hypothesis testing. For nonmathematics majors.

MTL 121 Statistics Lab (1) Introduces the student to using and programming the computer to solve statistical problems and to aid the student in understanding statistical concepts. The BASIC language is used.

161 Calculus I (4) Differential and integral calculus of real-valued functions of a single real variable, with applications. PREREQ: Good working knowledge of high school algebra and trigonometry demonstrated by a math SAT score of 650 or above, or a C- or above in MAT 105 or MAT 110.

162 Calculus II (4) Continuation of MAT 161 including the study of series, methods of integration, transcendental functions, and applications to the sciences. PREREQ: MAT 161.

209 Topics in Mathematics for the Elementary Teacher (3) Introduction to programming in BASIC; computer uses for the classroom teacher; descriptive statistics with applications for teaching; and measurements of length, area, volume, and temperature that focus on the SI metric system with practice in the classroom. Additional topics in applied mathematics will be considered. PREREQ: MAT 102. Offered in the fall semester.

211 Linear Algebra (3) An introduction to linear algebra. Topics covered include matrices, systems of linear equations, vector spaces, linear transformation, determinants, eigenvalues, spectral theorem, and triangulation.

212 Algebra for Elementary Teachers (3) Formal structure of groups, rings, and fields with examples from the elementary curriculum. Topics from linear algebra including matrices, determinants, and linear programming. PREREQ: MAT 102.

221 Applied Statistics (3) Probabilities, discrete and continuous probability distributions, methods of estimation, and hypothesis testing. PREREQ: CSC 141 (or equivalent) and MAT 162 (or equivalent).

231 Foundations of Geometry (3) Geometric foundations from an advanced viewpoint. Topics are chosen from euclidean and noneuclidean geometries. Offered in the spring semester.

232 Differential Geometry (3) Classical differential geometry from a modern viewpoint.

Curves and surfaces and shape operators. Introduction to Riemann geometry. PREREQ: MAT 262.

233 Geometry for Elementary Teachers (3) Modern informal approach to two- and three-dimensional geometric figures, measurement, similarity, congruence, coordinate geometry, and the postulational method. PREREQ: MAT 102.

261 Calculus III (3) The calculus of several variables. Topics include polar coordinates, vectors and three-dimensional analytic geometry, differentiation of functions of several variables, multiple integrals, and line and surface integrals. PREREQ: MAT 161 and MAT 162.

262 Calculus IV (3) The calculus of vector-valued functions of a vector variable. Derivatives and properties of the derivative including the chain rule, fields and conservative fields, integration, and Green's, Stokes', and Gauss' theorems. PREREQ: MAT 261.

281 Discrete Mathematics (4) This course is designed to provide a foundation for the mathematics used in the theory and application of computer science. Topics include mathematical reasoning, the notion of proof, logic, sets, relations and functions, counting techniques, algorithmic analysis, modelling, cardinality, recursions and induction, graphs, and algebra. PREREQ: MAT 162.

321 Combinatorics and Graph Theory (3) Introduction to set theory, graph theory, and combinatorial analysis. Includes relations, cardinality, elementary combinatorics, principles of inclusion and exclusion, recurrence relations, zero-one matrices, partitions, and Polya's Theorem. PREREQ: CSC 101 or CSC 141 and MAT 262 or MAT 281.

343 Differential Equations (3) The general theory of n th order, and linear differential equations including existence and uniqueness criteria and linearity of the solution space. General solution techniques for variable coefficient equations, series solutions for variable coefficient equations, and study of systems of linear equations. PREREQ: MAT 261. Offered in the spring semester.

349 Teaching Mathematics in Early Childhood (3) Concepts, learning aids, syllabi, texts, and methods in early childhood mathematical teaching. PREREQ: MAT 101.

350 Foundations of Mathematics Education (3) Historical overview of mathematics education with emphasis on influential curricular programs, implications of learning theory, significance of research, identification of current issues, organizational alternatives for the classroom, and evaluation resources. PREREQ: MAT 261. Offered in the fall semester.

351 Teaching Mathematics in Elementary Schools I (3) Concepts, learning aids, syllabi,

texts, and methods in elementary school mathematics. MAT 101-102.

352 Teaching Mathematics in Elementary Schools II (3) Techniques for teaching children concepts such as geometry in two and three dimensions, number sentences, graphing, ratios and percentages, quantifiers, etc. Use of laboratory materials will be emphasized. PREREQ: MAT 351. Offered in the spring semester.

354 Techniques of Teaching Secondary School Mathematics (3) Techniques used in the presentation of specific mathematical concepts, associated materials, levels of questioning, and motivational devices. Scope and sequence of secondary mathematics topics. Criteria for text evaluation. Preview of student teaching. PREREQ: MAT 350. Usually offered in the spring semester.

357 Teaching Mathematics to the Handicapped (3) Methods and materials associated with the presentation of mathematics to the handicapped. Emphasis on individualization and involving thinking skills at the concrete level. Evaluative and interpretive techniques are included. PREREQ: MAT 101-102.

◆ 390 Seminar in Mathematics Education (3) Typical topics are remedial programs, low achiever programs, materials for mathematics education, methodology in mathematics education, mathematics and the computer, theories of mathematics education, and analysis of research in mathematics education. PREREQ: MAT 351.

400 History of Mathematics for Elementary Teachers (3) History and development of elementary mathematics from primitive times to the discovery of calculus. Problems of the period are considered. PREREQ: MAT 212, 233.

401 History of Mathematics (3) Development of mathematics from the Babylonian era to the 18th century. Some modern topics included. PREREQ: MAT 261.

◆ 405 Special Topics in Mathematics (3) Topics announced at the time of offering.

411-412 Algebra I-II (3) (3) Abstract algebra. Algebraic systems, groups, rings, integral domains, and fields. PREREQ: MAT 261. MAT 411 must precede 412.

414 Theory of Numbers (3) Properties of integers; primes, factorization, congruences, and quadratic reciprocity. PREREQ: MAT 262.

421-422 Mathematical Statistics I-II (3) (3) Probability theory, discrete and continuous random variables, distributions, and moment generating functions. Statistical sampling theory, joint and interval estimation, test of hypothesis, regression, and correlation. PREREQ: MAT 262. MAT 421 must be taken before 422.

425 Numerical Analysis (3) Numerical methods for the approximate solution of applied problems. Interpolation theory, curve fitting, approximate integration, and numerical solution of differential equations. PREREQ: CSC 115 or 141 and MAT 262

427 Introduction to Optimization Techniques (3) Nature of optimization problems: deterministic and stochastic, and discrete and continuous. Computer methods of solution, systematic and random search, linear quadratic, dynamic programming, and others. PREREQ: CSC 115 or 141 and MAT 262.

432 Topology (3) Elements of point set topology. Separation axioms. Connectedness, compactness, and metrizable. PREREQ: MAT 262.

441-442 Advanced Calculus I-II (3) (3) A rigorous treatment of the calculus of a single real variable. Topics in several real variables and an introduction to Lebesgue integration. PREREQ: MAT 262. MAT 441 must be taken before 442.

443-444 Applied Analysis I-II (3) (3) The techniques of analysis applied to problems in the physical sciences. Topics include partial differential equations, orthogonal functions, complex integration, and conformal mapping. PREREQ: MAT 262. MAT 443 must be taken before 444.

445 Complex Variables (3) Introduction to functions of a complex variable. Analytic functions, mappings, differentiation and integration, power series, and conformal mappings. PREREQ: MAT 262.

◆ 490 Seminar in Mathematics (3) Topics in mathematics selected for their significance and student-instructor interest. Independent study and student reports, oral and written. PREREQ: Senior standing and consent of department chairperson.

493 Mathematical Modeling (3) The idea of a mathematical model of a real situation. Techniques and rationales of model building. Examples from the life, physical, and social sciences. PREREQ: MAT 262, 343.

COMPUTER SCIENCE

Symbol: CSC

*101 Introduction to Computers (nonmajors)

(3) A course for nonmajors dealing with what computers are, what they can do, and how they are used. A brief history of computers and the societal implications of computer usage. A brief introduction to a programming language is provided along with hands-on experience using word processing, database, and spreadsheet programs.

*115 Introduction to Computer Programming (nonmajors) (3) The art and science of computing are introduced with an emphasis on structured programming. Topics include looping, branching, arrays, and program development.

*141 Introduction to Computer Science (3) Introduction to the art and science of computing and its applications. Topics include structured programming, algorithmic development, decisions, loops, procedures, functions, parameter passing, arrays, and files. Several programs are written by each student. At present, Pascal is the language used. PREREQ: Two years of high school algebra.

142 Applied Software (3) Techniques of program design, documentation, and implementation are studied using the structured language in CSC 141. Topics include the number system, internal data storage, recursion, sets, strings, pointers, and different types of files. PREREQ: CSC 141.

143 Applied Object-Oriented Programming (3) A study of the object-oriented programming paradigm using C++ for students having an introductory knowledge of C++. PREREQ: CSC 141, 142, and an introductory knowledge of C++.

202 Programming Language Lab – BASIC (1) Introduction to BASIC with an emphasis on programming. PREREQ: CSC 141 and MAT 161. Offered in fall of even-numbered years.

203 Programming Language Lab – APL (1) Introduction to APL with an emphasis on programming. PREREQ: CSC 141 and MAT 161. Offered in spring of even-numbered years.

204 Programming Language Lab – FORTRAN (1) Introduction to FORTRAN with an emphasis on programming. PREREQ: CSC 141. Offered in fall of odd-numbered years.

206 Programming Language Lab – MODULA-2 (1) Introduction to the MODULA-2 programming language. PREREQ: CSC 141 and 142. Offered as needed.

207 Programming Language Lab – C (1) Introduction to the C programming language. PREREQ: CSC 141, 142, and 241 (CSC 242 recommended). Offered in the fall semester.

208 Programming Language Lab-Forth (1) Introduction to the Forth programming language. PREREQ: CSC 141. Offered as needed.

209 Programming Language Lab – List Processing (1) Programming skills are developed in a list processing language such as LOGO and/or LISP. PREREQ: CSC 141, 142. Offered in spring of odd-numbered years.

210 Programming Language Lab – Software Packages (1) Skills are developed in the use of various software packages, e.g., spreadsheet, database, and graphing. PREREQ: CSC 141. Offered in the spring semester.

211 Programming Language Lab – COBOL (1) Programming skills are developed in the COBOL language. PREREQ: CSC 141 or 115. Offered as needed.

212 Programming Language Lab – Advanced COBOL (1) Continuation of CSC 211. PREREQ: CSC 211. Offered as needed.

215 Programming Language Lab – PROLOG (1) Introduction to logic programming using PROLOG. PREREQ: CSC 141 and 142. Offered as needed.

216 Programming Language Lab – MODEL 204 (1) Introduction to programming in a data base environment using Model 204 DBMS. PREREQ: CSC 241 and 321. Offered as needed.

241 Data Structures (3) A study of data structures and algorithms for their manipulation using Pascal. Topics include stacks, queues, linked lists, trees, graphs, multiway search trees, B-trees, sorting, and searching. PREREQ: CSC 141, 142, and MAT 161 (MAT 281 is recommended).

242 Computer Organization (3) Study of the architecture of a computer system and its native language. Use of assembler language and interfacing with higher level languages is included. PREREQ: CSC 141, 142, and MAT 161 (CSC 241 recommended), or permission of instructor.

300 Cooperative Programming (4) The student works in the application programming section of an information systems group as a junior programmer to gain experience in programming and implementing small projects of use to the company. PREREQ: Written approval of the computer science internship supervisor; CSC 141, 142, 241, and 242; MAT 161 and 162; at least two programming language labs; a 2.50 in CSC; and a 2.00 in MAT (WCU classroom courses). Offered summer pre-session only.

311 Object-Oriented Programming (3) A study of the object-oriented paradigm. An object-oriented language, usually C++, is studied in detail. Object-oriented design methods are discussed and applied. PREREQ: CSC 141, 142, 242 (or a working knowledge of C).

321 Database Management Systems (3) Characteristics of generalized data management systems; survey of widely used systems; techniques for improving the interface between a manager and information needed to make decisions through easy-to-use, generalized, reporting systems. PREREQ: CSC 142, 241. Offered in fall and spring semesters.

331 Operating Systems I (3) Operating systems and their user characteristics. Maintenance of a complex operating system with emphasis on

◆ This course may be taken again for credit.
* Approved distributive requirement course.

important tradeoffs made in tuning the system. Core and file management, systems accounting and security, and other user-related services. PREREQ: MAT 221 and 281; CSC 241, 242, and 361.

332 Operating Systems II (3) A modularly constructed UNIX operating system that uses the object-oriented programming techniques of message passing is studied. Topics covered are process control and management, memory management, file management, systems accounting, and systems security. PREREQ: CSC 331.

335 Data Communications I (3) An overview of the various aspects of modern data and telecommunications. Discussion of the hardware and software facets of the transmission of information in the forms of voice, data, text, and image. Topics include communication protocols, transmission technologies, analog/digital transmissions, communications media, public data networks, LANS, and ISDN. PREREQ: CSC 141, 142, and 241.

336 Data Communications II (3) An in-depth study of some aspects of modern data communication systems. Discussion of the network implementation and design, serial port communications, and user interfaces. Topics include nd image, topics queuing theory, PC serial port hardware and software, interrupt programming, PC communication protocols, and user interface design. PREREQ: CSC 335.

341 Compiler I (3) Translation, loading, and execution of a higher level language. Syntax analysis of simple expressions and statements. Organization of a compiler, and design and implementation of a simple compiler. PREREQ: CSC 241 and 242, and MAT 281.

342 Compiler II (3) An in-depth study of syntax directed analysis, error recovery, and code optimization. Compiler language features. PREREQ: CSC 341.

343 Formal Languages (3) A study of the various types of automata and their associated languages. This course is designed to give a student an understanding and appreciation of the production system for languages and their relationship to automata. PREREQ: CSC 241 and 242, and MAT 221 and 281. Offered in fall of even-numbered years.

350 Computers in Education (3) (nonmajors) Technical knowledge and skills for successful use of the computer as a supportive tool for education in elementary and secondary school classes. Includes hands-on experience using word processing, database, spreadsheet, and elementary desktop publishing. Software evaluation techniques are learned using both utility and subject-matter software. Usually offered in summer sessions.

361 Simulation (3) Computer simulation using logical and numerical modeling to represent systems. Use of special languages to simulate actual systems. PREREQ: CSC 241, MAT 281 (or MAT 262), and MAT 221 (or equivalent).

371 Computer Graphics (3) Construction and manipulation of prototypes for graphical display purposes. PREREQ: CSC 241, MAT 281 (or MAT 262), MAT 211 (or permission of instructor). Offered in spring semester.

381 Artificial Intelligence (3) Thorough study and analysis of the LISP language in its application to non-numeric problems and symbol manipulations. Application to gaming, scene analysis and pattern recognition, linguistic analysis and semantic representation, image analysis and solution spaces, and problem solving and attention control. Each student is required to take one substantial problem and solve it using the LISP language and the techniques of artificial intelligence. PREREQ: CSC 241 and 242, and MAT 162 and 281. Offered in fall of odd-numbered years.

385 Expert Systems (3) Using the techniques of artificial intelligence and formal logic, meth-

ods are developed to establish knowledge bases and to extract inferences. Topics covered are backward and forward chaining, search methods, and frames and slots. PREREQ: CSC core and MAT 281.

400 Cooperative Specialty (9) Working for an organization in his or her concentration area, the student applies his or her background to real problems. PREREQ: Written permission from computer science internship supervisor, a 2.50 in CSC, a 2.00 in MAT (in WCU classroom courses), five programming languages labs, and completion of degree requirements during semester of registration.

402 Software Engineering (3) The purpose of this course is to introduce students to problems associated with programming large projects. Emphasis is on project planning, requirement analysis, software quality assurance, testing, and maintenance. Students work in groups on a large project. PREREQ: CSC core and CSC 300.

490 Independent Project in Computer Science (1-5) The student designs and implements a software system. Project problems are drawn from local industry and university departments. A computer science faculty member supervises each project. PREREQ: Permission of instructor.

◆ **495 Topics in Computer Science (3)** Announced at time of offering. PREREQ: Permission of instructor. Offered as needed.

499 Independent Study in Computer Science (1-4) In conjunction with the instructor, the student selects study topics via literature search. PREREQ: Permission of instructor.

◆ This course may be taken again for credit.

Department of Philosophy

George S. Claghorn, *Chairperson*

PROFESSORS: Claghorn, Croddy, Platt, Riukas, Streveler, Struckmeyer

ASSOCIATE PROFESSORS: Banyacski, Williams

ASSISTANT PROFESSORS: Hoffman, Porritt

The Department of Philosophy offers two programs leading to the Bachelor of Arts degree and, in cooperation with the faculty of teacher education, a program leading to the Bachelor of Science in Education.

1. The B.A. in PHILOSOPHY surveys the history of philosophy, explores its major disciplines, and focuses on selected topics of perennial interest. The purpose of the program is to develop the organizational, analytic, and expressive skills required for law school, the seminary, graduate work in philosophy, and the wide range of careers in government, business, and industry.
2. The B.A. in PHILOSOPHY – RELIGIOUS STUDIES is designed for students planning on religious vocations, or as a foundation for graduate work in religion or cross-cultural studies. The emphasis is on individual and social expression of religion, Western and non-Western, philosophic implications, and fine arts applications.
3. The B.S. in EDUCATION in SOCIAL STUDIES is for students interested in pursuing a concentration in philosophy

while earning state certification to teach secondary school social studies.

Majors in the two B.A. programs should consult the department handbook and their adviser for current requirements.

During the freshman year, students planning to pursue the B.S. in Education in social studies should consult with their adviser in this department and their professional studies adviser in secondary education.

REQUIREMENTS COMMON TO THE B.A. PROGRAMS

| | |
|--|----------------------|
| 1. General Requirements, see pages 35-38 | 44-51 semester hours |
| 2. Foreign Language/Culture Requirement | 0-15 semester hours |
| 3. Major Requirements | 24 semester hours |
| 4. Free Electives | 38-60 semester hours |

BACHELOR OF ARTS – PHILOSOPHY

| | |
|--|-------------------|
| 1. Required Core Courses (PHI 180, 190, 270, 272, and 499) | 15 semester hours |
| 2. Philosophy Electives | 9 semester hours |

BACHELOR OF ARTS – PHILOSOPHY – RELIGIOUS STUDIES

| | |
|---|-------------------|
| 1. Required Courses (PHI 102, 202, 203, 204, 271, 349, and SOC 344) | 21 semester hours |

BACHELOR OF SCIENCE IN EDUCATION – SOCIAL STUDIES: CONCENTRATION IN PHILOSOPHY

Students interested in teaching secondary school may pursue a concentration in philosophy while earning state certification and the Bachelor of Science in Education. See description under "Social Studies: B.S. in Education," pages 115-116.

Minor Programs

Students may minor in either philosophy or religious studies. A minimum of 18 semester hours is required. Elective courses are selected in consultation with the student's minor adviser. Either of these minors may be taken as a concentration by students in the Associate of Arts in liberal studies program or as one of the minors

in the Bachelor of Arts or Bachelor of Science in liberal studies general degree program.

COURSE DESCRIPTIONS

PHILOSOPHY

Symbol: PHI

NOTE: Only PHI 412, 436, and 499 have prerequisites. All other philosophy courses are nonsequential and open to all students. Not all courses will be offered every year.

INTRODUCTORY COURSES IN PHILOSOPHY AND RELIGION

*101 Introduction to Philosophy (3) The chief problems and methods of philosophic thought, with a survey of some typical solutions. The place and influence of philosophy in life today. Offered every semester.

#102 Introduction to Religious Studies (3) The role of religion in human life. Illustrations drawn from various traditions, rituals, and belief patterns, both ancient and modern.

150 Critical Thinking and Problem Solving (3) Introduction to the principles of valid inference and effective thinking. Problem solving; puzzles; games; decision making; the syllogism; probability; logical fallacies; and creative thinking.

#174 Principles of the Arts (3) Contrasting systems for the analysis and evaluation for works of art—literature, the visual arts, and music.

*180 Introduction to Ethics (3) Great ethical systems of history and their application to personal and social life. The right and the good; the nature of values; and critical ethical dilemmas.

207 Philosophies of Nonviolence (3) The theory and practice of nonviolent action. Gandhi, Tolstoy, and King are studied, along with lesser-known figures such as Gene Sharp, Thomas Merton, and A.J. Muste.

#SSC 200 Introduction to Peace and Conflict Studies (3) An interdisciplinary study of the causes and functions of societal conflict and processes of controlling conflict.

COURSES IN THE HISTORY OF PHILOSOPHY

*270 History of Ancient Philosophy (3) A survey of the major figures of ancient philosophy, from the pre-Socratic period through Plato, Aristotle, the Epicureans, and Stoics, to the Skeptics and Neo-Platonists. Offered in fall semester.

271 History of Medieval Philosophy (3) The history of philosophy from the early Church fathers to the late Middle Ages. St. Augustine, St.

Thomas, mysticism, Jewish and Mohammedan influences, humanism, and the rise of science.

*272 History of Modern Philosophy (3) From Descartes to Hegel. The social, political, and scientific impact of the philosophers. Offered in spring semester.

*273 19th-Century Philosophy (3) Hegel and German Idealism; decisive influences on European and American literature and thought. Survey of the chief themes of Schopenhauer, Comte, Mill, Spencer, Marx, Kierkegaard, Darwin, and Nietzsche.

274 Contemporary Analytic Philosophy (3) Philosophic trends since 1850, including the process philosophy, Pragmatism, Positivism, Existentialism, and the Analytic School.

284 American Philosophy (3) Leaders in science, literature, religion, and government who have shaped American thought. Philosophers of Puritanism, the Revolution, Transcendentalism, and native schools of Realism, Idealism, and Pragmatism.

*415 Existentialism (3) The rise and development of Existentialism; chief exponents; views of man; and influence on ethics, literature, and social action.

COURSES ON OTHER PHILOSOPHICAL TOPICS

190 Logic (3) Introduction to symbolic logic. The nature of logical arguments; truth-functional propositions; validity; natural deduction; and simple quantification. Offered every semester.

◆201 Contemporary Issues (3) Discussion and analysis of contemporary philosophical issues of particular concern to students. The topic varies from semester to semester.

#330 (also LIN 330) Introduction to Meaning (3) Relationship between linguistics and philosophy with emphasis on meaning in language. Some issues in the theory of meaning from both linguistics and philosophy; materials from each field to help solve these issues.

360 (also LIN 360) Philosophy of Language (3) Questions of meaning in communication. Emphasis on contemporary discussions of theories of natural language.

#370 Biomedical Ethics (3) A survey of basic ethical theories with application to contemporary ethical issues. Rights and responsibilities; the definition of life; and biomedical research.

380 Environmental Ethics (3) Ethical issues and duties relating to the natural environment; animal rights; and community issues, including overpopulation, pollution, and distribution of resources.

382 Social Philosophy (3) The relation between man and the state, especially as seen by recent thinkers. Justice, natural rights, political obligation, freedom, and equality.

#405 Feminist Theory (3) Designed to introduce and discuss basic questions in contemporary feminist theory, the course will explore different philosophies of feminism, including such issues as motherhood, intersections with other theories of oppression, and body politics.

PREREQ: WOS 225 or permission of instructor.

412 Ethical Theories (3) Advanced course in ethical theory, stressing applications. PREREQ: PHI 180 or permission of the instructor.

413 Aesthetic Theories (3) Interpretation of beauty and art. Effects of motivation, and problems in media and in goals. A background of meaning for the evaluation of specific works of painting, sculpture, music, and architecture.

414 Philosophy of Religion (3) Religion and the religious experience as viewed by major Western thinkers. The existence of God, immortality, religious knowledge, evil, miracles, and science and religion.

422 Philosophy of Science (3) The nature of scientific method and scientific theory, with reference to presuppositions, inference, explanation, prediction, applications, and verification.

436 Symbolic Logic (3) Principles and methods of symbolic logic. Practice in determining validity of sentential and quantificational arguments. The algebra of classes. PREREQ: PHI 190 or permission of the instructor.

483 Philosophy of History (3) Classic philosophies of history, including those of Augustine, Vico, Hegel, Marx, Spengler, Toynbee, and Collingwood. Definitions of civilization, norms of progress and decadence, determinism and indeterminism, causality, and pattern.

COURSES IN RELIGION

202 Religions of the West I (3) A survey of the thought of Christianity and Judaism to the year 500.

203 Religions of the West II (3) A survey of the thought of Christianity, Islam, and Judaism, from the year 500 to the present. Emphasis on theological development, with attention to social, economic, and historical factors.

204 Philosophies and Religions of India (3) The religious and philosophical heritage of India, from Vedic times to the present. Examination of major classics, such as Rig Veda, Upanishads, Bhagavad-Gita, and Yoga-sutras; recent writers such as Tagore, Gandhi, and Radhakrishnan.

205 Philosophies and Religions of the Far East (3) A survey of Far Eastern philosophy, religion, and scientific thought. Confucianism, Taoism, and the various schools of Mahayana Buddhism, including Zen, are given primary emphasis.

* Approved distributive requirement course.

Approved interdisciplinary course.

◆ Culture Cluster.

349 Ideas of the Bible (3) An introduction to Biblical concepts of revelation, God, man, nature, and redemption in light of Hebrew and Greek thought.

414 Philosophy of Religion (3) See "Courses in Philosophical Topics," above.

INDEPENDENT STUDIES AND SEMINARS

- ◆410 Independent Studies (1-3)
 - ◆499 Philosophic Concepts and Systems (3)
- An intensive study of the major works of one philosopher, stressing themes and comparison

with other views. Required of all philosophy majors. PREREQ: Six hours of philosophy and senior standing, or permission of instructor.

◆ This course may be taken again for credit.

Department of Physics and Pre-Engineering Program

Harold L. Skelton, *Chairperson*

PROFESSORS: Smith

ASSOCIATE PROFESSORS: Hawkes, Kaplan, Martens, Nicastro, Skelton

INSTRUCTOR: Holder

The Department of Physics offers three undergraduate degree programs: the Bachelor of Science in physics, the Bachelor of Science in Education, and a cooperative five-year engineering program with Pennsylvania State University.

For admission to the physics program, most students should have completed, in addition to the general University requirements, one year each of high school chemistry and physics, and a minimum of three years of mathematics, including algebra and trigonometry. Any student with a deficiency must complete ENG 120 and MAT 161 with grades of C- or better to be admitted to the program.

West Chester has a chapter of the national physics honor society, Sigma Pi Sigma.

A minor program in physics also is available.

BACHELOR OF SCIENCE – PHYSICS

This program is designed as preparation for graduate school or careers in government or industry. The curriculum includes a strong foundation in mathematics and the humanities. A wide choice of electives in the program provides the flexibility to develop a minor in an area of interest.

Requirements

- A. PHYSICS: PHY 170, 180, 240, 300, 310, 320, 330, 350, 420, and 430; an additional six credits in physics must be chosen from available electives at or above the 300 level
- B. MATHEMATICS: CSC 141; MAT 161, 162, 261, 262, and 343
- C. CHEMISTRY: CHE 103 and 104; CRL 103 and 104

Candidates for the B.S. in physics must satisfy a foreign language requirement at the 102 level. In physics, the recommended languages are French, German, or Russian.

Students must maintain a GPA of 2.00 or greater in their physics courses. Transfer students must take 15 or more physics credits at West Chester at the 300 level and above for graduation.

BACHELOR OF SCIENCE IN EDUCATION – PHYSICS

The B.S. program in physics education provides a solid background in physics, mathematics, and related science for a teaching career at the secondary level and leads to certification to teach physics in the public schools of Pennsylvania.

1. Physics Concentration Requirements

- A. PHYSICS: PHY 170, 180, 240, 300, 310, 320, 330, and 410 or 430
- B. MATHEMATICS: MAT 161, 162, 261, and MAT 343 or PHY 370

- C. SCIENCES: CHE 103 and 104; CRL 103 and 104; SCB 350; and an elective in astronomy, biology, and computer science
2. Professional Education Requirements (See page 112.)

Students must maintain a GPA of 2.00 or greater in their physics courses. Transfer students must take nine or more physics credits at West Chester at the 300 level and above for graduation.

BACHELOR OF SCIENCE – PHYSICS/BACHELOR OF SCIENCE – ENGINEERING

The Department of Physics offers a cooperative engineering program with Pennsylvania State University, requiring three years at West Chester University plus two years at Pennsylvania State University for study in engineering. At the end of this period, the student receives two baccalaureate degrees: a B.S. in physics from West Chester and a B.S. in engineering from Penn State.

Admission to Pennsylvania State University is contingent on a recommendation from the Department of Physics and the student having maintained the overall average for the specific engineering major.

Students who have completed a bachelor's degree are not eligible for transfer to Penn State in this program.

Areas of study in engineering are:

- | | |
|---------------------------|---------------------------------------|
| Aerospace Engineering | Industrial Engineering |
| Agricultural Engineering | Mechanical Engineering |
| Ceramic Science | Metallurgy |
| Chemical Engineering | Mining Engineering |
| Civil Engineering | Nuclear Engineering |
| Electrical Engineering | Petroleum and Natural Gas Engineering |
| Engineering Science | |
| Environmental Engineering | |

Physics Concentration Requirements

- A. PHYSICS: PHY 115, 116, 170, 180, 240, 260, 300, 310, 320; an additional six credits in physics at or above the 300 level must be chosen, depending on the engineering area selected
- B. MATHEMATICS: CSC 141; MAT 161, 162, 261, 262, and 343
- C. CHEMISTRY: CHE 103 and 104; CRL 103 and 104

In addition, students intending to enroll in chemical engineering must have CHE 231 and 232; in mining engineering, ESL 201, and ESS 101 and 302; and in petroleum and natural gas engineering, ESL 201, and ESS 101 and 203. Students intending to enroll in aerospace, electrical, or nuclear engineering must take PHY 370 and PHY 420.

Minor in Physics

19 semester hours

The program can be used as technical preparation to complement work in other scientific or nonscientific areas, e.g., business majors interested in careers in technologically oriented industries, majors interested in technical or scientific sales, English majors interested in technical writing, or social science majors interested in the area of energy and the environment.

Required: PHY 130 and 140, or PHY 170 and 180; also PHY 240. In addition, students must select eight credits of physics courses at the 300 level or above, chosen under advisement with the Department of Physics. Transfer students must take a minimum of six credits at West Chester at the 300 level or above. A 2.00 GPA or better must be maintained in all physics courses.

COURSE DESCRIPTIONS

PHYSICS

Symbol: PHY

(3,2) represents three hours of lecture and two hours of lab.

*100 Elements of Physical Science (3) A study of motion, energy, light, and some aspects of modern physics.

110 Acoustics for Speech and Hearing (3) Nontechnical introduction to acoustics. Waves and acoustical wave propagation, wave superposition, the acoustical spectrum, human voice tract as a sound source, and the human ear as a receptor.

115 Engineering Graphics I (1) Use and preparation of engineering drawings. Topics include the use of instruments, linework, geometric construction, lettering, four types of projections, dimensioning, and sections.

116 Engineering Graphics II (1) A continuation of PHY 115, to include topics such as layout, detail, and assembly drawings, developments, auxiliary drawings, various types of drafting, machine tool processes, and computer drafting. PREREQ: PHY 115.

†130 General Physics I (4) An introductory, noncalculus, physics course. Mechanics of solids and fluids, wave motion, heat and temperature, thermodynamics, and kinetic theory. (3,2) PREREQ: Algebra and trigonometry.

†140 General Physics II (4) An extension of PHY 130. Electricity and magnetism, geometrical and physical optics, and modern physics. (3,2) PREREQ: PHY 130.

†170 Physics I (4) An introductory course. Mechanics of solids and fluids, heat, temperature, thermodynamics, the kinetic theory, and wave motion. (3,2, one-hour recitation) PREREQ: MAT 161.

†180 Physics II (4) An extension of PHY 170. Electricity and magnetism, geometrical and physical optics, and modern physics. (3,2, one-hour recitation) PREREQ: PHY 170. CONCURRENT: MAT 162.

240 Introduction to Modern Physics (3) An atomic view of electricity and radiation, atomic theory, special relativity theory, X-rays, radioactivity, nuclear fission, and introductory quantum mechanics. PREREQ: PHY 140 or 180, MAT 162.

260 Engineering Statics (3) Composition and resolution of forces, equivalent force systems, equilibrium of particles and rigid bodies, centroids and center of gravity, analysis of simple structures, internal forces in beams, friction, moments and products in inertia, and methods of virtual work. PREREQ: PHY 130 or 170, and MAT 162.

300 Mechanics (3) Particle kinematics, dynamics, energy, and momentum considerations; oscillations; central force motion; accelerated reference frames; rigid body mechanics; Lagrangian mechanics. PREREQ: PHY 140 or 180, and MAT 162.

310 Intermediate Physics Laboratory I (2) A course to familiarize students with laboratory equipment and methods. PREREQ: PHY 240.

320 Intermediate Physics Laboratory II (2) A continuation of PHY 310. PREREQ: PHY 310.

330 Electronics I (3) Emphasis is divided between theory and experiment. The course begins with a brief review of resistive and RC voltage dividers. Electronic circuits studied include basic operational amplifiers, timers, instrumentation amplifiers, logic circuits, flip flops, counters, and timers. (2,2) PREREQ: PHY 140 or 180 and MAT 161, or permission of instructor.

340 Fundamentals of Radioisotope Techniques (3) Biological, chemical, environmental, and physical effects of nuclear radiation. Radiation detection instrumentation and radio tracer methodology (2,2) PREREQ: CHE 104, and PHY 140 or 180.

350 Heat and Thermodynamics (3) Equations of state, first and second laws of thermodynamics, ideal and real gases, entropy, and statistical mechanics. PREREQ OR CONCURRENT: PHY 240 and MAT 262.

370 Mathematical Physics (3) Selected topics in mathematics applied to problems in physics, ordinary differential equations, vector calculus, Fourier analysis, matrix algebra, and eigenvalue problems. PREREQ: MAT 261, and PHY 140 or 180.

400 Analytical Dynamics (3) Wave propagation, Lagrange's equations and Hamilton's principle, rigid body motion, and special relativity. PREREQ: PHY 300 and MAT 343.

410 Optics (3) Geometrical and physical optics. Reflection and refraction at surfaces, lenses, interference and diffraction, and polariza-

tion. PREREQ: PHY 140 or 180. PREREQ OR CONCURRENT: MAT 262.

420 Atomic Physics and Quantum Mechanics (3) Fundamental concepts of quantum mechanics with application to atomic physics. Topics covered are Bohr model, Schrodinger equation with applications, perturbation theory, helium atom, and scattering theory. PREREQ: PHY 240 and 300, and MAT 343 or PHY 370.

430 Electricity and Magnetism (3) Electrostatics of point charges and extended charge distributions, fields in dielectrics, and magnetic fields due to steady currents. Ampere's Law and induced emfs. Topics in electromagnetic waves as time permits. PREREQ: PHY 300, MAT 343, or PHY 370.

440 Microcomputer Electronics (3) Laboratory study of special circuits, integrated circuits, microcomputers, and microcomputer interface applications. PREREQ: PHY 330.

450 Advanced Physics Laboratory I (1) A course to familiarize students with contemporary laboratory equipment and methods.

460 Advanced Physics Laboratory II (1) A continuation of PHY 450.

470 Seminar in Physics (1) Oral and written reports on approved topics. Variation in topics from year to year, depending on the interest and needs of students.

◆ 480 Special Topics (1-3) Topics of special interest to be presented once or twice. PREREQ: To be specified by the instructor. Course may be repeated by student for credit any number of times when different topics are presented.

490 Introduction to Research (1-9) Specific problems in consultation with the faculty adviser. PREREQ: Permission of instructor.

#SCB 210 The Origin of Life and the Universe (3) An interdisciplinary course that presents the theory and evidence for the first three minutes of the universe, and formation of the stars, galaxies, planets, organic molecules, and the genetic basis of organic evolution. PREREQ: High school or college courses in at least two sciences.

* Approved distributive requirement course.
† PHY 170-180 and PHY 130-140: Approved two-semester requirement substitutes.

◆ This course may be taken again for credit.
Approved interdisciplinary course.

Pre-Medical Program

Philip Rudnick, *Director*Elise Triano, *Assistant Director*

COMMITTEE MEMBERS

Melissa Cichowicz, *Chemistry*Marianne Eleuterio, *Biology*Andrea Fishman, *English*Michael Moran, *Chemistry*Anthony Nicastro, *Physics*Philip Rudnick, *Chemistry*Paul Streveler, *Philosophy*Elise Triano, *Biology*Ralph Verno, *Mathematics*

The pre-medical program prepares students for application to the health professional schools of medicine, dentistry, and

veterinary medicine, and for careers in biomedical research. Supervised by a Pre-Medical Committee, the program consists of an individualized selection of course work, personal counseling beginning in the freshman year, and junior-year biomedical research at an outside research institute. Students with majors other than chemistry-biology (pre-medical) are required to have two advisers—one from their major field and one from the Pre-Medical Committee.

Because of the intense competition for health professional school admission, only academically talented and highly motivated students should apply to the pre-medical program. Applicants are selected on the basis of their potential for achievement in the program. Students in the program must maintain a minimum 3.00 Grade Point Average and the high standards of performance necessary for health professional school admission.

It is essential for incoming students contemplating a medical career to register with the Pre-Medical Office immediately upon matriculation at the University. Similarly, it is essential for stu-

dents who at some later time develop an interest in a medical career to register with the Pre-Medical Office. Students who fail to consult with the Pre-Medical Office prior to taking the Medical College Admissions Test (MCAT) or who fail to report the results of any MCAT exam to the Pre-Medical Office forfeit the privilege of receiving a Pre-Medical Committee letter of evaluation when they apply to medical school.

All West Chester students who wish to apply to a health professional school should ask their professors to forward letters of evaluation to the Pre-Medical Committee and *should process their applications through the committee*. The committee will send a composite letter of evaluation to the professional school. *Except for special circumstances, no letters of recommendation should be sent directly to professional schools.*

Further information is available in the Pre-Medical Office, Room 161 Schmucker Science Center.

CONCENTRATION AND CORE REQUIREMENTS FOR CHEMISTRY-BIOLOGY (PRE-MEDICAL) CURRICULUM BACHELOR OF SCIENCE – CHEMISTRY-BIOLOGY (PRE-MEDICAL)

1. General Requirements, see pages 35-38 29 semester hours
Includes six semester hours of English composition
2. Biology 24 semester hours
BIO 110, 217, 230, 357, 448, and 468
3. Chemistry 30 semester hours
CHE 103, 104, 231, 232, 321, 345, and 471
CRL 103, 104, 232, and 321 or 471
4. Concentration Elective, Biology or Chemistry 3 semester hours
5. Mathematics 13-14 semester hours
CSC 115, 141 or equivalent
MAT 121, 161
MAT 162
(Students who start with MAT 105 and participate in a full-time, one-semester research internship may substitute MAT 105 and 161 for MAT 161 and 162.)
6. Physics 8 semester hours
PHY 130 or 170
PHY 140 or 180

Department of Psychology

Edward Pollak, *Chairperson*

Philip Duncan, *Assistant Chairperson*

PROFESSORS: Crawford, Duncan, Kumar, Means, Moore, Morse, Pollak, J. Porter, L. Porter, Sands, Smith, Treadwell

ASSOCIATE PROFESSORS: Shinehouse

ASSISTANT PROFESSORS: Bloom, Bonifazi, DeSantis, Mahlstedt, McConatha, Renner

ADJUNCT PROFESSOR: Pekala

The Department of Psychology offers bachelor's degrees in three areas of concentration.

1. The B.A. in PSYCHOLOGY prepares the student to understand those variables, such as heredity, learning, and the environment, which shape and change behavior. Careers are possible in clinics, guidance centers, industry, hospitals, schools, and government. Students should consult their advisers concerning recommended preparations for specific career goals. This program will also prepare the student for postgraduate study.
2. The B.A. in PSYCHOLOGY: COGNITIVE REHABILITATION CONCENTRATION provides training for cognitive rehabilitation therapists. Such therapists work with patients who have suffered brain trauma following an accident or stroke. The therapist will carry out a treatment program designed to facilitate the recovery of cognitive functions such as memory, reasoning, judgment, etc. The cognitive rehabilitation therapist typically works under the supervision of a doctoral-level clinical neuropsychologist. This program also will prepare the student for postgraduate study.
3. The B.S. in EDUCATION program prepares students to teach the social sciences in the secondary schools.

BACHELOR OF ARTS – PSYCHOLOGY

1. General Education Requirements, see pages 35-38. 47-51 semester hours
Includes PSY 100. MAT 103 is required. BIO 100 and CSC 101 are strongly recommended for partial completion of the science requirement.

2. Foreign Language/Culture Requirement, see pages 37-38. 0-15 semester hours
3. Department Requirements 36 semester hours
A. Required Psychology Courses (21 semester hours)
PSY 245, 246, and 400. Students must choose two courses from Group I and two courses from Group II.
Group I
PSY 254, 257, or 375
Group II
PSY 363, 464, or 470
B. Psychology Electives (15 semester hours)
These may be selected from among any of the departmental offerings.
4. Department Free Electives 29-48 semester hours
These electives are in addition to the nine semester hours of electives listed under the General Education Requirements and may be selected from among any of the University course offerings.

BACHELOR OF ARTS – PSYCHOLOGY: COGNITIVE REHABILITATION CONCENTRATION

1. General Education Requirements 47-51 semester hours
Includes PSY 100. MAT 103 or a higher MAT course is required. BIO 100 and CSC 101 are strongly recommended for partial completion of the science requirement.
2. Foreign Language/Culture Requirement 0-15 semester hours
3. Departmental Requirements 39 semester hours
PSY 245, 246, 254, 257, 363, 375, 400, 441, 442, 464, 470, 475, and 480
4. Department of Special Education Requirements 6 semester hours
EDA 101 Psychology of the Mentally Handicapped
EDA 102 Psychology of the Physically Handicapped
5. The following special education courses are not required; however, it is strongly recommended that the student consider them when selecting free electives.
EDA 220 Behavior Management
EDA 350 Life Curriculum and Methods

EDA 360 Diagnostic and Prescriptive Teaching
SPP 340 Development and Disorders of Language

6. Free Electives 17-36 semester hours

These electives are in addition to the nine semester hours of electives listed under the General Education Requirements (see pages 35-38 in the catalog) and may be selected from among any of the University course offerings.

COURSE DESCRIPTIONS PSYCHOLOGY

Symbol: PSY

*100 Introduction to Psychology (3) Introduction to the scientific study of behavior. The multiple bases of human behavior with emphasis on the learning process. Basic concepts, principles, and methodology. Students may be required to become familiar with an ongoing research study in psychology as an out-of-class assignment. Offered fall and spring semesters.

210 Developmental Psychology: Lifespan (3) A survey of research findings and theoretical issues related to developmental processes from the prenatal phase to senescence. PREREQ: PSY 100. Majors are advised to take PSY 382 and/or PSY 384 rather than PSY 210.

245 Research Methods and Statistics I (3) Experiments on selected problems with emphasis on techniques in the design and execution of experiments, and on the application of elementary techniques to the collection, analysis, and interpretation of data. PREREQ: PSY 100. Offered fall and spring semesters.

246 Research Methods and Statistics II (3) Continuation of PSY 245 with emphasis on more advanced experimental designs and statistical techniques. RECOMMENDED PREREQ: PSY 245. Offered fall and spring semesters.

254 Social Psychology (3) The study of the ways in which the individual is affected by the actual, imagined, or implied presence of others. PREREQ: PSY 100. Offered fall and spring semesters.

256 Study of Personality (3) An introduction to the dynamics of personality functioning. Topics such as self-esteem, stress, conflict, frustration, and defense will be explored. PREREQ: PSY 100.

257 Theories of Personality (3) A course in personality that examines the theories and writings of Freud, Jung, Adler, Fromm, Erikson, Rogers, and other major personality theorists. PREREQ: PSY 100.

265 Industrial/Organizational Psychology (3) A basic course for business majors and others interested in the psychology of the workplace. Emphasis on the theoretical developments in psychology as these relate to the study of people in organizations and industry. Offered fall and spring semesters.

291 Psychological Techniques (3) A survey of a variety of psychological techniques that are applied in the process of observing, diagnosing, and changing problematic human behavior. PREREQ: PSY 100.

325 Psychological Testing and Measurement (3) Principles of psychological measurement including standardization, scale transformation,

reliability, validity, and item analysis. Use of tests for the solution of problems in industrial, clinical, and educational settings. PREREQ: PSY 100.

327 Behavior Modification (3) A survey of the principles and practices employed in inducing behavioral changes in clinic, institution, agency, and school settings. PREREQ: PSY 100.

335 Animal Behavior (3) The evolution and adaptiveness of behavior. Emphasis on physiological, genetic, and learning processes underlying animal behavior. PREREQ: PSY 100, or BIO 100 or 110, or permission of instructor.

350 Motivation (3) A study of drives, motives, and emotions as determinants of behavior. Physiological and social aspects of motivation will be explored with some attention given to pathological factors. PREREQ: PSY 100.

362 History and Systems of Psychology (3) An integrated overview of the history of psychology as well as the systems, theories, and fundamental issues with which psychologists have concerned themselves in the past, recent, and current stages of the science. PREREQ: PSY 100; PHI 101 recommended.

363 Psychology of Learning (3) Basic laws and theories of learning. PREREQ: PSY 100.

365 Psychology of Women (3) A study of the behavior and experience of women. Biological, cultural, interpersonal, and intrapersonal determinants of women's actions, thoughts, and feelings will be explored. PREREQ: PSY 100. Offered fall and spring semesters.

375 Abnormal Psychology (3) The nature and manifestations of normality and abnormality, mental mechanisms and symptoms, psychoses, neuroses, psychoses, the psychopathic personality, and mental deficiency. PREREQ: PSY 100. Junior or senior standing recommended. Offered fall and spring semesters.

382 Developmental Psychology of Infancy, Childhood and Adolescence (3) Study of the normal child from conception to puberty. Emphasis on current theoretical issues involved in the effects of early experience and environment. PREREQ: PSY 100.

384 Developmental Psychology of Adulthood and Aging (3) Study of psychological development during the mature years up to and including death and dying. PREREQ: PSY 100.

390 Principles of Counseling and Psychotherapy (3) A review of theoretical assumptions underpinning various approaches to counseling and psychotherapy with particular reference to comparative outcome data. PREREQ: PSY 256, or PSY 257, or PSY 375.

400 Senior Seminar in Psychology (3) Advanced topics in psychology. A written and/or oral presentation describing and analyzing cur-

Department of Theatre Arts

Harvey Rovine, *Interim Chairperson*

ASSOCIATE PROFESSORS: Berkowitz, Bytnar, Hashimoto-Sinclair, Jacobson, Rovine

ASSISTANT PROFESSORS: Hall

INSTRUCTOR: Sadoris

The Department of Theatre Arts offers a Bachelor of Arts program which combines the foundation of a liberal arts education with the creative skills needed by the developing theatre artist. In addition, the department cooperates with the Department of Communication Studies in its Bachelor of Science in Education which qualifies graduates to meet the state of Pennsylvania requirements for teacher certification in communication. Students who are majors in the program may choose a minor in theatre to meet the certification requirements.

Students with an academic major or minor in the department are required to meet with a departmental faculty adviser to develop their curricular plans, select courses prior to scheduling, discuss career options, and to be aware of cocurricular opportunities. Handbooks are provided to entering students for their use as a guide to the development of their academic programs.

Departmental Student Activities

University Theatre, United States Institute for Theatre Technology, and Alpha Psi Omega are student organizations which involve stu-

dents, majors, and nonmajors in theatre-related activities. For more information see the "Student Affairs" section of the catalog.

Department Apprenticeships

Although not required, professional apprenticeship experiences are available to qualified theatre majors. Students and their placements are screened by the department to assure mutual satisfaction for all parties involved. For details, students should see the department chairperson.

Department of Criminal Justice

Saul H. Greenberg, *Chairperson*

ASSOCIATE PROFESSORS: Greenberg, Metz, Nestlerode

ASSISTANT PROFESSORS: Nealy, Zumpetta

West Chester's criminal justice curriculum is a broad-based, interdisciplinary program combining theoretical concepts with practical aspects. It has been designed to fulfill the needs of four categories of students:

1. Those who wish to undertake a four-year program of study to prepare for careers in criminal justice
2. Graduates of two-year colleges who desire to continue their educations and obtain bachelor's degrees
3. In-service personnel who would like to increase their professional competence by strengthening their educational background
4. Those who wish to pursue a master's or law degree

The program provides the competencies, understanding, and philosophy necessary for professional performance in the various fields of criminal justice. It is not designed to develop specialists in any one specific area; however, students may: 1) choose an associate degree in criminal justice, 2) develop areas of special interest through the selection of electives, or 3) choose a minor program from complementary disciplines. The successful student should master and retain career skills immediately useful in the criminal justice system, as well as possess the overall intellectual grasp of the situation where those skills would be appropriate.

An important feature of the program is the one-semester practicum served at a criminal justice agency. Designed to give personal, direct experience, it affords the student the chance to put his or her theoretical knowledge to work.

COURSE DESCRIPTIONS

CRIMINAL JUSTICE

Symbol: CRJ

110 Introduction to the Criminal Justice System (3) A course designed to describe the criminal justice system from arrest through trial, appeal, sentencing, correction, and parole. The object of this course is to provide the student with a procedural framework of the criminal justice process.

210 Theories in Criminal Justice (3) This course is a survey of the historical and contemporary attempts to explain the phenomena of crime and criminal behavior from the perspectives of sociology, psychology, economics, biology, and law. Emphasis will be placed on contemporary theory and the analysis of evidence supportive of various theoretical positions.

214 Organized Crime (3) Organized crime is examined as an American phenomenon, then compared to organized criminal activity in Europe and Asia. The student will place in perspective the current organizations in the U.S. and their historical development here over the last century. European groupings are examined as precursors/models of U.S. transplants with insights into the proliferation of such groups in the Far East.

220 Corrections (3) The purpose of this course is to provide the student with a survey and analysis of the correctional system and its processes from both a historical and geographical perspective. Emphasis will be placed on relating this survey and analysis to contemporary practice and future trends in the area of corrections.

230 Probation and Parole (3) The intent of this course is to provide the student with an introduction to, and survey of, probation and parole practices from a historical perspective. Assumptions and theories about human behavior, upon which such practices are based, and contemporary and future trends in the field also will be examined.

250 Scientific Crime Detection (3) This course will engender an appreciation of what is entailed for an individual to understand current scientific methods of detection in the criminal justice system.

255 Criminalistics (3) To familiarize the student with the recognition, collection, and processing of physical evidence at the criminalistics laboratory. Course enrollment is limited.

300 Criminal Law (3) This course will cover the principles of criminal responsibility, the purposes and limitations of criminal law, and the elements of various criminal offenses. Substantive criminal law will cover the conduct, acts, and omissions that have been designated as crimes. These acts (or omissions) plus the mental state and other essential elements that make up criminal action will be examined.

304 History and Philosophy of Law and Justice (3) This course is intended to aid the beginning student in understanding the historical and philosophical influences on the American criminal justice system; introduce the student to a broad range of individuals who, over a period of 2,000 years, have made significant contributions to the formulation and process of justice; and analyze various other systems of criminal justice found in dissimilar cultures.

310 Juvenile Justice Administration (3) A survey of both the formal (police/courts/corrections) and the informal (diversion) means of dealing with the problem of juvenile crime. Emphasis is not on the behavior but on society's response to it. Emphasis also will be placed on the legal rights of juveniles.

312 White-Collar Crime (3) This course analyzes the usually nonviolent criminal conduct described as official corruption, systematic crime, or violations of trust that are characterized by calculation, deceit, and personal enrichment. The influence of organized crime also is explored.

330 Criminal Behavior (3) This course exposes students to broad, theoretical positions on crime and to observable criminal offenses. Students will learn to avoid oversimplified, dogmatic answers. Research findings on understanding and controlling crime will be discussed. The course will help a student appreciate the need to integrate contemporary psychology into an understanding of criminal behavior.

340 Victimless Crimes (3) This course is designed to familiarize the student with the ramifications of vice control. It will cover such topics as prostitution, homosexuality, pornography, gambling, and bookmaking, as well as historical perspectives, statutes and interpretations, a comparison of illegal operations, enforcement techniques, and legalization efforts.

368 Private Security (3) This course will provide an in-depth examination of the various facets and interests of the private sector of security. A review of the history, organization, management, and safety issues pertaining to the private security profession will be addressed. Emphasis

is placed on policy and decision making, personnel, and budgeting, as well as an examination of security programming that responds to the private sector.

400 Criminal Procedure (3) This course is an examination of the theory and application of the law and rules of evidence for the criminal justice student. It will develop an understanding of the reasons for the rules of evidence and a grasp of the application of the rules in case investigation and for presentation in court through a study of selected cases, statutes, and the analysis of hypothetical cases and situations.

◆ **410 Independent Studies in Criminal Justice (1-3)** Research projects, reports, and readings in criminal justice. PREREQ: Permission of department chairperson.

420 Criminal Investigations (3) Criminal investigation functions of police involving crimes of violence, crimes against property, and organized crime. Police operational techniques and applicable court decisions in the areas of interview, search, seizure, and arrest.

430 Interviewing and Counseling the Offender (3) Techniques of interviewing and counseling applicable to law enforcement and corrections officers. Areas of study include the initial interview, interrogation, informant-handling techniques, manipulative behavior of offenders, and exit interviews. Role playing and sociodrama are used.

432 Correctional Law (3) A course designed to provide those involved in the correctional process with a basic introduction to the emerging field of law in this area. It encourages understanding of rights and responsibilities of the incarcerated offender and of the administrative staff.

435 Assessment of the Offender (3) This course will develop students' abilities to describe, recognize, and understand psychometric measures on adult and juvenile offenders. Topics include understanding the selection of psychometric measurements, observing and

drawing from life histories, and understanding how violent behavior may be predicted.

440 Violent Crime (3) This course seeks to survey the incidence of violent crime, to analyze the violent criminal, and to study the variety of means that have been developed to control criminal violence.

455 Topical Seminar in Criminal Justice (3) Intensive examination of a selected area of study in the field of criminal justice. Topics will be announced at the time of offering. Course may be taken more than once when different topics are presented. PREREQ: Junior or senior CRJ major or with permission of instructor.

460 Evidence and Trial Advocacy (3) This course moves a step beyond basic criminal law and criminal procedure studies and takes the student into the courtroom. The student will learn basic rules of evidence presentation and court procedure and discover how the trial process works by actively participating in it. The student will learn how to distill the issues, and to present concise, well-reasoned arguments supporting a given position. It is in this manner that the student will learn critical analysis and practical presentation. (This course is designed for those students who have completed CRJ 300 and CRJ 400.)

461 Notable Criminal Cases (3) Selected factual accounts of criminality and criminal behavior over the past 75 years are analyzed. Selection is based on notoriety and continued dispute. Course is designed to illuminate, through reading and class analysis, a wide spectrum of criminal conduct and the related investigative and judicial response.

462 Management Problems and Practices (3) This course is intended to aid in the instruction of students who are potential candidates for administrative positions. Its objective is neither to present a new approach to the field nor to support an existing one; rather, it is to provide the student with a well-rounded view of the subject and to lay the groundwork for further study. This is done by bringing together the most appropriate concepts and practices in managing

an organization; e.g., purpose defining, planning, decision making, staffing, motivating, communicating, collective bargaining, and controlling.

470 Interpersonal Relations (3) This course is designed to aid a student's self analysis in terms of behavior patterns or changes affecting his or her life. This self knowledge often leads to understanding relationships with others, which can assist students in relating to other persons in their personal, social, and professional lives.

482 Contemporary Legal Issues (3) This course encompasses a brief review of the general principles of law and procedure, followed by an in-depth study of the more controversial legal dilemmas facing today's criminal justice system. The course is designed to shed light on each side of the issue, to enable the student to see beyond the superficial aspects of the conflict, and to understand its more profound nature.

487 Ethical Issues in Criminal Justice (3) This course is designed to identify and examine ethical issues among practitioners and students in the criminal justice field. Such issues may include the discretionary power of arrest, the use of deadly force, the decision to prosecute, participation in plea bargaining, representation of the guilty, and the imposition of punishment. Such a course will promote inquiry that combines ethical analysis with a practical awareness of the realities of the criminal justice system.

490 Practicum (12) Independent study based on a vocational placement in a criminal justice agency: police, courts, defense, or corrections. The design of each placement depends on the student's previous experience and area of interest. Written, biweekly reports and a major paper are required. For seniors only.

496 Criminal Justice Planning (3) This course is intended to aid in the instruction of undergraduate students who are potential candidates for planning, evaluation, or administrative positions. Given the recent development of the field of criminal justice planning, this course represents a beginning effort at a comprehensive discussion and review of justice system planning and evaluation.

◆ This course may be taken again for credit.

Department of Economics

Roger Bove, *Chairperson*

PROFESSORS: DeMoss, Sylvester, T. Naggar

ASSOCIATE PROFESSORS: Benzing, Bove, Fiorentino, Mohan

ASSISTANT PROFESSORS: Dunleavy, Tolin

The primary objective of the Department of Economics is to provide a learning experience that will permit each student to achieve maximum intellectual development in his or her chosen area of study and to prepare for a satisfying career in that field.

As an aid to the achievement of this purpose, the Department of Economics strives:

- (1) To assist students in acquiring a fundamental knowledge and understanding of the framework within which our business and industrial system operates
- (2) To acquaint students with the modern techniques used by business and industry that enables them to deal effectively with the changing environment

- (3) To encourage students in developing the ability to analyze situations, to relate and classify pertinent factors, and to derive alternatives for solving problems

The Department of Economics coordinates its courses with the departments of Accounting, Management, and Marketing. Majors in the department must consult the departmental handbook and their adviser annually for current requirements.

Two degree programs are offered:

1. The B.S. in ECONOMICS focuses on a business orientation of economic analysis

Department of Geography and Planning

Arlene C. Rengert, *Chairperson*

PROFESSORS: Rengert, Tachovsky, Thomas

ASSOCIATE PROFESSORS: Bielski, Grassel

ASSISTANT PROFESSORS: Fasic, Lewandowski, Welch

Geography and Planning is an academic discipline that bridges the physical and social sciences. Students study the patterns and processes of human and physical phenomena in relationship to each other. Students gain knowledge that can be applied to solving societal problems and to planning for the future, whether they are taking general education or elective courses, acquiring specialized preparation needed for working in geography and planning and related fields, or meeting particular needs in combination with other majors in arts and sciences or professional fields.

The field of geography assists students in comprehending the broad scope of the physical, cultural, and economic environments on local, national, and global scales. Geography courses develop skills and organize knowledge from various disciplines, and enable students to examine the integrated whole of a people with reference to habitat and interspatial relationships. Specialized skills, such as geographic information systems technology and computer cartography provide saleable skills for students interested in technical careers, and complement courses that teach knowledge of environmental and human situations and problems.

BACHELOR OF ARTS – GEOGRAPHY

The Bachelor of Arts in geography offers a choice of three emphases (called "tracks"): traditional geography (cultural and economic geography from an international perspective), geographic analysis, and urban/regional planning. The geographic analysis and urban/regional planning areas emphasize skill development; internships are available and are recommended for qualified students.

Geography majors, as part of their general education requirements, must take GEO 101 or 103 and achieve a grade of 2.0 or better. They also must pass ENG 120 and 121 with a grade of 2.0 or better.

| 1. General Requirements, see pages 35-38 | 51 semester hours |
| 2. Foreign Language/Culture Requirement | 0-15 semester hours |
| 3. Additional Social Science Courses | 9 semester hours |
| 4. Geography Core Requirements | 33 semester hours |
| Required: GEO 102, 225, 310, 326, 400, and 404 (18 credits) | |
| Track requirements taken under advisement | |
| For geography "track:" five courses from specified groups, selected under advisement (15 credits) <i>OR</i> | |
| For urban/regional planning track: GEO 214, 320, and 322, and an additional two courses from a specified list, selected under advisement (15 credits) <i>OR</i> | |
| For geographic analysis track: GEO 324, 328, and 330, plus two courses from specified lists of courses, selected under advisement (15 credits) | |
| 5. Cognate Courses | 15 semester hours |
| Courses (taken under advisement) that are specifically related to identified career aspirations, and chosen outside General Requirements, or Geography Core | |

BACHELOR OF SCIENCE IN EDUCATION – GEOGRAPHY CONCENTRATION

This is a professional degree program designed to prepare certified secondary school teachers of social studies. The curriculum involves an overall social studies exposure with a concentration in geography. See the program description under "Social Studies: B.S. in

Education," pages 115-116. All students in the geography concentration must complete seven courses from a specified list of physical and human geography courses.

Minor in Geography 18 semester hours

The geography minor provides a flexible geography focus that combines well with other majors.

1. Required Course: GEO 101 or 102 or 103 3 credits
2. Elective Courses, taken under advisement from the department 15 credits

Any two of the following: GEO 200, 204, 212, 220, 225, 310, and three other GEO courses, no more than one of which may be a 100-level course. This flexibility allows the student interested in environmental courses to build a sequence of those, the student interested in international courses to build knowledge of regions of the world, the student interested in urban issues to concentrate on

courses in urban geography, and the student interested in geographic techniques of analysis to study computer cartography, geographic information systems, etc.

Minor in Planning 18 semester hours

The minor program in planning allows students from other majors to acquire geography and planning skills and to expand their career possibilities to include such areas as land planning and management, conservation of resources, location of commerce and industry, and county or other local government.

1. Required Course: GEO 214 3 credits
 2. Elective Courses taken under advisement from the department 15 credits
- GEO 212 or 320, 216, 225 or 401, 310, 322, 324 or 326 or 330, 328, 402, 403, and 415

COURSE DESCRIPTIONS

GEOGRAPHY

Symbol: GEO

*101 World Geography (3) The scope of geography and its special place in the cultural spectrum. Human society is examined in a frame of spatial, environmental, and resource factors. Emphasis is placed on developing skills in the use of the "tools" of geography.

102 Physical Geography (3) The study of basic principles of physical geography and of relationships between components of the total earth environment.

*103 Human Geography (3) An inquiry into the theoretical and applied approaches to the study of human spatial behavior and the distribution of social problems.

200 Patterns of World Cultures (3) An examination of selected, non-Western areas, representing different stages of development, in the contemporary world. Emphasis is placed on cultural adaptation, innovation, and achievement of human occupants of these areas. PREREQ: ANT 102.

#204 Introduction to Urban Studies (3) An examination of the breadth of urban studies from the perspectives of many social science disciplines. Philadelphia is emphasized as an object of perception, as a place of life and livelihood, and as an example of continual change in the urban environment. PREREQ: ENG 121. Usually offered spring semester and summer.

205 Geographic Influences in American History (3) Geographic characteristics that figure prominently in the discovery and colonization of America, and on the progressive development of the United States up to the 20th century.

214 Introduction to Planning (3) The method of analyzing problems of urban and regional planning. Emphasis is placed on systems of housing, recreation, transportation, industry, and commerce.

216 Planning for Public Service (3) A study of the quality of individual life. Analysis of geographic variation in social well being, problems of social systems monitoring, and social indicators used in planning.

220 Economic Geography (3) This course is concerned with the spatial patterns of economic activities, including production, consumption, and settlement. It provides an understanding of their location and the processes of change. The course is international in scope, with an emphasis on the global economy.

225 Map and Aerial Photo Interpretation (3) A laboratory course designed to develop skills in and promote an understanding of maps and aerial photos. Offered in fall semester.

230 Conservation of Natural Resources (3) An inquiry into the type, size, and distribution of natural resources, and into the problems of resource management. Emphasis is placed on the United States.

232 Environmental Crises (3) The nature and dimensions of environmental problems with an emphasis on endangered life-support systems. Aspects of natural and social environment systems and their mutual interrelationships.

236 Climatology (3) Climatic variations on the earth and their classification into regional types. Relationships of plants, soils, and cultures to types of climate. PREREQ: GEO 102 or permission of instructor

252 Macro Political Geography (3) A study of selected major themes in political geography at the regional and international levels.

301 United States and Canada (3) An examination of the complexity and diversity of the physical and human landscapes of the U.S. and Canada. Both rural and urban geography are studied with an emphasis on recent geographic changes of influence—such as the shift from an emphasis on production to one on service and consumption, the growing importance of cities, and increasing racial and ethnic diversity.

*302 Latin America (3) Central and South America are studied with emphasis on understanding the major sources of change in recent times. The course focuses on up to four countries in addition to presentation of the region as a whole. Usually offered spring semester and summer.

*303 Europe (3) A regional study of Europe, excluding the U.S.S.R. and its satellites. Includes a macrostudy of the continent and sequential microstudies of culturalized landscapes. Usually offered spring semester and summer. PREREQ: GEO 101 or permission of instructor.

*304 The Soviet Union (3) A regional study of European and Asiatic U.S.S.R. with analysis of geographic factors that contribute to its strengths and weaknesses as a major world power. PREREQ: GEO 101 or permission of instructor.

310 Population Problems (3) The dynamic processes of population change (fertility, mortality, and migration) and the resultant changes in population distribution and composition. In addition to a substantive study of these topics, students are introduced to the use of primary

data sources for demographic description and policy recommendation. Usually offered spring semester.

312 Urban Geography (3) Analysis of patterns, processes, and consequences of urban growth and development. Theory of systems, size, spacing, and functions of cities. Students will conduct outside analysis using real data.

320 Land Use Planning (3) An inquiry into the development of comprehensive land use studies by governmental and private agencies, emphasizing the development of skills in problem identification and resolution. PREREQ: GEO 214 or permission of instructor.

322 Land Development Controls (3) An insight into the "why" and "how" of land development, emphasizing the role of local government in zoning, subdivision regulation, and other land regulations. PREREQ: GEO 214 or permission of instructor.

324 Introduction to Geographic Information Systems (3) Data sources and analysis techniques used in the planning process, with emphasis on appropriate applications. Students receive considerable experience in using geographic information systems technology to solve real-world problems. PREREQ: GEO 214 or permission of instructor.

326 Geographical Analysis (3) Applications of basic statistical techniques to problems of spatial significance, emphasizing the adaptation of technique to problem, and the understanding and interpretation of specific analytical methods as applied to real-world situations. PREREQ: MAT 103 or higher level mathematics course must be passed with a 2.0 or better prior to enrollment in GEO 326.

328 Computer Graphics (3) Structured to develop skills in the design and use of analytical and computer-mapping systems, the course emphasizes the techniques of spatial problem resolution and display. PREREQ: GEO 225 or permission of instructor.

*330 Population Analysis (3) A course designed to develop skills in demographic research, emphasizing interrelationships of population processes, use and limitation of data sources, and the understanding and interpreta-

tion of specific demographic and related analytical methods. PREREQ: GEO 310 or permission of instructor.

338 Computer Applications in Social Research (3) The use of existing and student-generated programming software in the design and execution of social research.

400 Senior Seminar in Geography (3) The study of historical and contemporary trends in geography; the design, preparation, and defense of a research proposal. Offered in fall semester.

401 Cartography (4) A laboratory course to develop proficiency in the design, construction, and appropriate application of maps and map-related graphics. Offered in spring semester. PREREQ: GEO 225 or permission of instructor.

◆ 402 Topical Seminar in Geography (3) Intensive examination of a selected area of study

in the field of geography. Topics will be announced at the time of offering. Course may be taken more than once when different topics are presented. PREREQ: Junior or senior geography major or consent of instructor.

403 Presenting Planning Information (3) Selected experiences designed to assist the student (either as an individual or as a member of a group) in developing proficiency in information-providing techniques.

404 Senior Project in Geography (3) The execution of the research proposal (designed in GEO 400) as an acceptable departmental senior research paper. Offered in spring semester. PREREQ: GEO 400.

◆ 410 Independent Studies in Geography (3) Research projects, reports, and readings in geography. PREREQ: Permission of department chairperson.

◆ 415 Internship in Geography and Planning (3-15) Practical job experience in applying geographic theory, executing substantive research, and engaging in community service in selected off-campus situations. Open only to upper-division B.A. majors and minors in geography/planning with permission of department chairperson.

424 Geographic Information Systems Applications (3) A course to advance the student's knowledge of the design and implementation of geographic information systems. PREREQ: GEO 324 or permission of instructor.

◆ This course may be taken again for credit.

Department of Management

Rani G. Selvanathan, *Chairperson*

PROFESSORS: Chu, Paden

ASSOCIATE PROFESSORS: Selvanathan, McGee, Snow

ASSISTANT PROFESSORS: Hamilton, Leach, Murphy

The primary objective of the Department of Management is to provide students with the skills required to manage business and public organizations effectively.

To accomplish this objective, the faculty of the Department of Management will strive:

- (1) to inculcate in the student the ability to reason analytically and critically
- (2) to make the student sensitive to the human relations aspect of managing others
- (3) to increase the student's awareness of the concepts and terms used in current managerial practice
- (4) to increase the student's awareness of the international dimension of business
- (5) to increase the student's skills in written and verbal communication
- (6) to foster the student's ability to synthesize the knowledge acquired from various disciplines in order to focus on managerial problems

The Department of Management offers a B.S. in business management, which focuses on functions required to make a group of people work effectively together as a unit. These functions include planning, organizing, staffing, directing, and controlling.

Louis F. Weislogel, *Chairperson*

PROFESSORS: Marbach, Milne, Shea

ASSOCIATE PROFESSORS: Burns, Burton, Eldredge, Iacono, Sandhu, Smith, Weislogel

ASSISTANT PROFESSORS: Polsky, Schnell

The department offers a variety of programs tailored to students' career goals and allows a wide range of options following graduation.

Bachelor of Arts—Political Science is a general liberal arts program exposing the student to the broad areas of political science, including American government, international relations, comparative government, public administration, political behavior, and political theory.

Bachelor of Arts—Political Science/Public Administration is for students who plan a career in public service. It includes relevant courses from the geography and planning area.

Bachelor of Arts—Political Science/International Relations is for students with a primary interest in international affairs and includes relevant cognates in several disciplines.

All three Bachelor of Arts programs are intended for students with an interest in government and public service, journalism, and the law.

Bachelor of Science in Education—Social Studies offers concentrations in general social studies, geography, and political science.

The department also sponsors pre-law advising, the Law Society, and the Political Science Club.

BACHELOR OF ARTS—POLITICAL SCIENCE

The B.A. in political science is designed for those having an interest in understanding their society and the world. It has the same broad relevance as other liberal arts degrees and special relevance for careers in such fields as pre-law, politics, public relations, and journalism. Internships may be arranged.

◆ This course may be taken again for credit.

Social Studies With Concentrations in Political Science

Students interested in teaching secondary school social studies may pursue a concentration in political science while earning state

certification and the Bachelor of Science in Education degree. See the description of the Social Studies section on pages 115-116.

Department of Social Work

Mildred C. Joyner, *Chairperson*

ASSOCIATE PROFESSORS: Bartlett, Ross, Siegel

ASSISTANT PROFESSORS: Hodgins, Joyner, McCutcheon

The social work program is accredited on the baccalaureate level as a professional degree in social work by the Council on Social Work Education.

The social work program's field of study focuses on a generalist model using the problem-solving method to develop a solid foundation of knowledge, values, and skills leading to competency for the entry level of social work practice. The student applies theory to practice in varied field experiences in the sophomore, junior, and senior years.

Students interested in majoring in social work should take Introduction to Social Welfare I (SWO 200) and Development of Professional Self (SWO 220) during the fall and spring semesters of their freshman year. Students are required to maintain a GPA of 2.25 for up to 64 earned credits and a 2.50 for 65 or more earned credits in order to continue in the social work program. Students also are expected to demonstrate attitudes and behavior consistent with the values and ethics of professional social work and the social work code of ethics. A student needs a 2.75 overall GPA to be eligible for certification upon graduation by the Council of Social Work Education.

Policy for Social Work Majors

Majors are required to meet with their social work adviser to plan an integrative course of study, to select courses prior to scheduling, to discuss career opportunities, and to keep abreast of departmental activities. Handbooks are provided to help students be aware of requirements and procedures in the department.

Academic Promotion Policy

Social work students who have a grade of I (Incomplete), D, or F in required courses must repeat these courses and achieve a satisfactory grade before entering the junior field placement. Not achieving at least a C- in social work required courses is considered grounds for dismissal from the social work program.

Department-Related Activities

The honor society and the Social Work Club are student organizations that involve department faculty and resources. The activities of these organizations are open to all students. For more information, see the Student Activities section of the catalog.

Transfer credit will be granted for freshman- and sophomore-level courses if (a) the course descriptions are equivalent and (b) the grades are C or above in social work related courses. All required courses in professional social work education that are required by the Council on Social Work Education must be taken in the accredited program. (*Exception:* students transferring from a social work program that is accredited by C.S.W.E.) Transfer students can be admitted in September or January.

INTERNAL TRANSFER STUDENTS (undeclared majors and change of majors) who desire admission to the Department of Social Work may apply after meeting with the department chairperson. Students must have a cumulative GPA of 2.25 for up to 64 earned credits, and a 2.50 for 65 or more earned credits, plus an interview and completion of a change of major form to gain admittance into the program.

STUDENTS TRANSFERRING FROM VARIOUS COLLEGES AND UNIVERSITIES who desire admission to the Department of Social Work may apply only with a GPA of 2.25 for up to 64 earned credits, and a 2.50 for 65 or more earned credits.

Department Field Placements and Volunteer Experiences

Social work students do volunteer experience in the freshman year. During the second semester of the junior year and in both semesters of the senior year, students will be placed in various social work agencies (see partial listing of social work field placements). Students must have completed SWO 200, 220, 300, 320, 350, and 351 before they register to take the Junior Field Placement in the spring semester.

INSURANCE. Students are required to carry liability insurance coverage in the amount of \$1,000,000/3,000,000 during the second semester of their junior and the entire senior year at a yearly cost of approximately \$30.00. Students may join the National Association of Social Workers to receive liability insurance at a reduced rate.

Social Work Field Placements

Students have been placed with the following organizations to fulfill their field experience requirements:

Juvenile Court of Delaware County
Brandywine Hospital
Women's Alternatives

Chester County Board of Assistance
 Chester County Children's Services
 Crozer Chester Medical Center
 Delaware County Children and Youth
 Delaware County Intermediate Unit

 and 495-496
5. Cognates (Psycho-Social Foundation) 3 semester hours
6. Electives 6 semester hours

Social work majors should choose, with help from their advisers, interdisciplinary electives geared to their learning needs and professional interests.

Minor in Social Work 18 semester hours

A minor in social work offers students (1) an understanding of the purposefulness of human behavior, (2) a professional method with which to deal effectively with that behavior, and (3) knowledge of the varied fields of practice of social work and how they relate to the student's chosen major field. Students will not be permitted to take social work field practice courses. In some instances a collaborative field internship with the student's major discipline will be designed.

Students take SWO 200, 201, 225, 300, 320, and 321 and an elective social work course. Other courses may be selected under advisement.

To declare a minor, students must see the minor adviser and complete the declare of minor forms.

Robert J. Szabo, *Chairperson*
K. Eleanor Christensen, *Assistant Chairperson*
Elizabeth A. Hasson, *Assistant Chairperson*

PROFESSORS: Christensen, Grasty-Gaines, Keetz, Maxim, Radich, Ziegler

ASSOCIATE PROFESSORS: Adams, Dunlap, Hasson, Maggitti, Peters, Szabo, Zimmerman

ASSISTANT PROFESSORS: Baloché, Beeghly, Bollin, Brown, Darigan, Drobnak, Egan, Gibson, Khoury, Kletzien, Platt, Prudhoe

The Department of Childhood Studies and Reading certifies teachers for elementary education (K-6) and early childhood education (NK-3).

The B.S. Ed. in ELEMENTARY EDUCATION curriculum is designed to provide a broad background of general education, an understanding of children, and the knowledge and skills needed to teach all aspects of the elementary school program. Upon satisfactory completion of the approved program, the student will qualify for a Pennsylvania Instructional I Certificate, valid for six years of teaching in kindergarten and grades one through six.

The B.S. Ed. in EARLY CHILDHOOD EDUCATION curriculum is designed to provide both the liberal education and special preparation required for careers in public and private school teaching and directorship and supervisory work in early childhood programs other than those under the auspices of the public schools. Upon satisfactory completion of the program, the student will qualify for a Pennsylvania Instructional I Teaching Certificate valid for six years of teaching in preschool, kindergarten, and grades one through three.

Application and Approval for Student Teaching

Students must apply through the department for approval for student teaching in early childhood education (ECE 410 and 411) and in elementary education (EDE 410 and 411). To apply, the student must complete 96 semester hours with a cumulative GPA of 2.50 prior to the student teaching semester. As part of the 96 credits, the student must complete all professional education courses and all specialized preparation courses with a GPA of 2.50. (See also student teaching, pages 117-118.)

An application for student teaching must be filed in February prior to the academic year in which student teaching is to be scheduled. Application meetings will be announced at the beginning of the spring semester each year. Scheduling student teaching is done as for other courses.

Field Placement in Schools

West Chester University does not place students at religiously affiliated schools when that placement results in the students' receiving academic credit (e.g., student teaching). In addition, the University will make every attempt to first place students into public (vs. private) schools for student teaching and related activities. Further, students will not be assigned student teaching or other related duties at nonsectarian private schools or agencies unless they specifically request such placement. Each request will be considered individually to ensure that the private entity does not receive special benefit from the arrangement that outweighs the benefit to the University and its students.

The following policies apply to all students entering the Department of Childhood Studies and Reading.

INTERNAL TRANSFER STUDENTS (undeclared majors and change of majors) who desire admission to the Department of Childhood Studies and Reading may apply after the completion of 30 semester hours at West Chester University. A cumulative Grade Point Average of 2.25 for students who have earned up to 64 credits and a 2.50 for students who have earned 65 or more credits, plus an interview are prerequisites for acceptance to the program.

STUDENTS TRANSFERRING FROM COMMUNITY COLLEGES AND JUNIOR COLLEGES who desire admission to the Department of Childhood Studies and Reading may apply only with a Grade Point Average of 2.25 for up to 63 earned credits and a 2.50 for 64 or more earned credits. Transfer credit will be granted for freshman- and sophomore-level courses if the course descriptions are equivalent and in accordance with University policy. All other required courses in the professional education and specialized preparation areas will be evaluated and approved on an individual basis.

MINOR FIELDS OF STUDY IN DEPARTMENT OF CHILDHOOD STUDIES AND READING

COURSE DESCRIPTIONS
CHILDHOOD STUDIES AND READING
Symbol: ECE

***100 Orientation to Early Childhood (3) An introduction to the history and philosophy of early childhood education. Field observations in a variety of settings provide the student with an opportunity for career decision making.

***221 Child Development (0-2 years) (3) Physical, social, emotional, and intellectual development of children from birth to two years of age. Parallels are drawn from this phase of child development to students' self-development. This course must be taken the same semester with ECE 225. PREREQ: PSY 100.

***225 Infant Learning Environment and Field Experience (6) The study and use of developmental tests for the diagnosis of infant needs. The relationship of the developmental level to the structuring of learning environment is fostered as students interact with infants in school and home settings for three hours per week. This course must be taken the same semester with ECE 221.

*231 Child Development (2-5 years) (3) Physical, social, emotional, intellectual, and moral development of the child, 2-5 years of age. Parallels are drawn from this phase of child development to students' self-development. PREREQ: PSY 100.

*232 Preschool Learning Environment (3-6) Methods and materials for structuring the classroom environment for the child 2-5 years of age. Readiness skills and concepts in all curricular areas are addressed.

***306 Child's Social Environment (3) A consideration of methods of instruction that best generate a social education meaningful to primary grade children. Emphasis is placed on providing a learning environment that parallels the maturation of the young child.

***307 Child's Physical Environment (3) A consideration of methods of instruction that best enhance a child's knowledge of the physical world in terms that are meaningful to primary grade children. Strategies for cognitive skills and affective growth in these areas are stressed.

*310 Introduction to the Language Arts (3) The areas of listening, speaking, and writing are studied in depth. Knowledge, teaching, and evaluative techniques are addressed. Introduction to the reading process and the relationship of language to reading also will be studied.

***320 Creative Arts for the Young Child (3) Workshop, seminar, and field experiences provide opportunities for students to explore, manipulate, and analyze a wide variety of media and techniques appropriate for use with young children. Activities are aimed at encouraging the development of the young child's creative potential through the arts.

***321 Middle Childhood and Adolescent Development (5-8 years) (3) Physical, social, emotional, intellectual, and moral development

of the child 5-8 years of age. Parallels are drawn from this phase of child development to students' self-development. PREREQ: PSY 100.

*324 Early Childhood Programs (3) Study of contemporary program models in early childhood education. Major trends in the education of young children are defined.

*325 Teaching Reading and Field Experience (Primary Grades) (6) The teaching of reading and its mastery is the focus of this course. Students apply knowledge of theories and practices in supervised field placements in schools with children 5-8 years of age. Tutoring of individual children and small groups is integrated with planning and evaluation of lessons and activities as well as remediation. PREREQ: ECE 310.

*405 Administration and Supervision of Early Childhood Programs (3) Principles of administration and supervision of programs for young children. Includes parent education and community relations. PREREQ: ECE 232.

***410 Student Teaching (6) (First half of semester)

***411 Student Teaching (6) (Second half of semester) Two separate student teaching experiences are required: one in nursery or kindergarten and one in grades 1-3. Weekly practicum sessions are required. PREREQ: See "Application and Approval for Student Teaching" earlier in this section.

◆498 Workshop in Early Childhood Education (3) Offers wide variety of experiences to help prepare students to provide an environment for optimal growth of children in preschool and primary grades.

Symbol: EDE

*200 Theory and Field Experiences in Elementary Education (3) Orientation to the curricula, processes, and structures of elementary education today. Field experiences related to course topics.

*251 Child Development and Behavior (3) Emotional, social, mental, moral, physical, and self factors shaping human behavior with emphasis on child and early adolescent development. Specific application to classroom settings. PREREQ: PSY 100.

253 Human Development and Behavior (3) Physical, mental, emotional, social, moral, and self factors shaping human behavior throughout the life cycle; specific application to work with individuals and groups in educational settings. PREREQ: PSY 100.

254 Development in the Middle School Child (3) Characteristic development and behavior of children between 10 and 15 years of age; understanding and working with these children in educational settings. PREREQ: EDE 251 and 253 or their equivalent.

*310 Communication Skills in the Elementary School (3) Study of teaching language skills in the elementary school: listening, speaking, and writing. PREREQ: EDE 251.

*311 Introduction to Reading Instruction (3) An exploratory course investigating the reading process, language and learning theories, and their relation to reading. Historical scope and various programs of reading are studied and evaluated. PREREQ: EDE 251 and 310.

*312 Reading Instruction and Practicum (6) Focus is on mastery of the teaching of developmental reading, early reading, and prereading experiences. The students learn how to plan, teach, and evaluate reading/thinking skills related to the instruction of reading in the elementary classroom. Students work in the public schools with small and large reading groups teaching various aspects of the reading lesson. Students also learn how to evaluate pupil performance and remediate minor reading problems. PREREQ: ECE 311.

315 Developmental Reading for the Handicapped Child (3) The focus of this course is the study of the nature of the reading process and its relation to language development, motivation and methodology for developmental reading skills, reading programs and materials, problems in dealing with handicapped children, and practicum in reading instruction. Special education majors only.

330 Instructional Programs and Strategies (3) Introduction to principles underlying the development of instructional programs in the schools. Strategies include cognitive and skill learning, and modes of teaching.

*332 Teaching Social Studies in the Elementary School (3) Methods of teaching social studies and geography in the elementary curriculum. Techniques, current research projects, reading materials, audio visual aids, resource persons, and field trips used as tools of learning. The organization, development, and use of resource units are stressed. PREREQ: EDE 200 and 251.

*352 Self and Group Processes in the Classroom (3) Analysis of self processes influencing teacher-student classroom interactions. Role of needs, defenses, motives, emotions, and early learning experiences as they shape the prospective teacher's responses to elementary children. Application of social learning and interpersonal theory. PREREQ: EDE 251.

*401 Creativity in the Classroom (3) Exploration of materials and processes of children's perceptions and behavior, aimed at encouraging the development of their critical and creative potentials. PREREQ: EDE 312.

*406 Classroom Management (3) Detailed investigation of the elementary teacher's role in classroom management. Teacher influence, personality, and class interaction; class roles and expectation; seating plans; discipline; referral;

*Open to early childhood and elementary education majors.

**Open to elementary education majors only.

and the teacher's role in evaluating and identifying potential problems in children. PREREQ: EDE 312.

409 Independent Study (1-3) Special topics or projects initiated by the student that will enable her or him to do extensive and intensive study in an area of elementary education. PREREQ: Permission of department chairperson.

**410 Student Teaching (6) (First half of semester)

**411 Student Teaching (6) (Second half of semester) Two separate student teaching experiences are required: one in grades K-3 and one in grades 4-6. Weekly practicum sessions are required. PREREQ: See "Application and Approval for Student Teaching" earlier in this section.

**412 Work-Study in the Elementary School (6) Limited practicum for preservice teachers who have taken EDE 200, 251, 311, 312, and 406. Students work for a full term in one school district under supervision. Six credits may be granted toward student teaching requirements (EDE 411). PREREQ: Permission of department.

◆421 Seminar in Elementary Education (3) An intensive study of some current, major developments in elementary education. Topics announced in advance. PREREQ: Senior standing and permission of instructor.

*◆422 Seminar in Reading (3) Intensive study of some current, major developments in reading related to elementary education. Topics announced in advance. PREREQ: Permission of instructor.

*◆423 Seminar in Communications Skills (3) Intensive study of some current, major developments in communications skills (language arts) related to elementary education. Topics announced in advance. PREREQ: Permission of instructor.

*458 Language Arts/Reading for the Unique Child (3) An open-ended course to help students understand and plan instructional programs for

the linguistically different, the gifted, and those with special needs (mainstreaming). The students will examine various strategies, techniques, management, and viable programs for teaching these children language arts and reading.

*481 Constructing Activity-Oriented Teaching Materials (3) A workshop experience for students interested in exploring the many facets of making activity-oriented learning materials for the elementary school classroom. PREREQ: EDM 300.

489 Teaching Skills to Combat Sexism (3) This course is offered to create awareness in prospective teachers of the extent and consequences of sex role stereotyping at all levels of educational experience. It will develop specific skills, behaviors, and classroom strategies that can eliminate effects of sexism in classrooms and on students. Teaches how to deal effectively with the emotion-laden issue of combating sex-role stereotypes.

◆498 Workshop in Elementary Education (3) Offers a wide variety of experiences to help prepare students in providing an environment for optimal growth of children in grades K-6.

Symbol: EDR

010 Developmental Reading and Study Skills (1) A course designed to improve vocabulary and study skills. Major attention is given to vocabulary expansion, textbook reading, test taking, and methods of organizing information.

020 Intermediate Level Reading (1) The intermediate level workshop will emphasize the development and improvement of college-level reading competencies. The course is designed to help the students improve their reading comprehension as well as effective study techniques and strategies. Additionally, vocabulary development, flexible reading rate, and critical reading will be taught in this course.

100 College Reading and Study Skills (3) An individualized course to develop reading and

study skills such as comprehension, vocabulary, speed, remembering, concentration, taking notes, mastering a text assignment, and preparing for and taking examinations.

110 Developing Learning Skills (1) A course that reviews and develops specialized learning skills such as concentrating when studying, reading a textbook assignment, taking notes, and preparing for and taking examinations. Students who wish to review their study habits or who have special needs in the area of study skills should enroll in this course.

130 Reading Instruction and Practicum in the Secondary Schools (6) Focus is on the mastery of teaching reading in the middle and secondary schools. Students will study the role of the teacher as well as learn how to sequence both developmental and content area readings.

321 Diagnosis and Remediation of Reading Problems (3) Identifying the nature and causes of reading disabilities; experience in helping a child with reading problems. PREREQ: EDE 311 or permission of instructor. Special education majors and reading minors only.

323 Reading for the Handicapped: Diagnosis and Remediation (3) Reading materials, programs, evaluations, and teaching strategies for the mentally or physically handicapped are examined and discussed. Students develop and utilize reading materials in a classroom situation. PREREQ: Permission of instructor. Special education majors and reading minors only.

420 Reading in the Content Areas (3) Understanding the reading process and the need for reading instruction at the middle and secondary school levels. Specific skill development, reading in the content areas, readability, and evaluation.

* Open to early childhood and elementary education majors.

**Open to elementary education majors only.

◆ This course may be taken again for credit.

Environmental Education ProgramJohn Holingjak, *Coordinator***Certification Program**

This interdisciplinary program enables teacher-education majors to secure certification to teach environmental education. The course sequences in the program are drawn from existing curricula in the natural sciences, social and behavioral sciences, and health and physical education, and permit students to graduate with dual certification. That is, their teaching certificates will be valid for environmental education as well as for their major area of study. For the additional certification in environmental education, students are required to complete four core courses and two elective courses chosen from one of the following areas of concentration: natural sciences, recreation centered, man centered, or curriculum centered. Students wishing to explore this program should consult with the coordinator of environmental education.

APPLIED MEDIA TECHNOLOGY PROGRAM IN INSTRUCTIONAL MEDIA

The Applied Media Technology Program, which results in an Associate of Science degree, is a two-year program consisting of an interrelated series of courses in computers, photography, filmmaking, television, multi-image, sound recording, design, and graphic production of visual materials.

The student will develop a specific roster of skills that is employable in almost every segment of our society, including education, business, government, medicine, law enforcement, and industry.

Students must meet general academic requirements of the University for admission and must satisfactorily complete 64 credit hours of required and elective courses.

ASSOCIATE OF SCIENCE – APPLIED MEDIA TECHNOLOGY

|--|-------------------|
| 1. General Requirements | 18 semester hours |
| COM 101; CSC 101, or 115, or 141; ENG 120; MAT 103; PSY 100 or 265 and a course in fine arts | |
| 2. Required Courses | 40 semester hours |
| EDM 202, 213, 223, 225, 226, 228, 230, 231, 233, 234, 275, and 290 | |
| 3. Electives | 9 semester hours |
| Minor in Instructional Media | 18 semester hours |

Current trends have increased the need for trained personnel in the field of instructional technology. Students who are trained in this field have several career options, in industry, with either the training and development center or the public relations department, and in education, with the instructional media department.

Students in the instructional media program will be required to develop a broad range of skills and knowledge in the use of media and technology. Associate students pursuing a B.A. in liberal studies may satisfy requirements with a minor or associate's degree in instructional media along with other requirements.

Students selecting a minor in instructional media must complete the following 18 credit hours of required courses: 402, 423, 425, 430, 433, and 475. Interviews will be conducted on request.

COURSE DESCRIPTIONS
INSTRUCTIONAL MEDIA

Symbol: EDM

- 200 Level courses for associate degree students only.
- 202 Selection and Effective Utilization of Media (3) This course uses a systems approach in the design of training packages, emphasizing the criteria for the selection of media that will effectively fulfill training objectives. It will also involve the most effective ways to utilize the media selection. For associate degree students.
- 203 Mediated Programs (3) This course will explore the area of visual communication materials. Through the use of research materials, demonstrations, and various production techniques, the student will be able to design and produce visual instructional materials. The materials produced will be relevant to either the group or individualized instructional process reflected in current trends and methods of curriculum design.
- 213 Production of Multi-Image Programs (3) The multi-image presentation, perhaps more than any other means of communication, offers endless possibilities for creative expression. This

course will attempt to acquaint the student with the "how" and "why" of multi-image presentations. The student, through hands-on experience, will research, design, and produce several programs that use multi-image techniques. For associate degree students. PREREQ: Basic photography.

223 Design and Production of Visual Materials (3) This course will explore the areas of design as they relate to the production of visual instructional materials to be utilized as an integral part of the curriculum. Discussion of, and hands-on experience with, the phases of perception, communication, and learning theories for determining advantages, limitations, and the use of various visual media. For associate degree students.

225 Basic Photography (3) A course dealing with the photographic process. The course will cover camera handling, film and print processing, and application of photography to media production and the development of training packages. For associate degree students. Student must supply adjustable 35mm camera plus developing and printing materials.

226 Intermediate Photography (3) A course for those who have had a basic photography

class or previous photographic experience. The course will stress technical and creative approaches to black-and-white and color photography with small format cameras and will involve advanced techniques of exposure, lighting composition, macro photography, and film and print processing. For associate degree students. Student must supply adjustable 35mm camera plus developing and printing materials. PREREQ: Basic photography.

228 Advanced Photography (3) Course designed for students interested in learning professional techniques of black-and-white and color photography. General areas considered will be large and medium format cameras. Specific consideration will be given to camera equipment, lenses, filters, retouching, available light and electronic flash photography, composition, and advanced darkroom techniques. For associate degree students. PREREQ: Basic and intermediate photography.

230 Motion Picture Production I (3) A workshop in scripting and shooting of 16mm films. For associate degree students.

231 Motion Picture Production II (3) Particular attention is paid to 16mm/video equipment, editing, sound recording, laboratory and process-

ing procedure, color, and television application. For associate degree students.

233 Basic TV Production I (3) This course deals with the history and development of commercial and instructional television in the United States. It will include a study of closed circuit systems and the equipment and practices to operate such a system. The student will gain experience in planning and producing instructional or promotional television programs. For associate degree students.

234 TV Production II (3) A television studio production course emphasizing the practical work of all aspects of closed circuit television. It will include the presentation of scripts, graphics, animation, photos, film, slides, sound recordings, lighting, staging, and electronic technical information. For associate degree students.

235 Instructional TV Production III (3) A course designed for the advanced undergraduate student in television production. The 10-minute television productions are basic requirements of the course. The student will use the television production facilities of West Chester University to complete the basic TV production requirements. For associate degree students.

275 Sound Reproduction in Instructional Communication (3) A combination theory and workshop course that will teach the theory of sound and its application in instruction. For associate degree students.

290 Internship (4-15) Internship/Field Experience will give students an opportunity to gain practical experience in the field of media technology at their level. Areas where students might be placed are schools, two- and four-year colleges, industry, TV stations, photo labs, etc.

300 Introduction to Instructional Communications (3) Techniques, materials, and equipment, and the development of skills needed for teaching.

402 Selection and Effective Utilization of Instructional Media (3) This course will engage the student in a systems approach to course development, emphasizing the criteria used in the selection of media appropriate to the effective fulfillment of course objectives. It will also involve the most effective ways to utilize the media selected.

403 Developing Mediated Individualized Instructional Programs (3) Involves the development by students of individualized instructional packages utilizing various forms of media. The packages will be developed using a systems approach and emphasis will be on interactive video and computer-assisted instruction.

405 Theory of Motion Picture Production (3) Lecture integrated with extensive use of films to teach the basic functions of the educational film and attempt to cite results to demonstrate the effective use of films.

413 Production of Multi-Image Production (3) The multi-image presentation, perhaps more than any other means of communication, offers endless possibilities for creative expression. This course will attempt to acquaint the student with the "how" and "why" of multi-image presentations. The student, through hands-on experiences, will research, design, and produce several programs that use multi-image techniques. PREREQ: Basic photography.

423 Design and Production of Visual Materials (3) This course will explore the areas of design as they relate to the production of visual instructional materials to be utilized as an integral part of the curriculum. The phases of perception, communication, and learning theories are discussed, along with hands-on experience, for determining advantages, limitations, and the use of various media.

425 Basic Photography (3) A course dealing with photographic processing, camera handling, and film and print processing. Students must have a complex camera and must purchase personal supplies.

426 Intermediate Photography (3) A course designed for students who have had the basic photography course and wish to sharpen previously learned skills and acquire more advanced skills in picture taking, film and print processing, and print finishing. PREREQ: Basic photography.

428 Advanced Photography (3) Course designed for students interested in learning professional techniques regarding black-and-white

and color photography. General areas considered will be large, medium, and 35mm format cameras. Specific consideration will be camera equipment, lenses, filters, retouching, available light and electronic flash, composition, and advanced darkroom techniques. PREREQ: Basic and intermediate photography.

430 Motion Picture Production I (3) Scripting and shooting of 16mm films and videos including magnetic sound recording and reproduction.

431 Motion Picture Production II (3) Course geared for the advanced filmmaker/video producer interested in learning the professional techniques for producing 16mm/video production.

433 Basic TV Production I (3) This course deals with the history and development of commercial and instructional television in the United States. It will include a study of closed circuit systems and the equipment and practices to operate such systems. The student will gain experience in planning and producing instructional or promotional television programs.

434 Instructional TV Production II (3) A lecture, demonstration, and workshop course that stresses planning, writing, producing, and evaluating instructional television. Emphasis is placed on student involvement in the television production process.

435 Instructional TV Production III (3) This is a course designed for the advanced undergraduate student in television production. It will allow students to produce three, 15-minute television productions on topics of their own choice. The student will assume the role of a TV director and producer and will accept independent responsibility for the TV productions.

463 Field Study of Media Programs (3) A scheduled group or individual tour, foreign or domestic, in which students investigate notable installations or projects in educational media.

475 Sound Reproduction in Instructional Communications (3) A combination theory and workshop course that will teach the theory of sound and its application in instruction.

498 Workshop in Instructional Media (3 or 6)

Social Studies Program

David S. Eldredge and John J. Turner, *Coordinators*

BACHELOR OF SCIENCE IN EDUCATION – COMPREHENSIVE SOCIAL STUDIES

The Commonwealth of Pennsylvania grants a comprehensive social studies certificate entitling the holder to teach social studies in public school. Preparation combines an introduction to all of the social science disciplines with either a concentration in one discipline, or an interdisciplinary concentration. For information and specific course requirements, contact the chairpersons of the departments participating in this program: Mr. Eldredge, Department of Political Science; or Dr. Turner, Department of History.

COMMON REQUIREMENTS

ASSOCIATE PROFESSOR: Finkel, Zlotowski

ASSISTANT PROFESSORS: LaCoste, Nickles, Quigney

Degree Program to Teach the Mentally and/or Physically Handicapped

The object of the program in special education is to provide relevant and comprehensive training for those seeking certification in the teaching of those people who are mentally or physically handicapped, or both.

The special education curriculum is designed to produce a teacher who is clinically oriented with a foundation in normal growth and development and educational practices. During their course of study, students will be exposed to children between the ages of 3 and 21 with mental and physical handicaps, ranging from mild to severe, but will not necessarily be equally proficient in all areas. Personal characteristics essential for adequate preparation and performance will include a high level of flexibility, receptivity, intellectual ability, physical stamina, and a focus on professional and realistic expectations.

BACHELOR OF SCIENCE IN EDUCATION – SPECIAL EDUCATION

1. General Requirements, see pages 35-38 51 semester hours
Introduction to Psychology is required.
Electives selected under advisement (See
department handbook.)

- D. Concentration in Ethnic Studies 30 semester hours
See the Department of History for advising.
History Courses 15 semester hours
Social Science Electives and Requirements 9 semester hours
Humanities Electives 6 semester hours
- A 2.50 cumulative average in the social sciences and a 2.50 overall average is a prerequisite for student teaching.

Minor in Developmental Disabilities 18 semester hours

Current trends, enforced by recent litigation, have increased the need for a general understanding of the handicapped individual in our culture.

The program is designed to introduce students to exceptionalities through course work and field practicums. A life programming approach is used.

1. Developmental Disabilities 15 semester hours
Required: EDA 100, 200, 220, 349, and 350
2. Free Elective 3 semester hours
Selected with approval of special education adviser

This minor may be taken as a concentration by students in the Associate of Arts in liberal studies program or as one of the minors in the Bachelor of Arts or Bachelor of Science in liberal studies general degree program. The minor does not lead to Level II teacher certification.

*Minimum grade of C- required in these courses.

100 Mainstreaming for Exceptional Students
(1) This course is designed to acquaint the classroom teacher with exceptional students who may be spending some portion of the day in the regular setting. Current regulations covering those placements will be reviewed. Emphasis will be placed on adequately meeting special educational needs.

101 Psychology of the Mentally Handicapped
(3) An introduction to the range of exceptional children from a historical perspective with an in-depth study of mental retardation and emotional disturbance. PREREQ: PSY 100.

102 Psychology of the Physically Handicapped
(3) An in-depth study of the physically handicapped and the learning disabled/brain damaged with an overview of psychological and societal implications and multiple-handicapped conditions. PREREQ: PSY 100.

200 Practicum (3) Field experience in an integrated educational environment, consisting of collaborative training with regular and special educators.

220 Behavior Management (3) An exploration of current practices in management of behavior with emphasis on teacher-delivered systems. PREREQ: EDA 101 or 102. Offered fall semester only.

241 Psychology of Exceptional Children (3)
Psychology of children who are either mentally

gifted or retarded, or who have vision, hearing, speech, or orthopedic handicaps, or emotional or social problems. PREREQ: PSY 100.

245 Introduction to Learning Disabilities (3)
Identification, education, and treatment of the child labeled as "learning disabled." Emphasis given to the specific learning and emotional needs such a child presents. An overview of the historical development and current status of this field is included.

280 Integrating the Arts (3) Fine art, music, puppetry, and dance are combined as creative processes to be adapted for use with children.

301 Field Experience and Seminar: Mentally Handicapped (3) A weekly, three-hour practicum and one and one half-hour seminar devoted to field experience with mentally handi-

capped students. Class analysis of observed needs and methods of teacher responses.

PREREQ: EDA 101.

302 **Field Experience and Seminar: Physically Handicapped (3)** A weekly, three-hour practicum and one and one-half hour seminar devoted to field experience with physically handicapped students. Class analysis of observed needs and adjustment factors. PREREQ: EDA 102.

330 **The Academically Superior Child (3)** The gifted child and means of providing an effective educational program for him or her.

349 **Programmed Environments (3)** An overview of curriculum preparation including the study of methods, materials, equipment, and areas uniquely designed to meet the needs of handicapped learners.

350 **Life Curriculum and Methods: Handicapped Learners (3)** Preparation to assist handicapped students achieve adaptive levels of behavior through the view of total life preparation. PREREQ: EDA 349.

360 **Diagnostic and Prescriptive Teaching (3)** An introduction to diagnostic procedures and the conversion of these findings into relevant educational plans and instructional strategies.

PREREQ: EDA 350.

403 **Senior Seminar: Current Trends (3)** Exploration of emerging concepts, problems, and trends in a seminar format with emphasis on individual preparation. PREREQ: EDA 360.

◆410 **Independent Study (1-3)** Special topics or projects initiated by the student that will enable her or him to do extensive and intensive study in an area of special education. PREREQ: Permission of chairperson.

416 **Student Teaching and Direction of Activities, Including Practicum: Emotionally Disturbed (6)** Participation in teaching and all other activities in the student teaching role related to the teacher's work. PREREQ: 96 semester hours including all professional education courses and

all specialized preparation courses with standards as shown above (*).

417 **Student Teaching and Direction of Activities, Including Practicum: Learning Disabled (6)** See EDA 416 for description and requirements.

418 **Student Teaching and Direction of Activities, Including Practicum: Mentally Retarded (6)** See EDA 416 for description and requirements.

419 **Student Teaching and Direction of Activities, Including Practicum: Physically Handicapped (6)** See EDA 416 for description and requirements.

443 **Psychology of the Mentally Retarded (3)** Etiology, diagnosis, and various treatment approaches to the mentally retarded. PREREQ: EDA 241.

ADMISSION TO TEACHER EDUCATION

All candidates for teacher certification must meet the teacher education requirements as well as satisfy the requirements of their respective departments. The following teacher education requirements must be satisfied prior to student teaching:

1. Maintain a cumulative GPA of 2.50
2. Maintain an overall GPA of 2.25 for the following required courses: EDF 100, EDP 250, ENG 120 (if required), ENG 121, three credits of MAT 103 (or course required by major department), PSY 100
3. Demonstrate writing competency by successfully completing ENG 121
4. Completion of a speech screening test and hearing screening test
5. Successfully pass a reading screening test
6. Demonstrate computer literacy competencies by:
 - a. Successfully completing a computer literacy course (may be part of general education science distribution requirement) or
 - b. Passing a computer literacy test administered by the Department of Mathematics and Computer Science
7. Provide evidence of 30 clock hours of field experience by maintaining a portfolio on file in the student's major department. Such evidence must meet the standards of the specific certification program.

STUDENT TEACHING

Student teaching is to be taken in the seventh or eighth semester and normally culminates the professional experience in preservice preparation for teaching. Students are required to file applications for student teaching with their

individual departments. Since each department's regulations differ, students are urged to check with departments so the proper procedure may be followed.

Students must do their teaching in area schools where the University holds a contract for student teachers.

To be eligible for student teaching, candidates must have senior standing (96 semester hours) with a cumulative index of 2.50 or higher, show that all required course work in at least the first six semesters has been completed, and have satisfied the requirements for full admission to teacher education. Criteria for student teaching approval occasionally change. Students should contact departments for requirements. A student must earn grades of C or better to qualify for the certificate. Students receiving a grade of C- or lower will not be recommended for certification.

TEACHING CERTIFICATES

It is the student's responsibility to apply for a Pennsylvania Certificate through the University's Certification Office. It is recommended that students apply as soon as requirements have been met.

Applicants for certification must meet the requirements in effect at the time of application.

Applicants for the certificate generally must be citizens of the United States. A noncitizen must have declared the intent to become a citizen of the United States. For more information, contact the University's Certification Office.

Application forms and information about certification are available from the Certification Office in the School of Education.

Postbaccalaureate students who wish to obtain teaching certification should consult with the School of Education.

NATIONAL TEACHER EXAMINATION

Applicants for an initial Pennsylvania Instructional Level I Certificate must pass the National Teachers Examination in communication skills, including listening, writing, and reading; general knowledge, including social sciences, literature and fine arts, math, and science; professional knowledge; and a major subject specialization area. The professional knowledge and major specialization area tests should be taken near the end of the senior year after all requirements have been completed. West Chester University has been designated as a test center. Tests will be administered three times a year.

INSTRUCTIONAL I CERTIFICATE

A student who completes one of the University's teacher education curricula receives his or her degree from the University and may qualify for an Instructional I Certificate, which is issued by the Pennsylvania Department of Education. This certificate is valid for six years of teaching in Pennsylvania. Recommendation for the certificate is made by the certifying officer of the University.

INSTRUCTIONAL II CERTIFICATE

This certificate requires three years of successful teaching in Pennsylvania under the Instructional I Certificate, successful completion of an Induction Plan approved by the Pennsylvania Department of Education, and the satisfactory completion of 24 semester hours of additional work completed at a baccalaureate granting institution, after issuance of the baccalaureate degree. This certificate is a permanent license to teach in Pennsylvania.

All or part of the educational requirements for this credential may be obtained through approved, in-service programs. Additional subject areas may be obtained by completing requirements for that area. Students should consult the department in which they seek certification for information and an evaluation of their credits.

Department of Communicative Disorders

John L. Eberhart, *Chairperson*

PROFESSOR: Weiss

ASSOCIATE PROFESSORS: Koenig, Maxwell, Stigora,
Stratton

ASSISTANT PROFESSORS: Eberhart, Stuart

The Department of Communicative Disorders offers two programs leading to the bachelor's degree.

1. The B.A. in COMMUNICATIVE DISORDERS is a preprofessional program that provides students with basic knowledge of human communication and communication disorders in preparation for graduate study in audiology, speech-language pathology, speech and hearing science, or related health science or communication fields.
2. The B.S. in EDUCATION in SPEECH CORRECTION provides students with basic knowledge of human communication and communication disorders that qualifies them for the Pennsylvania Instructional I Certificate and prepares them for graduate study.

The B.S.Ed. program has been suspended. The teacher certification may be moved to the graduate level.

Both degree programs provide the student with the opportunity to complete much of the undergraduate preparation that is applicable to fulfilling the requirements for the Certificate of Clinical Competence (CCC) from the American Speech-Language-Hearing Association (ASHA).

The department operates a Speech and Hearing Clinic that serves as a teaching and training facility for the academic program. The clinic provides diagnostic and therapeutic services for children and adults with speech and hearing problems. These services are available to individuals from the University as well as from the surrounding communities.

COURSE DESCRIPTIONS

COMMUNICATIVE DISORDERS

Symbol: SPP

101 Introduction to Communicative Disorders (3) An introductory survey of normal processes and disorders of speech, language, and hearing. Suitable for nonmajors.

106 Anatomy of Speech and Hearing Mechanisms (3) A study of embryology, normal development, neurology, and physiology of anatomical structures of the speech and hearing mechanisms. PREREQ: SPP 101.

163 Seminar I in Communicative Disorders (.5) The seminar is designed to help integrate experiential and theoretical information. The seminar will focus on career/professional awareness, orientation to the department, and individual studies.

166 Seminar II in Communicative Disorders (.5) The seminar is designed to help integrate experiential and theoretical information. The seminar will focus on personal adjustment, assertiveness, and active listening.

203 Speech and Hearing Science (3) This course presents students with the fundamental knowledge of acoustics related to speech production and speech perception. It also provides an opportunity for students to engage in laboratory experiences related to acoustic and psychoacoustic measurement.

204 Speech and Language Development (3) Examination of normal communication development: biological, cognitive, social and ecological bases of language. Developmental milestones from prelinguistic communication to oral language and literacy. Normal variations in development associated with cultural diversity and bilingualism. PREREQ: SPP 101, ENG/LIN 230.

206 Articulation Disorders and Clinical Phonology (3) The symptomatology, etiology, assessment, and remediation of articulatory and phonological disorders. Includes study of standard and variant sounds of the English language, and development of skills in their recognition, production, and transcription. PREREQ: SPP 101, 106, 203, 204; ENG/LIN 230.

263 Seminar III in Communicative Disorders (.5) The seminar is designed to help integrate experiential and theoretical information. The seminar will focus on implications of disabilities and on cultural diversity.

323 Fluency and Voice Disorders (3) The symptomatology, etiology, diagnosis, and treatment of communicative disorders associated with fluency and voice.

333 Language Disorders (3) Clinical management issues associated with developmental and acquired language disorders in children and adults. Linguistic patterns observed in the performance of individuals with various etiological conditions (e.g., mental retardation, autism, hearing loss, neurological impairment, craniofacial anomalies, learning disability). Factors indicating risk for and maintenance of language disorders. Protocols for evaluation and treatment indicated by developmental theories, processing models, and sensitivity to normal variations among culturally diverse populations. PREREQ: SPP 204.

Academic Policies

1. Grades of "D" or "F" earned in major (SPP) courses must be raised to "C" or better. A failed major course must be repeated the next time the course is offered.
2. A minimum 2.50 cumulative GPA and 2.50 major average is required for all communicative disorders majors in order to complete the degree programs.

BACHELOR OF ARTS – COMMUNICATIVE DISORDERS

1. General Requirements, see pages 35-38 51 semester hours
2. Foreign Language and Culture 9-15 semester hours
3. Related Areas 24 semester hours
These courses are to be selected under advisement from a department-approved list.
4. Communicative Disorders Concentration 33 semester hours
SPP 101, 106, 163, 166, 203, 204, 206, 263, 323, 333, 346, 350, 363, 366, 451, and 463
5. Electives 6-21 semester hours

BACHELOR OF SCIENCE IN EDUCATION – SPEECH CORRECTION

Each student must complete the following requirements:

1. General Requirements, see pages 35-38 51 semester hours
2. Cognate Courses and Electives 6 semester hours
These courses are to be selected under advisement from a department-approved list.
3. Professional Education 30 semester hours
EDA 241, EDF 100, EDP 250, PSY 325 and 375, SPP 411-412 and 470
4. Specialized Preparation 42 semester hours
PHY 110, SPP 101, 106, 107, 203, 223, 236, 323, 343, 346, 350, 351, 352, and 471
5. Teacher Education Requirements

340 **Developmental and Disorders of Language (3)** An examination of normal language development and its psycholinguistic, neurological, and social dimensions. Special education considerations for children with language disorders. PREREQ: EDA 101 or 102 is required; SPP 101 is recommended.

346 **Hearing Disorders (3)** An introduction to audiology and its relationship to other medical and educational fields concerned with hearing impairments. Developmental, medical, social, physical, and psychological properties of hearing and sound are explored. Evaluative techniques are introduced with opportunity for limited practical experience. PREREQ: SPP 106 and 203.

350 **Clinical Principles in Communicative Disorders (3)** A study of evaluative and therapeutic materials and methods applicable to the professional setting. PREREQ: SPP 206, 323, and 333.

363 **Seminar IV in Communicative Disorders (.5)** The seminar is designed to help integrate experiential and theoretical information, focusing on principles and applications of counseling.

366 **Seminar V in Communicative Disorders (.5)** The seminar is designed to help integrate experiential and theoretical information, focusing on professional resources and the legal, ethical, and political responsibilities of the professional.

◆410 **Independent Study (1-3)** Research, creative projects, reports, and readings in speech pathology and audiology. Application must be made to advisers by students one semester in advance of registration. Open to juniors and seniors only. PREREQ: Approval of department chairperson. Offered on demand.

451 **Clinical Practicum in Communicative Disorders (3)** Supervised practice in the Speech and Hearing Clinic. Designed to prepare students to evaluate and provide therapy for children and

adults who have communication problems. Must be repeated if performance is not satisfactory. PREREQ: Permission of instructor and 2.50 average in major SPP courses.

463 **Seminar VI in Communicative Disorders (.5)** The seminar is designed to help integrate experiential and theoretical information, focusing on employment opportunities and graduate education.

469 **Clinical Instrumentation (3)** Evaluation, selection, use, and maintenance of electronic aids for the speech and hearing clinician. Emphasis on demonstrations and practical experience. Open to speech pathology and audiology students with senior standing. Also offered as SPP 569 for graduate credit.

◆498 **Workshop in Communicative Disorders (3)**

◆ This course may be taken again for credit.

Department of Health

Sheila M. Patterson, *Chairperson*

Robert P. Nye, *Assistant Chairperson*

PROFESSORS: Lemcke, Mustalish, Nye, Young

ASSOCIATE PROFESSORS: Cinelli, Fisher, Goetz, Harris, McConatha, Sheehan

ASSISTANT PROFESSORS: Boyle, Carson, Patterson, Sankaran, Shorten

ADJUNCT PROFESSORS: Albright, Evans, Fellows, Furio, LeRoy, Robbins, Therkauf, Wix

The Department of Health offers three programs leading to a Bachelor of Science degree and also offers an Associate of Science degree in respiratory care.

1. The B.S. in HEALTH EDUCATION prepares an individual to teach in grades K through 12. Upon completion of 129 credits, the students take the mandated examination to certify teachers in Pennsylvania. Students passing the exam will receive an Instructional Level I Certificate to teach health education.
2. The B.S. in PUBLIC HEALTH is designed to provide students with the competencies needed for a career in public health. Students selecting this program will take a public health core of courses and select one of the concentrations from the following:
 - a. PUBLIC HEALTH-HEALTH PROMOTION. Prepares students for a career as a public health practitioner in hospitals, health departments, health agencies, and industry. The program provides a comprehensive basic science background as well as a strong public health foundation. This is an accredited program by SOPHE/AAHE.
 - b. PUBLIC HEALTH-ENVIRONMENTAL HEALTH. Prepares students for careers as environmental health scientists in industry, consulting firms, government, and academia. The program synthesizes a rigorous general scientific preparation with specialized applied courses in a wide range of environmental health science disciplines, such as industrial hygiene, hazardous waste management, and water quality.
 - c. PUBLIC HEALTH-NUTRITION. Prepares students for careers in nutrition, working in schools, industry, and hospitals.
3. The B.S. in HEALTH SCIENCE is for students who have completed a certificate or associate's degree program in such health science areas as dental hygiene, respiratory therapy, occupational

therapy, medical technology, and cardiovascular technology. The program gives professionals the chance to build on their technical education already received and to develop academic competency in a related field. A school dental hygiene certification concentration of 18 credits is offered under this degree.

4. The A.S. in RESPIRATORY CARE is offered in association with Bryn Mawr Hospital. Graduation from the program satisfies the entrance requirement for the Written Registry Examination and the Clinical Simulation Examination given by the National Board for Respiratory Care. Successful completion of these examinations qualifies the candidate as a registered respiratory therapist. Most respiratory therapists are employed by hospitals and home health care agencies.

Academic Policies

1. **Repeating Courses**
Department of Health majors who earn less than a C (2.00) in selected program requirements may be required to repeat such courses. Students should discuss these requirements with their advisers.
2. **Overall GPAs for student teaching, internships, and field experiences**
 - A. A minimum 2.50 cumulative GPA is required of all school health education majors for student teaching assignments.
 - B. A minimum 2.30 cumulative GPA is required of all public health (health promotion, environmental health, and nutrition) majors for internships or field experience assignments.

For students not meeting these requirements, supplementary course work will be advised.

REQUIREMENTS COMMON TO THE B.S. PROGRAMS

COURSE DESCRIPTIONS ENVIRONMENTAL

Symbol: ENV

- #102 Humans and the Environment (3) A
study of the ability of humans to survive and
maintain their life quality considering the limited
resources and recycling capacity of planet Earth.
- 350 Environmental Health (3) Methods of pro-
moting health by controlling environmental fac-
tors relating to air, water, wastes, housing, radia-
tion, and industrial hygiene. PREREQ: CHE 104
and BIO 110, or permission of instructor.
- 360 Air Quality and Health (4) A con-
sideration of the types and amounts of air con-
taminants, the atmospheric processes that trans-
port them, and the role of air quality in human
health. PREREQ: HEA 350, or permission of
instructor.
- 450 Hazardous and Solid Wastes (3) Sources,
characteristics, and amounts of solid and hazard-
ous wastes and their implications for human
health. Methods of collection, handling, disposal,
and recycling. PREREQ: HEA 350, or permission
of instructor.
- 451 Toxic Substances (3) An investigation of
the health problems caused by toxic substances
in the workplace and in the general environ-
ment. PREREQ: BIO 204, CHE 231 (concurrent),
HEA 350, or permission of instructor.
- 452 Industrial Hygiene (3) A study of the
anticipation, recognition, evaluation, and control

- of health hazards in the work environment.
PREREQ: HEA 350, or permission of instructor.
- 453 Occupational Safety (3) A study of the
recognition, evaluation, and control of safety
hazards in the work environment. PREREQ: HEA
350, or permission of instructor.
- 455 Environmental Health Seminar (3)
In-depth investigation and discussions on topics
of particular concern or significance to the envi-
ronmental health field. Topics will be varied
from year to year. PREREQ: Senior environmen-
tal health major.
- 456 Environmental Health Internship (12)
Field placement with an environmental health
department in an industry, consulting firm, or
government agency. PREREQ: Senior environ-
mental health major.
- 459 Industrial Health Engineering (3) Stu-
dents will learn various environmental health
control strategies and theoretical bases for them.
Students also will improve their quantitative
skills solving problems concerning the control of
environmental health and safety hazards. Cost
effectiveness as well as technical effectiveness
will be discussed. PREREQ: HEA 350, 452, or
permission of instructor.
- 460 Industrial Hygiene Techniques (3) Stu-
dents will learn evaluation techniques for moni-
toring the industrial environment in a laboratory
setting as well as in the field, such as checking
air quality, air flow, noise, heat stress, and radia-

2. Cognate Requirements: 49 semester hours
BIO 110, 204, 259, and 269; CHE 103, 104,
230, and 310; CSC 101; ECO 101; MAT 121;
MGT 300; PSY 100*; and SOC 200*
3. Other courses selected under advisement
to meet a total of 130 semester hours

BACHELOR OF SCIENCE – HEALTH SCIENCE

1. Satisfactory completion of an allied health certificate, diploma,
or A.S. degree program
2. Satisfactory completion of 128 semester hours, including
- a. 51 semester hours of general education
- b. Complete a minimum of six coordinated courses or 18
semester hours approved by an adviser. Suggested concentra-
tions include community health, advanced respiratory
care course work, health management, school dental
hygiene certification, or health science course work.

ASSOCIATE OF SCIENCE – RESPIRATORY CARE

1. General Requirements 19 semester hours
COM 101, ENG 120, MAT 107, PHI 180,
PSY 100, and the arts
2. Respiratory Care Requirements 44 semester hours
HEA 249, 250, 251, 252, 253, 254, 255, 256,
257, 258, 259, 260, 261, 262, 263, 264, 265,
and 266
3. Cognate Requirements 15 semester hours
BIO 204, 259, and 269, and CHE 100
4. Grade Requirements
- a. All HEA courses, "C" or better
- b. All other WCU courses, "C-" or better

Minor in Health Sciences 18 semester hours
Required course HEA 100 and 15 hours of other health courses
selected under advisement. Nine credits must be at the 300 and 400
level. A grade of C- or better is required in each course.

* These required courses also satisfy general education requirements.

tion. Evaluation of personal protective equip-
ment, and pulmonary function and audiometric
testing also will be investigated. PREREQ: HEA
350, 452, or permission of instructor.

461 Introduction to Watersheds (3) An intro-
duction to the concept of watersheds and a dis-
cussion on how waterborne disease agents are
distributed within a drainage basin. Emphasis is
placed on methods of assessing pollution of
water resources.

462 Water Quality and Health (4) An exami-
nation of the quality and quantity requirements
of surface and subsurface water resources used
for drinking water supplies. Laboratory included.
PREREQ: HEA 350, or permission of instructor.

463 Wastewater Systems (4) An evaluation of
the human health implications of liquid wastes;
sources, waste characteristics, treatment, and
disposal will be considered. Laboratory included.
PREREQ: HEA 350, HEA 452, or permission of
instructor.

HEALTH

100 Dimensions of Wellness (3) Fundamental
concepts of health and wellness exploring several
health-related areas with an opportunity for per-
sonal lifestyle change conducive to better health.

#Approved interdisciplinary course.

- 103 Addictives (3) Thorough study of all addictives in relation to the individual and society.
- 104 Human Sexuality (3) Study of sexuality as it relates to self; the interrelationships with people.
- 105 Consumer Issues (3) Study of consumer issues today that relate to the field of health.
- 106 Death and Dying (3) Current controversial issues concerning death and dying. How involved persons cope with death.
- 107 Parenthood Education (3) Examining the role of the parent; improvement of parent-child relationships.
- 109 Health Issues of Women (3) The needs and concerns of women as consumers in our present health care system. Various biological, psychological, and social topics will be discussed.
- 110 Transcultural Health: Principles and Practices (3) This course examines the health beliefs and practices of a variety of subcultural groups in the U.S. Emphasis is placed on the application of multicultural health beliefs to the caring process. It utilizes the cross-cultural approach in meeting the health needs of clients and families. It is open to all college students, regardless of major, as an elective.
- 201 Health Education I (3) Fundamental knowledge of major health content.
- 202 Health Education II (3) Fundamental knowledge of major health content.
- 204 First Aid for Health Professionals (3) Prepares students entering the professional field of health to meet emergencies requiring first-aid procedures.
- 206 Human Development (3) A lifespan approach to the study of human development in the physical, cognitive, and psychosocial domains.
- 211 First-Aid for Children (1) Safety and Cardiopulmonary Resuscitation (CPR) for early childhood or elementary education majors.
- 241 Introduction to Public Health (3) A study of the components, functions, and interrelationships that are part of any program or organization in public health.
- 242 Community Health (3) Community health problems and services considered on the local, national, and international levels. Includes practical experience. PREREQ: HEA 241.
- 249 Respiratory Therapy Equipment (3) Study of the equipment utilized in the delivery of respiratory care.
- 250 Bronchopulmonary Hygiene (3) An in-depth study of respiratory care modalities utilized in the maintenance of bronchopulmonary hygiene, including humidity and aerosol therapy, sustained maximal inspiration, IPPB therapy, chest physical therapy, and airway maintenance.
- 251 Oxygen Therapy (2) An overview of basic science relevant to respiratory therapy is followed by the study of the manufacture, storage, and transport of medical gases, regulators, and metering devices, oxygen therapy, and oxygen analysis.
- 252 Medical Terminology (1) An introduction to medical terminology using a programmed instruction, self-learning technique. Includes chart format, word parts, pulmonary terminology abbreviations, and an overview of respiratory anatomy.
- 253 Aspects of Respiratory Therapy I (2) A discussion of topics essential to the provision of comprehensive respiratory therapy. Topics include patient care, CPR, and psychosocial issues.
- 254 Clinical Practice I (2) An introduction to clinical respiratory care consisting of rotations through patient care areas followed by discussion of experiences and correlation to didactic work.
- 255 Pulmonary Function Evaluation (2) A comprehensive study of various pulmonary function evaluation techniques. Includes bronchoscopy and arterial blood gas analysis.
- 256 Mechanical Ventilation (3) A comprehensive study of mechanical ventilation, including the physiology of positive pressure breathing, techniques of ventilation, characteristics of commonly used ventilators, and monitoring of the ventilator-patient system.
- 257 Respiratory Physiology (2) An in-depth study of breathing mechanics, pulmonary circulation, ventilation/perfusion ratios, regulation of ventilation, and gas transport.
- 258 Aspects of Respiratory Therapy II (2) A continuation of HEA 253. Topics include rehabilitation, home care, administration and organization, respiratory pharmacology, and infection-control techniques.
- 259 Clinical Practice II (4) An intensive exposure to noncritical patient care areas. Performance evaluation of basic therapies to include humidity, aerosol, oxygen, chest inflation techniques, suctioning, and chest physical therapy.
- 260 Cardiopulmonary Diseases (2) A comprehensive study of cardiopulmonary diseases and treatment. Includes pulmonary diagnostic procedures.
- 261 Respiratory Therapy Seminar I (2) Includes critical, written analysis, and discussion of pertinent respiratory care literature as well as elements of research relevant to the respiratory care profession. The students culminate their study of respiratory care by designing and implementing a miniresearch project.
- 262 Clinical Practice III (2) An introduction to critical and specialized respiratory care areas followed by discussions and correlation to didactic work.
- 263 Cardiopulmonary Evaluation (3) An in-depth study of monitoring and evaluation techniques including modules on cardiopulmonary physiology, electrocardiographic monitoring, and hemodynamic monitoring. Interpretation and application data is emphasized. Appropriate lab experience is included.
- 264 Clinical Practice IV (5) An intensive exposure to critical care and specialized areas of respiratory care. Performance evaluation of therapies and procedures to include mechanical ventilator set-up, and evaluation, neonatal ventilator set-up, pulmonary function assessment, arterial line set-up, and arterial line blood withdrawal.
- 265 Pediatric/Neonatal Respiratory Care (2) A comprehensive study of neonatal and pediatric respiratory care, including fetal lung development, pathophysiology of the neonate and pediatric patient, and related respiratory care procedures.
- 266 Pharmacology (2) An in-depth study of various drug categories including drug-dose response and principles of absorption, distribution, metabolism, and excretion.
- 301 Health for the Elementary Grades (3) Principles and procedures for meeting the health needs of the child.
- 303 Introductory Principles of Human Nutrition (3) Practical approach to the role nutrition and dietetics play in improving the quality of our lives—socially, physically, mentally, and emotionally. Dispelling of fads and fallacies.
- 304 Family Life and Sex Education (3) Basic concepts and objectives of such a program for students at different age levels. Organizing, launching, and evaluating the program.
- 305 Contraceptive Technology and Health Issues (3) The course will teach contraceptive methods, reasons for a society's acceptance or rejection of certain methods, and the effect on the health care delivery system.
- 306 Preparation for Classroom Teaching (3) A comprehensive study of the materials available in health education and the techniques for their implementation.
- ◆308 Field Experience in Health Education (1) Opportunities for observation and field experience in health science settings.
- 310 Love and Marriage (3) Defines love and marriage for the student and teaches the skills essential to fulfilling those needs.
- 311 Applied Nutrition (3) A study of methods of nutritional assessment, community aspects of nutrition, nutrition and the lifecycle, and concepts of meal planning. PREREQ: HEA 303.
- 312 Food Science (4) A study of the chemical, physical, and biological effects of processing, storage, and preservation on the structure, composition, palatability, and nutritive value of food. (Includes a lab)
- 313 Food Service Systems Management (4) A study of the organization and administration of food service systems and the functions and responsibilities specific to this management. Personnel, food cost, accounting, production, and service facility planning and environmental design will be examined. Quantity food production also will be studied.
- 320 Positive Aspects of Aging (3) Describes past, present, and projected information concerning the aging process in normal human development.
- 325 Stress Management (3) Comprehensive survey of stress concepts, theories, and management techniques. Emphasis is placed on personal application.
- 330 Health Behavior (3) Individual and group health behavior of children and adults at different levels of wellness and in various settings. Past and current theories of health behavior with methods of application by health professionals will be included. PREREQ: HEA 100, 241, and 242.
- 331 Health Promotion in the Workplace (3) A study of current health promotion efforts and programs for employees and management personnel at the worksite.
- 341 Chronic and Communicable Diseases (3) A study of the disease process, including causes, effects, and control of selected diseases with an emphasis on disease prevention and health promotion. PREREQ: HEA 241 and 242.
- 342 Program Planning and Evaluation (3) Provides an in-depth study of the program planning process and evaluation methods. Needed skills are developed and experience given in writing programs from assessment through evaluation with both hypothetical and real populations. PREREQ: HEA 341.
- 400 Advances in Dental Health I (3) A comprehensive examination and investigation of recent advances in dental health designed for the registered dental hygienist and certified dental assistant.
- 401 Seminar in Health (3) A study of current critical and controversial health issues.
- 402 Blood Pressure Measurement (1) The course will teach the technique for accurate blood pressure measurement, proper referring and recording procedures, and the necessary communication skills with clients.

404 **Student Teaching: Middle School (6)** Practical classroom experience in teaching health education. PREREQ: HEA 303, 304, 306, and 308.

405 **Student Teaching: Secondary School**

(6) Practical classroom experience in teaching health education. PREREQ: HEA 404.

408 **Dental Hygiene Field Experience (6)** Field experience for dental hygienists who are working towards certification as public school dental hygienists, or are preparing to teach in a school of dental hygiene.

410 **Mental Health (3)** Designed to aid persons in improving their understanding of themselves and others. Emphasis on ways to recognize mental health problems.

411 **Advanced Human Nutrition I (3)** In-depth examination of the digestion, transport, and metabolism of carbohydrates, lipids, and proteins. Special emphasis is placed on metabolic interrelationships and hormonal control of the three processes mentioned above. PREREQ: BIO 110, 259, 269; CHE 230, 404; HEA 303.

412 **Advanced Human Nutrition II (3)** In-depth examination of the digestion, transport, and metabolism of vitamins, minerals, and water.

Special emphasis is placed on digestive and metabolic interrelationships and hormonal control. PREREQ: BIO 110, 259, 269; CHE 230, 404; HEA 303.

413 **Nutritional Aspects of Disease I (3)** This course covers nutritional assessment, drug-nutrient interactions, nutritional therapy in diseases of infancy and childhood, gastrointestinal diseases, diseases of the liver and gallbladder, and surgery. PREREQ: BIO 110, 259, 269; CHE 230, 404; HEA 303, 311.

414 **Nutritional Aspects of Disease II (3)** This course covers nutritional therapy in coronary heart disease and hypertension, diabetes mellitus, renal disease, cancer, and disabling diseases. PREREQ: BIO 110, 259, 269; CHE 230, 404; HEA 303, 311.

420 **Preparation for Internship (3)** A comprehensive study and integration of the areas of responsibility for the public health major and their corresponding functions and skills essential for a successful internship. PREREQ: HEA 342.

421 **Public Health Internship (12)** A practical, full-time work experience in a hospital, public health agency, or company, jointly supervised by

an on-site supervisor and a public health faculty member. PREREQ: HEA 420.

◆425 **Independent Study (1-3)** The student will initiate a health-related research study or project under faculty supervision.

◆435 **Health Workshop (1-6)** Special workshops on contemporary health problems and issues. Topics announced at time of offering.

440 **School Health Program (3)** School health services, environment, and instruction, and organization and administration of a school health program.

470 **Advances in Respiratory Therapy I (3)** A comprehensive examination and investigation of recent advances in respiratory therapy designed for the registered or registry-eligible therapist.

471 **Individualized Study in Respiratory Care (3)** A course to gain didactic knowledge through independent readings and research in a chosen subspecialty. Practical application is stressed through a minimum of 112 hours of field experience in an appropriate setting.

◆This course may be taken again for credit.

Department of Nursing

Ann Coghlan Stowe, *Chairperson*

Kathleen Devlin-Kelly, *Assistant Chairperson*

PROFESSOR: Slaninka

ASSOCIATE PROFESSORS: Haus, Hickman, Michelmore, Perciful

ASSISTANT PROFESSORS: Brown, Conroy, Coghlan Stowe, Devlin-Kelly, Garrett, Knauss, Matz, Nester

INSTRUCTOR: Tucker

The Department of Nursing is accredited by the National League for Nursing and approved by the State Board of Nursing of the Commonwealth of Pennsylvania.

Admission Criteria

Applicants for nursing must have completed work equal to a standard high school course, including a minimum of 16 units: four units of English, three units of social studies, two units of mathematics (one of which must be algebra), and two units of science with a related laboratory course or the equivalent. A combined score of 1000 is expected on the SAT.

BACHELOR OF SCIENCE IN NURSING

The Bachelor of Science degree program in nursing is offered by the Department of Nursing, which is an integral part of the School of Health Sciences. The family-centered program is based on the concept that the person is a biopsychosocial being with basic health needs. The Department of Nursing believes that high-quality health care is a basic right of all people and that health care needs can be met through the practice of the professional nurse who has completed a systematic program of courses in the social and natural sciences, humanities, and the nursing major.

Characteristics of the graduate include: 1) an awareness of, and sense of responsibility for, contemporary health and social issues; 2) advocacy for health care improvement in society through professional citizen activities at various adaptational levels and developmental stages in a variety of settings; 3) accountability and competency in utilizing the nursing process to assist clients; 4) collaboration, coordination, and consultation as a colleague in the

interdisciplinary health team; 5) belief in learning as a life-long process; 6) participation in the change process by collection of data applying to nursing theories and practice.

DEGREE REQUIREMENTS

1. Core Requirements*

BIO 100, 204, 259, 269, and 307; CHE 103-104 and CRL 103-104 or CHE 107 and CRL 107; CHE 230, and 404; ENG 120 and 121; MAT 121; PSY 100, 210, and 375; and SOC 200 and 240

2. Nursing Concentration Requirements

NSG 212, 311-312, and 411-412, NSL 212, 311-312, 411-412, and one nursing elective.

A total of 130 credits is required for graduation.

Special Requirements

Generic nursing candidates are admitted once a year, in September. Transfer students can be admitted in spring and fall.

Nursing students are required to supply their own transportation to clinical facilities.

Insurance. Students are required to carry liability insurance coverage in the amount of \$1,000,000/\$3,000,000 during the junior and senior year at a yearly cost of approximately \$30. Students also are required to carry health insurance.

Uniforms. Students are required to wear white uniforms to some of the clinical experiences during the junior and senior years. Uniform policies are presented in detail in the current issue of the department handbook.

CPR Certification. Students enrolled in nursing courses with a clinical component are required to be currently certified by the American Red Cross, American Heart Association, or other acceptable resource in Life Support (two-person) Cardiopulmonary Resuscitation. The CPR course must include resuscitation of children and infants.

Calculations exam. Competency in calculation of dosages is a prerequisite to NSG/NSL 311. The student is required to have attained 100% proficiency in calculating dosages as measured by a paper and pencil test. The nursing laboratory coordinator administers the calculations exam in the spring semester immediately prior to enrolling in the clinical courses.

*Some of these courses may be used to satisfy distributive requirements.

Mosby Assess Test. All senior students must complete the Mosby Assess Test prior to graduation. Cost is assumed by the student.

Health Requirements

Nursing candidates must meet the general health requirements of all students at West Chester University for the freshman and sophomore years. Candidates must meet the following health requirements during the summer prior to the junior and senior years: inoculations against diphtheria, typhoid, tetanus, measles, poliomyelitis (a series of four), and Hepatitis B; a complete physical examination that must include a complete blood count, blood serology, TB skin test, urinalysis, dental and eye examinations, and any other diagnostic tests deemed necessary.

Academic Promotion Policy Incompletes, Failures, and D Grades

All nursing students who have a grade of I (Incomplete), D, or F in required courses during the freshman and sophomore years must repeat these courses and achieve a satisfactory grade (C- or above) before entering the junior-level nursing major courses. Nursing students must have a 2.00 GPA before entering the clinical courses at the junior year.

A student must achieve a grade of C- or better in the nursing major in the junior year for promotion to the senior year and achieve at least a C- in the senior year for graduation. Students also must achieve at least a C- in BIO 307, MAT 121, and PSY 375.

If a student must repeat a nursing course, a grade of C- or better in both the theory and laboratory (clinical practicum) components must be achieved. The theory and clinical portions of a nursing course must be taken concurrently. Not achieving at least a C- in such cases is considered grounds for dismissal from the nursing major. Other policies are explained in detail in the current issue of the department handbook.

Nursing Laboratory

The nursing laboratory in the basement of the Old Library building is available as a resource to help the nursing student in the learning process. There are two sections of the laboratory. One area houses a variety of equipment that allows the student to view audio-visual material such as filmstrips, slides, and videocassettes related to psychomotor skills involved in nursing. This equipment can be used individually or in small groups. The other section contains equipment that allows the student to practice these skills. Computers are available in the labs for use with various software packages.

Every student is required to use the learning laboratory at specified times. In addition, students are expected to spend time utilizing this resource for independent learning based on their individual needs. The laboratory is staffed by a full-time nursing laboratory coordinator who is a registered nurse. The hours when the lab is open will be posted.

Transfer Policy

Transfer students are accepted into the nursing major. The number will be limited annually to the number that the department can accommodate in a sound educational experience.

Students currently enrolled at West Chester University who wish to transfer in to the Department of Nursing must attend a transfer

information session to begin the process and subsequently submit an application packet to the department. All application procedures must be completed by the deadlines established by the Department of Nursing in order for the candidate to be considered for entrance into the nursing major.

All students who wish to transfer into the Department of Nursing must:

1. have a cumulative Grade Point Average of 2.50 or better.
2. show evidence of satisfactory completion (70% or better) in BIO 100 or 259, CHE 103 and CRL 103, or CHE 107 and CRL 107, and PSY 100 or SOC 200
3. meet with the adviser in the Department of Nursing to sign an individualized "agreement" that reserves placement in clinical nursing courses during the academic year identified.

Degree Program for Registered Nurses

The department also offers a program for registered nurses who wish to earn a baccalaureate degree in nursing. The registered nurse is required to complete a series of nursing examinations to demonstrate current nursing knowledge and determine placement in the nursing major. Detailed information about this program may be obtained from the Office of Admissions or the department office.

Licensing Eligibility in Pennsylvania

In order to be employed in professional nursing, students must apply for a temporary practice permit through the State Board of Nursing. Students must meet all program requirements to be eligible for the NCLEX Examination upon graduation. Passing this examination designates Registered Nurse (RN) status. In accordance with the January 1, 1986, Professional Nursing Law (P.L. 317, No. 69), felonious acts prohibit licensing in Pennsylvania in accordance with the following guidelines:

The State Board of Nursing in Pennsylvania shall not issue a license or certificate to an applicant who has been:

1. Convicted** of a felonious act prohibited by the act of April 14, 1972 (P.L. 233, No. 64), known as "The Controlled Substance, Drug, Device and Cosmetic Act", or
2. Convicted** of a felony relating to a controlled substance in a court of law of the United States or any other state, territory, or country unless:
 - a. At least 10 years have elapsed from the date of the conviction;
 - b. The applicant satisfactorily demonstrates to the board significant progress in personal rehabilitation since the conviction such that licensure should not create a substantial risk of further violations; and
 - c. The applicant otherwise satisfies the qualifications contained in this act.

A person convicted of any felonious act may be prohibited from licensure by the Board of Nursing at any time.

**Convicted includes a judgment, an admission of guilt, or a plea of nolo contendere.

COURSE DESCRIPTIONS NURSING

Symbol: NSG

109 Health Issues of Women (3) (Offered jointly with Department of Health, as NSG/HEA 109) This course encompasses the needs and concerns of women as consumers in our present health care system. It examines various biological, psychological, and social topics related to women's health care, including medical abuses, sexuality, sex roles, and women's health in the

workplace. This course is an enrichment to liberal education, encouraging inquiry into previously neglected areas of women and health. It is offered in the Women's Studies Program and is open to all University students, regardless of major, as an elective.

110 Transcultural Health: Principles and Practices (3) (Offered jointly with Department of Health, as NSG/HEA 110) This course examines the health beliefs and practices of a variety of subcultural groups in the U.S. Emphasis is

placed on the application of multicultural health beliefs to the caring process. It utilizes the cross-cultural approach in meeting the health needs of clients and families. It is open to all University students, regardless of major, as an elective.

212 Nursing Theories and Concepts (4) Taken in the sophomore year. Nursing theories and concepts, conceptual frameworks, theories from other disciplines that may apply to nursing, and the nursing process are studied in this course. PREREQ: Sophomore standing.

NSL 212 Nursing Theories and Concepts Lab (2) (Must be taken with NSG 212)

This clinical experience includes interviewing skills, physical and psychosocial assessment, vital signs measurement, basic hygienic practices, body mechanics, and infection control.

214 Proseminar: Nursing Theories and Concepts (3) The student examines various nursing theories and concepts; conceptual frameworks; theories from other disciplines that apply to nursing; nursing history; nursing education; professionalism in nursing; the nursing process; the ethical, legal, and political aspects of nursing; and current issues in nursing. This course is a prerequisite for upper-division nursing courses and serves as a transition to subsequent nursing courses. There is no clinical practicum associated with NSG 214. **PREREQ:** RN licensure.

216 Adaptations in the Aged (3) The student will have the opportunity to form a relationship with a healthy, elderly individual. Students will utilize communication skills through interaction on a one-to-one basis with senior citizens in a private home setting. Students will become acquainted with the problems of day-to-day living and the crises that face this population along with the adaptive strengths and resources that are an essential part of the healthy older person's personality.

217 Loss and Grieving: What to Say, What to Do (3) Loss, grief, and/or depression are universal experiences. Concrete measures to help oneself and peers better cope with these experiences are presented. Barriers that make providing comfort and support to others difficult or uncomfortable are identified and discussed. Effective measures for talking with and helping those who are grieving, depressed, or suicidal are presented, and each student is assisted to develop his or her own style in comfortably using selected approaches. Classes will be participatory with minimal lecture.

218 Concepts in Caring (3) The emphasis of this course is that caring is a universal concept that can be viewed from many disciplines. Nurses, professionals in the caring business, serve as the guides in a creative journey connecting human caring and the various disciplines.

311 Adaptation I (5) Must be taken during junior year, fall semester. The emphasis of this course is on the prevention of illness and promotion of health by assessment of the health status, appropriate inter-

vention, and evaluation of the health promotion plan. The nursing process provides the framework for promotion of wellness in a variety of settings with clients of any age group.

NSL 311 Adaptation I Laboratory (5) Clinical experiences are provided in agencies where relatively well populations have been identified, such as schools, nursery schools, well baby clinics, and health maintenance clinics. **NSG 311** and **NSL 311** always must be taken concurrently. **PREREQ:** BIO 100, 204, 259, and 269; CHE 103-104 and CRL 103-104 or CHE 107 and CRJ 107, CHE 230, and 404; ENG 120 and 121; NSG 212 and NSL 212; PSY 100 and 210; and SOC 200 and 240.

312 Adaptation II (5) Must be taken during junior year, spring semester. The emphasis of this course is on the maintenance of health and promotion of adaptive responses in clients with chronic health problems. The nursing process is used to assist these clients to adapt to stressors through supportive therapeutic, palliative, and preventive measures.

NSL 312 Adaptation II Laboratory (5) Clinical experience is provided in settings where clients with chronic health problems have been identified. These settings include rehabilitation centers, a child development center, nursing homes, and acute care settings. These environments provide flexibility for students to implement changes for clients and acquire skills that will be utilized in other nursing courses. **NSG 312** and **NSL 312** always must be taken concurrently. **PREREQ:** BIO 307, NSG 311, and NSL 311.

314 Internship (3) This course is designed to provide nursing students with the opportunity to enhance knowledge and skills acquired in NSG/NSL 311-312. Students will have the opportunity to participate in the care of a group of clients over a consecutive span of days and to increase their awareness of the professional role. **PREREQ:** Successful completion of NSG/NSL 311-312.

316 Coping with Cancer (3) The emphasis of this course is on coping with clients who have cancer. Various physiological and psychosocial effects this disease has on clients and their families will be examined. The course will allow students to explore their own feelings related to cancer and assist them in their contacts with cancer clients. Topics that will be discussed include dealing with loss, pain, pain management, hospice care, and communication with the cancer client. This course is open to all students.

367 Nursing Implications of Drug Interactions (1) The student will be introduced to essential pharmacological principles and concepts. The nursing process will provide the framework by which students will apply theoretical knowledge in BIO 367 to situations in a variety of health-care settings. To be taken in conjunction with BIO 367, or after, with permission of instructor.

◆ **410 Independent Study in Nursing (2)** The student produces an independent, research-oriented project under close faculty advisement on a nursing topic of special interest to the student. Participation in a selected field experience is optional. **PREREQ:** Permission of department chairperson.

411 Advanced Adaptational Problems I (5) Must be taken during senior year, fall semester. The emphasis of this course is on the study of adaptive responses that create new stresses, requiring additional adaptations and frequently interrupting an individual's mode of functioning. The nursing process is used to assist clients in crises.

NSL 411 Advanced Adaptational Problems I Laboratory (5) Clinical experience is provided in acute care settings, in psychiatric in-patient settings, and in community health settings. **NSG 411** and **NSL 411** always must be taken concurrently. **PREREQ:** MAT 121, NSG 312, NSL 312, and PSY 375.

412 Advanced Adaptational Problems II (6) Must be taken during senior year, spring semester. **NSG 412** is a continuation of **NSG 411** with the emphasis on the subconcepts of decision making and advocacy. The nursing process is utilized interdependently in approaching multihealth care problems of clients. Special attention is given to inquiry as the student correlates nursing theories and concepts with identifiable research problems in varied environments. Opportunity is provided in this semester to develop organization and management skills.

NSL 412 Advanced Adaptational Problems II Laboratory (5) Clinical experience is provided in acute care settings, psychiatric inpatient settings, and community health settings. **NSG 412** and **NSL 412** always must be taken concurrently. **PREREQ:** NSG 411 and NSL 411.

◆ This course may be taken again for credit.

The Department of Physical Education offers three programs leading to the Bachelor of Science degree.

1. The B.S. in HEALTH AND PHYSICAL EDUCATION – TEACHER CERTIFICATION is for students interested in earning state teaching certification.
2. The B.S. in HEALTH AND PHYSICAL EDUCATION – STUDENT DESIGNED concentration is for students interested in preparing for a specific career that is related to health and physical education but does not require teacher certification.
3. The B.S. in HEALTH AND PHYSICAL EDUCATION – PHYSICAL FITNESS is designed for students interested in the exercise sciences. This program provides academic preparation for individu-

als who seek to plan and conduct physical fitness programs for healthy adults.

BACHELOR OF SCIENCE – HEALTH AND PHYSICAL EDUCATION – TEACHER CERTIFICATION

1. General Education Requirements, see pages 35-38 51 semester hours
2. Physical Education Theory PED 100, 243, 251, 257, 271, 310, 350, 351, 352, 353, 361, 451, 453, 489, 490, and 492 47 semester hours
3. Related Requirements COM 101, EDF 100, EDP 250, HEA 100, 201, 202, HEA 206 or PED 385, HEA 306 24 semester hours
4. Related Requirements that also satisfy the General Education Requirements BIO 259 and 269, CHE 100 and 102, and PSY 100
5. Required Activities PED 109, 110, 111, 112, 113, 140, 141, 142, 143, 144, 208, 209, 210, 211, 212, 213, 214, and 242 10 semester hours
6. Area of Concentration Students who elect an area of concentration must select any six hours of courses from those listed under all areas of concentration. 6 semester hours
7. Three extracurricular experiences prior to student teaching
8. GPA Requirement Must have a GPA of 2.50 before taking PED 489, 490, and 492
9. Certification granted when Pennsylvania requirements are met

BACHELOR OF SCIENCE – HEALTH AND PHYSICAL EDUCATION – STUDENT-DESIGNED CONCENTRATION

1. General Education Requirements, see pages 35-38 51 semester hours
2. Physical Education Theory PED 100, 251, 257, 271, 352, 451, and 453 19 semester hours
3. Related Requirements COM 101, HEA 100 or HEA 201, HEA 202, HEA 206 or PED 385 12 semester hours
4. Related Requirements that also satisfy the General Education Requirements BIO 259 and 269, CHE 102, and PSY 100
5. Physical Education Activities 6 semester hours
6. Student-Designed Curriculum 34 semester hours
7. Intern Experience 12 semester hours
8. Three Extracurricular Experiences
9. Prephysical therapy and preoccupational therapy students need a 2.50 GPA before submitting a final proposal.
10. Students must have a 2.00 GPA for application to the student-designed curriculum.

BACHELOR OF SCIENCE – HEALTH AND PHYSICAL EDUCATION PHYSICAL FITNESS SPECIALIST

1. General Education Requirements, see pages 35-38 51 semester hours
2. Physical Education Theory PED 100, 251, 257, 271, 352, 385, 451, and 453 22 semester hours
3. Related Requirements COM 101, HEA 100, HEA 202 or elective, HEA 303, and MGT 300 15 semester hours

4. Related Requirements that also satisfy the General Education Requirements BIO 259 and 269, CHE 102, CSC 101, and PSY 100 18 semester hours
5. Physical Fitness Specialist Program PED 361, 429, 431, 432, 434, 453, and 454, and PED 433 or HEA 325 22 semester hours
6. Physical Education Activities 6 semester hours
7. Intern Experience 12 semester hours
8. Extracurricular Experience
9. Grade requirement of at least a C- in concentration courses
10. Student must have a 2.00 GPA for internal transfer and a 2.50 before submitting final proposal.

AREAS OF SPECIALIZATION

Elementary Physical Education

Students may select from the following courses: PED 340, 354, 440, 449, and 453

Secondary Health Education

Required: BIO 203, HEA 103, 105, 106, 301, 305, 401, 410, and SOC 250

Secondary Physical Education

Students may select from the following courses: PED 310, 311, 314, 316, 318, 319, 320, 321, 322, 323, 324, 326, 327, 328, 331, 430, 452, 453, and 454

Special Physical Education

Required: PED 360, 362, 379, and 457, and PEL 362

Driver-Safety Education (State Certification)

12 semester hours

West Chester offers certification in Driver Education and Safe Living (Highway Safety and General Safety Education).

Completion of the following program will enable teachers to endorse their teaching certificates with this area. Students must apply for the endorsement through the office of the dean of the School of Education.

The program may be taken in whole or in part during summer sessions. Some of the courses also are offered in the spring and fall semesters.

Required: Accident Causation and Prevention (PED 355), Critical Problems Within the Highway Transportation System (PED 356), High School Driver Education Program Management (PED 450), and Introduction to the Driving Tasks (PED 456). NOTE: This program meets state certification requirements for driver-safety education.

Recreation and/or Outdoor Education

This is a two-track program. The student may, under advisement, select courses in recreational services and/or outdoor education from the following list: Arts and Crafts (PED 367), Leadership in Recreation (PED 368), Principles of ROPE (PED 369), Camp Counseling (PED 370), Wilderness Adventure I (PED 371), Wilderness Adventure II (PED 372), Outdoor Recreation (PED 375), Intramural and Recreation Sports (PED 377), Planning Facilities for Athletics, Physical Education and Recreation (PED 430), Supervised Camp Leadership (PED 467), and Leadership in Recreational Outdoor Pursuits (PED 470).

Minor in Coaching

15-18 semester hours

Those students who successfully complete the program at West Chester earn a transcript and written endorsement from the School of Health Sciences attesting to school administrators that recipients

have attained basic preparation for coaching. Students pursuing the B.S. in health and physical education automatically achieve coaching certification.

Certification requires competencies equivalent to 15-18 hours of course work. Behavioral competencies in the theoretical foundations of coaching, skill acquisition, and management techniques also are required. Course offerings at the undergraduate and graduate levels are available. The program is open to any person who applied for admission through the program adviser, Ms. Thielz. Applicants should direct inquiries to that office for a coaching minor brochure.

Minor in Dance 21 semester hours

Required Core: History of Dance (PED 344), Dance Composition and Choreographic Techniques (PED 441), and Independent Study. This is a two-track program. Beyond the required core courses, the student may select course(s) under educational concentration or theatrical performance concentration. Other program requirements include assisting in teaching, under the direction of a faculty member, and a minimum of two semesters of performance or work for a production. Application for this program can be obtained from Barbara Lappano, dance coordinator.

Facilities

Facilities to support the programs of the department have kept pace with a rapid increase in students and faculty. The Health and Physi-

cal Education Center and field complex, located on South Campus, provide the University with one of the nation's outstanding facilities for education and research in health and physical education. Among the center's notable components are its research facilities, its multipurpose teaching stations, and a one-acre gymnasium that can be divided into six, separate, pneumatically sealed gymnasiums. A vast complex of tennis courts and baseball, lacrosse, field hockey, soccer, and football fields also are located on the South Campus.

NOTE: Students who choose to fulfill their art requirement through the dance curriculum must do so as follows:

| Two Credits | Course Selections |
|-------------|---------------------------|
| PED 344 | History of Dance |
| PED 345 | Dance Production Workshop |
| PED 441 | Choreography |
| PED 446 | Repertory Performance |

236 Developing Personal Fitness Programs (2)

This course is designed to provide the student with a basic understanding of the scientific basis of physical fitness. The course is intended to help each student in developing a personal fitness profile and subsequent program of physical activity that will result in healthful living. The course will make use of practical experience and actual participation in fitness activities. Individual programs will be emphasized.

PHYSICAL EDUCATION

Symbols: PED; PEL indicates lab course.

These courses do not meet the Physical Activity General Education requirement except for students whose majors have obtained University approval for such courses. These courses are for physical education majors only, with the following exceptions: elementary education majors, early childhood education majors, music majors, and sports medicine majors.

The first number in parentheses shows the number of class meetings per week; the second one shows the semester hours of credit.

100 Foundations of Physical Education and Sport (2) (2) An introduction to the discipline and profession of physical education and sport, with an emphasis on career guidance. The history and tradition of the field will be traced to provide perspective for student choices during their undergraduate education. Field experiences and advice will expose students to the current opportunities and methods for achieving personal goals.

107 Music and Movement (2) (1) A course that examines and develops the concept of music and rhythm through movement skills.

109 Wrestling (nine weeks) (3) (½) The teaching of the basic skills of the sport of wrestling. Fundamental skills, tactics, rules, and combative, lead-up activities for presentation to physical education classes in the public schools.

110 Soccer (nine weeks) (3) (½) The teaching of the basic skills of the sport of soccer. Fundamental skills, tactics, rules, and lead-up games are presented for all school ages.

111 Basketball (nine weeks) (3) (½) Emphasis is placed on fundamental skills, rules, and tactics of the sport, accomplished through drills and game situations.

112 Gymnastics I (3) (1) Apparatus skills, stunts, tumbling, and pyramids for teaching all age levels.

113 Physical Conditioning (nine weeks) (3) (½) The teaching of activities to help develop total health, especially physical fitness. Circuits of exercises, weight training, running, and rope jumping are included for all ages.

140 Aquatic Fundamentals and Emergency Water Safety (3) (1) Review of basic aquatic skills. Emphasis on lifesaving practices, safety, and survival techniques. Successful completion of this course may lead to advanced lifesaving certification by the American Red Cross.

141 Fundamental Movement (3) (1) Fundamental locomotor and axial movement; music

* Additional fee required.

and rhythm in relationship. Rhythmical activities for the elementary program with suggested teaching methods.

142 Tennis (nine weeks) (3) (½) An explanation of the mechanics and specific skills of tennis. Emphasis is placed on conceptual understanding and teaching progressions and methods.

143 Golf (nine weeks) (3) (½) The teaching of the basic skills of golf. Class management, techniques, rules, and safety procedures to present to physical education classes.

144 Archery/Badminton (nine weeks) (3) (½) The teaching of the basic skills of archery and badminton. Class management, techniques, rules, and safety procedures to present to physical education classes.

200 Elementary School Physical Education (3) (2) Theoretical and practical approach for the teaching of physical activities to elementary school children by the classroom teacher.

208 Self Defense (nine weeks) (3) (½) The teaching of the basic skills of self defense. Fundamental skills, tactics, and methods of presentation to school-age groups.

209 Track and Field (nine weeks) (3) (½) Principles of running, throwing, and jumping. Modification needed for physical education classes. Self-testing.

210 Softball/Baseball (nine weeks) (3) (½) The teaching of the basic skills of softball and baseball. Fundamental skills, tactics, rules, and lead-up games for presentation to all ages.

211 Hockey (nine weeks) (3) (½) Basic fundamentals, tactics, and rules. Modified active games. Geared to teaching physical education classes.

212 Football (nine weeks) (3) (½) The teaching of basic football skills. Fundamental skills, tactics, rules, and lead-up games for all school ages.

213 Lacrosse (nine weeks) (3) (½) Basic fundamentals, tactics, and women's rules. Modified active games. Geared to teaching physical education classes.

214 Volleyball (nine weeks) (3) (½) The teaching of the basic skills of volleyball. Fundamental skills, tactics, rules, and lead-up games for all school ages.

215 Preparation for Teaching Dance Technique (3) (1) Basic course offering methods and materials for teaching dance technique.

242 Methods and Skills of Dance in Education (3) (1) To provide the student with a generalized coverage of various dance forms that could be taught within the educational field, such as social dance, folk dance, square dance, aerobics, or jazzercise.

243 Preparation for Teaching Activities (3) (1) Methods of teaching in all areas of physical education and the development of appropriate lesson plans for all ages. PREREQ: Four activity courses.

244 Software Applications in Physical Education (3) Students apply word processing and graphics software to produce knowledge tests, worksheets, skill checklists, certificates of merit, and public relations handouts. Spreadsheet software will be applied to budget and inventory projects. Grading, crossword puzzle, computer-assisted instruction, and physical fitness assessment software also will be applied. Students also will learn E-Mail.

245 Lifetime Fitness Concepts (3) (3) Designed to provide an interdisciplinary understanding of the relationship between lifestyle, physical fitness, and health and well-being.

251 Physical Activity for Special Children (3) (3) A course of adapted physical education. Common childhood disabilities are studied with emphasis on problems of a chronic nature. Also screening and practical training and working with physically and mentally handicapped children.

PEL 251 Physical Education for Special Children (LAB) (0) A practical working experience with children and adults who have disabilities.

252 Classroom Activities for the Special Child (3) (3) To acquaint special education teachers with physical education activities useful in the classroom. PREREQ: BIO 209.

257 Principles and Practices of Recreation (3) The basic principles of planning, administering, and evaluating recreational programs for all ages in a variety of settings and participating in suitable recreational activities.

271 First-Aid and Athletic Training (3) (2) A course designed to qualify students in American Red Cross first-aid and CPR, and to introduce the principles of athletic injury prevention and management. Offered in fall and spring semesters.

275 Lifeguarding (3) (2) Theory and techniques relative to preventive lifeguarding, emergencies in and around water, water rescues, search and recovery operations, types and uses of equipment, records and reports, health and sanitation, and supervision of waterfront areas.

310 Preparation for Teaching Secondary Physical Education (3) (2) Each student develops a physical education activity unit and teaches one lesson from that unit. Further opportunities for familiarization with various teaching methods and styles through observation, demonstration lessons, and actual practice.

311 Coaching Racquet Sports (3) (3) Advanced coaching and teaching techniques for the racquet sports, including tennis, badminton, racquetball, and squash.

314 Track and Field II (3) (2) PREREQ: PED 209.

316 Basketball II (3) (2) PREREQ: PED 111.

318 Lacrosse II (women's equipment) (3) (2)

319 Lacrosse II (men's equipment) (3) (2)

321 Volleyball II (3) (2) PREREQ: PED 214.

322 Soccer II (3) (2) PREREQ: PED 110.

323 Field Hockey II (3) (2) Individual and team tactics and special situations. Basic knowledge needed for coaching hockey. PREREQ: PED 211.

324 Football II (3) (2)

326 Wrestling II (3) (2) PREREQ: PED 109.

327 Gymnastics II (women's equipment) (3) (2) Teaching and coaching techniques for apparatus stunts, tumbling, and pyramids. PREREQ: PED 113.

328 Gymnastics II (men's equipment) (3) (2) Advanced work on gymnastics apparatus, including trampoline, with emphasis on teaching progression, spotting techniques, and class safety. PREREQ: PED 112.

331 Water Safety Instruction (3) (2) Leadership procedure in aquatic activities for schools and school camps. Swimming strokes and life-saving techniques are analyzed. Opportunity to qualify as a waterfront safety instructor.

340 Self-Testing Activities in Elementary School Physical Education (2) (2) Theory and methods to present activities to children on an individualized, self-testing basis. The opportunity is provided for direct contact with children to try out the self-testing activities and prepare individualized programs.

343 Modern Dance II (3) (1) Emphasis is placed on longer combinations and more complex, problem-solving themes. PREREQ: PED 215.

344 History of Dance (3) (2) Evaluation of dance as an art form in relation to man and his society. Physiological, sociological, and psychological implications; dance forms and types. Film and other materials focus on parallel developments in related arts.

◆ 345 Dance Production Workshop (3) (2) Study of the various elements of performance and dance production. All are integrated into a final performance that is created and directed by the students. Admittance is through auditions during the fall semester.

348 Instructional Skills for Aerobic Dance Fitness (2) (1) The purpose of this course is to teach various dance exercises, dance movements, and aerobic dance routines to music with the intent of promoting cardiovascular fitness and endurance, and improving muscle tone and coordination.

349 Advanced Social/Folk/Square Dance (3) (2) This course is designed to continue beyond the beginner level.

350 Teaching Physical Education in the Elementary Grades (6) (3) Students receive classroom theoretical and practical information and are assigned to elementary schools for teaching and observation with cooperating teachers and college supervisors. PREREQ: PED 100 and 243.

351 Evaluation in Health and Physical Education (3) (3) Selecting, administering, scoring, and evaluating tests of physical fitness, general motor ability, motor educability, and skill and knowledge.

352 Applied Exercise Physiology (3) (3) The application of physiological principles to physical education, exercise, and sport. PREREQ: BIO 259-269.

353 Organization and Administration of Physical Education, Health, and Athletics (3) (3) Principles of program building in curricular and extracurricular programs; organizing, administering, and supervising physical education, health, intramural, and interscholastic programs.

354 Elementary Physical Education Curriculum (3) (3) Constructing and evaluating the curriculum in elementary physical education. Progression and continuity along with developmental needs and interest of children are considered.

355 Accident Causation and Prevention (3) (3) Survey of safety education. History, philosophy, and psychology of accident prevention.

356 Critical Problems in the Highway Transportation System (3) (3) Techniques of assessing the knowledge, skill, and psycho-physical characteristics of a beginning driver; the relation of these to the safe operation of a motor vehicle.

360 Pathology of Special Physical Education and Therapeutic Recreation (2) (2) Considerations of the commonly seen disabling conditions with regard to anatomical and physiological changes.

361 Kinesiology (3) (3) Basic fundamentals of movement, articulation, and muscular actions; analysis of the related principles of mechanics. PREREQ: BIO 259-269.

362 Therapeutics for Special Physical Education and Therapeutic Recreation (3) (3) For students who want to specialize in adapted physical education or therapeutic recreation. To improve

◆ This course may be taken again for credit.

the students' understanding of evaluation and programming in the psychomotor domain for special populations. Principles of therapeutic exercise, and guidelines for exercise programs for those disabilities commonly seen in schools are presented. PREREQ: BIO 259 and 269, HEA 206, PED 251, 352, and 361, and PSY 100. Taken concurrently with PEL 362.

PEL 362 Therapeutics for Special Physical Education and Therapeutic Recreation Lab (3) (2) A course designed to give those students practical experience in those topics presented in PED 362. Taken concurrently with PED 362.

367 Arts and Crafts in Recreation (3) (3) Theoretical and practical applications of arts and crafts as recreational outlets for all age groups. Arts and crafts materials customarily found in school, camp, and community recreation programs are used.

368 Leadership in Recreation (3) (3) Basic concepts and leadership techniques are studied in various recreational settings. Opportunities for students to practice and develop their own techniques through work in community recreation agencies.

369 Principles of Recreational Outdoor Pursuits Education (3) (3) History, philosophical background, objectives, educational strategies, curriculum, safety considerations, and administration of an adventure-based, outdoor pursuits program.

370 Camp Counseling (3) (3) Theory and practice in camping and outing programs, approached from viewpoints of the camper, counselor, supervisor, specialists, and director.

371* Wilderness Adventure I (2) A course designed to provide the participant with a wilderness backpacking experience. This program utilizes the environment and adventure activities to develop self-confidence, camping and backpacking skills, concern for others, and a better understanding of the environment.

372* Wilderness Adventure II (2) This course is designed to provide the participant with an experiential outdoor pursuit with the bicycle as the primary mode of transportation. Students will tour through rural country learning biking and camping skills as they travel.

373* Wilderness Adventure III (2) This program is designed to offer adventure and learning in the white water river environment. The course is designed to instruct students in camping, and basic and white water canoe skills, and will culminate with a day wilderness river trip.

375 Outdoor Recreation (3) (3) The purpose of this course is to acquaint the student with the role outdoor recreation plays in today's society. The student will develop an appreciation for the outdoors through participation in outdoor recreation programs and learning skills necessary to participate in the program.

376 Recreational Games (3) (2) This course is designed to provide the student with the skills, techniques, and available resources involved in planning and directing recreational games. Instruction includes selection of games, activities, and opportunities for practical application of interested students.

377 Intramural and Recreational Sports (3) (3) A study of the basic ingredients required for administering successful intramural programs. The student serves in the intramural office and program as a student leader and supervisor. In

addition, the student will study the rules, regulations, and policies of community sports with national headquarters and leadership.

◆378 Field Experience (3) (3) Practical experience for the student-designed concentration. Students must solicit approval of the appropriate agency, develop a proposal for the on-site experience, and secure agreement from the faculty adviser.

379 Therapeutic Recreation (3) (3) This course is designed to familiarize the student with that segment of the population having special needs. The course will combine lecture and hands-on experiences with as many of the different groups as possible in the settings they are found in the community. PREREQ: PED 251 and PED 257 or permission of instructor.

380 Women and Sport (3) (3) An examination of women's participation in sport from historical, cultural, psychological, physical, and legal perspectives; emphasis placed on women in sport in American society today.

385 Exercise, Play, and Development (3) (3) To understand human development throughout the lifespan from a physical, mental, social, and emotional viewpoint. To understand the role that exercise and play have in the development of the individual.

429 Electrocardiography and Stress Testing (3) Designed to prepare the prospective fitness instructor in exercise testing protocols as well as how to record, label, and calculate data with stress-testing exercise equipment and a standard, 12-lead electrocardiogram. PREREQ: BIO 259-269 and PED 352.

430 Planning Facilities for Athletics, Physical Education, and Recreation (3) (3) Management and planning of the facilities for athletics, school physical education, and recreational programs, playgrounds, buildings, and auxiliary structures as well as the maintenance of these facilities.

431 Physical Fitness Assessment and Exercise Program (3) (3) Designed to prepare students to assess the physical fitness levels of healthy but sedentary adults and prescribe individualized exercise programs. PREREQ: BIO 259 and 269, PED 351 and 352.

432 Exercise Techniques/Theory and Practice (3) (3) Analysis of various exercise techniques, and devices and systems emphasizing their use and safety. Clinical experience in strength and Range of Motion (ROM) testing and prescription. PREREQ: BIO 259 and PED 361.

433 Exercise and Stress Management (3) (3) Focuses on the use of exercise in the management of stress. The course includes exercise techniques that may be useful in alleviating stress.

434 Organization and Management of Adult Fitness Programs Clinic/Seminar (3) (3) Designed to provide students with practical experience in organizing and managing physical fitness programs for adults. PREREQ: BIO 259 and 269, PED 352, 361, 431, and 433.

435 Physical Fitness Specialist Internship (12) (6) Experience working in a cardiovascular rehabilitation center or similar clinical setting under the supervision of qualified personnel for one-half semester. Practical experience in an adult physical fitness center under the supervision of qualified personnel for one-half semester. PREREQ: BIO 259 and 269, PED 352, 361, 431, and 433.

440 Movement Education in Elementary Physical Education (2) (2) Teaching techniques and subject matter for a program of movement edu-

cation suitable for children. Designed to help children develop awareness of body and space in order to develop effective movement patterns.

441 Principles of Choreography (3) (1) The art of dance composition. Basic elements of space, rhythms, and motion dynamics. Students design original movement, progressing from simple to complex solo and group forms. PREREQ: PED 215.

443 Modern Dance III (3) (2) Advanced-level modern dance techniques with emphasis on all aspects of production: accompaniments, costume, sets, and lighting.

444 Organization and Management of Aquatic Facilities (3) (3) A study of the organization and administration of aquatic recreational areas, including ocean, natural fresh water, and man-made facilities. The student will acquire the skills and understandings necessary to develop aquatic programs and manage aquatic facilities. Offered spring semester only.

445 Dance/Movement for Special Groups (2) (2) Adaptation of dance movement with emphasis on methods, techniques, and activities suitable for special groups (elderly, disabled, mentally retarded, and special groups).

446 Repertory Performance (2) The purpose of this course is to offer dance students invaluable experience that can only be gained from performance. To ensure maximum benefit, the objectives are thorough studio rehearsal of dances, thorough lighting and staging rehearsals, and well-directed performances.

449 Learning on the Move (3) (3) A combination of movement education and perceptual motor theory and activities to help teachers and parents guide the children to maximum developmental potential. Preschool, nursery, and kindergarten ages.

450 High School Driver Education Program Management (3) (3) A study of the total safety program with emphasis on the teaching of safety. Each student prepares a practice lesson.

451 History and Philosophy of Health and Physical Education (2) (2) A study of past and present concepts of physical education; philosophy and principles of modern physical education programs.

452 Principles of Coaching (2) (2) Principles and methods of coaching sports in the school program.

453 Motor Learning (3) (3) A study of the theories of learning in relation to the acquisition of motor skills.

456 Introduction to the Driving Tasks (3) (3) An advanced course to prepare students to teach driver education in the secondary schools.

457 Psychosocial Aspects of Physical Disability (3) (3) A study of the psychological and social implications of physical disabilities. PREREQ: PSY 100 or equivalent, plus any basic course about the disabled person.

458 Physical Disabilities of Childhood (2) (2) A course designed for students in special education. Common orthopedic and neurological disabilities of childhood, especially chronic deviations. Emphasis is on understanding the medical aspects and problems of rehabilitation.

465 Mechanical Analysis of Motor Skills (3) A problem-solving approach to skill analysis using qualitative and quantitative video and cinematographic analysis as well as elementary force-time and accelerometry techniques. Useful for teachers, trainers, coaches, and exercise professionals.

470 Leadership in Recreational Outdoor Pursuits (3) (3) This course is designed to provide

* Additional fee required.

◆ This course may be taken again for credit.

instruction that would help persons desiring a career in recreational outdoor pursuits education, or develop an outdoor education or physical education program using activities, processes, and educational methodology in a safe and meaningful manner.

473 Independent Study and Special Projects (1-3) Provide an opportunity for selected students to pursue areas of special interest and talent or to take advantage of special conferences or seminars. PREREQ: Permission of department chairperson.

475 Mental Training in Sport (3) (3) Techniques of mental training for sport and physical activity, including relaxation training, concentration skills, breathing regulation, positive imagery, autogenic training, and meditation.

489 Student Teaching (6) Observation and participation in teaching situations in elementary, junior, and senior high schools under qualified cooperating teachers and college supervisors. PREREQ: PED 243, 350, 353, HEA 206, 306, extracurricular requirement, and updated medical examination.

490 Student Teaching (6) Observation and participation in teaching situations in elementary, junior, and senior high schools under qualified cooperating teachers and college supervisors. PREREQ: PED 243, 350, 353, HEA 206, 306, extracurricular requirement, and updated medical examination.

491 Internship (3-12) Interns will perform a variety of services to the agency. It is expected

that interns will be involved in meaningful work projects during the placement with adequate time to interact with their work supervisors for questions, answers, and knowledge sharing. PREREQ: Acceptance of final student-designed concentration proposal.

492 Principles and Practices of Teaching (2) Deals with the professional preparation of the health and physical education teacher certification student. It is offered concurrently with the student teaching experience and is designed to assist the student in the public school setting. An examination of current problems and issues in the profession and in the schools leads to discussion of problem prevention and solution. Lectures on job procurement skills are included.

Department of Sports Medicine

Bruce Norris, *Coordinator of Athletic Training Education*

Sandra Fowkes, *Coordinator of Sports Medicine Services*

ASSISTANT PROFESSORS: Godek, Taylor

INSTRUCTORS: Fowkes, Norris

ADJUNCT PROFESSOR: Ziegler

The Department of Sports Medicine offers three programs of study for students interested in careers in athletic training.

1. The B.S. in ATHLETIC TRAINING prepares students to achieve certification from the National Athletic Trainers Association Board of Certification, Inc. Students completing this major also are eligible for graduate study in such fields as physical therapy, exercise physiology, and biomechanics.
2. The AREA of SPECIALIZATION is designed for students enrolled in other programs of study, such as teacher certification. These students will complete courses in subjects fundamental to athletic training and will be eligible for certification by the National Athletic Trainers Association Board of Certification, Inc.
3. The SUMMER PROGRAM in ATHLETIC TRAINING is designed for students who are undergraduates at institutions that do not have an approved athletic training education program or post-graduate students seeking certification as an athletic trainer. Students in this program complete 13 credits of course work fundamental to the profession of athletic training during a nine-week summer session.

BACHELOR OF SCIENCE – ATHLETIC TRAINING

1. General Education Requirements, 51 semester hours
see pages 35-38
2. Athletic Training courses 30 semester hours
PED 271, SMD 272, 410, 411, 412, 413, 414, 415, 416, 417, 418, 454, and SML 361, 410, and 411
3. Related Requirements 43 semester hours
BIO 259 and 269; COM 101; HEA 201, 202, and 303; HEA 206 or PED 385; PED 352, 361, 452, and 453
An advanced psychology and advanced biology elective and three credit hours of physical activity
4. Related Requirements that also satisfy the 27 semester hours
General Education Requirement
BIO 110, CHE 103 and 104, CRL 103 and 104, MAT 105 or 121, PHY 103 and 104, and PSY 100

Other courses in chemistry, physics, mathematics, and biology may be substituted with approval of program director.

5. Clinical Experience

Clinical experiences are provided in a number of high school, college, and university settings. Students are assigned to assist faculty athletic trainers. Due to potential scheduling conflicts, athletic training students may be excluded from playing varsity sports during their four semesters of clinical experience.

AREA OF SPECIALIZATION IN ATHLETIC TRAINING

47 semester hours

(Leads to eligibility for NATA certification)

Required: HEA 303, PED 271, SMD 272, 410, 411, 412, 413, 414, 415, 416, 417, 418, and 454, and SML 410 and 411

Summer Course Work in Athletic Training

Many students take the summer courses that are a part of the athletic training education program. The students are either undergraduates at colleges where there is no approved education program in athletic training, or they are graduate students seeking to qualify for the national certification exam. The course work offered in the summer will consist of those subjects that are fundamental to the profession of athletic training, i.e., SMD 410 and SML 410, SMD 411, 412, and 413. A total of 13 credits in a nine-week block will be offered.

Students interested in taking the summer session block of courses should contact the Coordinator of Athletic Training Education, West Chester University, West Chester, PA 19383.

SUMMER PROGRAM IN ATHLETIC TRAINING

SMD 410, 411, 412, 413 and SML 410, 411 13 semester hours

Facilities

Offices, classrooms, and laboratories for the Department of Sports Medicine are housed in the Health and Physical Education complex. Clinical experience is offered in two athletic training rooms on campus, one located in Hollinger Fieldhouse and the recently expanded facility located in the Health and Physical Education building. The athletic training rooms offer students the opportunity to work with state-of-the-art equipment, including numerous electronic modalities, a cybex isokinetic dynamometer, a Kincom, and the latest in proprioceptive apparatus. In addition, the department maintains a close working relationship with the Human Performance Laboratory of the Department of Physical Education.

COURSE DESCRIPTIONS

COURSE SYMBOLS: SMD; SML indicates a lab course. The first number in parentheses is the number of class hours per week; the second number indicates hours of credit.

272 Athletic Training Techniques (3) (2) A course designed to develop athletic training skills for beginning athletic training students. Offered in fall and spring semesters. PREREQ: PED 271.

SML 361 Surface Anatomy Laboratory (2) (1) Orientation to major anatomical landmarks and underlying structures. Required of athletic training majors. Offered in fall and spring semesters. PREREQ: BIO 259-269.

410 Therapeutic Modalities for Athletic Training (3) (3) Physical agents used in athletic training are presented with regard to the physics, physiological effects, indications, contraindications, and progression. Offered in the spring and summer semesters only. PREREQ: PED 352 and 361.

SML 410 Therapeutic Modalities for Athletic Training Lab (2) (1) Lab experiences in the application of physical agents presented in SMD 410. Offered in the spring and summer semesters only. PREREQ: SMD 410, or concurrently with SMD 410.

411 Therapeutic Exercise for Athletic Training (3) (3) The principles, objectives, indications, contraindications, and progression of various

exercise programs used in the rehabilitation of athletic injuries are presented. Offered in the summer and fall semesters only. PREREQ: PED 352 and 361.

SML 411 Therapeutic Exercise for Athletic Training Lab (2) (1) Lab experiences in the application of exercises presented in SMD 411. Offered in the summer and fall semesters only. PREREQ: SMD 411, or concurrently with SMD 411.

412 Pathology and Evaluation of Athletic Injury/Illness I (3) (3) A presentation of the pathology of injuries to the extremities commonly seen in athletics and the techniques for their evaluation. Offered in summer and fall semesters only. PREREQ: PED 352 and 361.

413 Pathology and Evaluation of Athletic Injury/Illness II (3) (2) A continuation of SMD 412 with emphasis upon the head, neck, and trunk. PREREQ: SMD 412. Offered in summer and fall semesters only.

414 History, Organization, and Administration of Athletic Training (2) (2) A presentation of the historical and current perspectives of athletic training, including techniques for organizing and administering athletic training programs. Offered in the fall semester only.

415 Athletic Injury Management I (2) (2) Clinical experience of 200 or more hours with specific behavioral objectives in the man-

agement of illness, injuries of the lower extremity, and equipment fit. Offered in the fall semester only. PREREQ: SMD 411 and 412 and SML 411.

416 Athletic Injury Management II (2) (2) Clinical experience of 200 or more hours with specific behavioral objectives in the management of injuries to the shoulder girdle and upper extremity. Offered in the spring semester only. PREREQ: SMD 410 and 413 and SML 410.

417 Athletic Injury Management III (2) (2) Clinical experience of 200 or more hours plus specific behavioral objectives for the management of neurological conditions and conditions of the head, neck, spine, and trunk. Offered in the fall semester only. PREREQ: SMD 410, 411, 413, and 416; and SML 410 and 411.

418 Athletic Injury Management IV (2) (2) Clinical experience of 200 or more hours plus specific behavioral objectives for the management of conditions of the internal organs, systemic disorders, and the skin. Offered in the spring semester only. PREREQ: SMD 410, 411, 412, and 413; and SML 410 and 411.

454 Theories and Practices of Conditioning and Training (2) (2) A course to help equip the student to design and manage year-round conditioning programs for athletes. PREREQ: PED 352 and 361.

MUSIC TESTS – BACHELOR OF SCIENCE IN MUSIC EDUCATION

1. Each candidate must demonstrate skill in at least one performing medium in which he or she excels: piano, organ, voice, guitar, or a band or orchestra instrument. It is preferable, although not required, for pianists and vocalists to perform at least part of their audition from memory.
2. All candidates are tested in voice and piano.
3. Piano, organ, or voice majors with band or orchestra instrument experience are urged to demonstrate their ability on their instruments.

NOTE: All candidates must bring music for the vocal, piano, and instrumental compositions they intend to perform, and should come prepared with a song that will demonstrate vocal range and quality.

MUSIC TESTS – BACHELOR OF MUSIC

Each candidate in performance must demonstrate an advanced level of proficiency in the major area of performance as evidenced by the ability to perform compositions representing a variety of musical periods and must show potential as a professional performer. Memorization is required for pianists and vocalists. Each candidate in theory and music history must demonstrate an acceptable background in a major performing area. Candidates in composition must take a sight-singing test in addition to the piano and voice tests and demonstrate an acceptable background in a major performing medium; they also must present scores of completed compositions.

NOTE: Candidates for the B.M. degree will also take all of the tests required for admission to the B.S. program. Depending on the outcome of the aural perception tests (required of all candidates), students in any music degree program may be required to take a remedial course in ear training (MTC 014), which must be passed with a grade of C or better. Refer to "Repeat Policy on Remedial Courses."

REQUIREMENTS COMMON TO ALL MUSIC PROGRAMS

1. General Requirements, see pages 35-38 38-50 semester hours
2. Theory Requirements 20 semester hours
MTC 112, 113, 114, 115, 212, 213, 214, and 215
3. Music History Requirements 6 semester hours
MHL 221 and 222
4. Recital Attendance

BACHELOR OF SCIENCE – MUSIC EDUCATION

The B.S. in MUSIC EDUCATION is a balanced program of general, specialized, and professional courses leading to qualification for a Pennsylvania Instructional I Certificate to teach music in the elementary and secondary schools of Pennsylvania. Three teaching concentration programs—general, instrumental, and vocal-choral—are provided. The "Handbook for Students in Music—Undergraduate Division" should be consulted for the current general, music, and concentration requirements.

1. Required Music Education Courses 20-23 semester hours
MUE 331, 332 (333, 335, 337 depending on area of concentration), 431, and 432
2. Other Music Requirements 46-59 semester hours
Major performing instrument, applied music courses, conducting, music organizations, MTC 450, and music electives
3. Education Courses 6 semester hours
EDF 100 and EDP 250

BACHELOR OF MUSIC

There are five concentrations available in the Bachelor of Science in Music—compositions, theory, music history, performance (instrumental, keyboard, or vocal), and jazz studies and contemporary media. The requirements for each concentration are listed below.

REQUIREMENTS COMMON TO B.M. PROGRAMS

Foreign Language 6-12 semester hours

The B.M. in COMPOSITION offers comprehensive theory and composition courses designed to develop creative skills enabling the student to write in an acceptable contemporary idiom and to develop an individual style. The "Handbook for Students in Music—Undergraduate Division" should be consulted for the current general and music requirements.

1. Required Composition Courses 24 semester hours
MTC 312, 313, 341, 344, 412, 413, 417; and 342 or 346
2. Other Music Requirements 38 semester hours
MHL elective, conducting, music organization, music electives, performance area, and MTC 450

The B.M. in THEORY offers extensive training to develop analytical skills leading to the comprehension of the structure and form of music of all styles and periods, and to develop acceptable writing skills. The "Handbook for Students in Music—Undergraduate Division" should be consulted for the current general and music requirements.

1. Required Theory Courses 21 semester hours
MTC 312, 341, 342, 344, 346, 417, and 479
2. Other Music Requirements 38 semester hours
MTC 450, MHL elective, conducting, performance area, music organizations, and music electives

The B.M. in MUSIC HISTORY prepares the student for graduate studies in music history and literature, and musicology. The required courses provide a broad foundation in the major field. The wide choice of music electives permits the student to structure a program compatible with his or her particular career goals and interests. The "Handbook for Students in Music—Undergraduate Division" should be consulted for the current general and music requirements.

1. Required Music History Courses 15 semester hours
MHL 440, 441, 442, 443, 444, 445 (select four of the six), and MHL 470
2. Music History Electives 12 semester hours
3. Music Electives 12 semester hours
4. Other Music Requirements 13 semester hours
MTC 342, applied music, conducting, music organization

The B.M. in PERFORMANCE is for students who demonstrate a high degree of ability on their chosen instrument and who desire to concentrate on developing that ability. Majors in the program should consult the "Handbook for Students in Music – Undergraduate Division" for the current general and music requirements.

1. BACHELOR OF MUSIC – INSTRUMENTAL PERFORMANCE
Required Instrumental Courses 38-40 semester hours
Major instrument 141, 142, 241, 242, 341, 342, 441, 442; AIC 311, 312; band/orchestra; and master class/ensemble
Other Music Requirements 29 semester hours
MTC 341, 344, and 450, secondary applied music, major literature course, and music electives
2. BACHELOR OF MUSIC – KEYBOARD PERFORMANCE
Optional 1 (Performance)
Required Keyboard Courses 40 semester hours
PIA 141, 142, 241, 242, 341, 342, 405, 406, 425, 426, 441, 442, and 450 or 452
Other Required Music Courses 29 semester hours
MTC 344, MHL electives, conducting, secondary performance area, music organizations, music electives, and master class/ensemble
Option 2 (Performance with Pedagogy emphasis)
Required Keyboard Courses 48 semester hours
PIA 141, 142, 241, 242, 341, 342, 405, 406, 425, 426, 441, 442, 450, 452, and 451 or 453
Other Required Music Courses 20 semester hours
MHL or MTC elective, supportive elective, conducting, secondary performance area, music organizations, and master class/ensemble
3. BACHELOR OF MUSIC – VOCAL PERFORMANCE
Required Vocal Courses 44 semester hours
VOI 141, 142, 241, 242, 329, 341, 342, 411, 412, 413, 414, 424, 441, and 442; vocal literature course; VOC 311 and 312
Other Music Requirements 24 semester hours
MTC 344 and 450; keyboard courses; music electives; chorus

The B.M. in JAZZ STUDIES AND CONTEMPORARY MEDIA is designed for students who want to develop their performance abilities in today's rapidly changing musical scene. The program is

thoroughly rooted in traditional music. Consult the "Handbook for Students in Music – Undergraduate Division" for the current general and music requirements.

1. Required Jazz Courses 27 semester hours
AJZ 321, 331, 361, 362, 365; MHL 322; MTC 261, 271, 341, 361, 362
2. Major Instrument 16 semester hours
3. Other Music Requirements 15 semester hours
Conducting, music electives, music organizations, jazz ensembles, and jazz electives

Minor in Music 18-21 semester hours
This program is geared toward liberal arts students with an interest in music. The "Handbook for Students in Music – Undergraduate Division" should be consulted for current requirements.

1. Required Courses 12 semester hours
MTC 112 and 114, MHL course, music organization, and PIA 191 and 192
2. Music Electives 6-9 semester hours
This minor may be taken as a concentration by students in the Associate of Arts in liberal studies program or as one of the minors in the Bachelor of Arts or Bachelor of Science in liberal studies general degree program.

Minor in Jazz Studies 18-21 semester hours
This program is designed primarily for students currently enrolled in a music degree program. Students in other degree programs will be admitted if qualified. Students must have the permission of both their major adviser and the chairperson of the Instrumental Department. The "Handbook for Students in Music – Undergraduate Division" should be consulted for current requirements.

1. Required Courses 18 semester hours
AES 151, 152; AJZ 361, 362, 365; MHL 322; MTC 361, 362
2. Music Electives 0-3 semester hours
ACP 193; AEO 121; AES 151, 152

Minor in Music History 18 semester hours
This program is designed primarily for students currently enrolled in a music degree program. Students in other degree programs will be admitted if they qualify. Students must have the permission of both their major adviser and the chairperson of the Department of Music History. The "Handbook for Students in Music – Undergraduate Division" should be consulted for current requirements.

Academic Services Division

Vivian Nix-Early, *Assistant Vice-President for Academic Affairs*

Department of Educational Services

Ron Jenkins, *Chairperson*

PROFESSORS: Dinniman, Egan, Lide

ASSOCIATE PROFESSORS: Blair, Butcher, Casiato,

Giangiulio, Jenkins, Kyper, Lee, Ryder, Schuette, Steinberg

ASSISTANT PROFESSORS: Corbett, Grice, Patrick

INSTRUCTORS: Breunig, Guy, McCoach

The Department of Educational Services is an amalgam of University faculty who have specific and specialized administrative and/or teaching assignments at the University. While much of the assigned responsibility is to facilitate students' out-of-class learning, regular classroom teaching is still included. Areas within the Department of Educational Services include academic and career advising, athletic and academic administration, tutoring, and other articulated teaching and/or administrative assignments.

The department administers the following credit-bearing courses and special programs.

UNIVERSITY 101: The Student and the University (1) This course is taken as part of the New Student Orientation Program, which begins in summer. The academic year course begins with Freshman Convocation and continues through the first semester in small section classes. Graded on a pass/fail basis, this course is required of all new freshmen and all new transfer students who transfer fewer than 33 credits. The course assists students to obtain the skills necessary for successful college adjustment and for development as a whole person and a citizen beyond the college years. Emphasis is placed on increasing the student's awareness of the world around him/her.

WCJ 100 Introduction to American Culture (3) A course designed for the orientation of foreign students and new residents to life and study in the United States. A study of American higher education, personal values, attitudes, and cultural patterns. Emphasis is on the diversity of peoples and lifestyles. Not open to U.S. citizens for graduation credits.

Military Science (Army ROTC)

West Chester University students are eligible to participate in the Army Reserve Officers' Training Corps (ROTC) Program through a formal cross-enrollment agreement with the Widener University Department of Military Science. Army ROTC offers University students the opportunity to graduate with a college degree and a commission in the United States Army, Army National Guard, or United States Army Reserve. All Army ROTC classes are conducted on the Widener campus.

The Army ROTC Program consists of a basic course taken during the freshman and sophomore years, and an advanced course taken during junior and senior years. Successful completion of the basic course is required before placement in the advanced course. Students who participated in Junior ROTC in high school or who have prior military service may receive placement in the advanced courses, which is determined by the army professor of military science. The basic course requirement also may be satisfied through attendance at a six-week Army ROTC Basic Camp at the end of the sophomore or junior years. Students enrolled in the advanced course receive a stipend of \$100 per month. Guaranteed National Guard and Reserve Forces options also are available.

Nursing students who complete the four-year or two-year program, obtain their nursing degree, and pass their Nursing Board Examinations are commissioned into the Army Nurse Corps.

Two-year (limited) and three-year Army ROTC scholarships are available on a competitive basis. These scholarships pay 80% of the student's tuition or \$7,000 (whichever is greater) and include payment of certain University fees, a book and school supplies subsidy, and a \$100.00 per month stipend (up to \$1,000 per year).

Application for two- and three-year Army ROTC scholarships must be submitted early in the spring semester of the freshman or sophomore year (respectively). Applications for attendance at the Army ROTC Basic Camp must be submitted early in the spring semester of the sophomore year.

Military science students also participate in orientation and field training activities as part of the military science curriculum. These activities are explorations of historical, organizational, and functional activities of the U.S. Army, conducted in conjunction with the Army Officer Education Program, and are recognized as a part of the process for preparation of cadets for commissioning.

Activities are conducted on and off campus through tours, field trips, laboratory sessions, and practical field applications. Practical field application activities include marksmanship, land navigation, small boat operations, small units operations, rappelling, skiing, mountaineering, water survival, color guard, drill team, rifle team, organized athletics, and other military skills. Varying degrees of health and body risk are involved in these activities. Participants are required to show proof of personal medical insurance coverage and to sign waivers of liability. The government of the United States, the state of Pennsylvania, West Chester University, its officers, trustees, employees, agents, or students assume no liability for any injury caused during the above activities.

Individuals not registered in military science courses may participate in these activities if they meet the following additional prerequisites: (1) be a bona fide student, faculty, administrator, or staff member of the University, (2) have the prerequisite level of physical conditioning, and (3) have permission from the program director.

For further information on scholarship and career opportunities, contact the professor of military science, Widener University, Chester, PA 19013 (215) 876-2446.

401-402 Military Organization and Management (2) (2) A continued study of leadership and management, emphasizing applications in military operations, an analysis of staff organizations and procedures, resources allocations, the theory and application of military law, examination of the role of the military structure in the execution of national security policy, and case study investigations of the duties, obligations, and responsibilities of a commissioned officer. PREREQ: Army ROTC advanced course standing or permission of instructor of military science.

Additional Requirements. Students enrolled in the Army ROTC Program are required to complete written communications, human behavior, math reasoning, computer literacy, and military history courses prior to commissioning. Scholarship students are required to take one semester of a foreign language.

Air Force ROTC

West Chester University students are eligible to participate in the Air Force Reserve Officer Training Corps (AFROTC) through a cross-enrollment agreement with Saint Joseph's University. All aerospace studies courses will be held on the Saint Joseph's campus. The AFROTC program enables a college student to earn a commission as an Air Force officer while concurrently satisfying requirements for his or her baccalaureate degree.

The program of aerospace studies at Saint Joseph's University offers both two-year and four-year curricula leading to a commission as a second lieutenant in the Air Force. In the four-year curriculum, a student takes the General Military Course (GMC) during the freshman and sophomore years, attends a four-week summer training program, and then takes the Professional Officer Course (POC) in the junior and senior years. A student is under no contractual obligation to the Air Force until entering the POC or accepting an Air Force scholarship. In the two-year curriculum, a student attends a six-week summer training program and then enters the POC in the junior year. Students opting for the two-year curriculum must apply for acceptance to the POC by the end of the first semester or quarter of their sophomore year.

The subject matter of the freshman and sophomore years is developed from a historical perspective and focuses on the scope, structure, and history of military power with the emphasis on the development of air power. During the junior and senior years, the curriculum concentrates on the concepts and practices of leadership and management, and the role of national security forces in contemporary American society.

In addition to the academic portion of the curricula, each student participates in an hour-and-a-half leadership laboratory each week. During this period, the day-to-day skills and working environment of the Air Force are discussed and explained. The leadership lab uses a student organization that allows students to practice leadership and management techniques.

Air Force ROTC offers 2-, 2½-, 3-, and 3½-year scholarships on a competitive basis to qualified applicants. All scholarships cover tuition, lab fees, reimbursement for books, plus a \$100 tax-free monthly stipend. All members of the POC, regardless of scholarship status, receive the \$100 tax-free monthly stipend.

For further information on the cross-enrollment program, scholarships, and career opportunities, contact the professor of aerospace studies, AFROTC Det 750, Saint Joseph's University, Philadelphia, PA 19131 (215) 660-1190.

COURSE DESCRIPTIONS AEROSPACE STUDIES

Symbol: AER

101 Air Force Today I (1) Introductory course exploring the military as a profession, including civilian control of the U.S. Armed Forces, function and organization of the U.S. Air Force, and organization and operation of U.S. strategic offensive forces.

102 Air Force Today II (1) Introductory course exploring U.S. general purpose and defensive forces including mission and organization of the major U.S. Air Force Commands and separate operating agencies, major functions, and conduct of joint service military operations. Discusses air defense, detection systems, close air support, and air superiority.

201 Development of Air Power I (1) A study of the development of aerospace power from balloons

and dirigibles through the employment of U.S. air power in World War II. The course includes the military theory of aerospace power employment.

202 Development of Air Power II (1) A continuation course studying the employment of U.S. air power in the Korean conflict, relief missions and civic action programs in the late 1960's, and the war in Southeast Asia. Research is conducted into the military theory of aerospace force employment.

311 Management and Leadership I (1½) A study of managerial theory, concepts, and techniques of decision making, and the basic functions of management with particular emphasis on applications for Air Force officers.

312 Management and Leadership II (1½) An interdisciplinary approach to leadership, which includes the study of human behavior and relationships, motivation, professional ethics, and leader-

ship styles. Communication skills are stressed through written and oral assignments.

431 National Security Forces I (1½) A focus on the Armed Forces as an integral and inseparable element of society. Primary emphasis is placed on the overall national security process and the factors that comprise it. The impact of a nation's military, economic, psychological, and technical components on national security policy is examined. Other topics include major geopolitical hotspots and the origin of arms races.

432 National Security Forces II (1½) A continuation course studying civilian-military relations. Topics include civilian control of the military, conflict control, military professionalism, and military justice. Emphasis is placed on the reciprocal responsibilities of civilians and the military in a democratic society.

University Policy for Storm Closings

When storm conditions affect the operation of the University, announcements are made over local radio and TV stations via a system of code numbers keyed to affected schools. Prefixes indicate whether the school will be closed or open later than usual West Chester's numbers and applicable prefixes are:

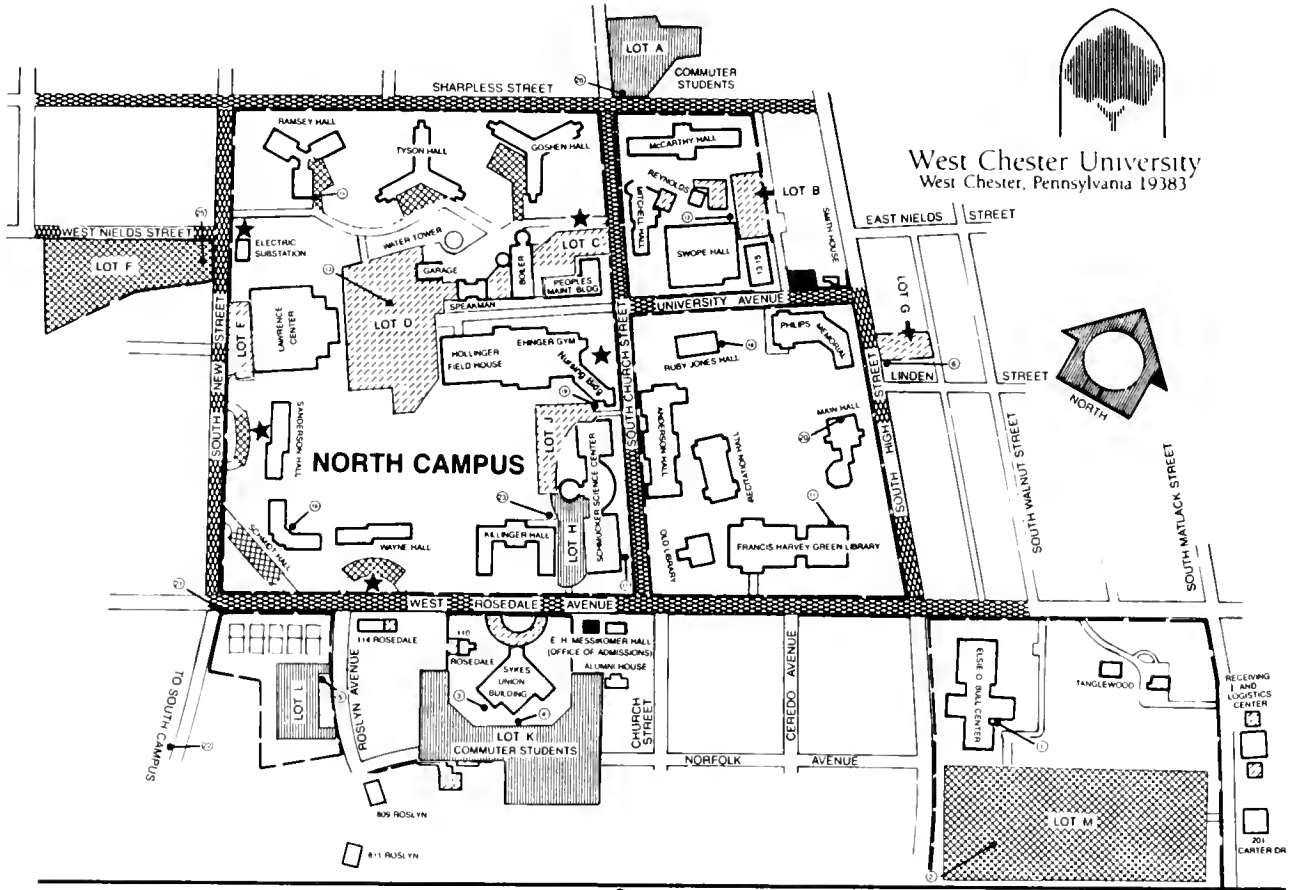

- 853 – University Number; this number with no prefix indicates classes will be cancelled for the day.
- 2853 – Evening classes will be cancelled.

- 5853 – School will open one hour late.
- 6853 – School will open two hours late.

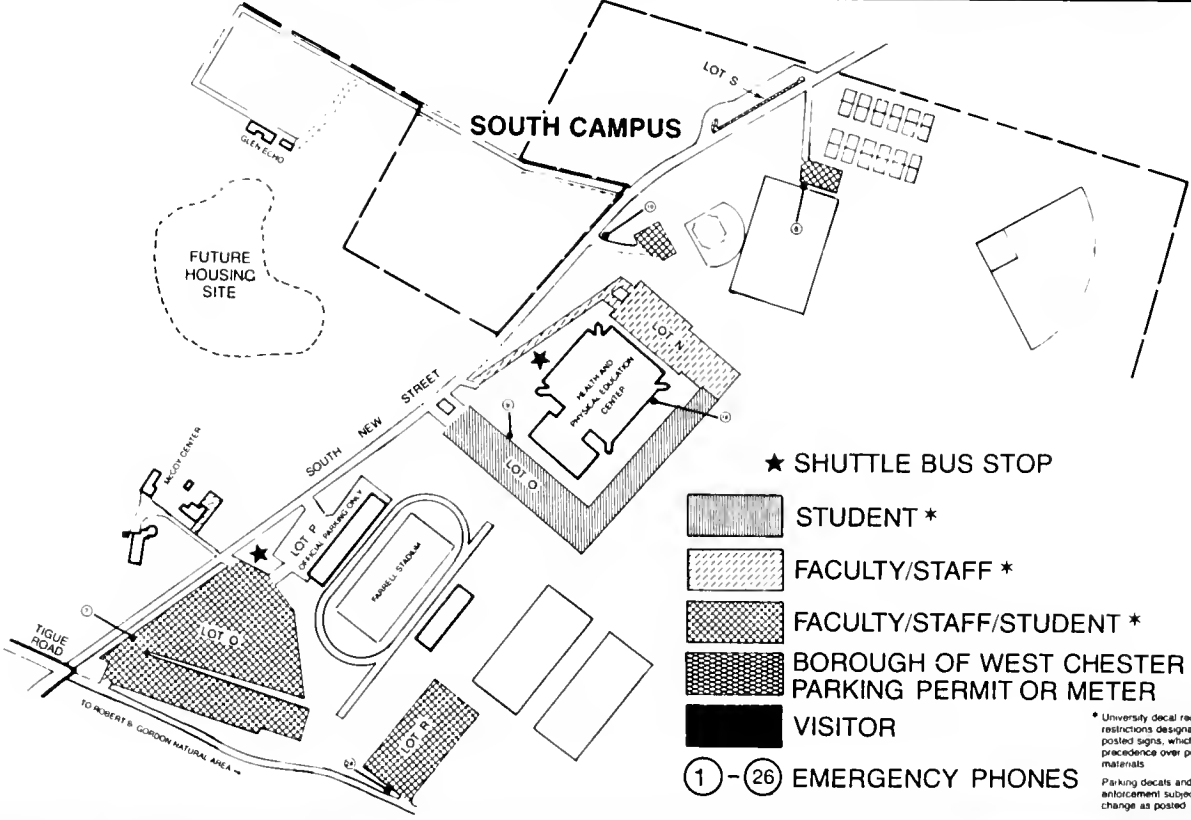

On Tuesday or Thursday, either a two-hour delay or class cancellation will be called. Two-hour delays on these days will mean that 8 a.m. classes are cancelled and the class normally starting at 9:30 a.m. will start at 10 a.m. and continue to 11 a.m.

On Monday, Wednesday, or Friday, a one-hour delay means that the 8 a.m. class is cancelled. A two-hour delay means that both the 8 a.m. and 9 a.m. classes are cancelled.
